INTRODUCTION; PURPOSE OF FEASIBILITY REPORT; AND GENERAL DESCRIPTION OF DISTRICT

INTRODUCTION

This Feasibility Report (the "Report") has been prepared for presentation to the Board of Directors of the Sundance Community Facilities District (Buckeye, Arizona) (the "District") in connection with the proposed issuance by the District of its General Obligation Bonds, Series 2005 (the "Bonds") in a principal amount of not to exceed $6,000,000, pursuant to the Community Facilities Act of 1989, Title 48, Chapter 4, Article 6 of Arizona Revised Statutes (the "Act").

PURPOSE OF FEASIBILITY REPORT

This Report has been prepared for consideration of the feasibility and benefits of the Public Infrastructure (as defined in A.R.S. 48-701) to be financed by the Bonds and of the plan for financing such Public Infrastructure in accordance with the provisions of A.R.S. 48-715. Pursuant to A.R.S. 48-715, this Report includes (i) a description of the Public Infrastructure to be financed [Section Two]; (ii) a map showing, in general, the area to be benefited by the Public Infrastructure [Section Three]; (iii) an estimate of the cost to acquire, operate and maintain the Public Infrastructure and a timetable for the acquisition of the Public Infrastructure [Section Four]; and (iv) a plan for financing the Public Infrastructure [Section Five].

This Report has been prepared for the consideration of the Board of Directors of the District only. It is not intended or anticipated that this Report will be relied upon by other persons, including, but not limited to, purchasers of the Bonds. This Report does not attempt to address the quality of the Bonds as investments or the likelihood of repayment of the Bonds. In preparing this Report, financial advisors, appraisers, counsel, engineers, Town staff and other experts have been consulted as deemed appropriate.

GENERAL DESCRIPTION OF THE DISTRICT

The Town of Buckeye (the "Town") approved the formation of the District on June 19, 2001 upon the request of all of the landowners within the District. The project is an approximately 2,016-acre master-planned community called Sundance (the "Project"). The Project is a Sonoran desert landscaped master-planned community with views of the White Tank and Estrella Mountains. The Project is located approximately 30 miles west of downtown Phoenix primarily south of Interstate 10 stretching from Miller Road to one half mile east of Dean Road. Single-family residential units represent approximately 1,382 acres within the Project.

In addition to residential and commercial development, several private community amenities are constructed or planned for construction within the District which will be available to the residents of the District, including a public golf course for use by all residents of the Town, and a clubhouse facility, swimming pool and tennis courts for residents of certain retirement communities within the District. The real property comprising the District consists of approximately 1,860 acres.

The total District acreage can be categorized as follows:

Total District	District Acres
5,499 Residential Units	1,317
Commercial	216
1 Golf Course	192

SECTION FOUR

ESTIMATE OF COST AND TIMETABLE FOR ACQUISITION OF PUBLIC INFRASTRUCTURE

ESTIMATE OF COST AND TIMETABLE FOR ACQUISITION OF PUBLIC INFRASTRUCTURE

The table in Section Two outlines the cost estimate and completion dates for the construction of the Public Infrastructure. Proceeds of the Bonds, after payment of the costs of issuance (See Section Five), will be used to finance the acquisition of all or a portion of the Public Infrastructure listed in Section Two.

SECTION FIVE

PLAN OF FINANCE

PLAN OF FINANCE

The Public Infrastructure will be acquired by the District by way of a Plan of Finance herein described. This Plan of Finance is subject to modification to accommodate market conditions at the time of the actual sale of the Bonds and to the extent necessary to comply with Federal and State law.

(i) Formation and Authorization.

In response to a petition from the owners of 100% of the property within the District, the Town Council formed the District on June 19, 2001. The District authorized, through an election at the time of formation of the District, general obligation bonded debt in an amount not to exceed $50,000,000.

(ii) Existing Debt

The total principal amount of all general obligation bonds outstanding for the District is as follows:

$5,000,000 General Obligation Bonds, Series 2005 Dated September 23, 2004
(the "Series 2004 Bonds")

After issuance of the Bonds, the District will have approximately $39,000,000 of remaining authorized and unissued general obligation bond capacity.

(iii) Proposed Debt.

A property tax levy of up to $0.30 per $100 of assessed value was authorized to provide for the operations and maintenance of the District. In addition, a property tax levy of $3.00 per $100 of assessed value was authorized to provide for debt service of the District.

It is anticipated that approximately $6,000,000 of general obligation bonds (the "Bonds") will be sold in September 2005. The Bonds will have a final maturity of 25 years, and will be structured with one year of interest only and principal amortized over the balance of the term on a level debt service basis in combination with the Series 2004 Bonds. Refer to Table One in this section for estimated revenue versus debt service schedule. The Bonds may be rated by one or more of the three major rating agencies. In such case, the Bonds will not have transfer restrictions. If the Bonds are unrated, they will be sold through a limited offering ("private" offering pursuant to A.R.S. 48-722) to qualified institutional buyers or accredited investors who deliver a signed investor letter.

The Bonds will be structured such that the target tax rate is not expected to exceed $3.00 per $100 of secondary assessed value.

(iv) Estimated Sources and Uses of Funds.

The estimated sources and uses of funds related to the sale of the Bonds are shown below:

SOURCES:	
Principal of General Obligation Bonds, Series 2005	$6,000,000
Developer Depository Agreement Deposit	280,000
Total	6,280,000
USES:	
Acquisition of Public Infrastructure	5,755,000
Deposit pursuant to Depository Agreement	280,000
Costs of Issuance*	140,000
Underwriter's Discount	105,000
Total	$6,280,000

*The following represents the estimated detailed costs of issuance related to the sale of the Bonds:

Bond Counsel	$50,000
Underwriter's Counsel	20,000
Town Financial Advisor	25,000
PLOM/LOM Printing	5,000
Trustee	5,000
Rating Fees	30,000
Miscellaneous	5,000
Total	$140,000

(v) Use of Proceeds.

The District will apply the proceeds from the sale of the Bonds to reimburse the Developer for the costs of the construction of the Public Infrastructure listed in Section Two, costs related thereto and to pay the costs of issuing the Bonds.

(vi) District Tax Rate

For each year until the Bonds are paid or otherwise provided for, the District will cause to be levied a combined ad valorem tax rate for each year of at least $3.30 per $100 of secondary assessed valuation on all taxable property within the boundaries of the District. This tax rate includes a $3.00 tax levy for debt service and a $0.30 tax levy for administrative, operations and maintenance expenses of the District. The District will continue to levy the $0.30 per $100 of secondary assessed valuation for the administrative, operations and maintenance expenses of the District.

(vii) Deposit Held Pursuant to Depository Agreement

Buckeye Land Management, Inc. will deliver at closing approximately $250,000, pursuant to a depository agreement (the "Depository Agreement"), which is the estimated difference between tax revenues produced by a $3.00 debt tax rate given the fiscal year 2005-06 secondary assessed value of the District, District tax revenues produced in excess of debt service in fiscal years 2003-04 and 2004-05 and debt service during the first two years with respect to the Bonds and the Series 2004 Bonds. Such amount will be available to pay debt service if amounts generated from such tax revenues are insufficient to provide for debt service on the Bonds. Refer to Table Three in this section for an estimate as to the amount payable at closing of the Bonds pursuant to the Depository Agreement. Assuming the District's secondary assessed value, as reported by the Maricopa County Assessor in February 2006, is sufficient to provide for tax collections for the following tax year, the balance of the remaining depository would be released at that time.

(viii) Homeowner's Property Tax Obligation

At the $3.30 tax rate level, assuming an average home price of $150,000, the District portion of a tax bill for a homeowner is approximately $34 per month or $406 annually. A.R.S. Section 32-2181 et seq. requires the disclosure of all property taxes to be paid by a homeowner in the Subdivision Public Report. Prior to the home sale, each homebuyer must be supplied a Subdivision Public Report, and the homebuyer must acknowledge by signature that they have read and accepted the Subdivision Public Report.

In addition, each homebuyer will receive a form detailing the existence of the District, the tax rate and its financial impact and receipt of this form will be acknowledged in writing by the homebuyer, and a signed copy will be kept on file with the Town Clerk.

Residents of Sundance stated that they had heard that only some families were charged assessments and asked the Board why this would happen. The Board stated that the only way someone would have not been charged the assessment is if the property was purchased before the assessment was in place. There being no other comments the hearing was closed at 6:33 p.m. Charles Bentonsway is a homeowner that does not believe he was charged an assessment. Mike Glover was also an owner that feels like he was not charged. District Manager Carroll

Reynolds told the Board that Kim Sandstrom, who's position is funded by developers will be able to look this information up. James Noble asked what the total amount of the assessment is ($3,700.00). A RESOLUTION OF THE BOARD OF DIRECTORS OF SUNDANCE COMMUNITY FACILITIES DISTRICT (TOWN OF BUCKEYE, ARIZONA) AUTHORIZING THE ISSUANCE OF ITS DISTRICT GENERAL OBLIGATION BONDS, SERIES 2005, IN THE PRINCIPAL AMOUNT OF NOT TO EXCEED $6,000,000; APPROVING THE FORM AND AUTHORIZING THE EXECUTION AND DELIVERY OF AN INDENTURE OF TRUST AND SECURITY AGREEMENT, A PURCHASE CONTRACT RELATING TO THE BONDS AND CERTAIN OTHER DOCUMENTS SECURING THE PAYMENT OF THE BONDS; AWARDING THE BONDS TO THE PURCHASER THEREOF; RATIFYING AND APPROVING A PRELIMINARY LIMITED OFFERING MEMORANDUM RELATING TO THE BONDS; APPROVING A FINAL LIMITED OFFERING MEMORANDUM RELATING TO THE BONDS; AND LEVYING AN AD VALOREM TAX ON TAXABLE PROPERTY IN THE DISTRICT.

BE IT RESOLVED by the Board of Directors ("*District Board*") of the Sundance Community Facilities District (Town of Buckeye, Arizona) (the "*District*") as follows:

1. **Findings**.

(a) Pursuant to Title 48, Chapter 4, Article 6, Arizona Revised Statutes, as amended (the "*Enabling Act*") and a resolution adopted by the District Board, an election was ordered and called to submit to the qualified electors of the District or to those persons who are otherwise qualified to vote (the "*Election*") the question of authorizing the District Board to issue the general obligation bonds of the District to provide moneys for certain public infrastructure purposes consistent with the General Plan of the District.

(b) The District Board canvassed the Election and resolved that such bonds were authorized to be issued.

(c) Pursuant to the Enabling Act, the District Board has caused a feasibility report dated as of September 6, 2005 of the feasibility and benefits of the projects relating to certain public infrastructure provided for in the General Plan of the District and to be financed with proceeds of the sale of a portion of such bonds, such report having been prepared by or on behalf of the District and including a description of certain public infrastructure to be acquired and all other information useful to understand the projects, a map showing, in general, the location of the projects, the costs of constructing the projects, an estimate of the cost to acquire, operate and maintain the projects, a map or description of the area to be benefited by the projects, and a plan for financing the projects (the "*Feasibility Report*"). A public hearing on the Feasibility Report was held September 6, 2005, after provision of publication of notice of the hearing as provided by law, and, pursuant to the Enabling Act and Resolution No. 05-05 adopted on September 6, 2005, the Feasibility Report was ratified and approved in all respects.

(d) The District Board has determined to authorize the issuance of the general obligation bonds described herein (the "*Bonds*") to provide funds for any and all of the public

infrastructure purposes provided for in the Enabling Act and the Feasibility Report, to the extent authorized in the Election, and upon issuance of the Bonds the District Board (1) shall enter in its minutes a record of the Bonds sold and their numbers and dates and (2) shall levy and cause an ad valorem tax to be collected, at the same time and in the same manner as other taxes are levied and collected on all taxable property in the boundaries of the District sufficient, together with moneys from the sources described herein, to pay Debt Service (as such term is defined in the Indenture referred to below) when due.

(e) Pursuant to the Enabling Act, the District has also determined to enter into an Indenture of Trust and Security Agreement, dated as of September 1, 2005 (or such later date as set forth therein) (the "*Indenture*"), from the District to Wells Fargo Bank, National Association, as trustee (the "*Trustee*"), to secure, and process the issuance, registration, transfer and payment and the disbursement and investment of proceeds of the Bonds. (Capitalized terms not otherwise defined herein shall have the meaning ascribed to such terms in the Indenture.) The District Board has determined by this resolution to authorize the issuance of the Bonds and, in order to provide terms for, to secure, and to provide for authentication and delivery of the Bonds by the Trustee, to authorize the execution and delivery of the Indenture.

(f) There have been presented in connection herewith (1) the proposed form of the Indenture; (2) the proposed form of the Purchase Contract relating to the Bonds (the "*Purchase Contract*"), by and between the District and RBC Dain Rauscher Inc. (the "*Underwriter*"); (3) the Preliminary Limited Offering Memorandum relating to the Bonds, (the "*Preliminary Limited Offering Memorandum*"), and which, with such completions and changes as may be necessary will constitute the form of the Final Limited Offering Memorandum for the Bonds (the "*Final Limited Offering Memorandum*"); and (4) the proposed forms of indemnity letters required by the Purchase Contract and the indemnity letter relating to the development agreement to which the Owners are bound. (The documents described in Clauses (1) through (4), inclusive, and the Indenture are referred to, collectively, as the "*Bond Documents*".)

(g) The District Board hereby finds and determines that (1) the amount of indebtedness evidenced by the Bonds does not exceed the estimated cost of the public infrastructure improvements plus all costs connected with the public infrastructure purposes and issuance and sale of the Bonds to be financed therewith as indicated in the Feasibility Report and (2) the total aggregate outstanding amount of the Bonds and bonds previously issued does not exceed sixty percent (60%) of the aggregate of the estimated market value of the real property and improvements in the District after the public infrastructure of the District is acquired by the District with proceeds of the Bonds all as provided in the Enabling Act.

(h) The District Board hereby finds and determines further that the Bonds are not being sold in a public offering for purposes of the Enabling Act and all other purposes.

3. **Forms, Terms and Provisions and Execution and Delivery of Bonds**. Manager or member of the District Board, and the distribution and use of the Final Limited Offering Memorandum by the Underwriter is hereby approved.

8. **Tax Levy**.

(a) For each year while any Bond is outstanding, the District Board shall annually levy and thereafter forward to Maricopa County for collection an ad valorem tax, at the same time and in the same manner as other taxes are levied and collected on all taxable property in the District, sufficient, together with any moneys from any sources authorized in the Enabling Act and provided for under the Bond Documents, to pay Debt Service when due.

(b) Moneys derived from the levy of the tax provided for in this Section when collected constitute funds to pay Debt Service and shall be deposited in the Bond Fund for the Bonds and shall be kept separately from other funds of the District.

(c) The District Board shall make annual statements and estimates of the amount to be raised to pay Debt Service on the Bonds and such other costs of the District as are permitted under "public infrastructure purposes" as provided in the Enabling Act. The District Board shall file the annual statements and estimates with the Clerk of the Municipality and shall publish a notice of the filing of the estimate. This Bond is one of a duly authorized issue of bonds of the Issuer having the designation specified in its title (the "*Bonds*"), issued and to be issued in one series under, and all equally and ratably secured, with the limitations described herein, by an Indenture of Trust and Security Agreement, dated as of October 1, 2005 (herein, together with all indentures supplemental thereto, referred to as the "*Indenture*"), from the Issuer to Wells Fargo Bank, N.A., as trustee (the "*Trustee*"), which term includes any successor trustee under the Indenture), to which Indenture reference is hereby made for a description of the amounts thereby pledged and assigned, the nature and extent of the lien and security, the respective rights thereunder of the Holders of the Bonds, the Trustee, and the Issuer, and the terms upon which the bonds are, and are to be, authenticated and delivered and by this reference to the terms of which each Holder of this Bond hereby consents. The Bonds are authorized the be issued by a resolution of the District Board of the Issuer adopted on September 6, 2005 (the "*Bond Resolution*"), for the purposes therein described and in strict conformity with Title 48, Chapter 4, Article 16, Arizona Revised Statutes, as amended (the "*Enabling Act*").

The Bonds are payable, equally and ratably with the Issuer's $5,000,000 aggregate principal amount of District General Obligation Bonds, Series 2004 (the "*Series 2004 Bonds*"), and with such other obligations of the Issuer payable from such sources as may be outstanding from time to time and to the extent provided in the Bond Resolution, from the proceeds of an *ad valorem* tax to be collected, unlimited as to rate or amount, at the same time and in the same manner as other taxes are levied and collected on all taxable property within the boundaries of the Issuer sufficient together with any other moneys from sources available pursuant to the Enabling Act (including, with respect to the Bonds but not any other obligations or bonds, amounts available from the Depository Agreement as

described below) to pay debt service on the Bonds when due. The Issuer, Wells Fargo Bank, N.A., as depository, and Buckeye Land Management, Inc., an Arizona corporation, have entered in the Depository Agreement dated October 1, 2005 (the "*Depository Agreement*"), pursuant to which not less than four times the difference between (2) maximum annual debt service on all outstanding Series 2004 Bonds and the Bonds, together with average annual administrative expenses and (b) the amount of property taxes which a tax rate of $3.00 per $100 of secondary assessed valuation (assuming 95% collection of taxes or the historical collection percentage if lower) would produce in any year based upon the secondary assessed valuation in effect on the date of issuance of the Bonds, is deposited and is available to the Trustee for payment of principal of or interest on the Bonds to the extent moneys are not otherwise available. THE DEPOSITORY AGREEMENT MAY BE RELEASED PRIOR TO THE MATURITY OF THE BONDS BY THE ISSUER UPON SATISFACTION OF CERTAIN CONDITIONS SET FORTH IN THE INDENTURE. Upon release, amounts available pursuant to the Depository Agreement may be paid to BLMI and are not subject to replenishment.

Notwithstanding any provisions hereof or of the Bond Resolution, however, the Indenture may be released and the obligation of the Issuer to make money available to pay this Bond may be defeased by the deposit of money and/or certain direct or indirect Governmental Obligations (as such term is defined in the Indenture) sufficient for such purpose as described in the Indenture.

The Bonds are issuable as fully registered bonds only in the denominations of $5000 each and any multiples thereof.

Optional Redemption. The Bonds maturing on or before July 15, 2015 are not subject to call for redemption prior to maturity. Bonds maturing on and after July 15, 2016, are subject to redemption, at the option of the Issuer, on any date on or after July 15, 2015, as a whole or in part, upon not more than 60 nor less than 30 days prior notice given by mail as provided in the Indenture, upon payment of the Redemption Price, which shall consist of the principal amount of the Bonds so redeemed plus accrued interest, if any, on the Bonds so redeemed from the most recent Interest Payment Date to the Redemption Date, but without a premium.

Upon any partial redemption of any Bond, the same shall, except as otherwise permitted by the Indenture, be surrendered in exchange for one or more new Bonds of the same maturity in authorized form for the unredeemed portion of principal. Bonds (or portions thereof) for whose redemption and payment provision is made in accordance with the Indenture and the Bond Resolution shall thereupon cease to be entitled to the benefits of the Indenture and shall cease to bear interest from and after the date fixed for redemption.

If the Book-Entry-Only System is not in effect and if less than all the Outstanding Bonds are to be redeemed, the particular Bonds of a maturity to be redeemed shall, unless otherwise provided herein, be selected not more than forty-five (45) days prior to the Redemption Date by the Trustee from the Outstanding Bonds of such maturity, which have not previously been called for redemption, by lot and the Trustee may provide for the selection for redemption of portions (equal to an Authorized Denomination) of the principal of Bonds.

The Bonds shall initially be issued as a single fully-registered bond in each Stated Maturity and so long as the ownership of the Bonds is maintained in book-entry form by The Depository Trust Company (the "*Depository*") or a nominee thereof, this Bond may be transferred in whole but not in part only to the Depository or a nominee thereof or to a successor Depository or its nominee.

Neither the Issuer nor the Trustee will have any responsibility or obligation to any Direct Participant, Indirect Participant or any Beneficial Owner or any other person not shown on the registration books of the Trustee as being an Owner with respect to: (1) the Bonds; (2) the accuracy of any records maintained by DTC or any Direct Participant or Indirect Participant; (3) the timely or ultimate payment by DTC or any Direct Participant or Indirect Participant of any amount due to any Beneficial Owner in respect of the principal or redemption price of or interest on the Bonds; (4) the delivery by any Direct Participant or Indirect Participant of any notice to any Beneficial Owner which is required or permitted under the terms of the Bond Resolution or the Indenture to be given to Owners; (5) the selection of the Beneficial Owners to receive payment in the event of any partial redemption of the Bonds; or (6) any consent given or other action taken by DTC as Owner.

The Owner of this Bond has no right to enforce the provisions of the Bond Resolution or the Indenture, or to institute action to enforce the pledge, assignment or covenants made therein or to take any action with respect to an Event of Default described in the Indenture or to institute, appear in, or defend any suit, action or other proceeding at law or in equity with respect thereto, except as provided in the Indenture.

The liability of the Issuer and obligations of the Issuer pursuant to the Indenture with respect to all or any portion of the Bonds may be discharged at or prior to the maturity or redemption of the Bonds upon the making of provision for the payment thereof on the terms and conditions set forth in the Indenture.

No covenant or agreement contained in the Bonds, the Indenture or in the Bond Resolution shall be deemed to be the covenant or agreement of any elected or appointed official, officer, agent, servant or employee of the Issuer in his or her individual capacity or of any officer, director, agent, servant or employee of the Trustee in his or her individual capacity, and neither the members of the governing body of the Issuer nor any official executing the Bonds, including any officer or employee of the Trustee, shall be liable personally on the Bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

Terms used, but not defined, herein have the meanings set forth in the Indenture. Copies of the Bond Resolution and Indenture are on file at the designated office of the Trustee, and reference is made to those instruments for the provisions relating, among other things, to the terms and source of payment and security for the Bonds, the limited liability of the Issuer, the custody and application of the proceeds of the Bonds, the rights and remedies of the Owners of the Bonds, amendments, and the rights, duties and obligations of the Issuer and the Trustee, to all of which the Holder hereof, by acceptance of this Bond, assents.

The Bond Resolution and the Indenture permit, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Issuer and the rights of the Holders of the bonds under the Bond Resolution, the Indenture and the Depository Agreement at any time by the Issuer with the consent of the Holders of a majority in principal amount of the Bonds at the time Outstanding (as such term is defined in the Indenture) affected by such modification. The Bond Resolution and Indenture also contain provisions permitting the Holders of specified percentages in aggregate principal amount of the bonds at the time Outstanding, on behalf of the Holders of all the Bonds, to waive compliance by the Issuer with certain past defaults under the Bond Resolution or the Indenture and their consequences. Any such consent or waiver by the Holder of this Bond or any Predecessor Bond (as such term is defined in the Indenture) evidencing the same debt shall be conclusive and binding upon such Holder and upon all future holders thereof and of any Bond issued upon the transfer thereof or in exchange therefor or in lieu thereof, whether or not notation of such consent or waiver is made upon this Bond.

As provided in the Indenture and subject to certain limitations therein set forth, this Bond is transferable on the Bond Register of the Issuer, upon surrender of this Bond for transfer to the Paying Agent at the Place of Payment duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to the Issuer and the Paying Agent duly executed by, the registered Holder hereof or his attorney duly authorized in writing, and thereupon one or more new fully registered Bonds of authorized denominations and for the same aggregate principal amount shall be issued to the designated transferee or transferees.

As provided in the Indenture and subject to certain limitations therein set forth, Bonds are exchangeable for a like aggregate principal amount of Bonds in authorized denominations, as requested by the Holder, upon surrender of the Bonds to be exchanged to the Paying Agent at the Place of Payment.

The Paying Agent may require payment of a sum sufficient to cover any tax or other charges payable in connection therewith.

The Issuer, the Trustee, and any agent of either of them may treat the Person in whose name this Bond is registered as the owner hereof for the purpose of receiving payment as herein provided and for all other purposes, whether or not this Bond be overdue, and none of the Issuer, the Trustee, and any such agent shall be affected by notice to the contrary.

NEITHER THE FULL FAITH AND CREDIT NOR THE GENERAL TAXING POWER OF THE TOWN OF BUCKEYE, ARIZONA, OR THE STATE OF ARIZONA OR ANY POLITICAL SUBDIVISION THEREOF (OTHER THAN THE ISSUER) IS PLEDGED TO THE PAYMENT OF THE BONDS.

Unless the Certificate of Authentication hereon has been executed by the Trustee, by manual signature, this Bond shall not be entitled to any benefit under the Bond Resolution or the Indenture or be valid or obligatory for any purpose.

It is hereby certified, covenanted, and represented that all acts, conditions and things required to be performed, exist, and be done precedent to or in the issuance of this Bond in order to render the same a legal, valid, and binding general obligation of the Issuer have been performed, exist and have been done, in regular and due time, form, and manner, as required by law, and that issuance of the bonds does not exceed any constitutional or statutory limitation. In case any provision in this Bond or any application thereof shall be invalid, illegal, or unenforceable, the validity, legality, and enforceability of the remaining provisions and applications shall not in any way be affected or impaired thereby. This Bond shall be construed in accordance with and governed by the laws of the State of Arizona and the federal laws of the United States of America.

IN WITNESS WHEREOF, the Issuer has caused this Bond to be duly executed.

E. (i) So long as the Book-Entry-Only System is in effect, principal of or Redemption Price on any Bond shall be paid when due to the Securities Depository pursuant to the procedures established therefor pursuant to the Representation Letter.

(ii) If the Book-Entry-Only System is not in effect, the principal of or Redemption Price for the Bonds shall be payable upon surrender of the Bonds to the Paying Agent in the Place of Payment when due. Interest on the Bonds payable on any Interest Payment Date shall be payable as provided in Section 3.04D.

Section 3.02. Payment of Interest on Bonds; Interest Rights Preserved.

A. So long as the Book-Entry-Only System is in effect, interest on any Bond shall be paid when due to the Securities Depository pursuant to the procedures established therefor pursuant to the Representation Letter.

B. If the Book-Entry System is not in effect:

(i) Interest on any Bond which is payable on, and is punctually paid or duly provided for on, any Interest Payment Date shall be paid to the Person in whose name that Bond (or one or more Predecessor Bonds) is registered at the close of business on the Regular Record Date for such interest. Such interest, in the absence of other arrangements acceptable to the Paying Agent made by the Holder as of such date, shall be paid by check payable to the order and mailed on or before the Interest Payment Date to the address of such Holder as the same appears on the Bond Register as of the Regular Record Date and such payment shall be deemed to be at the Place of Payment. Additionally, payment of interest (and payment of principal if provision for surrender of the Bonds is made with the Trustee) may also be made by wire transfer upon twenty (20) days prior written request delivered to the Paying Agent specifying a wire transfer address in the United States of America by any Holder of Bonds owning an aggregate principal amount of at least $1,000,000. Any such request for interest payments by wire transfer shall remain in effect until rescinded or changed, in writing delivered by the Holder to the Paying Agent, any such rescission or change must be received by the Paying Agent at least twenty (20) days prior to the next applicable Interest Payment Date.

(ii) Any interest on any Bond which is payable on, but is not punctually paid or duly provided for on, any Interest Payment Date (herein referred to as "*Defaulted Interest*") shall forthwith cease to be payable to the Holder on the relevant Regular Record Date solely by virtue of such Holder having been such Holder. Such Defaulted Interest shall thereupon be paid by the Issuer to the Persons in whose names such Bonds (or their respective Predecessor Bonds) are registered at the close of business on a Special Record Date for the payment of such portion of Defaulted Interest as may then be paid from the sources herein provided. The Issuer shall promptly notify the Trustee in writing of the amount of Defaulted Interest proposed to be paid on each Bond and the date of the proposed payment (which date shall be such as will enable the Trustee to comply with the next sentence hereof), and at the same time the Issuer shall deposit with the Trustee an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Trustee for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the Holders entitled to such Defaulted Interest as in this Subsection provided and not to be deemed part of the Trust Estate for the other than Outstanding Secured Bonds. Thereupon the Trustee shall fix a Special Record Date for the payment of such Defaulted Interest which shall be not more than fifteen (15) nor less than ten (10) days prior to the date of the proposed payment by the Trustee and not less than ten (10) days after the receipt by the Trustee of the notice of the proposed payment. The Trustee shall promptly notify the Issuer of such Special Record Date and, in the name and at the expense of the Issuer, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be mailed, first class postage prepaid, to each Holder of a Bond of such series at his address as it appears in the Bond Register not less than ten (10) days prior to such Special Record Date. Notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor having been mailed as

aforesaid, such Defaulted Interest shall be paid to the Persons in whose names the Bonds (or their respective Predecessor Bonds) are registered on such Special Record Date.

(iii) Subject to the foregoing provisions of this Section, each Bond delivered under this Indenture upon transfer of or in exchange for or in lieu of any other Bond shall carry all the rights to interest accrued and unpaid, and to accrue, which were carried by such other Bond and each such Bond shall bear interest from such date that neither gain nor loss in interest shall result from such transfer, exchange, or substitution.

Section 3.03. Execution, Authentication, Delivery and Dating.

A. The Bonds shall be executed on behalf of the Issuer by the Chairman or Vice Chairman of the Board and attested by the District Clerk. The signature of any of these officers on the Bonds may be manual or facsimile. Bonds bearing the manual or facsimile signatures of individuals who were at the time the proper officers of the Issuer shall bind the Issuer, notwithstanding that such individuals or any of them shall cease to hold such offices prior to the certification or authentication and delivery of such Bonds or shall not have held such offices at the date of such Bonds.

B. Forthwith upon the execution and delivery of this Indenture, the Issuer shall deliver to the Trustee the Bonds, executed by the Issuer, and the Trustee shall thereupon authenticate the Bonds and deliver the Bonds to the Persons and in the principal amounts which were designated in writing to the Trustee not less than five (5) Business Days in advance of the receipt by the Trustee of:

(1) the Bond Resolution, duly and validly adopted by the Board, authorizing the execution and delivery hereof and the authentication and delivery of the Bonds,

(2) the Depository Agreement, duly and validly executed and delivered by the parties thereto, and evidence satisfactory to the Trustee of performance of the obligations of the Owner and the Issuer thereunder to be performed by the Owner and the Issuer prior to or simultaneously with the delivery of the Bonds,

(3) Bond rates investment grade or better by the Rating Agency; and

(4) the purchase price for the Bonds specified in the Bond Resolution.

C. At any time and from time to time after the execution and delivery of this Indenture, the Issuer may deliver Bonds executed by the Issuer to the Trustee for authentication, and the Trustee shall authenticate and deliver such Bonds as provided herein.

D. No Bond shall be entitled to any right or benefit under this Indenture, or be valid or obligatory for any purpose, unless there appears on such Bond a certificate of authentication substantially in the form provided in Section 2.03, executed by the Trustee by manual signature, and such certificate upon any Bond shall be conclusive evidence, and the only evidence, that such Bond has been duly certified or authenticated and delivered.

E. All Bonds authenticated and delivered by the Trustee hereunder shall be dated the date of their authentication.

F. The Bonds shall constitute general obligations of the Issuer. The Bonds shall be payable from (i) the proceeds of ad valorem property taxes imposed each year upon all taxable property in the Issuer without limit as to rate or amount, (ii) any revenue derived directly or indirectly from the enforcement of the collection of such taxes, (iii) all moneys and earnings thereon held in the Funds or accounts herein created under the terms hereof (except the Rebate Account), and (iv) amounts available under the Depository Agreement.

Section 3.04. Registration, Transfer and Exchange.

A. Bond Register. The Issuer shall cause to be kept (at its agency for payment of the Bonds) in the Place of Payment a register (herein referred to as the "*Bond Register*") for the Bonds in which, subject to such reasonable regulations as it may prescribe, the Issuer shall provide for the registration of the Bonds and registration of transfers of Bonds as herein provided.

B. Book-Entry-Only System.

(i) The Bonds shall be initially executed and delivered in the form of a separate, single, authenticated, fully registered bond (which may be typewritten) for each maturity of the Bonds. Upon initial execution, authentication, and delivery, the ownership of the Bonds shall be registered in the Bond Register in the name of CEDE & Co., as nominee of DTC, the Securities Depository for the Bonds. The Trustee, the Paying Agent and the Issuer may treat the Securities Depository (or its nominee) as the sole, exclusive, and absolute owner of the Bonds registered in its name for all purposes, whether or not such Bond shall be overdue (including, without limitation, receiving payment of the principal, premium, if any, and interest on the Bonds, selecting Bonds or portions thereof to be redeemed, giving any notice required or permitted to be given to Holders hereunder, registering the transfer of Bonds, obtaining any consent from the Holders, and providing for any other action to be taken by the Holders hereunder), and none of the Trustee, the Paying Agent or the Issuer shall be affected by any knowledge or notice to the contrary. So long as the Bonds are registered in the name of a Securities Depository, including DTC, or its nominee, including CEDE & Co., payment of the principal of, premium, if any, purchase price of, and interest on such Bonds shall be made only to the Securities Depository or its nominee as such Owner, which payments shall be valid and effectual to satisfy and discharge the liability on such Bond to the extent of the sum or sums so paid. None of the Paying Agent, the Trustee or the Issuer shall have any responsibility or obligation to any Participant, any person claiming a beneficial ownership interest in a Bond under or through the Securities Depository or any Participant, or any other person which is not shown in the Bond Register as being an Holder, with respect to: the accuracy of any records maintained by the Securities Depository or any Participant; the payment by the Securities Depository or any Participant of any amount in respect of the principal of, premium, if any, purchase price of, or interest on the Bonds; any notice which is permitted or required to be given to Holders hereunder; the selection by the Securities Depository or any Participant of any person to receive payment in the event of a partial redemption of the Bonds; or any consent given or other action taken by the Securities Depository (or its nominee) as the Holder of the Bonds. Except under the conditions specified in subsection (C) of this Section 3.04, no person other than the Securities Depository shall receive authenticated Bonds. Upon delivery by the Securities Depository to the Paying Agent of written notice to such effect, the Securities Depository may substitute a new nominee in place of any existing nominee and subject to the provisions herein with respect to Record Dates, the term "CEDE & Co." in this Indenture shall refer to such new nominee of the Securities Depository.

(ii) The Issuer and the Trustee shall enter into the Representation Letter with the Securities Depository in connection with the issuance of the Bonds, and while the Representation Letter is in effect, the procedures established therein shall apply to the Bonds notwithstanding any other provisions of this Indenture to the contrary. Any Issuer Representative is authorized to execute a Representation Letter or such other documents as may be necessary for the Issuer to participate in the Book-Entry-Only System of the Securities Depository.

(iii) Notwithstanding any other provision of this Indenture to the contrary, so long as any Bond is registered in the name of the Securities Depository, or its nominee, all payments with respect to principal of, premium, if any, purchase price of, and interest on, such Bond, and all notices with respect to such Bond, shall be made and given, respectively, as provided in the Representation Letter.

(iv) In connection with any notice or other communication to be provided to Holders pursuant to this Indenture by the Issuer or the Trustee with respect to any consent or other action to be taken by Holders, the Issuer, or the Trustee, as the case may be, shall establish a record date for such consent or other action and give the incumbent Securities Depository, if any, notice of such record date not less than 15 calendar days in advance of such record date to the extent practicable.

C. Discontinuance of Book-Entry-Only System. In the event (i) DTC, or any successor as Securities Depository, determines not to continue to act as Securities Depository, or (ii) the Issuer determines that the incumbent Securities Depository shall no longer so act, and delivers a written certificate of an Issuer Representative to such incumbent Securities Depository, the Trustee and the Paying Agent to that effect, then the Issuer shall discontinue the Book-Entry-Only System with the incumbent Securities Depository. If the Issuer determines to replace the incumbent Securities Depository with another Securities Depository, the Issuer shall prepare or direct the preparation of replacement Bonds for the Bonds registered in the name of the incumbent Securities Depository, or its nominee, to be registered in the name of such successor Securities Depository, or its nominee, or make such other arrangements acceptable to the Issuer, the Paying Agent, the Trustee and the successor Securities Depository as are not inconsistent with the terms of this Indenture. If the Issuer fails to identify a successor Securities Depository to replace the incumbent Securities Depository, then the Bonds shall no longer be restricted to being registered in the Bond Register in the name of the incumbent Securities Depository or its nominee, but shall be registered in whatever name or names the incumbent Securities Depository, or its nominee, shall designate in accordance with the provisions of Section 3.04D hereof. In such event the Issuer shall, at its expense, prepare, execute, and deliver a sufficient quantity of Bonds to the Trustee for authentication and delivery to carry out the transfers and exchanges provided in this Section and Section 3.04(D) hereof. All such Bonds shall be in fully registered form in Authorized Denominations.

D. If Book-Entry-Only System is Not in Effect. If, and so long as, the Book-Entry-Only System is not in effect, the following provisions shall apply.

(i) The Bonds shall be issued in the form of fully registered Bonds in Authorized Denominations. The interest on the Bonds shall be payable on the Interest Payment Dates by check mailed by the Paying Agent to the respective Holders thereof at their addresses as they appear on the applicable Record Date in the Bond Register, except that in the case of a Holder of $1,000,000 or more in aggregate principal amount of Bonds, upon the written request of such Holder to the Paying Agent, received at least 10 days prior to a Record Date, specifying the account or accounts to which such

payment shall be made, payment of interest shall be made by wire transfer of immediately available funds on the following Interest Payment Date. Any such request shall remain in effect until revoked or revised by such Holder by an instrument in writing delivered to the Paying Agent. The principal of and premium, if any, on each Bond shall be payable on the Stated Maturity, as applicable, or on redemption prior thereto, upon surrender thereof at the office of the Paying Agent.

(ii) Upon surrender for transfer of any Bond to a Paying Agent therefor in the Place of Payment, the Issuer shall execute, and the Trustee shall authenticate and deliver, in the name of the designated transferee or transferees, one or more new fully registered Bonds, of any Authorized Denominations, and of a like aggregate principal amount as requested by the transferor.

(iii) At the option of the Holder, Bonds may be exchanged for other Bonds, of any Authorized Denominations, and of like aggregate principal amount and Stated Maturity, upon surrender of the Bonds to a Paying Agent therefor in the Place of Payment. Whenever any Bonds are so surrendered for exchange, the Issuer shall execute, and the Trustee shall authenticate and deliver, the Bonds which the Holder of Bonds making the exchange is entitled to receive.

(iv) All Bonds issued upon any transfer or exchange of Bonds shall be the valid obligations of the Issuer, evidencing the same debt, and entitled to the same security and benefits hereunder and under the Bond Resolution, as the Bonds surrendered upon such transfer or exchange.

(v) Every Bond presented or surrendered for transfer or exchange shall be duly endorsed (if so required by the Trustee), or be accompanied by a written instrument of transfer in form satisfactory to the Trustee duly executed, by the Holder thereof or his attorney duly authorized in writing.

(vi) The Trustee may require payment of a sum sufficient to cover any tax or other charges that may be imposed in connection with any transfer or exchange of Bonds.

(vii) Neither the Issuer nor the Trustee shall be required (1) to issue, transfer or exchange any Bond during a period beginning at the opening of business fifteen (15) days before the day of the first mailing of a notice of redemption of Bonds under Section 4.04 and ending at the close of business on the day of such mailing or (2) thereafter to transfer or exchange any Bond to be redeemed in whole or in part pursuant to such notice.

Section 3.05. Mutilated, Destroyed, Lost and Stolen Bonds.

(A) If (1) any mutilated Bond is surrendered to the Trustee, or the Trustee receives evidence to its satisfaction of the destruction, loss, or theft of any Bond, and (2) there is delivered to the Trustee such security or indemnity as may be required by it to save each of the Issuer and Trustee harmless, then, in the absence of notice to the Issuer or the Trustee that such Bond has been acquired by a bona fide purchaser, the Issuer shall execute and, upon a request of the District Manager, the Trustee shall authenticate and deliver, in exchange for or in lieu of any such mutilated, destroyed, lost, or stolen Bond, a new Bond of the same series and of like tenor and aggregate principal amount bearing a number not contemporaneously outstanding, provided, however, in case any such mutilated, destroyed, lost, or stolen Bond has become or is about to become due and payable, the Issuer or the Trustee in its discretion may pay such Bond instead of issuing a new Bond. If, after the delivery of such new Bond or payment, a bona fide purchaser of the original Bond in lieu of which such new

Bond was issued or payment made presents for payment such original Bond, the Issuer and the Trustee shall be entitled to recover such new Bond or payment from the Person to whom it was delivered or to which payment was made or any Person taking therefrom, except a bona fide purchaser, and shall be entitled to recover upon the security or indemnity provided therefor to the extent of any loss, damage, cost, or expenses incurred by the Issuer or the Trustee in connection therewith.

B. Upon the issuance of any new Bond under this Section, the Issuer or the Trustee may require the payment of a sum sufficient to cover any tax or other charges that may be imposed in relation thereto and any other expenses connected therewith.

C. Every new Bond issued pursuant to this Indenture in lieu of any mutilated, destroyed, lost, or stolen Bond shall constitute an original additional contractual obligation of the Issuer, whether or not the mutilated, destroyed, lost, or stolen Bond shall be at any time enforceable by anyone, and shall be entitled to all the benefits of the Board Resolution authorizing the Bonds and of this Indenture equally and ratably with all other Outstanding Bonds.

D. The provisions of this Section are exclusive and shall preclude (to the extent lawful) all other rights and remedies with respect to the replacement and payment of mutilated, destroyed, lost, or stolen Bonds.

A. all Bonds theretofore authenticated and delivered have been canceled by the Trustee or delivered to the Trustee for cancellation, excluding, however:

(1) Bonds for the payment of which money has theretofore been deposited in trust with the Trustee or a Paying Agent as provided in Section 4.05,

(2) Bonds alleged to have been destroyed, lost, or stolen which have been replaced or paid as provided in Section 3.06, except for any such Bond which, prior to the satisfaction and discharge of this Indenture, has been presented to the Trustee with a claim of ownership and enforceability by the Holder thereof and where enforceability has not been determined adversely against such Holder by a court of competent jurisdiction,

(3) Bonds, other than those referred to in the foregoing clauses, for the payment or redemption (under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name and at the expense of the Issuer) of which the Issuer has deposited or caused to be deposited with the Trustee in trust for such purpose an amount (to be immediately available for payment, except in the case of Bonds excepted from the foregoing Clause (b) prior to the time the ownership and enforceability of such Bonds has been established) sufficient to pay and discharge the entire indebtedness on the Bonds for principal (and premium, if any) and interest to the date of Maturity thereof which have become due and payable or to the Stated Maturity or Redemption Date, as the case may be, and

(4) Bonds deemed no longer Outstanding as a result of the deposit or escrow of money or Governmental Obligations or both as described in Section 6.02; and

B. the Issuer has paid or caused to be paid all other sums payable hereunder by the Issuer, then, upon an Issuer Request, this Indenture and the lien, rights, and interests created hereby shall cease, determine, and become null and void (except as to any surviving rights of transfer or exchange of Bonds herein or therein provided for), and the Trustee and each co-trustee and separate

trustee, if any, then acting as such hereunder shall, at the expense of the Issuer, execute and deliver a termination statement and such instruments of satisfaction and discharge as may be necessary and pay, assign, transfer, and deliver to the Issuer or upon Issuer Request all cash, securities, and other personal property then held by it hereunder as a part of the Trust Estate.

C. In the absence of an Issuer Request as aforesaid, the payment of all Outstanding Secured Bonds shall not render this Indenture inoperative.

D. Notwithstanding the satisfaction and discharge of this Indenture, the obligations of the Issuer to the Trustee under Section 8.06 shall survive.

Section 6.02. Defeasance. Any Bond shall be deemed to be no longer Outstanding when payment of the principal of such Bond, plus interest thereon to the Maturity thereof (whether such Maturity be by reason of the Stated Maturity thereof or call for redemption, if notice of such call has been given or waived or irrevocable arrangements therefor satisfactory to the Trustee have been made) shall have been provided for by depositing for such payment from funds of the Issuer under the terms provided in this Section (1) money sufficient to make such payment or (2) money and Governmental Obligations certified by an independent accountant of national reputation to mature as to principal and interest in such amounts and at such times as shall, without further investment or reinvestment of either the principal amount thereof or the interest earnings therefrom be sufficient to make such payment, provided that all necessary and proper fees, compensation, and expenses of the Trustee and Paying Agents pertaining to the Bonds with respect to which such deposit is made shall have been paid or the payment thereof provided for to the satisfaction of the Trustee. Any such deposit shall be made either with the Trustee or, if notice of such deposit is given to the Trustee, with a state or nationally chartered bank with a minimum combined capital and surplus of $50,000,000, as escrow agent, with irrevocable instructions to transfer the amounts so deposited and investment income therefrom to the Trustee or the Paying Agents in the amounts and at the times required to pay principal of and interest on the Bonds with respect to which such deposit is made at the Maturity thereof and of such interest or the Stated Maturity, as the case may be. In the event such deposit is made with respect to some but not all of the Bonds then Outstanding, the Trustee shall select the Outstanding Bonds in the same manner as provided in Section 4.03 for the selection of Bonds to be redeemed.

Notwithstanding anything herein to the contrary however, no such deposit shall have the effect hereinabove described (1) if made during the existence of default hereunder of which the Trustee has received written notice unless made with respect to all of the Bonds then Outstanding and (2) unless there shall be delivered to the Trustee an Opinion of Counsel to the effect that such deposit shall not adversely affect any exemption from federal income taxation of interest on any Bond. Any money and Governmental Obligations deposited with the Trustee for such purpose shall be held by the Trustee in a segregated account in trust for the Holders of the Bonds with respect to which such deposit is made and together with any investment income therefrom, shall be disbursed solely to pay the principal of and interest on the Bonds when due. No money or Governmental Obligations so deposited pursuant to this Section shall be invested or reinvested unless in Governmental Obligations and unless such money not invested, such Governmental Obligations not reinvested, and such new investments are together certified by an independent accountant of national reputation to be of such amounts, maturities, and interest payment dates and to bear such interest as will, without further investment or reinvestment of either the principal amount thereof or the interest earnings therefrom, be sufficient to make such payment. At such times as a Bond shall be deemed to be paid hereunder, as

aforesaid, it shall no longer be secured by or entitled to the benefits of this Indenture, except for purposes of any such payment from such money or Governmental Obligations.

Section 6.03. Application of Deposited Money. Money or Governmental Obligations deposited with the Trustee pursuant to Section 6.02 shall not be a part of the Trust Estate but shall constitute a separate trust fund for the benefit of the Persons entitled thereto. Subject to the provisions of Section 4.03, such money or Governmental Obligations shall be applied by the Trustee to the payment (either directly or through any Paying Agent as the Trustee may determine) to the Holders entitled thereto of the principal (and premium, if any) and interest for the payment of which such money has been deposited with the Trustee.

Section 6.04. Release of Depository Agreement. The Depository Agreement shall be released by the Issuer upon the earlier of:

Such evidence shall consist of a written projection, prepared by the Issuer or its financial advisor, that is based upon the application of such secondary tax rate in light of the actual secondary assessed valuation of the property within the boundaries of the Issuer for the current year, and a delinquency factor/collection rate that is the lesser of (x) the historical average annual delinquency factor/collection rate in the District as of the current Fiscal Year and (y) a 95% collection rate; and

(ii) written approval by the Issuer which shall not be withheld unreasonably.

Upon release by the Issuer of the Depository Agreement, the Issuer shall so direct the Trustee to release the Depository Agreement. Upon receipt of such direction from the Issuer, the Trustee shall release the Depository Agreement.

ARTICLE VII

REMEDIES

Section 7.01. Events of Default. Each of the following is hereby defined as and shall be deemed an "Event of Default":

A. Default in the payment of the principal of any Bonds when the same shall become due and payable, whether at the Stated Maturity thereof, on a sinking fund payment date or upon proceedings for redemption;

If the Issuer fails to pay or cause to be paid such amounts forthwith upon such demand, the Trustee, in its own name and as

trustee of an express trust, shall be entitled to sue for and recover judgment against the Issuer for the amount then so due and unpaid.

B. The Trustee shall be entitled to sue and recover judgment as aforesaid either before, after, or during the pendency of any proceedings for the enforcement of the lien of this Indenture, and in case of a sale of the Trust Estate and the application of the proceeds of sale as aforesaid, the Trustee, in its own name and as trustee of an express trust, shall be entitled to enforce payment of, and to receive, all amounts then remaining due and unpaid upon the Outstanding Secured Bonds, for the benefit of the Holders thereof, and shall be entitled to recover judgment for any portion of the same remaining unpaid, with interest as aforesaid. No recovery of any such judgment upon any property of the Issuer shall affect or impair the lien of this Indenture upon the Trust Estate or any rights, powers, or remedies of the Trustee hereunder, or any rights, powers, or remedies of the Holders of the Bonds.

Section 7.04. Application of Money Collected. Any money collected by the Trustee pursuant to this Article together with any other sums then held by the Trustee as part of the Trust Estate, shall be applied in the following order, at the date or dates fixed by the Trustee and, in case of the distribution of such money on account of principal (or premium, if any) or interest upon presentation of the Bonds and the notation thereon of the payment if only partially paid and upon surrender thereof if fully paid:

C. *Third*: To the payment of the remainder, if any, to the Issuer, or to whosoever may be lawfully entitled to receive the same, or as a court of competent jurisdiction may direct.

Section 7.05. Trustee May File Proofs of Claim.

A. In case of the tendency of any receivership, insolvency, liquidation, bankruptcy, reorganization, arrangement, adjustment, composition, or other judicial proceeding relative to the Issuer or the property of the Issuer, the Trustee (irrespective of whether the principal of the Bonds shall then be due and payable, as therein expressed or by declaration or otherwise, and irrespective of whether the Trustee shall have made any demand on the Issuer for the payment of overdue principal, premium, or interest) shall be entitled and empowered, by intervention in such proceeding or otherwise,

(1) to file and prove a claim for the whole amount of principal (and premium, if any) and interest owing and unpaid in respect of the Outstanding Secured Bonds and to file such other papers or documents as may be necessary or advisable in order to have the claims of

the Trustee (including any claim for the reasonable compensation, expenses, disbursements, and advances of the Trustee, its agents and counsel) and of the Bondholders allowed in such judicial proceeding, and

(2) to collect and receive any money or other property payable or deliverable on any such claims and to distribute the same;

and any custodian, receiver, assignee, trustee, liquidator, sequestrator, or other similar official in any such judicial proceeding is hereby authorized by each Bondholder to make such payments to the Trustee, and in the event that the Trustee shall consent to the making of such payments directly to the Bondholders, to pay to the Trustee any amount due to it for the reasonable compensation, expenses, disbursements, and advances to the Trustee, its agents and counsel, and any other amounts due the Trustee under Section 8.06.

B. Nothing herein contained shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Bondholder any plan of reorganization, arrangement, adjustment, or composition affecting the Bonds or the rights of any Holder thereof, or to authorize the Trustee to vote in respect of the claim of any Bondholder in any such proceeding.

Section 7.06. Trustee May Enforce Claims Without Possession of Bonds. All rights of action and claims under this Indenture or the Bonds may be prosecuted and enforced by the Trustee without the possession of any of the Bonds or the production thereof in any proceeding relating thereto, and any such proceeding instituted by the Trustee shall be brought in its own name as trustee of an express trust. Any recovery of judgment shall, after provision for the payment of the reasonable compensation, expenses, disbursements, and advances of the Trustee, its agents and counsel, be for the ratable benefit of the Holders of the Bonds in respect of which such judgment has been recovered.

Section 7.07. Unconditional Right of Bondholders to Receive Principal, Premium and Interest. Notwithstanding any other provision herein, the Holder of any Bond shall have the right which is absolute and unconditional to receive, after payment of all amounts due to the Trustee hereunder, payment of the principal of and (subject to Section 7.10) interest on any such Bond on the respective Stated Maturities expressed in such Bond (or, in the case of redemption, on the Redemption Date), and to institute suit for the enforcement of any such payment, and such rights shall not be impaired without the consent of such Holder; provided, however, that no Bondholder shall be entitled to take any action or institute any such suit to enforce the payment of his Bonds, whether for principal, interest or premium, if and to the extent that the taking of such action or the institution or prosecution of any such suit or the entry of judgment therein would under applicable law result in a surrender, impairment, waiver, or loss of the lien hereof upon the Trust Estate, or any part thereof, as security for Bonds held by any other Bondholder.

Section 7.08. Rights and Remedies Cumulative. No right or remedy herein conferred upon or reserved to the Trustee or the Bondholders is intended to be exclusive of any other right or remedy, and every right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. Except as otherwise provided herein with regard to the rights or remedies of Bondholders, the assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 7.09. Delay or Omission Not Waiver. No delay or omission of the Trustee or any Holder of any Bond to exercise any right or remedy accruing upon a default under this Article shall impair any such right or remedy or constitute a waiver of any such default or an acquiescence therein. Every right and remedy given by this Article or by law to the Trustee or the Bondholders may be exercised from time to time, and as often as may be deemed expedient, by the Trustee or by the Bondholders, as the case may be.

Section 7.10. Control by Bondholders.

A. The Holders of a majority in aggregate principal amount of any Outstanding Bonds affected thereby shall have the right (subject to providing indemnity to the Trustee)

(1) to require the Trustee to proceed to enforce this Indenture, either by judicial proceedings for the enforcement of the payment of the Bonds and the foreclosure of this Indenture, the sale of the Trust Estate, or otherwise; and

(2) to direct the time, method, and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee hereunder, provided that

a. such direction shall not be in conflict with any rule of law or this Indenture,

b. the Trustee may take any other action deemed proper by the Trustee which is not inconsistent with such direction,

c. the Trustee shall not determine that the action so directed would be unjustly prejudicial to the Holders not taking part in such direction, and

d. if the remedy requires the consent of a certain number of the Holders, such consent has been provided.

B. Before taking action pursuant to this Section, the Trustee may require that a satisfactory indemnity bond be furnished to it for the reimbursement of all expenses which it may incur and to protect it against all liability by reason of any action so taken, except liability which is adjudicated to have resulted from its negligence or willful misconduct. The Trustee may take action without that indemnity, and in that case, the Issuer shall reimburse the Trustee for all of the expenses of the Trustee pursuant to Section 8.06.

Section 7.11. Waiver of Past Defaults.

A. Before any judgment or decree for payment of money due has been obtained by the Trustee as provided in this Article, the Holders of not less than a majority in aggregate principal amount of Outstanding Bonds affected thereby may, by Act of such Bondholders delivered to the Trustee and the Issuer, on behalf of the Holders of all the Bonds waive any past default hereunder and its consequences, except a default in respect of a covenant or provision hereof which under Article Twelve cannot be modified or amended without the consent of the Holder of each Outstanding Bond affected.

B. Upon any such waiver, such default shall cease to exist for every purpose of this Indenture; but no such waiver shall extend to any subsequent or other default or impair any right consequent thereon.

Section 7.12. Undertaking for Costs. All parties hereto agree, and each Holder of any Bond by his acceptance thereof shall be deemed to have agreed, that any court may in its discretion require, in any suit for the enforcement of any right or remedy under this Indenture, or in any suit against the Trustee for any action taken or omitted by it as Trustee, the filing by any party litigant in such suit of an undertaking to pay the costs of such suit, and that such court may in its discretion assess reasonable costs against any party litigant in such suit, having due regard to the merits and good faith of the claims or defenses made by such party litigant; but the provisions of this Section shall not apply to any suit instituted by or against the Trustee, to any suit instituted by any Bondholder, or group of Bondholders of any series of the Bonds affected thereby, holding in the aggregate more than ten percent (10%) in principal amount of the Outstanding Bonds, or to any suit instituted by any Bondholder for the enforcement of the payment of the principal of or interest on any Bond on or after the Stated Maturity expressed in such Bond (or, in the case of redemption, on or after the Redemption Date).

Section 7.13. Remedies Subject to Applicable Law. All rights, remedies, and powers provided by this Article may be exercised only to the extent that the exercise thereof does not violate any applicable provision of law in the premises, and all the provisions of this Article are intended to be subject to all applicable mandatory provisions of law which may be controlling in the premises and to be limited to the extent necessary so that they will not render this Indenture invalid, unenforceable, or not entitled to be recorded, registered, or filed under the provisions of any applicable law.

ARTICLE VIII

THE TRUSTEE

Section 8.01. Certain Duties and Responsibilities.

A. The Trustee undertakes to perform such duties and only such duties as are specifically set forth herein and no implied covenants or obligations shall be read into this Indenture against the Trustee. In the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture; but in the case of any such certificates or opinions which by an provision hereof are specifically required to be furnished to the Trustee, the Trustee shall be under a duty to examine the same to determine whether or not they conform on their face to the requirements hereof.

B. No provision hereof shall be construed to relieve the Trustee from liability for its own negligent action, its own negligent failure to act, or its own willful misconduct, except that

(1) this Subsection shall not be construed to limit the effect of Subsection A of this Section;

(2) the Trustee shall not be liable for any error of judgment made in good faith by a Responsible Officer, unless it shall be proved that the Trustee was negligent;

(3) the Trustee shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction of the Holders of a majority in principal amount of the Outstanding Bonds or to the time, method, and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee, hereunder; and

(4) no provision hereof shall require the Trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers, unless it is provided indemnity in connection therewith as provided in Section 7.09B.

C. Whether or not therein expressly so provided, every provision hereof relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Section.

Section 8.02. Certain Rights of Trustee. Except as otherwise provided in Section 8.01 hereof:

A. the Trustee may rely and shall be protected in acting or refraining from acting upon:

(1) any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, telex or other paper, document, or communication reasonably believed by it to be genuine and to have been signed or presented by the proper Persons; and

(2) failure of the Trustee to receive any such paper, document, or communication, if prior receipt thereof is required by this Indenture before the Trustee is to take or refrain from taking any action;

B. any request or direction of the Issuer mentioned herein shall be sufficiently evidenced by an Issuer Request, and any order or resolution of the Board may be sufficiently evidenced by a Board Resolution;

C. whenever in the administration of this Indenture the Trustee shall deem it desirable that a matter be proved or established prior to taking, suffering, or omitting any action hereunder, the Trustee (unless other evidence be herein specifically prescribed) may, in the absence of bad faith on its part, rely upon an Officers' Certificate or, for purposes of Section 10.05(B), an appropriate certificate of the Rebate Consultant;

D. the Trustee may consult with legal counsel and the written advice of such counsel shall be full and complete authorization and protection in respect of any action taken, suffered, or omitted by the Trustee hereunder in good faith and in reliance thereon;

E. the Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Bondholders pursuant to this Indenture, unless such Bondholders shall have offered to the Trustee reasonable security or indemnity

against the costs, expenses, and liabilities which might be incurred by it in compliance with such request or direction;

F. the Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, or other paper or document (including particularly, but not by way of limitation) Acts, Board Resolutions, Issuer Requests and Officers' Certificates, but the Trustee, in its discretion, may make such further inquiry or investigation into such facts or matters as it may see fit, and, if the Trustee shall determine to make such further inquiry or investigation, it shall be entitled to examine the books, records, and premises of the Issuer, personally or by agent or attorney; and

G. the Trustee may execute any of the trusts or powers hereunder or perform any duties hereunder either directly or by or thorough agents or attorneys, and the Trustee shall not be responsible for any misconduct or negligence on the part of any agent or attorney appointed, with due care by it hereunder.

Section 8.03. Not Responsible for Recitals or Application of Proceeds. The recitals contained herein and in the Bonds, except the certificate of authentication on the Bonds, shall be taken as the statements of the Issuer, and the Trustee assumes no responsibility for their correctness. The Trustee makes no representations as to the value or condition of the Trust Estate or any part thereof, or as to the title of the Issuer thereto or as to the security afforded thereby or hereby, or as to the validity or genuineness of any securities at any time pledged and deposited with the Trustee hereunder, or as to the validity or sufficiency hereof or of the Bonds. The Trustee shall not be accountable for the use or application by the Issuer of the Bonds or the proceeds thereof.

Section 8.04. May Hold Bonds. The Trustee, any Paying Agent, the Bond Registrar, and any other agent appointed hereunder, in its individual or any other capacity, may become the owner or pledgee of Bonds and may otherwise deal with the Issuer with the same rights it would have if it were not Trustee, Paying Agent, Bond Registrar or such other agent.

Section 8.05. Money Held in Trust. Money held by the Trustee hereunder need not be segregated from other funds except to the extent required bylaw or the provisions of this Indenture. The Trustee shall be under no liability for interest on any money received by it hereunder except as otherwise agreed with the Issuer.

Section 8.06. Compensation and Reimbursement.

A. The Issuer shall

(1) pay to the Trustee from time to time reasonable compensation for all services rendered by it hereunder (which compensation shall not be limited by any provision of law in regard to the compensation of a trustee of an express trust) and

(2) except as otherwise expressly provided herein, reimburse the Trustee upon its request for all reasonable expenses, disbursements, and advances incurred or made by the Trustee in accordance with any provisions hereof (including the reasonable compensation and the expenses and disbursements of its agents and counsel), except any such expense, disbursement, or advance as may be attributable to the Trustee's negligence or bad faith.

B. As security for the performance of the obligations of the Issuer under this Section, the Trustee shall be secured under this Indenture by a lien and for the payment of such compensation, expenses, reimbursements, and indemnity the Trustee shall have the right to use and apply any trust funds held by it hereunder after payment of other amounts due hereunder as provided by the terms hereof.

Section 8.07. Corporate Trustee Required; Eligibility. There shall at all times be a Trustee hereunder which shall be a bank or trust company organized and doing business under the laws of the United States or of any State, authorized under such laws to exercise corporate trust powers, having a combined capital and surplus of at least $50,000,000, subject to supervision or examination by federal or State authority, and having an office in the State of Arizona. If such corporation publishes reports of condition at least annually, pursuant to law or to the requirements of such supervising or examining authority, then for the purposes of this section the combined capital and surplus of such corporation shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. If at any time the Trustee shall cease to be eligible in accordance with the provisions of this Section, it shall resign immediately in the manner and with the effect hereinafter specified in this Article.

Section 8.08. Resignation and Removal; Appointment of Successor.

A. No resignation or removal of the Trustee and no appointment of a successor Trustee pursuant to this Article shall be come effective until the acceptance of appointment by the successor Trustee under Section 8.09.

B. The Trustee may resign at any time by giving written notice thereof to the Issuer. If an instrument of acceptance by a successor Trustee shall not have been delivered to the Trustee within thirty (30) days after the giving of such notice of resignation, the resigning Trustee may petition any court of competent jurisdiction for the appointment of a successor Trustee.

C. The Trustee may be removed at any time by Act of the Holders of a majority in principal amount of the Outstanding Bonds, delivered to the Trustee and the Issuer.

D. If at any time:

(1) the Trustee shall cease to be eligible under Section 8.07 and shall fail to resign after written request therefor by the Issuer or any such Bondholder, or

(2) the Trustee shall become incapable of acting or shall be adjudged insolvent or a receiver of the Trustee or of its property shall be appointed or any public officer shall take charge or control of the Trustee or of its property or affairs for the purpose of rehabilitation, conservation, or liquidation,

then, in either such case, the Issuer by Board Resolution may remove the Trustee.

E. If the Trustee shall resign, be removed, or become incapable of acting, the Issuer, by Board Resolution, shall promptly appoint a successor Trustee. In case all or substantially all of the Trust Estate shall be in the possession of a receiver or trustee lawfully appointed, such receiver or trustee, by written instrument, may similarly appoint a successor to fill such vacancy until a new Trustee shall be so appointed by the Bondholders. If, within one year after such resignation, removal,

or incapability, or the occurrence of such vacancy, a successor Trustee shall be appointed by Act of the Holders of a majority in principal amount of the Outstanding Bonds and delivered to the Issuer and the retiring Trustee, then the successor Trustee so appointed shall, forthwith upon its acceptance of such appointment, become the successor Trustee and supersede the successor Trustee appointed by the Issuer or by such receiver or trustee. If no successor Trustee shall have been so appointed by the Issuer or the Bondholders and accepted appointment in the manner hereinafter provided, any Bondholder who has been a bona fide Holder of a Bond for at least six months may, on behalf of himself and all others similarly situated, petition any court of competent jurisdiction for the appointment of a successor Trustee.

F. The Issuer shall given notice of each resignation and each removal of the Trustee and each appointment of a successor Trustee to the Holders of the Bonds. Each notice shall include the name of the successor Trustee and the address of its principal corporate trust office.

Section 8.09. Acceptance of Appointment by Successor.

A. Every successor Trustee appointed hereunder shall execute, acknowledge, and deliver to the Issuer and the retiring Trustee an instrument accepting such appointment, and thereupon the resignation or removal of the retiring Trustee shall become effective and such successor Trustee, without any further act, deed, or conveyance, shall become vested with all the estates, properties, rights, powers, trusts and duties of the retiring Trustee; but, on request of the Issuer or the successor Trustee, such retiring Trustee shall, upon payment of its charges, execute and deliver an instrument conveying and transferring to such successor Trustee upon the trusts herein expressed all the estates, properties, rights, powers, and trusts of the retiring Trustee, and shall duly assign, transfer, and deliver to such successor Trustee all property and money held by such retiring Trustee hereunder, subject nevertheless to its lien, if any, provided for in Section 8.06. Upon request of any such successor Trustee, the Issuer shall execute any and all instruments for more fully and certainly vesting in and confirming to such successor Trustee all such estates, properties, rights, powers, and trusts.

B. No successor Trustee shall accept its appointment unless at the time of such acceptance such successor Trustee shall be qualified and eligible under this Article.

Section 8.10. Merger, Conversion, Consolidation or Succession to Business. Any corporation into which the Trustee may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion, or consolidation to which the Trustee shall be a party, or any corporation succeeding to all or substantially all of the corporate trust business of the Trustee, shall be the successor of the Trustee hereunder, provided such corporation shall be otherwise qualified and eligible under this Article, without the execution or filing of any paper or any further act on the part of any of the parties hereto. In case any Bonds shall have been authenticated, but not delivered, by the Trustee then in office, any successor by merger, conversion, or consolidation to such authenticating Trustee may adopt such authentication and deliver the Bonds so authenticated with the same effect as if such successor Trustee had itself authenticated such Bonds.

Section 8.11. Paying Agents; Appointment and Acceptance of Duties; Removal.

(A) The Trustee is hereby designated and agrees to act as principal Paying Agent for and in respect of the Bonds.

(B) The Issuer may appoint one or more additional Paying Agents for the Bonds. Any such Paying Agent shall be a commercial bank or trust company organized under the laws of the United States of America or one of the states thereof. Each Paying Agent (other than the Trustee) shall signify its acceptance of the duties and obligations imposed upon it by this Indenture by executing and delivering to the Issuer and the Trustee a written acceptance thereof. The Issuer may remove any Paying Agent (other than the Trustee) and any successors thereto, and appoint a successor or successors thereto; provided that any such Paying Agent designated by the Issuer shall continue to be a Paying Agent of the Issuer for the purpose of paying the principal of and interest on the Bonds until the designation of a successor as such Paying Agent. Each Paying Agent is hereby authorized to pay or redeem Bonds when (except as otherwise provided in the Book-Entry-Only System) duly presented to it for payment or redemption, which Bonds shall thereafter be delivered to the Trustee for cancellation.

ARTICLE IX

SUPPLEMENTAL INDENTURES; AMENDMENTS TO BOND RESOLUTION OR DEPOSITORY AGREEMENT

Section 9.01. Supplemental Indentures or Amendments to Bond Resolution or Depository Agreement or Without Consent of Bondholders. Without the consent of the Holders of any Bonds, the Issuer, when authorized by Board Resolution, and the Trustee may from time to time enter into one or more indentures supplemental hereto in form satisfactory to the Trustee, or the Issuer may amend the Bond Resolution or Depository Agreement, for any of the following purposes:

A. to correct or amplify the description of an property at any time subject to the lien hereof, or better to assure, convey, and confirm unto the Trustee any property subject or required to be subjected to the lien hereof, or to subject to the lien hereof additional property; or

B. to add to the conditions, limitations, and restrictions on the authorized amount, terms, or purposes of issue, authentication, and delivery of Bonds, as herein set forth, and additional conditions, limitations, and restrictions thereafter to be observed; or

C. to evidence the succession of another entity to the Issuer and the assumption by any such successor of the covenants of the Issuer herein, in the Bond Resolution, the Depository Agreement or the Bonds contained; or

D. to add to the covenants of the Issues for the benefit of the Holders of all of the Bonds; or

E. to cure any ambiguity, to correct or supplement any provisions herein or in the Bond Resolution or the Depository Agreement which may be inconsistent with any other provision herein or in the Bond Resolution or the Depository Agreement, or to make any other provisions, with respect to matters or questions arising under this Indenture or the Bond Resolution or the Depository Agreement, which shall not be inconsistent with the provisions of this Indenture, the Bond Resolution or the Depository Agreement, provided such action shall not adversely affect the interests of the Holders of the Bonds.

Section 9.02. Supplemental Indentures or Amendments to the Bond Resolution or the Depository Agreement With Consent of Bondholders.

A. With the consent of the Holders of not less than a majority in aggregate principal amount of the Bonds affected by such supplemental indenture or such amendment, by Act or such Holders delivered to the Issuer and the Trustee, the Issuer, when authorized by Board Resolution, and the Trustee may enter into an indenture or indentures supplemental hereto or amendments to the Bond Resolution or the Depository Agreement, for the purpose of adding any provision to or changing in any manner or eliminating any of the provisions hereof, the Bond Resolution, the Depository Agreement or of modifying in any manner the rights of the Holders of the Bonds under this Indenture, the Bond Resolution or the Depository Agreement; provided, however, that no such supplemental indenture or amendments to the Bond Resolution or the Depository Agreement shall, without the consent of the Holder of each Outstanding Bond affected thereby

(1) change the Stated maturity of the principal of, or any installment of interest on, any Bond, or reduce the principal amount of, or the interest on, any Bond, or change the Place of Payment where, or the coin or currency in which, any Bond or the interest on any Bond is payable, or impair the right to institute suit for the enforcement of any such payment on or after the Stated Maturity thereof (or, in the case of redemption, on or after the Redemption Date); or

(2) reduce the percentage in principal amount of the Outstanding Bonds the consent of the Holders of which is required for any such supplemental indenture or amendment to any Bond Resolution, or the consent of Holders of which is required for any waiver provided for in this Indenture of compliance with certain provisions hereof or certain defaults hereunder and their consequences; or

(3) modify or alter the provisions of the proviso to the definition of the term "Outstanding"; or

(4) modify any of the provisions of this Section, except to increase any percentage provided thereby or to provide that certain other provisions of this Indenture cannot be modified or waived without the consent of the Holder of each Bond affected thereby.

B. The Trustee may in its discretion determine whether or not any Bonds would be affected by any supplemental indenture or amendment to the Bond Resolution authorizing issuance of the Bonds and any such determination shall be conclusive upon every Holder of Bonds, whether theretofore or thereafter authenticity dated and delivered hereunder. The Trustee shall not be liable for any such determination made in good faith.

C. It shall not be necessary for any Act of Bondholders under this Section to approve the particular form of any proposed supplemental indenture or any such amendment to a Bond Resolution, but it shall be sufficient if such Act shall approve the substance thereof.

Section 9.03. Execution of Supplemental Indentures and Amendments to Bond Resolution or the Depository Agreement. In executing, or accepting the additional trusts created by, any supplemental indenture or amendment to the Bond Resolution or the Depository Agreement permitted by this Article or the modification thereby of the trusts created hereby, the Trustee shall be entitled to receive and, subject to Section 8.01, shall be fully protected in relying upon, an Opinion of Counsel stating that the execution of such supplemental indenture or adoption of such amendment is

authorized or permitted hereby. The Trustee may, but shall not be obligated to, enter into any such supplemental indenture or be governed by any amended Bond Resolution or the Depository Agreement which affects the Trustee's own rights, duties, or immunities under this Indenture or otherwise.

Section 9.04. Effect of Supplemental Indentures and Amendments to Bond Resolution or the Depository Agreement. Upon the execution of any supplemental indenture under this Article, this Indenture shall be modified in accordance therewith and such supplemental indenture shall form a part of this Indenture for all purposes, and upon the amendment of the Bond Resolution or the Depository Agreement under this Article, the Bond Resolution or the Depository Agreement shall be modified in accordance therewith, and such amendment shall form a part of the Bond Resolution or the Depository Agreement for all purposes, and every Holder of Bonds theretofore or thereafter authenticated and delivered hereunder shall be bound thereby.

Section 9.05. Reference in Bonds to Supplemental Indentures or Amendments to Bond Resolution or the Depository Agreement. Bonds authenticated and delivered after the execution of any supplemental indenture, amendment to the Bond Resolution or the Depository Agreement pursuant to this Article may bear a notation as to any matter provided for in such supplemental indenture, amended Bond Resolution or the Depository Agreement. If the Issuer shall so determine, new Bonds so modified as to conform to any such supplemental indenture, amended Bond Resolution or the Depository Agreement may be prepared and executed by the Issuer and authenticated and delivered by the Trustee in exchange for Outstanding Bonds.

Section 9.06. Consent to Supplement Indentures or Depository Agreement While the Depository Agreement is in Effect. The Issuer shall not enter into any supplemental indenture or amend the Depository Agreement while the Depository Agreement is in effect without the prior written consent of the Owner. For purposes of this Section 9.06, the Owner shall be able to enforce its consent right against the Issuer and the Trustee.

ARTICLE X

COVENANTS

Section 10.01. Pledge and Levy of Taxes.

A. For each year while any Bond is Outstanding, the Board shall annually levy and cause an ad valorem tax to be collected, at the same time and in the same manner as other taxes are levied and collected on all taxable property of the Issuer, to pay Debt Service on the Bonds and to pay "debt service" (which term shall mean the same as Debt Service, but as applied to other general obligations of the Issuer) on all outstanding general obligation bonds of the Issuer due for such year whether previously or hereafter issued ("*Parity Debt Service*") when due. For each year while any Bond is Outstanding, the Board shall levy a tax rate of at least $3.00 per $100 of secondary assessed valuation to pay such Debt Service and Parity Debt Service, provided, however, that the tax rate in any year may be less than $3.00 if such lower tax rate shall produce based on the then current secondary assessed valuation of the property within the boundaries of the Issuer secondary ad valorem tax revenues sufficient to pay in full the aggregate Debt Service on the Bonds and any Parity Debt Service.

B. The Issuer and the Trustee acknowledge that the Bonds, the Series 2004 Bonds and any other general obligation bonds of the Issuer hereafter issued will be secured on a parity basis in the collection and application of property tax revenues of the Issuer and that such property taxes will be allocated to each series of general obligation bonds (i) so long as any Series 2004 Bonds are outstanding, in accordance with such series, the outstanding principal amount of such Bonds and (ii) thereafter, in accordance with such series Debt Service or Parity Debt Service then due and in either case, taking into account other funds held by the Issuer for such payment. Property tax revenues allocated for any series of Bonds shall be deposited into the applicable fund or account set aside for such series.

C. Moneys to be applied to pay Debt Service derived from the levy of the tax provided for in Section 10.01(A) when collected constitute funds to pay Debt Service and shall be kept separately from other funds of the Issuer.

D. The Board shall make annual statements and estimates of the amount to be raised to pay Debt Service. The Board shall file the annual statements and estimates with the Clerk of the Municipality and shall publish a notice of the filing of the estimate. The Board, on or before the date set by law for certifying the annual budget of the Municipality (which shall be the third Monday in August unless the Issuer certifies to the Trustee otherwise), shall fix, levy and assess the amounts to be raised by ad valorem taxes of the Issuer and shall cause certified copies of the order to be delivered to the Board of Supervisors of Maricopa County, Arizona, to the Department of Revenue of the State and to the Trustee. All statutes relating to the levy and collection of State and county taxes, including the collection of delinquent taxes and sale of property for nonpayment of taxes, apply to the taxes provided for by this Section.

Section 10.02. Payment of Debt Service.

A. The Issuer shall duly and punctually pay Debt Service in accordance with the terms hereof.

B. If the specified date for any such payment, or any payment required by Section 6.01, shall be other than a Business Day, then such payment may be made on the next succeeding day which is not one of the foregoing days without additional interest (except in the event of a moratorium) and with the same force and effect as if made on the specified date for such payment.

Section 10.03. Maintenance of Agency. The Issuer shall maintain an agency in the Place of Payment where Bonds of each series may be presented or surrendered for payment, where Bonds of each series entitled to be registered, transferred, exchanged, or converted may be presented or surrendered for registration, transfer, exchange, or conversion, and where notices and demands to or upon the Issuer in respect of the Bonds of each series and this Indenture may be served. The Trustee is hereby appointed as Paying Agent for such purposes. The Issuer shall give prompt written notice to the Trustee of the location, and of any change in the location, of any such agency. If at any time the Issuer shall fail to maintain such an agency or shall fail to furnish the Trustee with the address thereof, such presentations, surrenders, notices, and demands may be made or served at the principal corporate trust office of the Trustee, and the Issuer hereby appoints the Trustee its agent to receive all such presentations, surrenders, notices, and demands.

Section 10.04. Money for Bond Payments to be Held in Trust; Repayment of Unclaimed Money.

A. The sums which are segregated by the Trustee or deposited with any other Paying Agent to pay the principal of or interest on any Bonds becoming due on any due date shall be held in trust for the benefit of the Holders of such Bonds. Money so segregated or deposited and held in trust shall not be a part of the Trust Estate but shall constitute a separate trust fund for the benefit of the Holders entitled to such principal or interest, as the case may be. Money held by the Trustee or any other paying Agent for the payment of the principal of (and premium, if any) or interest on the Bonds need not be segregated from other funds, except to the extent required by law.

B. The Issuer shall cause each Paying Agent other than the Trustee to execute and deliver to the Trustee an instrument in which such Paying Agent shall agree with the Trustee, subject to the provisions of this Section, that such Paying Agent shall

(1) hold all sums held by it for the payment of principal of (and premium, if any) or interest on the Bonds for the benefit of the Holders of such Bonds until such sums shall be paid to the Holders or otherwise disposed of as herein provided; and

(2) at any time, upon the written request of the Trustee, forthwith pay to the Trustee all sums so held in trust by such Paying Agent.

C. The Issuer may at any time, for the purpose of obtaining the satisfaction and discharge hereof or for any other purpose, by Issuer Request direct any Paying Agent to pay to the Trustee all money held by such Paying Agent, such money to be held by Trustee upon the same trusts as those upon which such money was held by such Paying Agent, and upon such payment by any Paying Agent to the Trustee, such Paying Agent shall be released from all further liability with respect to such money.

D. In the event any check for payment of interest on a Bond is returned to any Paying Agent unendorsed or is not presented for payment within two (2) years from its payment date or any Bond is not presented for payment of principal at Maturity or Redemption Date, if funds sufficient to pay such interest or principal due upon such Bond shall have been made available to such Paying Agent for the benefit of the Holder thereof, it shall be the duty of such Paying Agent to hold such funds or invest the same in Government Obligations, without liability for interest thereon, for the benefit of the Holder of such Bond who shall thereafter be restricted exclusively to such funds for any claim of whatever nature relating to such Bond or amounts due thereunder. Such obligation of the Paying Agent to hold such funds shall continue for two (2) years and six (6) months following the date on which such interest or principal payment became due, whether at Maturity or Stated Maturity, or at the Redemption Date, otherwise, at which time such Paying Agent shall surrender such unclaimed funds so held to the Issuer, whereupon any claim of whatever nature by the Holder of such Bond arising under such Bond shall be made upon the Issuer.

Section 10.05. Further Assurances; Recording.

A. The Issuer shall do, execute, acknowledge, and deliver all and every such further acts, conveyances, mortgages, financing statements, and assurances as shall be reasonably required for accomplishing the purposes hereof.

B. The Issuer shall cause this instrument and all supplemental indentures and other instruments of further assurance, including all financing statements, to be promptly recorded, registered, and filed, and to be kept recorded, registered, and filed, and, when necessary, to re-record, re-register, and re-file the same, all in such manner and in such places as may be required by law, fully to preserve and protect the rights of the Bondholders and the Trustee hereunder to all property comprising the Trust Estate, and the Issuer shall execute any financing statement, continuation statement or other document required for such purposes.

Section 10.06. Compliance with Federal Law.

A. The Issuer recognizes that the purchasers and owners of the Bonds will have accepted them on, and paid therefor a price which reflects, the understanding that interest thereon is excludable from gross income of the owners thereof for federal income tax purposes under laws in force at the time the Bonds shall have been delivered. In this connection the Issuer agrees that it shall take no action which may render the interest on any of the Bonds to be includable in gross income for federal income tax purposes. The Issuer agrees that, to the extent possible under state law, it will comply with whatever federal law is now in effect or which shall be adopted in the future which applies to the Bonds and affects the exempt status of the interest income on the Bonds.

B. The Issuer authorizes the creation by the Trustee of a fund which is hereinafter referred to as the "Rebate Fund." The Issuer will comply with the rebate requirements set forth in the Tax Exemption Agreement and Certificate, delivered in connection with the delivery of the Bonds (the "*Tax Agreement*").

C. The District Manager of the Issuer or his designee is hereby authorized to execute on behalf of the Issuer the Tax Agreement and to make therein such elections as required by law to assure the purchasers and owners of the Bonds that the proceeds of the Bonds will not be used in a manner which would or might result in the Bonds being "arbitrage bonds" under Section 148 of the Code. The Tax Agreement shall constitute a certification, representation and no agreement of the Issuer and no investment shall be made of the proceeds of the Bonds herein authorized nor of the money in the account established hereunder in violation of the expectations and covenants prescribed by the Tax Agreement. The Tax Agreement shall constitute an agreement of the Issuer to follow certain covenants which may require the Issuer to take certain actions (including the payment of certain amounts to the United States Treasury) or which may prohibit certain actions (including the establishment of certain funds) under certain conditions as specified in the Tax Agreement.

D. The Issuer further recognizes that Section 149(a) of the Code requires the Bonds to be issued and to remain in fully registered form in order for interest thereon to be excludable from gross income for purpose of federal income taxation under laws in force at the time the Bonds are delivered. In this connection, the Issuer agrees that it will not take any action to permit the Bonds to be issued in, or converted into, bearer or coupon form if such action would cause interest on the Bonds to be included in gross income for federal income tax purposes.

E. This instrument may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, but all such counterparts shall together constitute but one and the same instrument.

IN WITNESS WHEREOF, the parties hereto have caused this Indenture to be duly executed, and to be effective as of the day and year first above written, which date shall be deemed the date hereof for all purposes.

ARTICLE II

DEPOSIT AND APPLICATION; ANNUAL REPORTS

Section 2.01. Deposit.

A. The Depository shall establish an account in the name of the Issuer for the purposes hereof to be called the "*Depository Account.*" The Issuer, from amounts paid to it for such purpose by BLMI (the "*Deposit*"), shall deposit in its name the sum of $130,011 in the Depository Account on the Closing Date. All investment income from amounts deposited to the Depository Account shall be deposited to the Depository Account. Amounts in the Depository Account shall be held for the benefit of the Issuer and applied by the Depository as provided in Section 2.02. BLMI shall have no rights or benefits in or to the Depository Account.

B. The Deposit shall for all purposes be deemed to be irrevocable and absolute. BLMI represents and warrants that BLMI has the full right, power and authority to assign and transfer the Deposit and that amount representing the Deposit is free and clear of all liens, claims or encumbrances of any kind or nature whatsoever. Notwithstanding anything to the contrary herein or in any other agreement, BLMI hereby relinquishes all right, title, and interest in or to the Deposit and BLMI shall, after the Deposit is made, have no legal or equitable interests of any kind of nature whatsoever therein. To the extent that if, despite the intent of the parties as reflected in the express terms hereof, BLMI is found to have any such interest(s), then BLMI hereby grants, hypothecates, conveys, and pledges such interest(s) to secure the full payment and performance of its obligations hereunder.

Section 2.02. Application.

A. (1) Based on the amounts indicated in the information provided to the Depository pursuant to Section 5.02(C) of the Indenture, the Depository shall pay the Trustee from the Depository Account the amount specified under Section 5.02(C)(3) of the Indenture, for deposit into the Bond Fund pursuant to Section 5.02(A)(3) of the Indenture on each July 8 prior to a July 15 Interest Payment Date or January 8 prior to a January 15 Interest Payment Date, as applicable. The Depository shall promptly notify the Issuer and BLMI of any amount paid to the Trustee pursuant to this Section 2.02(A).

(2) Amounts shall be paid by the Depository pursuant to Section 2.02(A)(1) hereof only if the Issuer has for the January 15 Interest Payment Date levied for Debt Service for that fiscal year a tax rate pursuant to Section 10.01(A) of the Indenture of at least $3.00 per $100 of secondary assessed valuation and for the July 15 Interest Payment Date levied such tax rate for the immediately preceding fiscal year; provided, however, that the tax rate in any such year for such purpose may be less than $3.00 if the Board expected that such lower rate would produce secondary ad valorem tax revenues sufficient to pay in full Debt Service and other debt service due on any other outstanding general obligation bonds of the District.

(3) For purposes of this Section, if any date for payment is not a Business Day, the applicable payment shall be made on the next succeeding day which is a Business Day.

B. The Depository shall pay to BLMI all amounts held by the Depository hereunder upon the earlier of receipt of proof of satisfaction of the conditions set forth in Section 6.04 of the Indenture.

Section 2.03. Investment of and Security for Moneys Held by the Depository.

A. Money held hereunder by the Depository shall be invested at the written direction of the issuer in Permitted Investments, and the Depository shall take all actions necessary with regard to any Permitted Investment to assure that amounts are available therefrom for the purposes hereof.

B. The interest accruing on amounts deposited hereunder and any profit realized from such investment shall be added to the amount held hereunder, and any loss resulting from such investment shall be subtracted from the amount held hereunder.

C. The Depository shall not be liable for any loss resulting from any such investment excepting only such losses as may have resulted from disregard or negligent implementation of any written direction by the Issuer.

D. In the event the Issuer is of the opinion that it is necessary to restrict or limit the yield on the investment of any money paid to or held by the Depository hereunder in order to avoid classification of any Bonds as "arbitrage bonds" within the meaning of the Code, the Issuer may issue to the Depository a written instrument to such effect (along with appropriate written instructions), in which event the Depository shall take such action in accordance with such instrument and instructions, irrespective of whether the Depository shares such opinion. The Depository may conclusively rely upon any such instructions and shall be responsible for no loss resulting from investment of any money held hereunder in accordance with such instructions.

Section 2.04. Reports. As soon as possible after July 15 of each year, the Depository shall provide to the Issuer the balance in the Depository Account and the amounts under then existing Permitted Investments which should be available as income during the next succeeding twelve (12) months.

Section 2.05. Nature of Payments. Any payments to be made to BLMI by the Issuer or the Depository pursuant to Section 2.02(B) hereof shall not represent or constitute a general obligation or other indebtedness of the Issuer which the Issuer is obligated to levy or pledge any form of taxation, revenues or other amounts. Notwithstanding that payments made may be made from the Deposit or investment earnings thereon, BLMI shall have no recourse of any nature against (1) the funds paid pursuant to the Deposit or held in the Depository Account for the amounts payable pursuant to Section 2.02(B), (2) Depository Account or any other accounts into which such funds are deposited, or (3) the Depository as the holder of any such funds or accounts. Payment by the Depository under Section 2.02(B) hereof will satisfy in full the Issuer's obligations.

ARTICLE III

In the absence of bad faith on its part, the Depository may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Depository and conforming to the requirements hereof; but in the case of any such certificates or opinions which by any provision hereof are specifically required to be furnished to the Depository, the Depository shall be under a duty to examine the same to determine whether or not they conform on their face to the requirements hereof.

B. No provision hereof shall be construed to relieve the Depository from liability for its own negligent action, its own negligent failure to act, or its own willful misconduct, except that:

(1) this Subsection shall not be construed to limit the effect of Subsection A of this Section;

(2) the Depository shall not be liable for any error of judgment made in good faith by an authorized representative, unless it shall be proved that the Depository was negligent; and

(3) no provision hereof shall require the Depository to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers, unless it is provided indemnity in connection therewith as provided in Section 3.04(A)(3).

C. Whether or not therein expressly so provided, every provision hereof relating to the conduct, affecting the liability of or affording protection to the Depository shall be subject to the provisions of this Section.

(2) failure of the Depository to receive any such paper, document, or communication, if prior receipt thereof is required hereby before the Depository is to take or refrain from taking any action;

B. any request or direction of the issuer mentioned herein shall be sufficiently evidenced by the written certificate of any authorized Issuer representative, and any order or resolution of the Board may be sufficiently evidenced by a Board Resolution;

C. whenever in the administration hereof the Depository shall deem it desirable that a matter be proved or established prior to taking, suffering, or omitting any action hereunder, the Depository (unless other evidence be herein specifically prescribed) may, in the absence of bad faith on its part, rely upon the written certificate of any authorized Issuer representative;

D. the Depository may consult with legal counsel and the written advice of such counsel shall be full and complete authorization and protection in respect of any action taken, suffered, or omitted by the Depository hereunder in good faith and in reliance thereon;

E. the Depository shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, or other paper or document, but the Depository, in its discretion, may make such further inquiry or investigation into such facts or matters as it may see fit, and, if the Depository shall determine to make such further inquiry or investigation, it shall be entitled to examine the books, records, and premises of the Issuer, personally or by agent or attorney; and

F. the Depository may perform any duties hereunder either directly or by or through agents or attorneys, and the Depository shall not be responsible for any misconduct or negligence on the part of any agent or attorney appointed, with due care by it hereunder.

Section 3.03. Not Responsible for Recitals or Application of Proceeds. The recitals contained herein shall be taken as the statements of the other parties hereto, and the Depository assumes no responsibility for their correctness. The Depository makes no representations as to the amounts held hereunder or as to the security afforded thereby or hereby, or as to the validity or genuineness of any securities at any time pledged and deposited with the Depository hereunder, or as to the validity or sufficiency hereof.

Section 3.04. Compensation and Reimbursement.

A. The Issuer shall:

(1) pay to the Depository from time to time reasonable compensation for all services rendered by it hereunder (which compensation shall not be limited by any provision of law in regard to the compensation of a trustee of an express trust);

(2) except as otherwise expressly provided herein, reimburse the Depository upon its request for all reasonable expenses, disbursements, and advances incurred or made by the Depository in accordance with any provisions hereof (including the reasonable compensation and the expenses and disbursements of its agents and counsel), except any such

expense, disbursement, or advance as may be attributable to the Depository's negligence or bad faith; and

(3) indemnify, to the extent permitted by applicable law, the Depository for, from, and to hold it harmless against, any loss, liability, or expense incurred without negligence or bad faith on its part, arising out of or in connection with the acceptance or administration of this trust, including the costs and expenses of defending itself against any claim or liability in connection with the exercise or performance of any of its powers or duties hereunder.

B. The Depository shall not have the right to set off against or to appropriate or apply any of the amount deposited pursuant to Section 2.01 to any unpaid obligation of the Issuer to the Depository hereunder or as a result of any other matter between the Issuer and the Depository.

Section 3.05. Corporate Depository Required; Eligibility. B. The Depository may resign at any time by giving written notice thereof to the Issuer. If an instrument of acceptance by a successor Depository shall not have been delivered to the Depository within thirty (30) days after the giving of such notice of resignation, the resigning Depository may petition any court of competent jurisdiction for the appointment of a successor Depository.

C. If at any time:

(1) the Depository shall cease to be eligible under Section 3.05 and shall fail to resign after written request therefor by the Issuer, or

(2) the Depository shall become incapable of acting or shall be adjudged insolvent or a receiver of the Depository or of its property shall be appointed or any

public officer shall take charge or control of the Depository or of its property or affairs for the purpose of rehabilitation, conservation, or liquidation,

then, in any such case, the issuer by Board Resolution may remove the Depository.

D. If the Depository shall resign, be removed, or become incapable of acting, or if a vacancy shall occur in the office of Depository for any cause, the Issuer by Board Resolution shall promptly appoint a successor Depository. In case all or substantially all of the amounts held hereunder shall be in the possession of a receiver or trustee lawfully appointed, such receiver or trustee, by written instrument, may similarly appoint a successor to fill such vacancy until a new Depository shall be so appointed. If, within one year after such resignation, removal, or incapability, or the occurrence of such vacancy, a successor Depository shall be so appointed, then the successor Depository so appointed shall, forthwith upon its acceptance of such appointment, become the successor Depository and supersede the successor Depository appointed by the Issuer or by such receiver or trustee. If no successor Depository shall have been so appointed and accepted appointment in the manner hereinafter provided, either the Issuer or BLMI may petition any court of competent jurisdiction for the appointment of a successor Depository.

Section 3.07. <u>Acceptance of Appointment by Successor</u>.

A. Every successor Depository appointed hereunder shall execute, acknowledge, and deliver to the Issuer and the retiring Depository an instrument accepting such appointment, and thereupon the resignation or removal of the retiring Depository shall become effective and such successor Depository, without any further act, deed, or conveyance, shall become vested with all the estates, properties, rights, powers, trusts, and duties of the retiring Depository; but, on request of the issuer or the successor Depository, such retiring Depository shall, upon payment of its charges, execute and deliver an instrument conveying and transferring to such successor Depository upon the trusts herein expressed all the estates, properties, rights, powers, and trusts of the retiring Depository, and shall duly assign, transfer, and deliver to such successor Depository all property and money held by such retiring Depository hereunder, subject nevertheless to its lien, if any, provided for in Section 3.04. Upon request of any such successor Depository, the issuer and BLMI shall execute any and all instruments for more fully and certainly vesting in and confirming to such successor Depository all such estates, properties, rights, powers, and trusts.

B. No successor Depository shall accept its appointment unless at the time of such acceptance such successor Depository shall be qualified and eligible under this Article.

Section 3.08. <u>Merger, Conversion, Consolidation or Succession to Business</u>. Any corporation into which the Depository may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion, or consolidation to which the Depository shall be a party, or any corporation succeeding to all or substantially all of the corporate trust business of the Depository, shall be the successor of the Depository hereunder, provided such corporation shall be otherwise qualified and eligible under this Article, without the execution or filing of any paper or any further act on the part of any of the parties hereto.

This instrument may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, but all such counterparts shall together constitute but one and the same instrument.

ARTICLE 4

B. BLMI is not, and shall not as a result of the execution and delivery hereof be, in default in the payment of the principal of or interest on any of its indebtedness for borrowed money and is not in default under any instrument or agreement under and subject to which any indebtedness for borrowed money has been issued, and no event has occurred and is continuing under the provisions of any such instrument or agreement which, with or without the lapse of time, the giving of notice or both, would constitute an event of default thereunder, the default of which would have a material adverse effect on the ability of BLMI to meet its obligations under this Agreement.

C. There is no litigation pending or, to our knowledge, threatened against BLMI in any court or any administrative body (i) contesting the execution hereof, (ii) attempting to limit, enjoin or prevent BLMI from making the payment under this Agreement, (iii) which would restrain or enjoin the delivery hereof, (iv) in any way contesting or affecting the validity hereof, (v) in any way contesting the existence or powers of BLMI or (vi) which, if decided adversely, would have a material adverse impact upon the financial condition of BLMI or its operations or properties.

D. BLMI is not, and shall not be as of the Closing Date, insolvent within the meaning of 11 U.S.C. § 101(32), and shall not, by the execution hereof or the compliance by BLMI with the terms, conditions and provisions hereof, be rendered insolvent.

F. This Agreement, and all other documents and instruments which are or will be executed and delivered by BLMI in connection with the transactions contemplated hereby, each constitute legal, valid and binding obligations of BLMI, enforceable against BLMI in accordance with their respective terms.

H. To the knowledge and belief of the undersigned, BLMI has not failed to disclose any material adverse conditions which would render it unable to comply with its obligations hereunder or which would render any of the representations or warranties contained herein untrue.

Section 4.01. <u>No Existing Debt</u>.

A. The Issuer and BLMI acknowledge and agree that the Issuer is not, and shall not as of the Closing Date be, a creditor of, and the Issuer does not, and shall not as of the Closing Date, hold a claim (as defined in 11 U.S.C. § 101(5)) against, BLMI.

Attention: District Manager

RBC Dain Rauscher Inc. (the "Underwriter"), acting on its own behalf and not as fiduciary or agent in any respect, offers to enter into the following agreement (this "Contract") with Sundance Community Facilities District (the "Issuer"), which, upon the Issuer's written acceptance of such offer, will be binding upon the Issuer and upon the Underwriter. Such offer is made subject to the Issuer's written acceptance hereof on or before 5:00 p.m., Mountain Standard Time, on the date indicated above, and, if not so accepted, shall be subject to withdrawal by the Underwriter upon notice delivered to the Issuer at any time prior to the acceptance hereof by the Issuer. Terms not otherwise defined in the following agreement shall have the same meanings set forth in the Bond Resolution (as hereinafter defined) or in the Official Statement (as hereinafter defined).

In addition to acceptance of this Contract by the District as provided hereinabove, the obligations of the Underwriter under this Contract shall be conditioned on the execution and delivery of the Indemnity Letter, dated the date hereof (the "Indemnity Letter"), by Buckeye Land Management, Inc. ("BLMI"), attached as the Attachment hereto.

1. Purchase and Sale of the Bonds. (a) Subject to the terms and conditions and in reliance upon the representations, warranties, covenants and agreements set forth herein, the Underwriter hereby agrees to purchase from the Issuer, and the Issuer hereby agrees to sell and deliver to the Underwriter, all, but not less than all, of the Issuer's District General Obligation Bonds, Series 2005, dated the date of their initial authentication and delivery (the "Bonds").

Inasmuch as this purchase and sale represents a negotiated transaction, the Issuer understands, and hereby confirms, that the Underwriter is not acting as a fiduciary of the Issuer, but rather is acting solely in its capacity as an underwriter for its own account.

(b) The principal amount, maturities, redemption provisions and interest rates per annum and resulting yields with respect to the Bonds are set forth in the Schedule hereto. The Bonds shall be issued pursuant to a resolution adopted by the Board of the Issuer on September 6, 2005 (the "Bond Resolution"), and shall have the other terms provided by an Indenture of Trust and Security Agreement, to be dated as of October 1, 2005 (the "Indenture"), from the Issuer to Wells Fargo Bank Arizona, N.A., as trustee (the "Trustee").

(c) The purchase price for the Bonds shall be $5,898,804.60 (which includes original issue premium of $18,804.60 and is net of the underwriting discount of $120,000.00).

2. Public Offering. The Underwriter is making a public offering of all of the Bonds at prices not to exceed the public offering prices set forth on the cover of the Official Statement and may subsequently change such offering prices without any requirement of prior notice. The Underwriter may offer and sell portions of the Bonds to certain dealers (including dealers depositing Bonds into investment trusts) and others at prices lower than the public offering prices stated on the cover of the Official Statement.

3. The Official Statement.

(a) The Preliminary Official Statement, dated September 28, 2005 (the "Preliminary Official Statement"), of the Issuer relating to the Bonds has been prepared for use in connection with the public offering, sale and distribution of the Bonds by the Underwriter. The Official Statement is hereby deemed "final" by the Issuer as of its date, except for the omission of such information which is dependent upon the final pricing of the Bonds for completion, all as permitted to be excluded by Section (b)(1) of Rule 15c2-12 under the Securities Exchange Act of 1934 (the "Rule").

(b) The Issuer hereby authorizes the preparation of the Official Statement, to be dated even date herewith (the "Official Statement"), of the Issuer relating to the Bonds and the use of the information therein contained to be used by the Underwriter in connection with the public offering and the sale of the Bonds. The Issuer consents to the use by the Underwriter prior to the date hereof of the Preliminary Official Statement in connection with the public offering of the Bonds. The Issuer shall provide, or cause to be provided, to the Underwriter as soon as practicable after the date of the Issuer's acceptance of this Contract (but, in any event, not later than within seven business days after the Issuer's acceptance of this Contract and in sufficient time to accompany any confirmation that requests payment from any customer) copies of the Official Statement which is complete as of the date of its delivery to the Underwriter in

such quantity as the Underwriter shall request in order for the Underwriter to comply with Section (b)(4) of the Rule and the rules of the Municipal Securities Rulemaking Board.

(c) If, after the date of this Contract to and including the date the Underwriter is no longer required to provide the Official Statement to potential customers who request the same pursuant to the Rule (the earlier of (i) 90 days from the "end of the underwriting period" (as defined in Rule) and (ii) the time when the Official Statement is available to any person from a nationally recognized municipal securities repository, but in no case less than 25 days after the "end of the underwriting period" for the Bonds), the Issuer becomes aware of any fact or event which might or would cause the Official Statement, as then supplemented or amended, to contain any untrue statement of a material fact or to omit to state a material fact required to be stated therein or necessary to make the statements therein, not misleading, or if it is necessary to amend or supplement the Official Statement to comply with law, the Issuer shall notify the Underwriter (and provide the Underwriter with such information as it may from time to time request), and if, in the opinion of the Underwriter, such fact or event requires preparation and publication of a supplement or amendment to the Official Statement, the Issuer shall forthwith prepare and furnish, at the Issuer's own expense (in a form and manner approved by the Underwriter), a reasonable number of copies of either amendments or supplements to the Official Statement so that the statements in the Official Statement as so amended and supplemented shall not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading or so that the Official Statement shall comply with law. If such notification shall be subsequent to the Closing Date, the Issuer shall furnish such legal opinions, certificates, instruments and other documents as the Underwriter may deem necessary to evidence the truth and accuracy of such supplement or amendment to the Official Statement.

(d) Unless otherwise notified in writing by the Underwriter, the Issuer can assume that the "end of the underwriting period" for purposes of the Rule is the Closing Date.

4. Representations, Warranties, and Covenants of the Issuer. The undersigned, on behalf of the Issuer, hereby represents and warrants to, and the Issuer hereby covenants with, as applicable, the Underwriter that:

(a) The Issuer is a community facilities utilities district of the State of Arizona (the "State"), duly created, organized and existing under the laws of the State, specifically Title 48, Chapter 4, Article 6, Arizona Revised Statutes, as amended and supplemented (the "Act"), and has full legal right, power and authority under the Act, and at the Closing Date shall have full legal right, power and authority under the Act and the Bond Resolution (i) to enter into, execute and deliver this Contract, the

(h) The Preliminary Official Statement did not and, as of the date hereof, does not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading;

(ii) That, except as described in the Official Statement, no litigation is pending or threatened before any judicial, quasi-judicial or administrative forum (A) to restrain or enjoin the issuance or delivery of the Bonds, the application of the proceeds thereof or the performance by the Issuer of the provisions of the Issuer Documents or the levy and receipt of *ad valorem* property taxes for payment of the Bonds; (B) in any way contesting or affecting the authority for, or the validity of, this Contract or the application of the proceeds of the Bonds or (C) in any way contesting the existence or powers of the Issuer;

(iv) That the Issuer has complied with all the agreements and covenants and satisfied all the conditions on its part to be performed or satisfied prior to or on the Closing Date and

(v) That the Official Statement was, as of its date, and will be, as of the Closing Date, true, correct and complete in all material respects and did not, as of its date, and does not, as of the Closing Date, include any untrue statement of a material fact or omit to state any material fact necessary to make such statements, in light of the circumstances under which such statements were made, not misleading and no event has occurred since the date of the Official

(13) Such additional opinions, letters, certificates, instruments and other documents as the Underwriter or Counsel to the Underwriter may reasonably deem necessary to satisfy conditions to the issuance of the Bonds required by the Bond Resolution, to evidence the truth and accuracy on the Closing Date, or prior to such date, of the representations and warranties of the Issuer and BLMI and the due performance or satisfaction by the Issuer and BLMI of all agreements and covenants then to be performed and all conditions then to be satisfied by the Issuer and BLMI.

All of the opinions, letters, certificates, instruments and other documents mentioned above or elsewhere in this Contract shall be deemed to be in compliance with the provisions hereof if, but only if, they are in form and substance satisfactory to the Underwriter. If the Issuer shall be unable to satisfy the conditions to the obligations of the Underwriter to purchase, to accept delivery of and to pay for the Bonds contained in this Contract, or if the obligations of the Underwriter to purchase, to accept delivery of and to pay for the Bonds shall be terminated for any reason permitted by this Contract, this Contract shall terminate and neither the Underwriter nor the Issuer shall be under any further obligation hereunder, except that the respective obligations of the Issuer and the Underwriter set forth in Sections 4 and 8(c) hereof shall continue in full force and effect.

7. Termination. The Underwriter shall have the right to cancel its obligation to purchase the Bonds if, between the date of

this Contract and the Closing Date, the market price or marketability of the Bonds shall be materially adversely affected, in the sole judgment of the Underwriter, by the occurrence of any of the following:

(a) legislation shall be enacted by or introduced in the Congress of the United States or recommended to the Congress for passage by the President of the United States or the Treasury Department of the United States or the Internal Revenue Service or any member of the Congress or the State legislature or favorably reported for passage to either House of the Congress by any committee of such House to which such legislation has been referred for consideration, a decision by a court of the United States or of the State or the United States Tax Court shall be rendered or an order, ruling, regulation (final, temporary or proposed), press release, statement or other form of notice by or on behalf of the Treasury Department of the United States, the Internal Revenue Service or other governmental agency shall be made or proposed, the effect of any or all of which would be to impose, directly or indirectly, federal income taxation or State income taxation upon interest received on obligations of the general character of the Bonds as described in the Official Statement, or other action or events shall have transpired which may have the purpose or effect, directly or indirectly, of changing the federal income tax consequences or State income tax consequences of any of the transactions contemplated herein;

(b) legislation introduced in or enacted (or resolution passed) by the Congress, an order, decree or injunction issued by any court of competent jurisdiction or an order, ruling, regulation (final, temporary, or proposed), press release or other form of notice issued or made by or on behalf of the Securities and Exchange Commission, or any other governmental agency having jurisdiction of the subject matter, to the effect that obligations of the general character of the Bonds, including any or all underlying arrangements, are not exempt from registration under or other requirements of the Securities Act of 1933, or that the Bond Resolution or the Indenture is not exempt from qualification under or other requirements of the Trust Indenture Act of 1939, or that the issuance, offering or sale of obligations of the general character of the Bonds, including any or all underlying arrangements, as contemplated hereby or by the Official Statement or otherwise, is or would be in violation of the federal securities law as amended and then in effect;

(c) any state "blue sky" or securities commission or other governmental agency or body shall have withheld registration, exemption or clearance of the offering of the

Bonds as described herein or issued a stop order or similar ruling relating thereto;

(d) a general suspension of trading in securities on the New York Stock Exchange or the American Stock Exchange, the establishment of minimum prices on either such exchange, the establishment of material restrictions (not in force as of the date hereon) upon trading securities generally by any governmental authority or any national securities exchange or a general banking moratorium declared by federal, State of New York or State officials authorized to do so;

(e) the New York Stock Exchange or other national securities exchange or any governmental authority shall impose, as to the Bonds or as to obligations of the general character of the Bonds, any material restrictions not now in force or increase materially those now in force with respect to the extension of credit by, or the charge to the net capital requirements of, the Underwriter;

(f) any amendment to the federal or State Constitution or action by any federal or State court, legislative body, regulatory body or other authority materially adversely affecting the tax status of the Issuer, its property, income securities (or interest thereon), for the validity or enforceability of the *ad valorem* property taxes to pay principal of and interest on the Bonds;

(g) any event occurring or information becoming known which, in the judgment of the Underwriter, makes untrue in any material respect any statement or information contained in the Official Statement or has the effect that the Official Statement contains any untrue statement of material fact or omits to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading;

(h) there shall have occurred since the date of this Contract any materially adverse change in the affairs or financial condition of the Issuer or BLMI;

(i) the United States shall have become engaged in hostilities which have resulted in a declaration of war or a national emergency or there shall have occurred any other outbreak or escalation of hostilities or a national or international calamity or crisis, financial or otherwise;

(j) any fact or event shall exist or have existed that, in the Underwriter's judgment, requires or has required an amendment of or supplement to the Official Statement and

(k) the purchase of and payment for the Bonds by the Underwriter, or the resale of the Bonds by the Underwriter, on the terms and conditions herein provided shall be prohibited by any applicable law, governmental authority, board, agency or commission.

8. Expenses. (a) The Underwriter shall be under no obligation to pay, and the Issuer shall pay or cause to be paid from the proceeds of the sale of the Bonds, the expenses incident to the performance of its obligations hereunder, including but not limited to (1) the cost of printing, engraving or typewriting and mailing or delivering the definitive Bonds, the Preliminary Official Statement, the Official Statement and the Issuer Documents in reasonable quantities and all other documents (other than as set forth in the next succeeding paragraph) prepared in connection with the transactions contemplated hereby; (2) the fees and disbursements of the Trustee and the Depository in connection with the issuance of the Bonds; (3) the fees and disbursements of Bond Counsel and Counsel to the Underwriter; (4) the fees and disbursements of any other experts or consultants retained by the Issuer in connection with the transactions contemplated hereby and (5) reasonable miscellaneous, normally occurring, "out-of-pocket" expenses incurred by the Underwriter in connection with the issuance and sale of the Bonds.

(b) The Underwriter shall pay (i) the cost of preparation and printing of this Contract; (ii) all advertising expenses in connection with the public offering of the Bonds and (iii) all other expenses incurred by them in connection with the public offering of the Bonds.

(c) If this Contract shall be terminated by the Underwriter because of any failure or refusal on the part of the Issuer to comply with the terms or to fulfill any of the conditions of this Contract, or if for any reason the Issuer shall be unable to perform its obligations under this Contract, the Issuer will reimburse the Underwriter for all "out-of-pocket" expenses (including the fees and disbursements of Counsel to the Underwriter) reasonably incurred by the Underwriter in connection with this Contract or the offering contemplated hereunder.

9. (a) Notices. Any notice or other communication to be given to the Issuer under this Contract may be given by delivering the same to the address set forth on the first page of this Contract, and any notice or other communication to be given to the Underwriter pursuant to this Contract may be given by delivering the same in writing to RBC Dain Rauscher Inc., Suite 700, 2398 East Camelback Road, Phoenix, Arizona 85016, Attention: Ms. Shawn Dralle, Managing Director.

(b) Parties in Interest. This Contract as heretofore specified shall constitute the entire agreement between us and is made solely for the benefit of the Issuer and the Underwriter (including successors or assigns of the Underwriter), and no other person shall

acquire or have any right hereunder or by virtue hereof. This Contract may not be assigned by the Issuer. All of the Issuers representations, warranties, covenants and agreements contained in this Contract shall remain operative and in full force and effect, regardless of (i) any investigations made by or on behalf of any of the Underwriter; (ii) delivery of and payment for the Bonds pursuant to this Contract and (iii) any termination of this Contract.

(c) Effectiveness. This Contract shall become effective upon the acceptance hereof by the Issuer and shall be valid and enforceable at the time of such acceptance.

(d) Choice of Law. This Contract shall be governed by and construed in accordance with the law of the State.

(e) Severability. If any provision of this Contract shall be held or deemed to be or shall, in fact, be invalid, inoperative or unenforceable as applied in any particular case in any jurisdiction or jurisdictions, or in all jurisdictions because it conflicts with any provisions of any Constitution, statute, rule of public policy, or any other reason, such circumstances shall not have the effect of rendering the provision in question invalid, inoperative or unenforceable in any other case or circumstance, or of rendering any other provision or provisions of this Contract invalid, inoperative or unenforceable to any extent whatever.

(f) Business Day. For purposes of this Contract, "business day" means any day on which the New York Stock Exchange is open for trading.

(g) Section Headings. Section headings have been inserted in this Contract as a matter of convenience of reference only, and it is agreed that such section headings are not a part of this Contract and will not be used in the interpretation of any provisions of this Contract.

(h) Counterparts. This Contract may be executed in several counterparts each of which shall be regarded as an original (with the same effect as if the signatures thereto and hereto were upon the same document) and all of which shall constitute one and the same document.

10. Notice Concerning Cancellation of Contracts. As required by the provisions of Section 38-511, Arizona Revised Statutes, as amended, notice is hereby given that the State, its political subdivisions (including the Issuer) or any department or agency of either may, within three (3) years after its execution, cancel any contract, without penalty or further obligation, made by the State, its political subdivisions or any of the departments or agencies of either if any person significantly involved in initiating, negotiating, securing, drafting or creating the contract on behalf of the State, its political subdivisions or any of the departments or agencies of either is, at any time while the contract or any extension

of the contract is in effect, an employee or agent of any other party to the contract in any capacity or a consultant to any other party of the contract with respect to the subject matter of the contract. The cancellation shall be effective when written notice from the Governor or the chief executive officer or governing body of the political subdivision is received by all other parties to the contract unless the notice specifies a later time. The State, its political subdivisions or any department or agency of either may recoup any fee or commission paid or due to any person significantly involved in initiating, negotiating, securing, drafting or creating the contract on behalf of the State, its political subdivisions or any department or agency of either from any other party to the contract arising as the result of the contract. This section is not intended to expand or enlarge the rights of the Issuer hereunder except as required by such Section. Each of the parties hereto hereby certifies that it is not presently aware of any violation of such Section which would adversely affect the enforceability of this Contract and covenants that it shall take no action which would result in a violation of such Section.

If you agree with the foregoing, please sign the enclosed counterpart of this Contract and return it to the Underwriter. This Contract shall become a binding agreement between you and the Underwriter when at least the counterpart of this letter shall have been signed by or on behalf of each of the parties hereto.

Very truly yours,

Re: $6,000,000 Sundance Community Facilities District (Town of Buckeye, Arizona) District General Obligation Bonds, Series 2005

WE HAVE ACTED as Bond Counsel to Sundance Community Facilities District (hereinafter referred to as the "Issuer") in connection with the issuance this date by the Issuer of bonds designated its District General Obligation Bonds, Series 2005, in the aggregate principal amount of $6,000,000 (hereinafter referred to as the "Bonds") and otherwise as counsel to the Issuer including for purposes relating to the execution and delivery of the hereinafter described Purchase Contract. (hereinafter referred to as the "Underwriter"). (You may rely on our opinion as Bond Counsel, dated of even date herewith, with regard to the Bonds as if addressed to you.)

IN OUR CAPACITY as Bond Counsel, and as counsel as described hereinabove to the Issuer, we have examined and relied upon:

(i) An executed copy of the Purchase Contract;

(ii) An executed copy of the Official Statement;

(iii) A certified copy of the Resolution (which authorized, among other matters, execution and delivery of the Purchase Contract);

(iv) An executed copy of the Indenture;

(vii) An executed copy of a Continuing Disclosure Undertaking, dated of even date hereof (hereinafter referred to as the "Undertaking"), from the Issuer;

(viii) An executed copy of a Dissemination Agency Agreement, dated as of October 1, 2005 (hereinafter, collectively with the Purchase Contract, the Indenture, the Depository Agreement, the Letter and the Undertaking, referred to as the "District Documents"), by and between the Issuer and RBC Dain Rauscher Inc.;

(ix) Such other agreements, certificates, opinions (including particularly, but not by way of limitation, an opinion of counsel to BLMI, letters and other documents, including all documents delivered or distributed at the closing of the sale of the Bonds, as we have deemed necessary or appropriate in rendering the opinions set forth herein and

(ix) Such provisions of the Constitution and laws of the State of Arizona and the United States of America as we believe necessary to enable us to render the opinions set forth herein.

IN OUR EXAMINATION, we have assumed the authenticity of all documents submitted to us as originals, the conformity to original copies of all documents submitted to us as certified or photostatic copies, the authenticity of the originals of such latter documents and the accuracy of the statements contained in such certificates. In

connection with our representation of the Issuer in the capacities described above, we have also participated in conferences from time to time with representatives of the Issuer, the Underwriter, the Town of Buckeye, Arizona, the Trustee and BLMI relating to the Official Statement and the District Documents.

WE ARE OF THE OPINION, based upon the foregoing and subject to the qualifications hereinafter set forth, that under applicable law of the State of Arizona and federal law of the United States of America in force and effect on the date hereof:

1. The Issuer is duly organized and validly existing as a community facilities district pursuant to the Constitution and laws of the State of Arizona and has all requisite power and authority thereunder (a) to adopt the Resolution, (b) to authorize, execute, deliver and issue, as applicable, the District Documents, and the Bonds, (c) to approve, execute and authorize the use and distribution of the Official Statement (including, as applicable, the Preliminary Official Statement, dated September 28, 2005 (the "Preliminary Official Statement"), with respect to the Bonds) and (d) to carry out and consummate the transactions contemplated by the Official Statement, the Resolution, the District Documents and the Bonds (including performing the applicable obligations thereunder).

2. Adoption of the Resolution; authorization, execution, delivery and issuance, as applicable, of, and the due performance of the obligations of the District under, the District Documents and the Bonds and the approval, execution and authorization of the use and distribution of the Official Statement (including, as applicable, the Preliminary Official Statement) by the Issuer under the circumstances contemplated thereby do not and will not in any material respect conflict with or constitute on the part of the Issuer a breach of or default under any agreement or other instrument to which the Issuer is a party or of any existing law, ordinance, administration regulation, court order or consent decree to which the Issuer is subject.

3. No consent of any other party, and no consent, license, approval or authorization of, exemption by or registration with any governmental body, authority, bureau or agency (other than those that have been obtained or will be obtained prior to the delivery of the Bonds), is required in connection with the adoption by the Issuer of the Resolution or the authorization, execution, delivery, issuance and performance, as applicable, by the Issuer of

the District Documents and the Bonds and the consummation of the transactions contemplated by the Official Statement.

4. The Issuer has duly (a) adopted the Resolution, (b) authorized (i) the authorization, execution, delivery and issuance, as applicable of, and the performance of its obligations under, the District Documents and the Bonds and (ii) the taking of the actions required on the part of the Issuer to carry out, give effect to and consummate the transactions contemplated by the Official Statement, the Bond Resolution, the District Documents and the Bonds and (c) caused to be levied the *ad valorem* property taxes from which the Bonds are payable. The Issuer has complied with all applicable provisions of law and has taken all actions required to be taken by it to the date hereof in connection with the transactions contemplated by the aforesaid documents.

5. The District Documents have been duly authorized, executed and delivered by the Issuer and, assuming due and valid authorization, execution and delivery by the other party thereto, constitute legal, valid and binding obligations of the Issuer enforceable in accordance with their terms, and the Indenture creates the liens it purports to create for the owners of the Bonds.

6. There is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, governmental agency, public board or body, pending or overtly threatened against or affecting the Issuer, and there is no basis therefor, (i) which in any way questions the powers of the Issuer referred hereinabove or the validity of the proceedings taken by the Issuer in connection with the issuance and sale of the Bonds, (ii) wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Official Statement, the Bond Resolution, the District Documents or the Bonds or would in any way adversely affect the validity or enforceability of the Bond Resolution, the District Documents or the Bonds (or of any other instrument required or contemplated for use in consummating the transactions contemplated thereby or hereby or by the Official Statement) or (iii) contesting in any way the completeness or accuracy of the Preliminary Official Statement or the Official Statement. Further, there are no lawsuits pending or threatened against the Issuer which question the right of the Issuer to levy and collect taxes, nor lawsuits pending or overtly threatened against the Issuer which, if decided adversely to the Issuer, would, individually or in

the aggregate, have a material adverse effect on the financial condition of the Issuer or impair the ability of the Issuer to comply with all the requirements set forth in the Official Statement, the Bond Resolution, the District Documents or the Bonds.

7. The information contained in the Official Statement on the cover thereof, under the headings "INTRODUCTION," "THE BONDS," "SECURITY FOR AND SOURCES OF PAYMENT OF THE BONDS," "LITIGATION," "TAX EXEMPTION," "BOND PREMIUM," "QUALIFIED TAX-EXEMPT OBLIGATIONS," "CONTINUING DISCLOSURE" and "RELATIONSHIPS AMONG PARTIES" therein and in Appendix B - "FORM OF APPROVING LEGAL OPINION OF BOND COUNSEL," Appendix C - "FORM OF CONTINUING DISCLOSURE UNDERTAKING" and Appendix D - "SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE" thereto does not contain any untrue statement of a material fact and does not omit any material fact necessary in order to make the statements therein, in light of the circumstances under which such statements are made, not misleading insofar as such information purports to summarize certain provisions of federal or state law or of the Bonds and fairly summarizes the information which it purports to summarize. With regard to the other portions of the Official Statement, on the basis of our participation as Bond Counsel, nothing has come to our attention to lead us to believe that the Official Statement (except for the financial information and notes thereto and the schedules and other financial or statistical data included in Appendix A thereto or otherwise included therein, as to which we express no opinion) contains any untrue statement of a material fact or omits to state a material fact necessary in order to make the statements therein, in light of the circumstances under which such statements are made, not misleading.

8. It is not necessary in connection with the issuance and sale of the Bonds to the public to register the Bonds under the Securities Act of 1933, as amended, or to qualify the Resolution, the Indenture or the Depository Agreement under the Trust Indenture Act of 1939, as amended.

Our opinions expressed in paragraph 5 hereof are qualified to the extent that the enforceability of the District Documents are dependent upon the due authorization, execution and delivery of (and authority to perform lawfully) the District Documents by the other party thereto and to the extent that the enforceability of the District Documents may be limited by bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting creditors' rights

and the exercise of judicial discretion in accordance with general principles of equity, including possible refusal by a particular court to grant certain equitable remedies such as specific performance with respect to the enforcement of any provision of such documents. We express no opinion as to the enforceability of any provisions of the District Documents (i) restricting access to legal or equitable remedies, (ii) purporting to establish evidentiary standards or waiving or otherwise affecting any rights to notice, demand or exhaustion of collateral, (iii) relating to self-help, subrogation, indemnification, delay or omission to enforce rights or remedies, severability or marshalling of assets or (iv) purporting to grant to the owners of the Bonds or to any party to the District Documents (other than the Issuer) any rights or remedies not specifically set forth therein.

This opinion may be relied upon only by you and by persons to whom we grant written permission to do so.

Respectfully submitted,

The execution and delivery by BLMI of the Indemnity Letter and the Depository Agreement and the consummation of the transactions contemplated thereby (a) do not and will not result in a violation of any provision of, or in default under, the organizational documents of BLMI or (b) to our knowledge, (i) any agreement or other instrument to which BLMI is a party or by which it or its properties are bound or (ii) conflict with any statute, rule, regulation, judgment, order or other governmental action or decree to which BLMI or its properties are subject which, in any of the above cases, would materially and adversely affect the business, properties, assets, liabilities or condition (financial or otherwise) of BLMI.

5. To our knowledge, all material actions necessary to be taken by BLMI have been taken, and no additional material approval, authorization, consent or other order of BLMI or any other public board or body that has jurisdiction over BLMI is legally required to allow BLMI to execute and deliver and consummate the transactions contemplated by the Indemnity Letter or the Depository Agreement or to conduct the business of BLMI as presently being conducted and as described in the Official Statement, except for such actions, approvals, authorizations, consents and orders that BLMI would expect to obtain in the ordinary course of its business, provided that no opinion is hereby expressed as to the compliance of the offer and sale

of the Bonds with any securities law or regulation or any consents, approvals, authorizations or other action by the Town or the District.

6. To our knowledge, BLMI is not in violation of any provision of, or in default under, its organizational documents or any agreement or other instrument, violation of or default under which would materially and adversely affect the business, properties, assets, liabilities or conditions (financial or otherwise) of BLMI.

7. To our knowledge, there are no legal or governmental actions, proceedings, inquiries or investigations pending or threatened by governmental authorities or to which BLMI is a party or of which any property of BLMI is subject, which, if determined adversely to BLMI would individually or in the aggregate (i) have a material adverse effect on the financial condition or results of operations of BLMI and its affiliates considered as a whole, (ii) materially and adversely affect the validity or the enforceability of the Indemnity Letter or the Depository Agreement, (iii) otherwise materially or adversely affect the ability of BLMI to comply with its obligations under the Indemnity Letter or the Depository Agreement or (iv) materially and adversely affect the transactions contemplated by the Official Statement to be engaged in by BLMI.

8. To our knowledge, the information contained in the Official Statement under the headings "LAND DEVELOPMENT," and "RISK FACTORS" taken as a whole and to the extent it is applicable to BLMI does not contain any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements made therein, in light of the circumstances under which such statements were made, not misleading. In connection with our review of the Official Statement, we have not undertaken to determine independently the accuracy, completeness or fairness of the other statements contained therein, except as and to the extent provided in this paragraph, and the knowledge available to us is such that we are unable to assume, and do not assume, any responsibility for the accuracy, completeness or fairness of such information. However, on the basis of such review, nothing has come to our attention to lead us to believe that the Official Statement (except for the financial information and notes thereto and the schedules and other financial or statistical data included therein, as to which we express no opinion) contains any untrue statement of a material fact or omits to state a material fact necessary in order to make the statements therein, in light of the circumstances under which such statements are made, not misleading.

The phrase "to our knowledge" means the actual knowledge of all of the attorneys in this firm, including attorneys having knowledge as a result of a review of documents referenced in the sections

of the Official Statement described in numbered paragraph 8 hereinabove and attorneys having knowledge as a result of conferences with officers and other representatives of BLMI, at which conferences the information and related matters were discussed; provided, however, that with respect to numbered paragraph 8 hereinabove, such knowledge is limited to those attorneys of the firm who have worked on the transactions contemplated by the Depository Agreement. Where statements in this opinion are qualified by the term "material" or "materially," those statements involve judgments and opinions as to the materiality or lack of materiality of any matter to BLMI or its business, assets, or financial condition that are entirely those of BLMI and its officers, after having been advised by us as to the legal effect and consequences of such matters.

The opinions expressed herein are subject to the following qualifications:

(i) Enforceability of the Indemnity Letter and the Depository Agreement may be limited by bankruptcy, insolvency, fraudulent transfer, fraudulent conveyance, reorganization, moratorium, arrangement, or laws or court decisions affecting the enforcement of creditors' rights generally.

(ii) Enforceability of certain rights and remedies in the Indemnity Letter and the Depository Agreement may be restricted by the doctrines of waiver, estoppel, election of remedies, commercial reasonableness or by the application of other equitable principles, whether remedies are sought in equity or at law. Without limiting the generality of the foregoing, we note specifically that such principles of equity are of general application, and in applying such principles an Arizona State Court or a Federal District Court for the State of Arizona, among other things (i) might not allow acceleration of the maturity of a debt upon the occurrence of a default deemed immaterial; (ii) might require the other parties to the Indemnity Letter and the Depository Agreement to act with reasonableness and in good faith; or (iii) might apply its discretion in granting specific performance, injunctive relief or other equitable remedies. The opinion on enforceability is limited to enforcement in courts in the State of Arizona.

(iii) Certain waivers, procedures, remedies, indemnities and other provisions of the Indemnity Letter and the Depository Agreement may be unenforceable under or limited by Arizona law; however, such law does not, in our opinion, substantially prevent the practical realization of the benefits intended by the Indemnity Letter and the Depository Agreement if the other party(ies) act in good faith and in a commercially reasonable manner in accordance with the

requirements of applicable law, except for the economic consequences of any procedural delay.

(iv) The qualification that any matter stated in general terms herein shall be limited by any less general or any more specific statement on such matter as may also be contained herein and

(v) The qualification that in rendering the opinions set forth herein, we do not purport to express any opinion on the financial capability or condition of BLMI or its financial ability to perform under the Documents.

We are expressing no opinion as to:

(a) The effect on enforceability of the Indemnity Letter and the Depository Agreement of any covenants that might be implied under the doctrine of good faith and fair dealing;

(b) The enforceability of any indemnity provision with respect to any claims or other matters that result from the negligence or willful misconduct of any party (other than BLMI) or the failure of any party (other than BLMI) to act in a commercially reasonable manner;

(c) The enforceability of any indemnity or contribution provision with respect to any claims or other matters relating to or arising under federal or state securities laws, as they may be held to violate public policy;

(d) The applicability or effect of any registration or qualification with respect to the federal securities law or the securities laws or "blue sky" laws of any state;

(e) The title or the priority of any lien or security interest created by the Indemnity Letter and the Depository Agreement or with respect to the Bonds and

(f) The applicability or effect, if any, if any building codes or zoning ordinances or the laws or regulations of any municipality

We are qualified to practice law only in the State of Arizona and we do not purport to express any opinion herein concerning any law other than the laws of the State of Arizona. With respect to such law, our opinions are as to what the law is or might reasonably be expected to be at the date hereof, and we assume no obligation to revise or supplement this opinion due to any change in the law by

legislative action, judicial decision or otherwise. We do not render any opinion with respect to any matters other than those expressly set forth above.

The opinions contained herein are solely for the benefit of the addressee. Accordingly, it may not be relied upon by, filed with or furnished or delivered to or quoted in any manner to any other person or entity, or referred to in any financial statement, report or related document, without, in each instance, our prior written consent.

Furthermore, we hereby consent to the references made to this firm in the Official Statement.

Respectfully submitted,

responsibility for, the accuracy, completeness or fairness of the contents of the Official Statement, on the basis of the information which was developed in the course of our performance of the services referred to hereinabove and without having undertaken to verify independently that accuracy, completeness or fairness, nothing has come to our attention which leads us to believe that the Official Statement, at its date or as of this date, contained or contains any untrue statement of a material fact or omitted or omits to state any material fact necessary in order to make the statements made in the Official Statement, in light of the circumstances under which such statements were made, not misleading. Re: $6,000,000 Sundance Community Facilities District (Town of Buckeye, Arizona) District General Obligation Bonds, Series 2005

This Indemnity Letter is delivered by Buckeye Land Management, Inc., an Arizona corporation (hereinafter referred to as "BLMI"), in order to induce RBC Dain Rauscher Inc. (hereinafter referred to as the "Underwriter") and Sundance Community Facilities District (hereinafter referred to as the "District"), to enter into the Purchase Contract, dated October 7, 2005 (hereinafter referred to as the "Purchase Contract"), related to the sale and purchase by the Underwriter and District of the captioned Bonds (hereinafter referred to as the "Bonds"). Terms which are defined in the Purchase Contract have the meanings ascribed to them therein when used herein.

1. In consideration of the execution and delivery of the Purchase Contract, BLMI represents and warrants to the Underwriter that:

(a) BLMI is a corporation duly incorporated, validly existing and in good standing under the laws of the State of Arizona and is qualified to transact business in the State of Arizona.

(b) As of the date of the Preliminary Official Statement, the information in the Preliminary Official Statement under the headings "LAND DEVELOPMENT" and "RISK FACTORS," taken as a whole, is true and correct in all material respects for the purposes for which its use is or was authorized, and such information does not include any untrue statement of a material fact or omit to state any material fact necessary to make the statements made therein in light of the circumstances under which they are or were made, not misleading.

(c) Neither the execution or delivery of this Indemnity Letter or the Depository Agreement nor the consummation of any of the transactions herein or therein contemplated, nor the fulfillment of, or compliance with, the terms hereof or thereof, contravenes the organizational documents of BLMI or conflicts with or results in a breach by BLMI of any of the terms, conditions or provisions of, or constitutes a default by BLMI under, any bond, debenture, note, mortgage, indenture, agreement or other instrument to which BLMI is a party or by which it is bound or to which any of the property or assets of BLMI is subject, or any law or any order, rule or regulation applicable to BLMI of any court, federal or state regulatory body, administrative agency or other governmental body having jurisdiction over BLMI or any of its properties or operations, or will result in the creation or imposition of any lien, charge or other security interest or encumbrance of any nature whatsoever upon any of the property or assets of BLMI under the terms of any such restriction, bond, debenture, note, mortgage, indenture, agreement, instrument, law, order, rule or regulation, in each case which would materially affect the business, properties, assets, liabilities or conditions (financial or otherwise) of BLMI taken as a whole.

(d) There is no action, suit, proceeding or investigation at law or in equity before or by any court or governmental agency or body pending or, to the best knowledge of BLMI, threatened against BLMI wherein an adverse decision, ruling or finding would (i) result in any material adverse change in the condition (financial or otherwise), results of operations, business or prospects of BLMI, or which would materially and adversely affect the properties (taken as a whole) of BLMI, taken as a whole, and which has not been disclosed in the Preliminary Official Statement as of its date, (ii) materially adversely affect the transactions contemplated by the Purchase Contract or this Indemnity Letter or the Depository Agreement or (iii) adversely affect the validity or enforceability of this Indemnity Letter or the Depository Agreement against BLMI.

(e) BLMI has the full power and authority to execute and deliver this Indemnity Letter and the Depository Agreement and perform its obligations hereunder and thereunder and engage in the transactions contemplated by the Purchase Contract and this Indemnity Letter and the Depository Agreement, and this Indemnity Letter has been duly authorized by BLMI and, when executed will constitute a valid, binding and enforceable obligation of BLMI except as enforcement thereof may be limited by bankruptcy, insolvency or other laws affecting enforcement of creditors' rights and general principles of equity and except as the indemnification provisions hereof may be limited by applicable securities laws or public policy.

(f) No consent, approval, authorization or other action by any governmental or regulatory authority that has not been obtained is or will be required for the consummation by BLMI of the transactions contemplated by the Purchase Contract and this Indemnity Letter or the Depository Agreement; provided that no representation is made as to the compliance of the offer and sale of the Bonds with any securities law or regulation or any consents, approvals, authorizations or other action by the Town or the District.

2. To the extent permitted by law, BLMI shall indemnify and hold harmless the Underwriter and each director, trustee, partner, member, officer, official or employee thereof and each person, if any, who controls the Underwriter within the meaning of the Securities Act of 1933, as amended (the Underwriter and any such person being herein called an "Underwriter Indemnified Party") and the District and each director, trustee, partner, member, officer, official or employee thereof and each person, if any, who controls the District within the meaning of the Securities Act of 1933, as amended (the District and any such person being herein called a "District Indemnified Party" and, together with each Underwriter Indemnified Party, the "Indemnified Parties"), for, from and against any and all losses, claims, damages or liabilities, several as to the Underwriter Indemnified Parties, but joint or several as to the District Indemnified Parties, (i) to which any such Indemnified Party may become subject, under any statute or regulation at law or in equity or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon any untrue statement or alleged untrue statement of a material fact set forth in the information identified in Section 1(b) above in the Official Statement or any amendment or supplement thereto, taken as a whole, or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated in such section(s) or which is necessary to make the statements made therein, in light of the circumstances in which they were made, not misleading in any material respect, except such indemnification shall not extend to any other statements in the Official Statement and (ii) with respect to a District Indemnified Party only, to the extent of the aggregate amount paid in any settlement of any litigation commenced or threatened to the extent arising from a claim based upon any such untrue statement or alleged untrue statement or omission or alleged omission if such settlement is effected with the written consent of BLMI (which consent shall not be unreasonably withheld).

An Indemnified Party shall, promptly after the receipt of notice of a written threat of the commencement of any action against such Indemnified Party in respect of which indemnification may be sought against BLMI, notify BLMI in writing of the commencement thereof. Failure of the Indemnified Party to give such notice will reduce the liability of BLMI by the amount of damages attributable to the failure of the Indemnified Party to give such notice to BLMI, but the omission to notify BLMI of any such action shall not relieve BLMI from any liability that it may have to such Indemnified Party otherwise than under this Section. In case any such action shall be brought against an Indemnified Party and such Indemnified Party shall notify BLMI of the commencement thereof, BLMI may, or if so requested by such Indemnified Party shall, participate therein or assume the defenses thereof, with counsel reasonably satisfactory to such Indemnified Party and BLMI (it being understood that, except as hereinafter provided, BLMI shall not be liable for the expenses of more than one counsel representing the Indemnified Parties in such action), and after notice from BLMI to such Indemnified Party of an election so to assume the defenses thereof, BLMI will not be liable to such Indemnified Party under this Section for any legal or other expenses subsequently incurred by such Indemnified Party in connection with the defense thereof other than reasonable costs of investigation; provided, however, that unless and until BLMI assumes the defense of any such action at the request of such Indemnified Party, BLMI shall have the right to participate at its own expense in the defense of any such action. If BLMI shall not have employed counsel to have charge of the defense of any such action or if an Indemnified Party shall have reasonably concluded that there may be defenses available to it and/or other Indemnified Parties that are different from or additional to those available to BLMI (in which case BLMI shall not have the right to direct the defense of such action on behalf of such Indemnified Party) or to other Indemnified Parties, reasonable legal and other necessary expenses, including the expense of separate counsel, incurred by such Indemnified Party shall be borne by BLMI.

3. All of the representations, warranties, and agreements of BLMI contained in this Indemnity Letter shall remain operative and in full force and effect, regardless of (i) any

investigation made by or on behalf of the Underwriter, any controlling person referred to in paragraph 2 hereof or BLMI or (ii) delivery of and payment for the Bonds.

4. This letter is solely for the benefit of the Underwriter and the District and its successors or assigns, and, to the extent provided in paragraph 2 hereof, each Indemnified Party, and no other person shall acquire or have any right under or by virtue hereof. The terms "successors" and "assigns" as used in this letter shall not include any purchaser, as such purchaser, from the Underwriter of the Bonds. This Indemnity Letter shall be construed in accordance with and governed by the laws of the State of Arizona.

5. BLMI hereby consents to the references made to BLMI in the Official Statement.

Respectfully submitted,

A breakdown of the uses of such funds and the relevant Temporary Period, if applicable, is provided below:

(i) Underwriter's Discount. An amount of $120,000.00 will be retained by the Underwriter from the Issue Price otherwise paid to the District to purchase the Bonds as Underwriter's discount.

(ii) Issuance Costs. An amount of $158,775.00 will be deposited in the Acquisition and Construction Fund and used to pay Issuance Costs of the Bonds.

(iii) Project Costs.

(a) An amount of $5,740,029.60 will be deposited in the Acquisition and Construction Fund and used by the District to acquire certain real property and acquire or construct certain facilities and improvements.

(b) The District expects that the Net Sale Proceeds allocable to the Bonds will be used to pay costs of the Project within three (3) years from the date hereof and will be applied in a manner that satisfies the requirements of Section 1.148-2(e)(2) of the Treasury Regulations pertaining to the general 3-year Temporary Period for capital projects set forth below:

(1) Expenditure Test. At least eighty-five percent (85%) of the Net Sale Proceeds allocable to the Bonds will be allocated to expenditures for the Project within three (3) years from the date hereof.

(2) Time Test. The District has incurred, or within six (6) months from the date hereof will incur, binding obligations with third parties to commence, acquire or construct the Project and to expend thereon at least five percent (5%) of the Net Sale Proceeds allocable to the Bonds. The binding obligation consists, or will consist, of one or more contracts for acquisition or construction of the Project which are not subject to contingencies which are within the District's or a Related Party's control.

(3) Due Diligence Test. Completion of the Project and the allocation of the Net Sale Proceeds allocable to the Bonds to expenditures will proceed with due diligence.

(c) The Net Sale Proceeds allocable to the Bonds deposited in the Acquisition and Construction Fund may be invested at a yield in excess of the yield of the Bonds and shall be subject to the arbitrage rebate requirements provided in Section 148 of the Code and the Treasury Regulations promulgated thereunder. On or after October 20, 2008, the District shall make appropriate yield reduction payments for any moneys in the Construction Fund which are allocable to the Bonds and invested at a yield in excess of the yield of the Bonds.

(d) Interest realized from investment of proceeds of the Bonds deposited in the Construction Fund may be invested in obligations without regard to yield limitation for the period ending on October 20, 2008 or, if longer, one year from the date of receipt, and shall be subject to the arbitrage rebate requirements provided in Section 148 of the Code and the Treasury Regulations promulgated thereunder.

Section 3.2. Bond Fund; Temporary Period.

(i) Bona Fide Debt Service Fund. The Bond Fund will be held as a *bona fide* debt service fund which will be used to pay the principal of and interest on the Bonds, as the same become due. It is reasonably expected that all amounts received as income from the investment of the Bond Fund will be expended to pay the principal of and interest on the Bonds within one year of the receipt thereof.

(ii) Thirteen-Month Temporary Period. Any moneys held in the Bond Fund and allocated to the Bonds, which are to be used to pay principal, interest or call premiums on the Bonds within thirteen (13) months of the receipt thereof, may be invested in obligations that bear a yield in excess of the Bonds. Any other allocable moneys in the Bond Fund may be invested in obligations that bear a yield that does not exceed the yield of the Bonds. Moneys in the Bond Fund are not subject to the arbitrage rebate requirements provided in Section 148 of the Code and the Treasury Regulations promulgated.

Section 3.3. No Other Sinking or Pledged Funds. The District has not established and does not expect to establish or use any sinking fund, debt service fund, redemption fund, reserve or replacement fund, or similar fund, or any other fund to pay principal or interest on the Bonds other than the Bond Fund. Pursuant to the Depository Agreement, funds may be deposited and held in the future to supplement tax revenues until released pursuant to the terms of the Indenture.

Section 3.4. No Replacement. That portion of the Bonds that is to be used to finance capital expenditures (meaning costs of a type that are properly chargeable to a capital account, or would be so chargeable with a proper election, under general federal income tax principles) has a weighted average maturity that does not exceed 120% of the weighted average reasonably expected economic life of such capital expenditures. Amounts received from the sale of the Bonds, and amounts derived from investment of such amounts will not replace, directly or indirectly, moneys used, directly or indirectly, to acquire investments which could legally and practically be used to finance the Project, the District having no funds which could be used to

finance the Project which are not pledged, budgeted, earmarked or expected to be used for other purposes. Therefore, it is not expected that amounts will replace, directly or indirectly, moneys used directly or indirectly to acquire investments which could be used for the purposes for which the Bonds are being used.

Section 3.5. **No Reimbursement**. Other than any reimbursement expenditures meeting the requirements of Section 1.150-2(d) or (f) of the Treasury Regulations, no portion of the proceeds from the sale of the Bonds and the earnings from the investment of such proceeds will be used to reimburse the District for expenditures paid by the District prior to the date hereof.

Section 3.6. **No Overissuance**. The total proceeds to be received from the sale of the Bonds and anticipated investment earnings thereon do not exceed the total of the amount necessary to finance the governmental purposes for which the Bonds are issued as set forth in Section 1.5 hereof.

Section 3.7. **Disposition of Project; Purchase of Bonds**. The District does not expect to dispose of the Project prior to the maturity or retirement of the Bonds, except for such minor parts or portions thereof as may be disposed of due to normal wear, obsolescence or depreciation. The District does not intend to purchase, directly or indirectly, any portion of the Bonds in a transaction or series of transactions that would reduce the yield of the Bonds.

Section 3.8. **Investment of Proceeds**. No portion of the Bonds is being issued solely for the purpose of investing the proceeds at a yield higher than the yield of the Bonds or to replace funds which were used, directly or indirectly, to acquire investments with a yield higher than the yield of the Bonds.

Section 3.9. **No Abusive Arbitrage Device**. The transaction contemplated herein does not represent an exploitation of the difference between taxable and tax-exempt interest rates to obtain a material advantage and does not overburden the tax-exempt bond market in that the District is not issuing more bonds, issuing bonds earlier or allowing bonds to remain outstanding longer than otherwise reasonably necessary to accomplish the governmental purposes of the Bonds.

ARTICLE 4
YIELD AND YIELD LIMITATIONS

Section 4.1. **Yield**. For purposes of this Certificate and its attachments, yield is calculated as set forth in Section 148(h) of the Code and Sections 1.148-4 and 1.148-5 of the Treasury Regulations. Hence, in general, yield means that discount rate which, when used in computing the present value of all unconditionally payable payments of principal and interest to be paid on an obligation and the cost of Qualified Guarantees (if any) paid and to be paid with respect to such obligation, produces an amount equal to the Issue Price of the obligation. The Underwriter certifies in the Underwriter's Certificate that the Initial Offering Price of the Bonds is $6,018,804.60, which represents the price at which at least ten percent of each maturity of the Bonds were sold to the public (excluding bond houses, brokers and other intermediaries). For purposes hereof, all calculations of yield have been made on the basis of semiannual compounding using a 360-day year. The yield on the Bonds as computed by the Underwriter, is at least 4.8960%.

Section 4.2. **Continuing Nature of Yield Limits**. Once moneys are subject to the yield limits of Section 4.1 hereof, they remain yield restricted until they cease to be Gross Proceeds of the Bonds.

ARTICLE 5
ARBITRAGE REBATE REQUIREMENTS

Section 5.1. **Compliance with Rebate Requirements of the Code and Treasury Regulations**. The District will comply with the Rebate Requirements of the Code and Treasury Regulations by making or causing to be made such calculations and such payments as are necessary therefor.

Section 5.2. **Prohibited Payments; Specific Investments**. No transaction involving any Non-purpose Investment may be entered into that results in a smaller profit or a larger loss than would have resulted if such transaction had been at arm's length and had the yield on the Bonds not been relevant to either party. Moneys to be rebated to the United States shall be invested in investments that mature on or before the expected rebate date. All investments of Gross Proceeds and any amounts in the Rebate Fund shall be bought and sold at Fair Market Value. Except for Certificates of Deposit and Guaranteed Investment Contracts purchased for their Fair Market Value (see "Fair Market Value" in *Exhibit A* attached hereto) and except for United States Treasury Obligations which are purchased directly from the United States Treasury, the District will not purchase or cause to be purchased any investment that is not of a type traded on an established securities market (within the meaning of Section 15A.453-1(e)(4)(iv) of the Treasury Regulations).

Section 5.3. **Two-Year Spending Exception to Rebate Requirement**.

(a) Election to Use Actual Facts Instead of Expectations for the 75% Construction Expenditures Test. In general, in order to avail itself of the two-year rebate expenditure exception, the issuer must "reasonably expect" that at least 75% of the Available Construction Proceeds of the issue will be used for, or allocated to, Construction Expenditures. However, the issuer may elect on or before the Issuance Date to base the 75% test on "actual facts" as opposed to "reasonable expectations."

The District hereby elects pursuant to Section 1.148-7(f)(2) of the Treasury Regulations to base the 75% Construction Expenditures test of Section 1.148-7(f) on "actual facts."

(b) Election to Use Actual Facts Instead of Expectations to Determine Available Construction Proceeds for the First Three Semiannual Expenditure Dates. In general, for purposes of determining compliance with the first three spending periods set forth in Section 5.4 hereof, Available Construction Proceeds include the amount of future earnings that the issuer reasonably expected as of the Issuance Date. However, the issuer may elect on or before the Issuance Date to use actual facts instead of reasonable expectations to determine Available Construction Proceeds for the first three semiannual expenditure dates.

The District hereby elects pursuant to Section 1.148-7(f)(2) of the Treasury Regulations to use actual facts instead of reasonable expectations to determine Available Construction Proceeds for the first three semiannual expenditure dates.

Section 5.4. **18-Month Expenditure Exception**. Pursuant to Section 1.148-7(d)(3)(ii) of the Treasury Regulations, for purposes of determining compliance with the first two spending periods under Section 1.148-7(d)(1)(I) of the Treasury Regulations, the amount of investment earnings on the Sale Proceeds of the Bonds is reasonably expected to be $20,000.00.

ARTICLE 6
OTHER TAX MATTERS

Section 6.1 **Not Private Activity Bonds**. The Bonds are not Private Activity Bonds because they do not satisfy both the Private Use Test and the Private Payment or Security Test or the Private Loan Financing Test.

(i) Private Use Test. No portion of the Proceeds of the Bonds will be used to finance an output facility (within the meaning of the Code). The District will not use any of the Proceeds of the Bonds or any of the property acquired, constructed, remodeled, renovated or equipped out of the Proceeds of the Bonds or any proceeds of disposition of such property or suffer or permit such property or proceeds to be used in such a manner that (a) ten percent (10%) or more of the Proceeds of the Bonds are used directly or indirectly in any activity constituting a trade or business by entities other than state or local governmental units (except for use on the same basis as the general public), (b) five percent (5%) or more of the Proceeds of the Bonds are used as described in (a) either (I) in a manner unrelated to the governmental purpose for which the Bonds are issued or (ii) in a manner related to a governmental purpose for which the Bonds are issued, but in an amount in excess of the amount used for the governmental purpose to which such use relates.

(ii) Private Payment or Security Test. Except for special assessments on property within the assessment district described in the Resolution, the District will not cause the payment of the principal of, or interest on more than ten percent (10%) of the proceeds of the Bonds to be (under the terms of the issue or any underlying arrangement), directly or indirectly, (a) secured by any interest in (I) property used or to be used in a trade or business carried on by a person other than a state or local government unit (except for use on the same basis as the general public), or (ii) payments in respect of such property; or (b) derived from payments (whether or not the District) in respect of property, or borrowed money, used or to be used in a trade or business carried on by a person other than a state or local governmental unit (except for use on the same basis as the general public). For the purpose of this paragraph, any activity of a person other than a natural person shall be treated as a trade or business.

(iii) Private Loan Financing Test. The District will not use any of the Proceeds of the Bonds in a manner that five percent (5%) (or $5,000,000, if less) of the Proceeds of the Bonds are used directly or indirectly to make or finance loans to entities other than state or local governmental units (other than being used to acquire or carry investments which are not being acquired for the purpose of carrying out the purpose for which the Bonds are issued or being used to finance the assessments).

Section 6.2. **Bonds Not Federally Guaranteed**. Except for the investments of the type described in the last sentence of this Section 6.2, no portion of the payment of principal or interest on the Bonds or any credit enhancement or liquidity device relating to the foregoing is or

will be guaranteed, directly or indirectly (in whole or in part), by the United States (or any agency or instrumentality thereof). No portion of the Gross Proceeds of the Bonds has been or will be used to make loans the payment of principal or interest with respect to which is or will be guaranteed (in whole or in part) by the United States (or any agency or instrumentality thereof), or invested (directly or indirectly) in federally insured deposits or accounts. The foregoing provisions shall not apply to (A) proceeds of the Bonds invested for an initial temporary period, as described in Section 148(a) of the Code, until such proceeds are needed for the purpose for which said obligations were issued, (B) investments in a *bona fide* debt service fund (as defined in Section 1.148-1(b) of the Treasury Regulations), (C) investments in a reasonably required reserve or replacement fund that meets the requirements of Section 148(d) of the Code, (D) investments in obligations issued by the United States Treasury, or (E) any other investments permitted under the Treasury Regulations.

Section 6.3. **Information Return**. The District will file with the Internal Revenue Service Form 8038-G (and all other required reporting forms) within the time and in the manner prescribed by the Internal Revenue Service under Section 149(e) of the Code.

ARTICLE 7
MISCELLANEOUS

Section 7.1. **Future Events**. The District acknowledges that any changes in facts or expectations from those set forth in this certificate could give rise to different yield restrictions or rebate requirements from those set forth herein. The District shall promptly contact Bond Counsel if such changes do occur.

Section 7.2. **Permitted Changes; Opinion of Bond Counsel**. In the Resolution, the District covenanted to comply with requirements necessary in order for interest on the Bonds to remain tax exempt for federal income tax purposes under the provisions of the Code. To implement the covenants in the Resolution, the District, certifies, represents to and covenants with the owners from time to time of the Bonds comply with the provisions of this certificate unless and until it receives the opinion of Bond Counsel to the effect that continued compliance with such provision or provisions is not necessary for interest on the Bonds to remain tax exempt under the Code.

Section 7.3. **Successors and Assigns**. The terms, provisions and conditions hereof shall bind and inure to the benefit of the respective successors and assigns of the District.

Section 7.4. **Headings**. The headings hereof are inserted for convenience only and shall not be deemed to constitute a part hereof.

EXHIBIT A

DEFINITIONS

The following terms, as used in this Exhibit A and in the Tax Certificate to which it is attached and in the other Exhibits to the Tax Certificate, have the following meanings:

"***Bona Fide Debt Service Fund***" means a fund, including a portion of or an account in that fund (or in the case of a fund established for two or more bond or note issues, the portion of that fund allocable to an issue pursuant to applicable Treasury Regulations) or a combination of such funds, accounts or portions that is used primarily to achieve a proper matching of revenues and Debt Service on an issue within each Bond Year and that is depleted at least once each Bond Year except for a reasonable carryover amount (not to exceed the greater of the earnings on the fund for the immediately preceding Bond Year or one-twelfth of the principal and interest payments on the Bonds for the immediately preceding Bond Year.

"***Bond Year***" means the annual period relevant to the application of Section 148(f) to the issue, except that the first and last Bond Years may be less than 12 months long. The last day of a Bond Year shall be the close of business on the day preceding the anniversary of the Issuance Date of the issue unless the Issuer selects another date on which to end a Bond Year in the manner permitted by the Code.

"***Certificates of Deposit***" means an instrument that has a fixed interest rate, a fixed principal payment schedule, a fixed maturity and a substantial penalty for early withdrawal.

"***Code***" means the Internal Revenue Code of 1986, as amended.

"***Controlled***" or "***Controlled Group***" means a group of entities controlled directly or indirectly by the same entity or group of entities within the meaning of Section 1.150-1(e) of the Treasury Regulations.

"***Fair Market Value***" means, in the case of an investment, the price at which a willing buyer would purchase the investment from a willing seller. If the investment is not readily salable, the Fair Market Value shall be determined by taking into account the price at which a willing buyer would purchase the same (or a substantially similar) investment from the issuer of the investment. The price shall not be increased by brokerage commissions, administrative expenses or similar expenses. The price at which a willing buyer would purchase an investment that is traded in an established securities market (within the meaning of Section 15A.453-1(e)(4)(iv) of the Treasury Regulations) shall generally be determined as provided in Section 20.2031-2 of the Treasury Regulations (relating to estate tax). Different guidelines exist for determining the Fair Market Value of Certificates of Deposit and Guaranteed Investment Contracts as described in subparagraphs (A) and (B), below.

(A) Certificates of Deposit. The purchase of a Certificate of Deposit will be deemed to be an investment purchased at its Fair Market Value if the price at which it is purchased or sold is the bona fide bid price quoted by a dealer who maintains an active secondary market in such Certificates of Deposit. If there is no active secondary market in such Certificates of Deposit, the purchase of such Certificate of Deposit will be deemed to be an investment purchased at its Fair Market Value if (I) at least three bona fide bids are received from unrelated financial institutions, (ii) the Certificate of Deposit is purchased from the financial institution offering the highest yield, (iii) the yield on the Certificate of Deposit is not less than the yield then currently available from the provider on comparable Certificates of Deposit offered to other persons from a source of funds other than Gross Proceeds of an issue of tax-exempt bonds, and (iv) such yield is not less than the yield on reasonably comparable direct obligations of the United States. Notwithstanding anything stated previously in this subparagraph (A), the yield of a Certificate of Deposit is

not less than the highest yield that is published or posted by the provider to be currently available from the provider on comparable Certificates of Deposit offered to the public and such yield is not less than the yield on reasonably comparable direct obligations of the United States.

(B) Guaranteed Investment Contracts. A Guaranteed Investment Contract (a "GIC") will be deemed to be an investment purchased at its Fair Market Value if (I) at least three bids on the GIC from persons other than those with a material financial interest in the tax-exempt issue (e.g., underwriters) are received, (ii) the yield on the GIC purchased is at least equal to the yield offered under the highest bid received from an uninterested party, (iii) the yield on the GIC purchased is at least equal to the yield offered on reasonably comparable GICs offered to other persons, if any, from a source of funds other than Gross Proceeds of an issue of tax-exempt bonds, (iv) the price of the GIC purchased takes into account as a significant factor the issuer's expected drawdown for the funds to be invested (exclusive of float funds and reasonably required reserve or replacement funds), (v) any collateral security requirements for the GIC purchased are reasonable, based upon all facts and circumstances, and (vi) the obligor on or provider of the GIC purchased certifies as to the amount of administrative costs that are reasonably expected to be paid to third parties in connection with the GIC. For purposes of establishing the Fair Market Value of such a GIC, administrative costs of the GIC include brokerage or selling commissions paid by or on behalf of the issuer [or borrower] of the tax-exempt obligations or the obligor on or provider of the GIC, legal and accounting fees, investment advisory fees, recordkeeping, safekeeping, custody and other similar costs or expenses. The GIC may be purchased from an obligor or provider that has a material financial interest in the tax-exempt issue only if the yield on the GIC is at least as high as the highest-yielding GIC for which a qualifying bid is made. Notwithstanding anything stated previously in this subparagraph (B), the purchase of any GIC will be at Fair Market Value if the investment contract has a term of six months or less, the GIC is traded on an established securities market (within the meaning of Section 15A.453-1(e)(4)(iv) of the Treasury Regulations) or the yield (including administrative fees) on the GIC is more than ¼% (.25%) below the yield on the Bonds and such GIC is not entered into for the purpose of offsetting arbitrage earned or to be earned on other investments of Gross Proceeds.

"***501©(3) Organization***" means an organization described in Section 501©(3) of the Code and exempt from federal income taxation under Section 501(a) of the Code.

"***Governmental Unit***" means a state, territory or possession of the United States, the District of Columbia, or any political subdivision thereof referred to as a "state or local governmental unit" in Section 1.104-1(a) of the Treasury Regulations. "Governmental Unit" does not include the United States or any agency or instrumentality of the United States.

"***Gross Proceeds***" means Proceeds plus Replacement Proceeds of an issue. See Section 1.148-1(b) of the Treasury Regulations.

"***Guaranteed Investment Contract***" includes (I) any investment that has specifically negotiated withdrawal or reinvestment provisions and a specifically negotiated interest rate and (ii) any agreement to supply investments on two or more future dates (e.g., a forward supply contract).

"***Higher Yielding Investments***" means any investment property (as defined in Sections 148(b)(2) and (b)(3) of the Code) that produces a yield that (I) in the case of investment property allocable to Replacement Proceeds of an issue and investment property in a refunding escrow, is more than one thousandth of one percentage point (.00001) higher than the yield on the applicable issue, and (ii) for all other purposes of this Certificate, is more than one-eighth of one percentage point (.00125) higher than the yield on the applicable issue.

"***Issuance Costs***" means any financial, legal administrative and other fees or costs incurred in connection with the issuance of an issue, including underwriter's compensation withheld from the Issue Price. See Section 1.150-1(b) of the Treasury Regulations.

"***Issuance Date***" means the date of physical delivery of an issue by the Issuer in exchange for the purchase price of the issue. See Section 1.150-1(b) of the Treasury Regulations.

"***Issue Price***" has the meaning set forth in the Tax Certificate and the Underwriter's Certificates.

"***Minor Portion***" means an amount equal to the lesser of $100,000 or 5% of the Sale Proceeds of an issue. See Section 1.148-1(b) of the Treasury Regulations.

"***Non-purpose Investments***" means any investment property that is acquired with Gross proceeds as an investment and not in carrying out any governmental purpose of the issue. "Non-purpose Investments" does not include any investment that is not regarded as "investment property" or a "non-purpose investment" for the particular purposes of Section 148 (such as certain investments in U.S. Treasury obligations in the State and Local Government Series and certain temporary investments), but does include any other investment that is a "Non-purpose Investment" within the applicable meaning of Section 148 of the Code and the Treasury Regulations promulgated thereunder.

"***Pre-Issuance Accrued Interest***" means interest on an obligation that accrued for a period not greater than one year before its Issuance Date and that will be paid within one year after the Issuance Date.

"***Private Activity Bonds***" means obligations of an issue where both the Private Business use Test and the Private Security or Payment Tests are met or where the Private Loan Financing Test is met.

(A) Private Business Use Test. Generally, an issue of bonds will meet the Private Business Use Test if more than ten percent (10%) of the proceeds of the bonds are to be used for any Private Business Use. See Section 141(b)(1) of the Code.

(B) Private Security or Payment Test. Generally, an issue of bonds will meet the Private Security or Payment Test if the payment of the principal of (or interest on) bonds representing more than ten percent (10%) of the proceeds of the issue (I) is secured by (a) any interest in property used in or for a Private Business Use or (b) payments with respect to such property or (ii) is to be derived from payments in respect of property or borrowed money used for a Private Business Use. See Section 141(b)(2) of the Code.

© Private Loan Financing Test. Obligations of an issue are also Private Activity Bonds if more than five percent (5%) of the proceeds (or $5 million, if less) of the issue are to be used to make or finance loans to Private Persons.

"***Private Business Use***" means any use (direct or indirect) in a trade or business carried on by any person other than a Governmental Unit. Any activity by a corporation, association, or partnership is treated as a trade or business activity.

"***Private Person***" means any natural person or any artificial person, including a corporation, partnership, trust or other entity, that is not a Governmental Unit and that is not acting solely and directly as an officer or employee of or on behalf of the issuer or another Governmental Unit.

"***Qualified Guarantee***" means any guarantee of an obligation that constitutes a "qualified guarantee" within the meaning of Section 1.148-4(f) of the Treasury Regulations.

"***Rebate Amount***" means with respect to an issue as of any date the excess of future value, as of that date, of all receipts on Non-purpose Investments acquired with Gross Proceeds of the issue over the future value, as of that date, of all payments on Non-purpose Investments acquired with Gross Proceeds of the issue, computed in accordance with Section 148(f) of the Code and Section 1.148-3 of the Treasury Regulations.

"***Related Party***" means in reference to a Governmental Unit or 501©(3) Organization, any member of the same Controlled Group, and, in reference to any person that is not a Governmental Unit or 501©(3) Organization, a related person is defined in Section 144(a)(3) of the Code.

"***Replacement Proceeds***" means with respect to an issue, amounts (including any investment income but excluding any proceeds of that issue) replaced by proceeds of that issue pursuant to Section 148(a)(2) of the Code. Replacement Proceeds may include amounts held in a sinking fund, pledged fund or reserve or replacement fund for an issue.

"***Sale Proceeds***" means that portion of the Issue Price actually or constructively received by the issuer upon the sale or other disposition of an issue, including any underwriter's compensation withheld from the Issue Price, but excluding Pre-Issuance Accrued Interest. See Section 1.148-1(b) of the Treasury Regulations.

"***Temporary Period***" means the period of time, as set forth in the Tax Certificate, applicable to particular categories of Proceeds of an issue during which such category of Proceeds may be invested in Higher Yielding Investments without the issue being treated as arbitrage bonds under Section 148 of the Code.

"***Transferred Proceeds***" means that portion of the proceeds of an issue (including Transferred Proceeds of that issue) that remains unexpended at the time that any portion of the principal of that issue is discharged with the proceeds of a refunding issue and that thereupon becomes proceeds of the refunding issue in accordance with Section 1.148-9(b) of the Treasury Regulations. Transferred Proceeds do not include Replacement Proceeds.

The terms **"bond"**, **"reasonable retainage"**, **"reasonably required reserve or replacement fund"**, **"loan"**, **"sinking fund"**, **"multipurpose issue"**, **"purpose investment"**, **"variable yield issue"** and other terms relating to Code provisions used but not defined in this Certificate shall have the meanings given to them for purposes of Sections 103 and 141 to 150 unless the context indicates another meaning.

CERTIFICATE OF UNDERWRITER
REGARDING INITIAL OFFERING PRICE
OF THE BONDS TO THE PUBLIC
AND AS TO YIELD

The undersigned (the "*Underwriter*") understands that for purposes of the arbitrage restrictions and other requirements of the Internal Revenue Code of 1986, as amended, and applicable regulations (collectively, the "*Code*"), it is necessary for the issuer to determine the "yield" on the captioned bonds (the "Bonds") in order to be in a position to take steps to preserve the exclusion of interest on the Bonds from gross income for federal income tax purposes under the Code. The term "yield" in this context means that discount rate which, when used in computing the present value of all unconditionally payable payments of principal, interest and fees for qualified guarantees on the issue and amounts reasonably expected to be paid as fees for qualified guarantees on the issue, produces an amount equal to the present value, using the same discount rate, of the aggregate issue price of the Bonds as of the issue date. In determining the yield on the Bonds, aggregate issue price of the Bonds is the aggregate of the issue price of each maturity of the Bonds. The issue price of each maturity of the Bonds is that initial offering price to the public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of under-writers or wholesalers) at which a substantial amount of Bonds of that maturity (i.e., at least ten percent (10%) of such maturity) are reasonably expected to be sold. Accordingly, the issuer and bond counsel need to be informed by the Underwriter as to the initial offering price of the Bonds to the public.

Therefore, the Underwriter certifies that a *bona fide* public offering of the Bonds has been made and the initial offering price of the Bonds to the public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers) at which a substantial amount of the Bonds of that maturity [i.e., at least ten percent (10%) of such maturity] were reasonably expected to be sold as of October 7, 2005, is as follows:

Maturity or Redemption Date (July 15)	Par Amount	Offering Price	Total for Maturity
2007	$135,000	101.083%	$136,462.05

* Maturity dates of term bonds

To the knowledge of the Underwriter, the Bonds were sold at prices that would induce willing buyers to purchase such investments from willing sellers in *bona fide*, arms-length transactions.

Based upon the purchase price so certified, the under-signed hereby certifies that the yield on the Bonds is 4.8960%.

Sundance Community Facilities District, a community facilities district formed by the Town of Buckeye, Arizona, and duly organized and validly existing, pursuant to the laws of the State of Arizona (the "*Issuer*"), for value received, hereby promises to pay to the "Registered Owner" specified above or registered assigns (the "*Holder*"), on the "Maturity Date" specified above unless earlier redeemed as provided herein, the "Principal Amount" specified above and to pay interest (calculated on the basis of a 360-day year of twelve 30-day months) on the unpaid portion thereof from the "Original Dated Date" specified above, or from the most recent "Interest Payment Date" (as such term is hereinafter defined) to which interest has been paid or duly provided for, until paid or the payment thereof is duly provided for at Maturity (as such term is defined in the hereinafter described "*Indenture*"), semiannually on each January 15 and July 15 commencing January 15, 2006 (each an "*Interest Payment Date*"), at the per annum "Interest Rate" specified above.

As provided in the Indenture hereinafter referred to, the interest so payable on any Interest Payment Date shall be paid to the Holder in whose name this Bond (or one or more Predecessor Bonds evidencing the same debt) is registered in the Bond Register (as such term is defined in the Indenture) of the Issuer at the close of business on the "Regular Record Date" therefor, which shall be the first day (whether or not a business day) of the calendar month of such Interest Payment Date. Any such interest not so punctually paid or duly provided for shall forthwith cease to be payable to the Holder on such Regular Record Date and shall be paid to the Person in whose name this Bond (or one or more Predecessor Bonds) is registered at the close of business on a "Special Record Date" for the payment of such defaulted interest to be fixed by the Trustee (as such term is hereinafter defined) in accordance with the Indenture, notice whereof being given to the Holder hereof not less than 10 days prior to such Special Record Date. All such interest shall be payable at the agency of the Issuer for such purpose (the "*Paying Agent*") in the City of Phoenix, Arizona (the "*Place of Payment*"), which shall initially be the designated corporate trust office of Wells Fargo Bank, N.A., by check mailed on or before the Interest Payment Date to the Holder as of the relevant record date at the address specified in the Bond Register or pursuant to customary arrangements made by such Holder acceptable to the Paying Agent. The principal and Redemption Price (as such term is defined in the Indenture) of this Bond are payable at the designated corporate trust office in Phoenix, Arizona of the Paying Agent in the Place of Payment, upon presentation and surrender of this Bond.

SPECIMEN BOND

If the specified date for any such payment shall be a Saturday, a Sunday, or a legal holiday or equivalent (other than a moratorium) for banking institutions generally in the Place of Payment or in the city where the principal corporate trust office of Paying Agent is located then such payment may be made on the next succeeding day which is not one of the foregoing days without additional interest and with the same force and effect as if made on the specified date for such payment, except that in the event of a moratorium for banking institutions generally at the Place of Payment or in the city where the principal corporate trust office of the Paying Agent is located, such payment may be made on such next succeeding day except that the Bonds on which such payment is due shall continue to accrue interest until such payment is made or duly provided for.

This Bond is one of a duly authorized issue of bonds of the Issuer having the designation specified in its title (the "*Bonds*"), issued and to be issued in one series under, and all equally and ratably secured, with the limitations described herein, by an Indenture of Trust and Security Agreement, dated as of October 1, 2005 (herein, together with all indentures supplemental thereto, referred to as the "*Indenture*"), from the Issuer to Wells Fargo Bank, N.A., as trustee (the "*Trustee*"), which term includes any successor trustee under the Indenture), to which Indenture reference is hereby made for a description of the amounts thereby pledged and assigned, the nature and extent of the lien and security, the respective rights thereunder of the Holders of the Bonds, the Trustee, and the Issuer, and the terms upon which the bonds are, and are to be, authenticated and delivered and by this reference to the terms of which each Holder of this Bond hereby consents. The Bonds are authorized the be issued by a resolution of the District Board of the Issuer adopted on September 6, 2005 (the "*Bond Resolution*"), for the purposes therein described and in strict conformity with Title 48, Chapter 4, Article 16, Arizona Revised Statutes, as amended (the "*Enabling Act*").

The Bonds are payable, equally and ratably with the Issuer's $5,000,000 aggregate principal amount of District General Obligation Bonds, Series 2004 (the "*Series 2004 Bonds*"), and with such other obligations of the Issuer payable from such sources as may be outstanding from time to time and to the extent provided in the Bond Resolution, from the proceeds of an *ad valorem* tax to be collected, at the same time and in the same manner as other taxes are levied and collected on all taxable property within the boundaries of the Issuer sufficient together with any other moneys from sources available pursuant to the Enabling Act (including, with respect to the Bonds but not any other obligations or bonds, amounts available from the Depository Agreement as described below) to pay debt service on the Bonds when due. The Issuer, Wells Fargo Bank, N.A., as depository, and Buckeye Land Management, Inc., an Arizona corporation, have entered in the Depository Agreement dated October 1, 2005 (the "*Depository Agreement*"), pursuant to which not less than four times the difference between (a) maximum annual debt service on all outstanding Series 2004 Bond and the Bonds, together with average annual administrative expenses and (b) the amount of property taxes which a tax rate of $3.00 per $100 of secondary assessed valuation (assuming 95% collection of taxes or the historical collection percentage if lower) would produce in any year based upon the secondary assessed valuation in effect on the date of issuance of the Bonds, is deposited and is available to the Trustee for payment of principal of or interest on the Bonds to the extent moneys are not otherwise available. THE DEPOSITORY AGREEMENT MAY BE RELEASED PRIOR TO THE MATURITY OF THE BONDS BY THE ISSUER UPON SATISFACTION OF CERTAIN CONDITIONS SET FORTH IN THE INDENTURE. Upon release amounts available pursuant to the Depository Agreement may be paid to the Owner and are not subject to replenishment.

Notwithstanding any provisions hereof or of the Bond Resolution, however, the Indenture may be released and the obligation of the Issuer to make money available to pay this Bond may be defeased by the deposit of money and/or certain direct or indirect Governmental Obligations (as such term is defined in the Indenture) sufficient for such purpose as described in the Indenture.

The Bonds are issuable as fully registered bonds only in the denominations of $5000 each and any multiples thereof.

Optional Redemption. The Bonds maturing on or before July 15, 2015 are not subject to call for redemption prior to maturity. Bonds maturing on and after July 15, 2016, are subject to redemption, at the option of the Issuer, on any date on or after July 15, 2015, as a whole or in part, upon not more than 60 nor less than 30 days prior notice given by mail as provided in the Indenture, upon payment of the Redemption Price, which shall consist of the principal amount of the Bonds so redeemed plus accrued interest, if any, on the Bonds so redeemed from the most recent Interest Payment Date to the Redemption Date, but without a premium.

Mandatory Redemption. The Bonds maturing on July 15, 2025, shall be redeemed on the following Redemption Dates and in the following amounts upon not more than 60 nor less than 30 days prior notice given by mail as provided in the Indenture, upon payment of the Redemption Price, which shall consist of the principal amount of the Bonds so redeemed plus accrued interest, if any, on the Bonds so redeemed from the most recent Interest Payment Date to the Redemption Date but without premium.

Whenever Bonds maturing on July 1, 2025 or 2030 are redeemed (other than pursuant to mandatory redemption) or are delivered to the Trustee for cancellation, the principal amount of the Bonds of such maturity so retired shall satisfy and be credited against the mandatory redemption requirements for such maturity on a pro rate basis, to the extent practicable provided, however, that each remaining mandatory payment shall be in an amount which is an Authorized Denomination.

Upon any partial redemption of any Bond, the same shall, except as otherwise permitted by the Indenture, be surrendered in exchange for one or more new Bonds of the same maturity in authorized form for the unredeemed portion of principal. Bonds (or portions thereof) for whose redemption and payment provision is made in accordance with the Indenture and the Bond Resolution shall thereupon cease to be entitled to the benefits of the Indenture and shall cease to bear interest from and after the date fixed for redemption.

If less than all the Outstanding Bonds are to be redeemed, the particular Bonds of a maturity to be redeemed shall, unless otherwise provided herein, be selected not more than forty-five (45) days prior to the Redemption Date by the Trustee from the Outstanding Bonds of such maturity, which have not previously been called for redemption, by lot and the Trustee may provide for the selection for redemption of portions (equal to an Authorized Denomination) of the principal of Bonds.

The Bond Resolution and the Indenture permit, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Issuer and the rights of the Holders of the bonds under the Bond Resolution, the Indenture and the Depository Agreement at any time by the Issuer with the consent of the Holders of a majority in principal amount of the Bonds at the time Outstanding (as such term is defined in the Indenture) affected by such modification. The Bond Resolution and Indenture also contain provisions permitting the Holders of specified percentages in aggregate principal amount of the bonds at the time Outstanding, on behalf of the Holders of all the Bonds, to waive compliance by the Issuer with certain past defaults under the Bond Resolution or the Indenture and their consequences. Any such consent or waiver by the Holder of this Bond or any Predecessor Bond (as such term is defined in the Indenture) evidencing the same debt shall be conclusive and binding upon such Holder and upon all future holders thereof and of any Bond issued upon the transfer thereof or in exchange therefor or in lieu thereof, whether or not notation of such consent or waiver is made upon this Bond.

As provided in the Indenture and subject to certain limitations therein set forth, this Bond is transferable on the Bond Register of the Issuer, upon surrender of this Bond for transfer to the Paying Agent at the Place of Payment duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to the Issuer and the Paying Agent duly executed by, the registered Holder hereof or his attorney duly authorized in writing, and thereupon one or more new fully registered Bonds of authorized denominations and for the same aggregate principal amount shall be issued to the designated transferee or transferees.

SPECIMEN BOND

As provided in the Indenture and subject to certain limitations therein set forth, Bonds are exchangeable for a like aggregate principal amount of Bonds in authorized denominations, as requested by the Holder, upon surrender of the Bonds to be exchanged to the Paying Agent at the Place of Payment. The Paying Agent may require payment of a sum sufficient to cover any tax or other charges payable in connection therewith.

The Issuer, the Trustee, and any agent of either of them may treat the Person in whose name this Bond is registered as the owner hereof for the purpose of receiving payment as herein provided and for all other purposes, whether or not this Bond be overdue, and none of the Issuer, the Trustee, and any such agent shall be affected by notice to the contrary.

NEITHER THE FULL FAITH AND CREDIT NOR THE GENERAL TAXING POWER OF THE TOWN OF BUCKEYE, ARIZONA, OR THE STATE OF ARIZONA OR ANY POLITICAL SUBDIVISION THEREOF (OTHER THAN THE ISSUER) IS PLEDGED TO THE PAYMENT OF THE BONDS.

Unless the Certificate of Authentication hereon has been executed by the Trustee, by manual signature, this Bond shall not be entitled to any benefit under the Bond Resolution or the Indenture or be valid or obligatory for any purpose.

It is hereby certified, covenanted, and represented that all acts, conditions and things required to be performed, exist, and be done precedent to or in the issuance of this Bond in order to render the same a legal, valid, and binding general obligation of the Issuer have been performed, exist and have been done, in regular and due time, form, and manner, as required by law, and that issuance of the bonds does not exceed any constitutional or statutory limitation. In case any provision in this Bond or any application thereof shall be invalid, illegal, or unenforceable, the validity, legality, and enforceability of the remaining provisions and applications shall not in any way be affected or impaired thereby. This Bond shall be construed in accordance with and governed by the laws of the State of Arizona and the federal laws of the United States of America.

IN WITNESS WHEREOF, the Issuer has caused this Bond to be duly executed.

(To Blanket Issuer Letter of Representations)

SAMPLE OFFERING DOCUMENT LANGUAGE DESCRIBING BOOK-ENTRY-ONLY ISSUANCE

(Prepared by DTC—bracketed material may be applicable only to certain issues)

1. The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the securities (the"Securities"). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for [each issue of] the Securities, [each] in the aggregate principal amount of such issue,and will be deposited with DTC. [If, however, the aggregate principal amount of [any] issue exceeds $500 million, one certificate will be issued with respect to each $500 million of principal amount, and an additional certificate will be issued with respect to any remaining principal amount of such issue.]

2. DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 2 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 85 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Government Securities Clearing Corporation, MBS Clearing Corporation, and Emerging Markets Clearing Corporation, (NSCC, GSCC, MBSCC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at **www.dtcc.com**.

3. Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC's records. The ownership interest of each actual purchaser of each Security ("Beneficial Owner")is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

4. To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC's records reflect only the identity

of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. [Beneficial Owners of Securities may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Securities, such as redemptions, tenders, defaults, and proposed amendments to the Security documents. For example, Beneficial Owners of Securities may wish to ascertain that the nominee holding the Securities for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.]

[**6.** Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.]

7. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Securities unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, distributions, and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from Issuer or Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC [nor its nominee], Agent, or Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of Issuer or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

[**9.** A Beneficial Owner shall give notice to elect to have its Securities purchased or tendered, through its Participant, to [Tender/Remarketing] Agent, and shall effect delivery of such Securities by causing the Direct Participant to transfer the Participant's interest in the Securities, on DTC's records, to [Tender/Remarketing] Agent. The requirement for physical delivery of Securities in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Securities are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Securities to [Tender/Remarketing] Agent's DTC account.]

10. DTC may discontinue providing its services as depository with respect to the Securities at any time by giving reasonable notice to Issuer or Agent. Under such circumstances, in the event that a successor depository is not obtained, Security certificates are required to be printed and delivered.

11. Issuer may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered.

12. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that Issuer believes to be reliable, but Issuer takes no responsibility for the accuracy thereof.

REPRESENTATION FOR SECURITIES WITH PURCHASE RESTRICTION

Issuer and Agent recognize that DTC does not in any way undertake to, and shall not have any responsibility to, monitor or ascertain the compliance of any transactions in the Securities with any exemptions from registration under the Securities Act of 1933, the Investment Company Act of 1940, or of any other state or federal securities laws (including any mechanism designed to assure such compliance, such as a purchaser's letter). Issuer and Agent acknowledge that: a) so long as Cede & Co. is the sole record owner of the Securities, it shall be entitled to all voting rights in respect thereof and to receive the full amount of all principal, premium, if any, and interest payable with respect thereto; and b) DTC shall treat any DTC Participant having Securities credited to its DTC accounts as entitled to the full benefits of ownership of such Securities even if the crediting of such Securities to the DTC accounts of such Participant results from transfers or failures to transfer in violation of such laws. (The treatment by DTC of the effects of the crediting by it of Securities to the accounts of DTC Participants shall not affect the rights of Issuer or purchasers, sellers, or holders of Securities against any DTC Participant.)

Dear Mr. Reynolds:

Pursuant to your request for a Standard & Poor's rating on the above-referenced obligations, we have reviewed the information submitted to us and, subject to the enclosed *Terms and Conditions,* have assigned a rating of "BBB-". Standard & Poor's views the outlook for this rating as stable. A copy of the rationale supporting the rating is enclosed.

The rating is not investment, financial, or other advice and you should not and cannot rely upon the rating as such. The rating is based on information supplied to us by you or by your agents but does not represent an audit. We undertake no duty of due diligence or independent verification of any information. The assignment of a rating does not create a fiduciary relationship between us and you or between us and other recipients of the rating. We have not consented to and will not consent to being named an "expert" under the applicable securities laws, including without limitation, Section 7 of the Securities Act of 1933. The rating is not a "market rating" nor is it a recommendation to buy, hold, or sell the obligations.

This letter constitutes Standard & Poor's permission to you to disseminate the above-assigned rating to interested parties. Standard & Poor's reserves the right to inform its own clients, subscribers, and the public of the rating.

Standard & Poor's relies on the issuer/obligor and its counsel, accountants, and other experts for the accuracy and completeness of the information submitted in connection with the rating. This rating is based on financial information and documents we received prior to the issuance of this letter. Standard & Poor's assumes that the documents you have provided to us are final. To maintain the rating, Standard & Poor's must receive all relevant financial information as soon as such information is available. Placing us on a distribution list for this information would facilitate the process. You must promptly notify us of all material changes in the financial information and the documents. Standard & Poor's may change, suspend, withdraw, or place on

CreditWatch the rating as a result of changes in, or unavailability of, such information. Standard & Poor's reserves the right to request additional information if necessary to maintain the rating.

STANDARD
&POOR'S

Standard & Poor's Ratings Services
Terms and Conditions
Applicable To
U.S. Public Finance Ratings

Request for a rating. Standard & Poor's issues public finance ratings for a fee upon request from an issuer, or from an underwriter, financial advisor, investor, insurance company, or other entity, provided that the obligor and issuer (if different from the obligor) each has knowledge of the request. The term "issuer/obligor" in these Terms and Conditions means the issuer and the obligor if the obligor is different from the issuer.

Agreement to Accept Terms and Conditions. Standard & Poor's assigns Public Finance ratings subject to the terms and conditions stated herein and in the rating letter. The issuer/obligor's use of a Standard & Poor's public finance rating constitutes agreement to comply in all respects with the terms and conditions contained herein and in the rating letter and acknowledges the issuer/obligor's understanding of the scope and limitations of the Standard & Poor's rating as stated herein and in the rating letter.

Fees and expenses. In consideration of our analytic review and issuance of the rating, the issuer/obligor agrees to pay Standard & Poor's a rating fee. Payment of the fee is not conditioned on Standard & Poor's issuance of any particular rating. In most cases an annual surveillance fee will be charged for so long as we maintain the rating. The issuer/obligor will reimburse Standard & Poor's for reasonable travel and legal expenses if such expenses are not included in the fee. Should the rating not be issued, the issuer/obligor agrees to compensate Standard & Poor's based on the time, effort, and charges incurred through the date upon which it is determined that the rating will not be issued.

Scope of Rating. The issuer/obligor understands and agrees that (i) an issuer rating reflects Standard & Poor's current opinion of the issuer/obligor's overall financial capacity to pay its financial obligations as they come due, (ii) an issue rating reflects Standard & Poor's current opinion of the likelihood that the issuer/obligor will make payments of principal and interest on a timely basis in accordance with the terms of the obligation, (iii) a rating is an opinion and is not a verifiable statement of fact, (iv) ratings are based on information supplied to Standard & Poor's by the issuer/obligor or by its agents and upon other information obtained by Standard & Poor's from other sources it considers reliable, (v) Standard & Poor's does not perform an audit in connection with any rating and a rating does not represent an audit by Standard & Poor's, (vi) Standard & Poor's relies on the issuer/obligor, its accountants, counsel, and other experts for the accuracy and completeness of the information submitted in connection with the rating and surveillance process, (vii) Standard & Poor's undertakes no duty of due diligence or independent verification of any information, (viii) Standard & Poor's does not and cannot guarantee the accuracy, completeness, or timeliness of the information relied on in connection with a rating or the results obtained from the use of such information, (ix) Standard & Poor's may raise, lower, suspend, place on CreditWatch, or withdraw a rating at any time, in Standard & Poor's sole discretion, and (x) a rating is not a "market" rating nor a recommendation to buy, hold, or sell any financial obligation.

Publication. Standard & Poor's reserves the right to publish, disseminate, or license others to publish or disseminate the rating and the rationale for the rating unless the issuer/obligor specifically requests that the rating be assigned and maintained on a confidential basis. If a confidential rating subsequently becomes public through disclosure by the issuer/obligor or a third party other than Standard & Poor's, Standard & Poor's reserves the right to publish it. Standard & Poor's may publish explanations of Standard & Poor's ratings criteria from time to time and nothing in this Agreement shall be construed as limiting Standard & Poor's ability to modify or refine Standard & Poor's criteria at any time as Standard & Poor's deems appropriate.

Information to be Provided by the Issuer/obligor. The issuer/obligor shall meet with Standard & Poor's for an analytic review at any reasonable time Standard & Poor's requests. The issuer/obligor also agrees to provide Standard & Poor's promptly with all information relevant to the rating and surveillance of the rating including information on material changes to information previously supplied to Standard & Poor's. The rating may be affected by Standard & Poor's opinion of the accuracy, completeness, timeliness, and reliability of information received from the issuer/obligor or its agents. Standard & Poor's undertakes no duty of due diligence or independent verification of

information provided by the issuer/obligor or its agents. Standard & Poor's reserves the right to withdraw the rating if the issuer/obligor or its agents fails to provide Standard & Poor's with accurate, complete, timely, or reliable information.

Standard & Poor's Not an Advisor, Fiduciary, or Expert. The issuer/obligor understands and agrees that Standard & Poor's is not acting as an investment, financial, or other advisor to the issuer/obligor and that the issuer/obligor should not and cannot rely upon the rating or any other information provided by Standard & Poor's as investment or financial advice. Nothing in this Agreement is intended to or should be construed as creating a fiduciary relationship between Standard & Poor's and the issuer/obligor or between Standard & Poor's and recipients of the rating. The issuer/obligor understands and agrees that Standard & Poor's has not consented to and will not consent to being named an "expert" under the applicable securities laws, including without limitation, Section 7 of the U.S. Securities Act of 1933.

Limitation on Damages. The issuer/obligor agrees that Standard & Poor's, its officers, directors, shareholders, and employees shall not be liable to the issuer/obligor or any other person for any actions, damages, claims, liabilities, costs, expenses, or losses in any way arising out of or relating to the rating or the related analytic services provided for in an aggregate amount in excess of the aggregate fees paid to Standard & Poor's for the rating, except for Standard & Poor's gross negligence or willful misconduct. In no event shall Standard & Poor's, its officers, directors, shareholders, or employees be liable for consequential, special, indirect, incidental, punitive or exemplary damages, costs, expenses, legal fees, or losses (including, without limitation, lost profits and opportunity costs). In furtherance and not in limitation of the foregoing, Standard & Poor's will not be liable in respect of any decisions made by the issuer/obligor or any other person as a result of the issuance of the rating or the related analytic services provided by Standard & Poor's hereunder or based on anything that appears to be advice or recommendations. The provisions of this paragraph shall apply regardless of the form of action, damage, claim, liability, cost, expense, or loss, whether in contract, statute, tort (including, without limitation, negligence), or otherwise. The issuer/obligor acknowledges and agrees that Standard & Poor's does not waive any protections, privileges, or defenses it may have under law, including but not limited to, the First Amendment of the Constitution of the United States of America.

Term. This Agreement shall terminate when the ratings are withdrawn. Notwithstanding the foregoing, the paragraphs above, "Standard & Poor's Not an Advisor, Fiduciary, or Expert" and "Limitation on Damages", shall survive the termination of this Agreement or any withdrawal of a rating.

Third Parties. Nothing in this Agreement, or the rating when issued, is intended or should be construed as creating any rights on behalf of any third parties, including, without limitation, any recipient of the rating. No person is intended as a third party beneficiary to this Agreement or to the rating when issued.

Binding Effect. This Agreement shall be binding on, and inure to the benefit of, the parties hereto and their successors and assigns.

Severability. In the event that any term or provision of this Agreement shall be held to be invalid, void, or unenforceable, then the remainder of this Agreement shall not be affected, impaired, or invalidated, and each such term and provision shall be valid and enforceable to the fullest extent permitted by law.

Complete Agreement. This Agreement constitutes the complete agreement between the parties with respect to its subject matter. This Agreement may not be modified except in a writing signed by authorized representatives of both parties.

Governing Law. This Agreement and the rating letter shall be governed by the internal laws of the State of New York. The parties agree that the state and federal courts of New York shall be the exclusive forums for any dispute arising out of this Agreement and the parties hereby consent to the personal jurisdiction of such courts.

NEW ISSUE - BOOK-ENTRY ONLY FORM

Rating: Moody's: Baa3
S&P: BBB-

In the opinion of Gust Rosenfeld P.L.C., Bond Counsel, under existing laws, regulations, rulings and judicial decisions, and assuming continuing compliance with certain restrictions, conditions and requirements by the District as mentioned under "TAX EXEMPTION" herein, interest income on the Bonds will be excluded from gross income for federal income tax purposes and is exempt from Arizona income taxes. Interest income on the Bonds is not an item of preference to be included in the alternative minimum tax of individuals or corporations; such interest income must, however, be taken into account for federal income tax purposes as an adjustment to alternative minimum taxable income for certain corporations which income is subject to federal alternative minimum tax. See "TAX EXEMPTION" herein. The District will designate the Bonds as "qualified tax-exempt obligations" for purposes of Section 265(b)(3) of the Internal Revenue Code of 1986, as amended (the "Code"). For such purpose, the District will certify that it reasonably anticipates that the aggregate amount of qualified tax-exempt obligations (as defined in Section 265(b)(3)(B) of the Code) which will be issued by or on behalf of the District in calendar year 2005 will not exceed $10,000,000.

SUNDANCE COMMUNITY FACILITIES DISTRICT
(TOWN OF BUCKEYE, ARIZONA)
GENERAL OBLIGATION BONDS,
SERIES 2005

INTRODUCTION

This Official Statement, which includes the cover page and the appendices hereto (this "Official Statement"), provides certain information concerning the issuance of Sundance Community Facilities District (Town of Buckeye, Arizona) General Obligation Bonds, Series 2005 (the "Bonds"), in the aggregate principal amount of $6,000,000.* **Certain capitalized terms not defined in the text of this Official Statement are defined in Appendix E - "SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE - Definitions of Certain Terms" herein.** Copies of any of the documents referenced herein are available upon request to the Underwriter at Suite 700, 2375 East Camelback Road, Phoenix, Arizona 85016.

Pursuant to the Community Facilities Act of 1988, constituting Title 48, Chapter 4, Article 6, Arizona Revised Statutes, as amended (the "Act"), a petition was executed by the then owners of all of the real property within Sundance Community Facilities District (the "District"). In response to such petition, the Mayor and Council (the "Town Council") of the Town of Buckeye, Arizona (the "Town"), adopted a resolution on June 19, 2001, which formed the District. (See Appendix A hereto for certain information with respect to the Town.)

The District encompasses approximately 1,860 acres of land within the Town, located approximately thirty (30) miles west of downtown Phoenix, Arizona, adjacent to Interstate 10. Such land is being developed as a mixed use, master-planned community known as "Sundance." (See the maps at pages (iii) and (iv) with respect to the location of the District and Table 10 for a breakdown of development use by acreage.)

The District is a special purpose, tax levying public improvement district for purposes of the Constitution of Arizona and a municipal corporation for certain purposes of the laws of the State of Arizona (the "State"). Except as otherwise provided in the Act, the District is considered to be a municipal corporation and political subdivision of the State, separate and apart from the Town. The Town Council serves as the District Board of the District (the "Board"), and the Manager of the Town serves as the District Manager.

Approximately 1,317 acres of the land within the District are planned for ultimate development of approximately 5,500 single family homes. Of that number, approximately 2,400 have been sold to individual homeowners as of July, 2005. **(References herein to home**

sales reflect the number of sales for which escrows have closed with ultimate buyers.)

THE BONDS

Authorization and Purpose

The Bonds are authorized pursuant to the Act and a special election held in and for the District on August 7, 2001 (the "Election"), pursuant to which the District has been authorized to incur general obligation bonded indebtedness in an amount not to exceed $50,000,000 in order to finance, among other things, the costs of public infrastructure purposes within the District, including incidental costs and the costs of issuing bonds, and will be issued pursuant to a resolution adopted by the Board on September 6, 2005 (the "Bond Resolution"), and the Indenture of Trust and Security Agreement, to be dated as of October 1, 2005 (the "Indenture"), from the District to the Trustee. See Appendix D - "SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE." The Bonds will be the second series issued pursuant to the authorization approved by the Election, and, after issuance of the Bonds, $39,000,000 aggregate principal amount of bonds will remain authorized but unissued. See "SECURITY FOR AND SOURCES OF PAYMENT OF THE BONDS - *Ad Valorem* Property Taxation in the District -- Annual Debt Service Requirements of General Obligation Bonded Indebtedness to be Outstanding" and "OVERLAPPING, ADDITIONAL AND ADDITIONAL OVERLAPPING INDEBTEDNESS - Additional General Obligation Bonded Indebtedness of the District." The Bonds are being issued in order to finance the costs to acquire or construct certain public infrastructure within the boundaries of the District, mainly roadways and utility improvements, which have been or will be dedicated to the Town (the "Public Infrastructure").

General Description

The Bonds will be dated the date of their initial delivery and will mature and bear interest as set forth on the cover page of this Official Statement.

Interest on the Bonds will be paid semiannually on January 15 and July 15 of each year, commencing January 15, 2006 (each such date an "Interest Payment Date"). The Bonds will bear interest from the most recent Interest Payment Date to which interest has been paid or duly provided for or, if no interest has been paid, from the date of their initial delivery, calculated on the basis of a 360-day year of twelve 30-day months.

Beneficial ownership interests may be purchased through the facilities of The Depository Trust Company, New York, New York ("DTC"), in the book-entry only form described herein in amounts of $5,000 of principal amount and integral multiples thereof. See Appendix E - "BOOK-ENTRY ONLY SYSTEM."

Redemption Provisions

Optional Redemption. The Bonds will be subject to redemption at the option of the District as a whole or from time to time in part on July 15, 2015, or any date thereafter (each a "Redemption Date") upon payment of the Redemption Price, which shall consist of the principal amount of the Bonds so redeemed plus accrued interest, if any, on the Bonds so redeemed from the most recent Interest Payment Date to the Redemption Date, without premium.

Mandatory Redemption. The Bonds maturing on July 15 of the following years will be redeemed on the following Redemption Dates and in the following amounts upon payment of the Redemption Price, which shall consist of the principal amount of the Bonds so redeemed plus accrued interest, if any, on the Bonds so redeemed from the most recent Interest Payment Date to the Redemption Date, without premium:

Redemption Date (July 15)	Principal Amount Redeemed
Maturing in 2025	
2021	245,000
2022	260,000
2023	270,000
2024	285,000
Maturing in 2030	
2026	315,000
2027	330,000
2028	345,000
2029	365,000

Notice of Redemption. Notice of redemption will be given by the Trustee, not less than thirty (30) days nor more than sixty (60) days prior to the Redemption Date, to DTC. See Appendix E - "BOOK-ENTRY ONLY SYSTEM."

Effect of Redemption. Notice of redemption having been given as aforesaid, the portion of the Bonds so to be redeemed will, on the Redemption Date, become due and payable at the Redemption Price therein specified, and from and after such date (unless the District shall default in the payment of the Redemption Price) such Bonds will cease to bear interest.

SECURITY FOR AND SOURCES OF PAYMENT OF THE BONDS

General

After the Bonds are issued, State law requires that the Board annually levy, and cause to be collected, an *ad valorem* tax, at the same time and in the same manner as other such taxes are levied

and collected, on all taxable property in the District, sufficient to pay Debt Service (whether at maturity or prior redemption). (Such tax is unlimited as to rate or amount.) Amounts derived from the levy of the tax provided in this section when collected constitute funds to pay Debt Service and will be deposited in the Bond Fund and kept separately from other funds of the District. (The District levies an *ad valorem* tax at a rate of $3.00 per $100 of secondary assessed valuation on all taxable property within the boundaries of the District for the payment of Debt Service, which is separate from the hereinafter described Operation and Maintenance Tax.) With respect to *ad valorem* property taxes, issues of general obligation bonds of the District that may be issued in the future will be payable from such taxes on the same basis as the Bonds. (The District and the Trustee have acknowledged pursuant to the Indenture that the Bonds and any other general obligation bonds of the District hereafter issued will be payable on a parity basis with respect to the collection and application of property tax revenues of the District and that such property taxes will be allocated to each series of general obligation bonds in accordance with any debt service then due and, in either case, taking into account other funds held by the District for such payment. Property tax revenues allocated for any series of bonds will be deposited into the applicable bond fund set aside for such series.) See "OVERLAPPING, ADDITIONAL AND ADDITIONAL OVERLAPPING INDEBTEDNESS - Additional General Obligation Bonded Indebtedness of the District."

Simultaneously with the delivery of the Bonds and pursuant to the Depository Agreement, dated as of October 1, 2005 (the "Depository Agreement"), by and among Wells Fargo Bank, N.A., as depository (the "Depository"), the District and Buckeye Land Management, Inc. ("BLMI"), $130,000 (the "Payment") will be deposited with the Depository. The amount held pursuant to the Depository Agreement will be available to pay Debt Service if an *ad valorem* property tax of at least $3.00 per $100 of secondary assessed valuation (which does not include the Operation and Maintenance Tax) on all taxable property within the boundaries of the District has been levied and assessed, but will <u>not</u> be subject to replenishment if used for such purpose. See "The Depository Agreement." Earnings on amounts held by the Depository pursuant the Depository Agreement will be added to the amounts held thereunder, and amounts held by the Depository pursuant the Depository Agreement will be released to BLMI, and the Depository Agreement will be terminated, in each case, under certain circumstances as described under the subheading "The Depository Agreement." A portion of Debt Service due on January 15, 2006 will be paid from amounts available pursuant to the Depository Agreement. It is expected that thereafter, based on existing and anticipated development as described herein under the heading "LAND DEVELOPMENT," the amount of *ad valorem* property taxes expected to be collected from year to year at a tax rate of $3.00 per $100 of secondary assessed valuation on all taxable property then within the boundaries of the District will be sufficient alone to pay Debt Service.

Investment in the Bonds involves certain risks that each prospective investor should consider prior to investing. See "RISK FACTORS."

NEITHER THE FULL FAITH AND CREDIT NOR THE GENERAL TAXING POWER OF THE TOWN NOR THE STATE NOR ANY POLITICAL SUBDIVISION THEREOF (OTHER THAN THE DISTRICT) IS PLEDGED TO THE PAYMENT OF THE BONDS. THE BONDS ARE OBLIGATIONS OF THE DISTRICT ONLY. NONE OF THE TOWN, THE STATE OR ANY POLITICAL SUBDIVISION THEREOF (OTHER THAN THE DISTRICT) WILL HAVE ANY OBLIGATION WITH RESPECT TO DEBT SERVICE FOR THE BONDS.

***Ad Valorem* Property Taxation in the District**

General. The State has two different valuation bases for levying *ad valorem* property taxes. They are "limited property" and "full cash value." Additionally, all property, both real and personal, is assigned a classification to determine its assessed valuation for tax purposes. Each legal classification is defined by property use and has an assessment ratio (a percentage factor) that is multiplied by the limited or full cash values of the property to obtain the assessed valuations. See "-- Assessment Ratios" below.

Primary Taxes. Taxes levied against the assessed limited property value (after application of the assessment ratio) are referred to as primary taxes, which are used for the maintenance and operation of counties, cities/towns, school districts, community college districts and the State. Limited property value cannot exceed the full cash value and is derived statutorily using one of the following two procedures:

(a) The limited property value for parcels in existence in the prior year that did not undergo modification through construction, destruction, split or change in use are established at the previous year's limited property value increased by the greater of either ten percent of the previous year's limited property value or 25 percent of the difference between the previous year's limited property value and the current year's full cash value.

(b) The limited property value for parcels that underwent modification through construction, destruction or change in use, and for new parcels, is established by applying a ratio of the full cash to limited property values of existing properties of the same use or legal classification.

The aggregate of the primary taxes levied by a county, city/town and community college district is constitutionally limited to a maximum increase of two percent over the previous year's levy limit plus any taxes on property not subject to tax in the previous year (e.g., new construction and property brought into the jurisdiction because of annexation). The two percent limitation does not apply to primary taxes levied on behalf of school districts. The limited and full cash values of personal property (other than mobile homes)

and for utility, mining and producing oil, gas and geothermal property are the same. Primary taxes on owner-occupied residential property only are constitutionally limited to one percent of the full cash value of such property. (To offset the effects of the one percent limitation, a tax equalization program has been instituted for school equalization purposes. This program required the counties to levy a tax of $0.4358 per $100 of assessed value under the primary system for fiscal year 2005-2006.)

Secondary Taxes. Taxes levied against the assessed value (after application of the assessment ratio to full cash value) are referred to as secondary taxes, which are used for debt retirement (including debt service on the Bonds), voter-approved budget overrides and the maintenance and operation of special service districts such as sanitary, fire and road improvement districts (including maintenance and operation expenses of the District). There is no limitation on the annual increases in full cash value of any property, and annual levies for voter-approved bond indebtedness and special district assessments are unlimited.

Determination of Full Cash Value. The first step in the tax process is the determination of the full cash value of each parcel of real property within the State. Most property is valued by the various county assessors, including for Maricopa County, Arizona (the "County"), the county in which the District is located, the County Assessor for the County (the "Assessor"), with the Arizona Department of Revenue valuing centrally assessed properties such as gas, water and electrical utilities, pipelines, mines, local and long distance telephone companies and airline flight property.

Full cash value is statutorily defined to mean "that value determined as prescribed by statute" or, if no statutory method is prescribed, it is "synonymous with market value." "Market value" means that estimate of value that is derived annually by use of standard appraisal methods and techniques, which generally includes the market approach, the cost approach and the income approach. As a general matter, the Assessor uses a cost approach for commercial/industrial property and a sales data approach for residential property. Arizona law allows taxpayers to appeal the Assessor's valuations by providing evidence of a lower value, which may be based upon another valuation approach.

County assessors, upon meeting certain conditions, may value residential, agricultural and vacant land at the same full cash valuation for up to three years. The Assessor currently values existing properties on a two-year cycle.

Certain residential property owners 65 years of age and older may obtain such a freeze against valuation increases (the "Property Valuation Protection Option") if the owner's total income from all sources does not exceed 400 percent (500 percent for two or more owners of the same property) of the "Social Security Income Benefit Rate." The property owner must apply for the Property Valuation Pro-

tection Option and, if approved by the Assessor, must renew the application every three years. If the property is sold to a person who does not qualify for the Property Valuation Protection Option, the valuation reverts to its then current full cash value. Any freeze on increases in full cash value will also freeze the secondary assessed value of the affected property as hereinafter described.

Assessment Ratios. The appropriate property classification ratio is applied to the full cash value to determine the assessed valuation for such parcel. The assessment ratios for the fiscal year 2005-2006 for each class of property are set forth below.

TABLE 1
PROPERTY TAX ASSESSMENT RATIOS

Property Classification (a)	Assessment as Percent of Full Cash Value
Mining, Utility and Commercial and Industrial (b)	25%
Agricultural and Vacant Land (b)	16
Owner Occupied Residential	10
Leased or Rented Residential	10
Railroad, Private Car Company and Airline Flight Property (c)	N/A

(a) Additional classes of property exist, but seldom amount to a significant portion of total valuation.

(b) The first $56,298 in 2005-2006 of full cash value of commercial, industrial and agricultural personal property is not taxable. Any portion of the full cash value in excess of such amount will be assessed at 25 percent or 16 percent, as applicable. Effective December 31, 2005, the assessment rate on mining, utility, commercial and industrial property will be reduced to 24.5%. Additionally, this ratio will be reduced by one half of one percent annually through 2014, resulting in an assessment ratio of 20% from and after December 31, 2014.

(c) This percentage is determined annually to be equal to the ratio of (i) the total assessed valuation of all mining, utility, commercial, industrial, and military reuse zone properties, agricultural personal property and certain leasehold personal property to (ii) the total full cash (market) value of such properties.

Collection. On or before the third Monday in August of each year based on valuation as of that date, the District will (i) fix, levy and assess the amount to be raised from *ad valorem* property taxes that, together with the amount estimated to be available from all other sources of revenue and any unencumbered balances from the previous fiscal year, will equal the total of amounts proposed to be expended in the budget for the current fiscal year and (ii) fix and determine the necessary *ad valorem* property tax rates for the Dis-

trict. For such purpose, on or before each such third Monday in August, and after review of such amount and rate for compliance with any applicable statutory and constitutional limitations by the property tax oversight commission of the State, an assessment and tax roll must be delivered to the County Treasurer of the County (the "Treasurer"). The Assessor of the County may, however, change such roll any time before December 20 of such year. *Any decrease in the value of the roll so established in December from the value used on the immediately preceding third Monday in August could reduce the aggregate amount of taxes to be collected by the District.*

The *ad valorem* property taxes levied and assessed by the District pursuant to the assessment and tax roll delivered to the Treasurer are billed along with State and County *ad valorem* property taxes and are due and payable in two equal installments on October 1 of that calendar year and on March 1 of the subsequent calendar year. The two *ad valorem* property tax installments become delinquent and begin to accrue interest at the rate of 16 percent per annum simple interest prorated monthly on November 1 of that calendar year and May 1 of the subsequent calendar year, respectively. Delinquent interest is waived if a taxpayer, delinquent as to the November 1 payment, pays the entire year's tax bill by December 31 of such calendar year.

All taxes become a lien upon the property assessed (they are not a personal obligation of the property owner), attaching on the first day of January of each tax year, subject to the possible exception of *ad valorem* property taxes levied against the real property of a property owner in bankruptcy. Generally, a tax lien is not satisfied or removed until the taxes are paid or the property is finally vested in a purchaser under a tax lien sale. An *ad valorem* property tax lien is prior and superior to all the liens and encumbrances on the property, except liens and encumbrances held by the State.

If the *ad valorem* property taxes are not paid when due, the Treasurer is required to secure a payment through the sale of the tax lien. Not later than December 31 of each year, the Treasurer must prepare a list of all real property upon which the *ad valorem* property taxes for prior years were unpaid and delinquent. The property so listed is advertised for sale, and the sale of the tax lien for delinquent *ad valorem* property taxes must be held by the Treasurer in February of the calendar year immediately following the publication of notice of the tax lien sale. The Treasurer will offer at the sale a tax lien on each delinquent property at a price equal to the amount of taxes, interest and penalties due on the property to the bidder willing to accept the lowest rate of interest on the amount paid by the bidder for the tax lien. If no bidder is willing to accept less than 16 percent per annum, the lien is assigned to the State and held for subsequent resale. If a tax lien is sold, the bidder is required to pay in cash at the time of sale a purchase price equal to the amount of taxes, interest and penalties due on the property. If the lien is assigned to the State, the *ad valorem* property taxes due will remain unpaid until subsequent resale or redemption of the property.

Accordingly, delinquent *ad valorem* property taxes levied by the District should, if the assessed property has sufficient value to attract bidders at the tax lien sale, be recovered by the District within 15 months after the end of the calendar year in which such taxes were levied and assessed.

The holder of a tax lien is entitled to foreclose the right to redeem the tax lien by judicial sale after the third anniversary of the tax lien sale and to foreclose the tax lien by administrative process, without judicial action, after the fifth anniversary of the tax lien sale.

It is anticipated that the District's semiannual payments of Debt Service will be funded with installments of tax payments collected on or about the immediately preceding tax payment date together with any funds available from any other sources. If, for any reason, a material portion of the *ad valorem* property taxes due and payable to the District are not paid in a timely manner, the payment of Debt Service could be delayed. It cannot be determined with any certainty when delinquent *ad valorem* property taxes could be collected and available for the payment of Debt Service and what impact such delay could have on the secondary market for the Bonds. **See "RISK FACTORS - Assessed Valuation of Property," "- Direct and Overlapping Indebtedness" and "- Bankruptcy and Foreclosure Delays."**

Record of Taxes Levied and Collected in the District. Under State law, the Board of Supervisors of the County is required to levy a tax in an amount sufficient to provide for Debt Service. With respect to the District, certain amounts are available (as described below) that will be used to offset the amount otherwise needed for Debt Service. Property taxes are levied and collected on property within the District and certified by the Treasurer on behalf of the District.

The Depository Agreement

Simultaneously with the delivery of the Bonds and pursuant to the Depository Agreement, the Payment ($130,000) will be deposited to the Depository Account established pursuant thereto. See "RISK FACTORS - Bankruptcy and Foreclosure Delays." There will be no obliga-

tion to deposit any subsequent amounts pursuant to the Depository Agreement. To the extent described in and pursuant to the terms of the Depository Agreement, amounts held by the Depository pursuant to the Depository Agreement will be paid over to the Trustee as necessary to supplement *ad valorem* property tax revenues of the District for the payment of Debt Service if the amount available from tax revenue is insufficient. To have amounts available pursuant to the Depository Agreement for the payment of such Debt Service before the Depository Agreement is terminated according to its terms, the Board must have, with respect to any Interest Payment Date occurring on January 15, levied for Debt Service for that Fiscal Year a tax rate of at least $3.00 per $100 of secondary assessed valuation and with respect to any Interest Payment Date occurring on July 15, levied such tax rate for the immediately preceding Fiscal Year; provided, however, that the tax rate in any such Fiscal Year for such purpose may be less than $3.00 if the Board expected that such lower rate would produce secondary *ad valorem* property tax revenues sufficient to pay in full Debt Service and the Depository Agreement has been, or is in the process of being, terminated pursuant to its terms.

On each July 2 and January 2, the Trustee will notify the Depository of the Debt Service coming due on the next succeeding July 15 or January 15, as the case may be, and state the amounts then on deposit in the Bond Fund and the accounts therein, under the Indenture. Based on the amounts indicated to the Depository, the Depository will pay to the Trustee for deposit in the Bond Fund, as described in Appendix B - "SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE - Funds - Bond Fund," an amount sufficient to pay the remaining amount of Debt Service due on the Bonds on the next succeeding July 15 or January 15, as the case may be, such amount to be paid on July 8 and January 8, respectively.

Amounts held pursuant to the Depository Agreement will be invested in Permitted Investments. Earnings on amounts held by the Depository pursuant to the Depository Agreement will be added to the amount on deposit thereunder. The Depository will pay to BLMI the amounts held by the Depository under the Depository Agreement upon termination of the Depository Agreement.

The Depository Agreement will terminate upon the earlier of (i) the payment of or the provision for the payment in full of all of the Bonds outstanding and (ii) receipt by the District Manager in any Fiscal Year of evidence reasonably satisfactory to the District Manager that a tax rate of $3.00 per $100 of secondary assessed valuation of property within the boundaries of the District for such Fiscal Year will be sufficient to pay Maximum Annual Debt Service with respect to the Bonds for that and any subsequent Fiscal Year (which amount includes the historical, annual, average of amounts necessary for payment of administrative expenses relating to the Bonds as of such Fiscal Year). Such evidence will consist of a written projection, prepared by the financial advisor for the District upon a written request of the District Manager, that is based upon the application of such secondary tax rate in light of the actual secondary assessed valuation

of the property within the boundaries of the District as of the current Fiscal Year, assuming a delinquency factor equal to the greater of (a) five percent or (b) the historic, average, annual percentage delinquency factor for the District as of such Fiscal Year and in either event with no credit for any fund balances or investment income accruing during the Fiscal Year. After receipt of proof of satisfaction of such condition, the Board will approve in writing the termination of the Depository Agreement, such approval not to be withheld unreasonably.

Assuming development within the District occurs as set forth under "LAND DEVELOPMENT," it is currently projected that the Depository Agreement could be terminated by the Fiscal Year beginning July 1, 2007. A slower pace of development could extend the period before the Depository Agreement is terminated and, conversely, a more rapid pace of development could shorten the period before the Depository Agreement is terminated.

OVERLAPPING, ADDITIONAL AND ADDITIONAL OVERLAPPING INDEBTEDNESS

Overlapping General Obligation Bonded Indebtedness

Overlapping general obligation bonded indebtedness is shown below including a breakdown of each overlapping jurisdiction's applicable general obligation bonded indebtedness, net assessed valuation and combined tax rate per $100 assessed valuation. Outstanding bonded indebtedness is comprised of general obligation bonds outstanding and general obligation bonds scheduled for sale. See "RISK FACTORS - Direct and Overlapping Indebtedness."

(a) This table does not include the Salt River Project Agricultural Improvement and Power District general obligation bonded debt. Such debt has been refunded in advance of maturity and is secured for payment by government securities held in irrevocable trust.

This table also does not include the obligation of the Central Arizona Water Conservation District ("CAWCD") to the United States of America, Department of the Interior, for repayment of certain capital costs for construction of the Central Arizona Project ("CAP"), a major reclamation project that has been substantially completed by the U.S. Department of the Interior to deliver Colorado River water to central Arizona down to Tucson. The obligation is evidenced by a master contract between CAWCD and the Department of the Interior. CAWCD was formed for the express purpose of paying administrative costs and expenses of the CAP and to assist in the repayment of Arizona's portion of the costs reimbursable to the federal government. Repayment will be made from a combination of power revenues, subcontract revenues (i.e., agreements with municipal, industrial and agricultural water users for delivery of CAP water) and a tax levy against all taxable property within CAWCD's boundaries. At the date of this Official Statement, the tax levy is limited to fourteen cents per $100 of secondary assessed valuation, of which twelve cents is being currently levied. (See Arizona Revised Statutes, Sections 48-3715 *et. seq.*) There can be no assurance that such levy limit

will not be increased or removed at any time during the life of the contract. In April of 2003, the United States and CAWCD agreed to settle litigation over the amount of the construction cost repayment obligation, the amount of the respective obligations for payment of the operation, maintenance and replacement costs and the application of certain revenues and credits against such obligations and costs. Under the agreement, CAWCD's obligation for substantially all of the CAP features that have been constructed so far will be set at $1.646 billion, which amount assumes (but does not mandate) that the United States will acquire a total of 667,724 acre feet of CAP water for federal purposes. The United States will complete unfinished CAP construction work related to the water supply system and regulatory storage stages of CAP at no additional cost to CAWCD. Of the $1.646 billion repayment obligation, 73% will be interest bearing and the remaining 27% will be non-interest bearing. These percentages will be fixed for the entire 50-year repayment period, which commenced October 1, 1993. Effectiveness of the agreement is subject to a number of conditions including settlement of certain Indian community water claims and other water claims and will require certain State of Arizona legislation. If the conditions are not met by May 9, 2012, and the parties do not amend the agreement, the agreement will terminate and litigation will resume. If it appears prior to May 9, 2012, that the conditions will not be met by the deadline, the parties can amend the agreement or either party may petition the U.S. District Court to terminate the agreement and resume litigation.

This table also does not include the obligation of the Maricopa County Flood Control District to contribute $80 million to CAP. The Flood Control District's sole source of revenue to pay the contribution will be raised from ad valorem taxes.

(b) The combined tax rate includes the tax rate for debt service payments, which is based on the secondary assessed valuation of the entity, and the tax rate for all other purposes such as maintenance and operation and capital outlay, which is based on the primary assessed valuation of the jurisdiction.

(c) The County's tax rate includes the $0.1200 tax rate of the Central Arizona Water Conservation District, the $0.2119 tax rate of the Maricopa County Flood Control District, the $0.4358 tax rate of the Education Equalization District, the $0.0069 tax rate for the contribution to the Maricopa County Fire District and a $1.2492 tax rate of the County (which includes the County Free Library tax rate). It should be noted that the County Flood Control District does not levy taxes on personal property.

(d) Does not include Maricopa County, Arizona Certificates of Participation outstanding in the aggregate principal amount of $5,115,000 or lease revenue bonds issued by the Maricopa County Public Finance Corporation in the aggregate principal amount of $91,830,000.

(e) Does not include Maricopa County Community College District revenue bonds outstanding in the amount of $23,360000.

(f) Does not include obligations of the Town outstanding in the following aggregate principal amounts:

Greater Arizona Development Authority Bonds	$9,400,000
Excise Tax Revenue Obligations	2,460,000
Miller Road Improvement District	3,805,000

Additional General Obligation Bonded Indebtedness of the District

In addition to the 2004 District General Obligation Bonds and the Bonds, the District retains the right to issue, in accordance with the procedures set forth in the Enabling Act, additional series of bonds payable from *ad valorem* property taxes. See "SECURITY FOR AND SOURCES OF PAYMENT OF THE BONDS - *Ad Valorem* Property Taxation in the District -- *Annual Debt Service Requirements of General Obligation Bonded Indebtedness to be Outstanding.*" See also "RISK FACTORS - Direct and Overlapping Debt."

The Act provides that the total aggregate outstanding amount of bonds and any other indebtedness for which the full faith and credit of the District are pledged will not exceed 60 percent of the aggregate of the estimated market value of the real property and improvements in the District after the public infrastructure of the District is completed plus the value of the public infrastructure owned or to be acquired by the District with the proceeds of the bonds. (The District has made a finding that issuance of the Bonds will meet the test set forth above.)

Pursuant to the Election, the District was authorized to incur general obligation bonded indebtedness in an amount not to exceed $50,000,000 and $39,000,000 of bond authorization will remain after issuance of the Bonds. Additional indebtedness could be authorized for the District in the future pursuant to other elections.

Additional Overlapping General Obligation Bonded Indebtedness

The District has no control over the amount of additional indebtedness payable from taxes on all or a portion of the property within the District that may be issued in the future by other political subdivisions, including but not limited to the Town, Maricopa County, Arizona, Buckeye Elementary School District No. 33 of Maricopa County, Arizona, Liberty Elementary School District No. 25 of Maricopa County, Arizona, Buckeye Union High School District No. 201 of Maricopa County, Arizona, Maricopa County Community College District or other entities having jurisdiction over all or a portion of the land within the District. Additional indebtedness could be authorized for such overlapping jurisdictions in the future. See "RISK FACTORS - Direct and Overlapping Debt."

The following overlapping entities of the District have the indicated authorized but unissued general obligation bonds available for future issuance:

Other Debt of the District

The District issued Assessment District No. 1 Special Assessment Revenue Bonds, Series 2002 (the "Series 2002 Assessment Bonds") in aggregate principal amount of $11,300,000 on September 25, 2002, to finance a portion of the first phase of public infrastructure for development of land in the District. Approximately 734 acres of land within the District is assessed to pay debt service on the Series 2002 Assessment Bonds. The District issued Assessment District No. 2 Special Assessment Revenue Bonds, Series 2003 (the "Series 2003 Assessment Bonds") in the aggregate principal amount of $7,175,000 on April 29, 2003, to finance a portion of a subsequent phase of public infrastructure for such development. Approximately 375 acres of land within the District is assessed to pay debt service on the Series 2003 Assessment Bonds. The District issued Assessment District No. 3 Special Assessment Revenue Bonds, Series 2004 (the "Series 2004 Assessment Bonds") in the aggregate principal amount of $2,050,000 on September 23, 2004, to finance a portion of a subsequent phase of public infrastructure for such development. Approximately 138 acres of land within the District is assessed to pay debt service on the Series 2004 Assessment Bonds. The District is expected to sell Assessment District No. 4 Special Assessment Revenue Bonds, Series 2005 (the "Series 2005 Assessment Bonds") in aggregate principal amount of approximately $3,500,000 shortly after the Bonds pursuant to a separate offering document to finance a portion of a fourth phase of public infrastructure for such development. Approximately 261 acres of land within the District will be assessed to pay debt service on the Series 2005 Assessment Bonds. All of the infrastructure financed with above described bonds has been or will be dedicated to the Town.

Other series of assessment bonds payable solely from and secured by special, separate funds established and maintained by the District from installments due with respect to certain other special assessments may be issued by the District in the future. The term "special assessments" as used hereinabove refers to the assessments which would be levied and assessed by the District in the related assessment area which could encompass portions of the District included in the other phases of Sundance, each of which would constitute a first lien on the parcel so levied and assessed, subordinate and sub-

ject only to general property taxes (including that for the Bonds) and prior special assessments. There can be no assurance that additional amounts of such bonds payable from special assessments will not be issued in the future, increasing the amount of liens on property in the District for such purposes. **SEE "RISK FACTORS - Direct and Overlapping Indebtedness."**

LAND DEVELOPMENT

The information contained in this section relates to and has been obtained from BLMI on behalf of the Residential District Property Owners, and neither the District nor the Underwriter assumes any responsibility for the accuracy or completeness thereof. The information included under the heading "RISK FACTORS" as it relates to the information contained under this heading is hereby incorporated under this heading by this reference.

Introduction

The land within the boundaries of the District was annexed into the Town in 1992. A specific plan for Sundance was adopted by the Town in 1995. The District is the subject of a Community Master Plan ("CMP") adopted by the Town in October 2000. In addition, Sundance is the subject of a development agreement, approved by the Town on October 17, 2000 (the "Land Development Agreement"), which addresses the rights of owners of real property in the District to de-

velop the property as provided in and subject to the conditions of such agreement. (The Land Development Agreement has been modified by way of three recorded amendments.) The Land Development Agreement addresses various issues often times made the subject of development agreements in Arizona, such as, among other things Town services, reimbursements to certain property owners for certain public infrastructure, the Town's processing of plans and permits, and public bidding. The Land Development Agreement, as amended, also addresses the legal right to obtain and legal obligation to provide potable water and the required capital and operations contributions to the Town for water, sewer, police and fire services within the District.

Police, fire, water and sanitation services are provided in the District by the Town. Pursuant to the Land Development Agreement, certain of the property owners are obligated to assist in the funding of certain capital and operational costs associated with the provision of water, sewer, police and fire protection within the District.

Although the number of acres devoted to each particular land use may ultimately vary from those presented, the development of the District is currently expected to include the following land uses:

* Will include approximately 5,493 single family homes upon ultimate development of all such acreage and complete build out of all single family homes which is to occur no earlier than 2006. Approximately 2,400 of such homes have been sold to individual third party homeowners. See Table 11 for projections of sales of certain of the remaining homes.

Development of the property within the District and construction of homes and other infrastructure is subject to obtaining various development and construction approvals and permits. As a con-

dition to the sale of homes in the District, property owners will be required to obtain building, grading and any additional permits required for the construction and completion of all such homes and other infrastructure.

Specific Matters

Infrastructure Development. Other than the Public Infrastructure, certain infrastructure (collectively, the "Other Infrastructure") has been or is being constructed for the development of Sundance and the construction of homes. Certain portions of the Other Infrastructure which is public in nature has been or will be financed with proceeds of the sale of the Series 2002 Assessment Bonds, the Series 2003 Assessment Bonds, the Series 2004 Assessment Bonds or the Series 2005 Assessment Bonds. The Other Infrastructure which is public in nature but not financed by the above referenced bonds or which is private in nature such as dry utilities, the wastewater treatment plant and on-site improvements has been or will be financed pursuant to the hereinafter described JDA. As of September 30, 2005, in excess of $65,125,000 (some of which has been reimbursed from proceeds of the sale of Series 2002 Assessment Bonds, the Series 2003 Assessment Bonds and the Series 2004 Assessment Bonds and the Series 2004 General Obligation Bonds) had been spent for the Other Infrastructure. Such amount does not include amounts for on-site improvements.

To facilitate the development of Sundance, certain of the Residential District Property Owners and other owners (collectively, the "JDA Property Owners") entered into a Joint Development Agreement, dated February 16, 2001, as amended (the "JDA"). Pursuant to the JDA, BLMI was appointed as the contract administrator to manage the construction of the infrastructure necessary to develop Sundance, including the Public Infrastructure and a portion of the Other Infrastructure. (BLMI is an entity formed for the specific purpose of acting as the contract administrator under the JDA and has minimal assets.) BLMI assigned its right to compensation under the JDA to Meritage Homes Construction, Inc., one of the Residential District Property Owners ("Meritage Homes"), in exchange for Meritage Homes' agreement to allow BLMI to use its employees and certain of its resources to assist BLMI in satisfying its responsibilities as contract administrator under the JDA. Under the JDA, BLMI (on behalf of the Residential District Property Owners) has retained engineers, consultants, professionals and contractors to assist in the development of Sundance. Certain costs of development of Sundance are incurred by BLMI and paid by the Residential District Property Owners as provided in the cost-sharing provisions of the JDA. The JDA is subject to amendment by the parties thereto.

The JDA Property Owners allocate all of the expenses paid under the JDA by *pro rata* share. The *pro rata* share of each JDA Property Owner is calculated as the portion of the residential real property within Sundance owned or controlled by option by the JDA Property Owner (even if sold to a third-party homebuyer) divided by the total acreage of residential real property within Sundance.

The JDA Property Owners are solely responsible for completing, but are not required to complete, the development of the real estate within the District (including certain offsite infrastructure for the benefit of the commercial properties provided that such commercial property owners must pay BLMI, for the benefit of the JDA Property Owners, "buy-in fees" at the time and in the amount required under the JDA). None of the parent companies or other affiliates of the JDA Property Owners are contractually obligated or committed to provide capital or other financing to the JDA Property Owners to assist in the completion of development of property in the District.

Residential Development. The residential lots presently planned for property within the District range in size from approximately 4,500 to 43,560 square feet. A portion of the property is presently being developed as an age-restricted community. Pricing presently is in the range of $150,000 to $350,000 (with some homes to be constructed to be sold for as much as $600,000), but may change depending on the costs to the Residential District Property Owners to provide for costs of development of Sundance and depending on market conditions.

Table 11 reflects the actual number of home sales for 2002, 2003, 2004 and the projected number of home sales for 2005. The remaining approximately 2,231 homes to be sold in the District are expected to be sold in 2006 and thereafter.

The Residential District Property Owners may sell parcels (or portions thereof) to other subsequent owners. There can be no guarantee that the Residential District Property Owners or any subsequent owners will have the financial capabilities to complete development discussed in this section of the Official Statement on any land

so acquired. There can also be no assurance that build-out will occur at the rates indicated hereinabove or if in fact any such sales will be consummated. Property owners within Sundance other than the Residential District Property Owners are owners of commercial property, and there can be no assurance given of the funding of development, if any on the commercial property. Moreover, as the ownership of the parcels is subject to change, the development plans may not be continued by the subsequent owner of such parcels; however development by any subsequent owner will be subject to the policies and requirements of the Town. The projections above are also subject to the timely completion of the Other Infrastructure.

Community Amenity Development. In addition to the Public Infrastructure and the Other Infrastructure, a privately-owned golf course currently open for public play and golf course clubhouse have been constructed and are now open to the public; a private recreation center has been constructed and is now open for use by owners of homes in the age restricted community within Sundance and several other private community amenities are planned for construction within the District. Although such amenities are currently planned, no property owners have provided assurances, financial or otherwise, that any of such amenities will be constructed or, if started as described elsewhere herein, completed within the District.

Commercial Development. In 2005, Buckeye Land, L.L.C., one of the Residential District Property Owners ("Buckeye Land"), contributed, or agreed to contribute, substantially all of its commercial property in Sundance to Arcadia Ranch, L.L.C. ("Arcadia Ranch"). Arcadia Ranch sold approximately 9 acres (the "9 Acre Parcel") to Buckeye Sundance, L.L.C. It is anticipated that the 9 Acre Parcel will be developed into commercial office space. Arcadia Ranch also sold approximately 74 acres (the "74 Acre Parcel") to Sundance Ranch, Inc. ("Sundance Ranch"). Arcadia Ranch also optioned approximately 122 acres of the commercial property in Sundance to Sundance Ranch.

Sundance Ranch is a member in two limited liability companies, namely Vestar Sundance Towne Center, L.L.C. ("Vestar Sundance Towne Center") and Vestar Sundance Commercial, L.L.C. ("Vestar Sundance Commercial"). The other members of these entities are Vestar Arizona XXXIV, L.L.C. and Vestar Arizona, XXIV, L.L.C., respectively.

Sundance Ranch contributed the 74 Acre Parcel to Vestar Sundance Towne Center in July 2005. Vestar Sundance Towne Center then sold a portion of the 74 Acre Parcel to an affiliate of Wal-Mart (the "Wal-Mart Parcel") and a portion of such acreage to an affiliate of Lowe's (the "Lowe's Parcel"). Vestar Sundance Towne Center, or an affiliate thereof, is in the process of developing the remainder of the 74 Acre Parcel in the manner determined by it. At this time, the remainder of the 74 Acre Parcel, together with the Wal-Mart Parcel and the Lowe's Parcel, are expected to be developed into a retail complex in Sundance known as the "Sundance Towne Center."

Vestar Sundance Commercial has certain rights to acquire the commercial property in Sundance that Sundance Ranch now has under option from Arcadia Ranch. Vestar Sundance Commercial, or an affiliate thereof, intends to develop such commercial property in the manner determined, or to be determined, by it. Sundance Ranch has not acquired title to any of the commercial property within Sundance, other than the 74 Acre Parcel. Accordingly, Vestar Sundance Commercial has not acquired title to any of the commercial property within Sundance. Approximately 11 acres of the commercial property under option is subject to a pending sales contract. However, the feasibility period with respect to such sales contract has not yet expired, and the contract is thus subject to cancellation.

No assurance can be given that any commercial development of any of the commercial acreage within Sundance (including the 74 Acre Parcel or the 9 Acre Parcel) will actually take place or be completed, nor can any assurance be given as to the time table of any commercial development.

Compaction Issues. In mid-2003, the sewer trench compaction within various sewer trenches within the off-site and on-site areas at Sundance were found to be insufficient. Pursuant to a settlement agreement with the Town, BLMI and the JDA Property Owners agreed that (i) an additional layer of pavement will be added to certain finished roadways within the off-site areas of Sundance; and (ii) certain of the JDA Property Owners would make a cash payment to the Town to enable the Town to make any necessary repairs, within existing subdivisions, resulting from the insufficient sewer trench compaction, with the Town to make any future repairs relating to the sewer trench compaction issues.

Availability of Water. The current water needs of Sundance (and a limited number of nearby property owners) are served by three wells, with a fourth well expected to be operational on or before January 1, 2006 and two additional wells that are anticipated to be operational by July, 2006. Such wells are expected to produce water that meets all current water quality standards from the Environmental Protection Agency, the Arizona Department of Environmental Quality and the Maricopa County Environmental Services Department. An Arsenic treatment facility is now under construction that will assure compliance with new federal arsenic standards that will be effective in January, 2006. When all six wells are operational the water system will be able to support in excess of 7,000 homes within and outside of the Sundance community.

The number of homes which can be served by the wells is based on an assumption (required by the Town) that water usage would be 400 gallons per home, per day. Actual historical usage has been somewhat less than expected with the average daily use during peak months of approximately 395 gallons per home per day. Based on the actual historical usage, the first three wells would be sufficient to service the water needs of approximately 4,648 homes (with the fourth well providing the capacity to serve an additional 2,734 homes); pro-

vided however that no assurance can be given that past water usage will equal water usage in the future. If such wells are not sufficient for such needs, other sources of potable water would have to be developed to provide for continuing development or other uses of potable water would have to be curtailed to allow development to continue.

The Town is not designated as having an assured water supply pursuant to applicable Arizona law and does not presently serve potable water to the District. An assured water supply means that sufficient water of adequate quality will be continuously available to satisfy the water needs of the proposed use for at least 100 years, that any projected groundwater use is consistent with the water management plan approved by Arizona Department of Water Resources ("ADWR") and achievement of the management goal for the area, and that financial capability to construct the delivery system and any necessary treatment works has been demonstrated to the ADWR. An "analysis of assured water supply" approved by the ADWR has been obtained. Until such time as ADWR designates the Town as having an assured water supply, property owners must seek and obtain certificates of assured water supply in accordance with applicable Arizona law as a prerequisite for subdividing and developing property within the District. The Town has agreed to take all reasonable steps to assist property owners in connection with applications for certificates of assured water supply for portions of the District, including, but not limited to, executing "notices of intent to serve" required by the ADWR in connection with such applications and entering into such contracts as may reasonably be required by the Central Arizona Groundwater Replenishment District pursuant to applicable Arizona law which are required in order for the District to qualify as "member land" under applicable Arizona law. The assured water supply designation, which can be terminated or modified by ADWR should circumstances warrant, is a necessary condition to the ability of the Residential District Property Owners to continue to plat, construct and sell homes within Sundance.

Wastewater Treatment Plant. Construction of the wastewater treatment plant which serves Sundance (the "WWTP") is to occur in phases. The first phase is complete with a capacity of 1,200,000 gallons per day and has the capacity to serve approximately 4,000 homes presuming an estimated usage of 300 gallons per day per home. Actual usage has been less than expected, and if the existing level of usage continues, then the WWTP capacity will be updated to show service to a greater number of units.

The Town executed a service agreement for the operation and maintenance of the WWTP by a private operator. Simultaneously with the execution of the Service Agreement, BLMI (on behalf of the Residential District Property Owners) executed a payment shortfall agreement requiring BLMI (on behalf of the Residential District Property Owners), among other things, to pay the Town the difference between the amount paid by WWTP customers and the amount due such operator under the service agreement, anticipated to be as much as $600,000 per year during the first two years of its operation, assuming at least 800 home sales per year in the District. BLMI has been approached by

developers of nearby property to expand the capacity of the WWTP to serve such property. BLMI has indicated a willingness to discuss expansion of the WWTP provided the Residential District Property Owners bear no additional fees, costs or expenses (beyond what was originally contemplated) in connection with such expansion and provided such expansion does not cause any delays or have any other adverse effect on the Project or property owners. No agreement has been signed, and any terms of such an agreement are uncertain at this time.

Electric Utility Service. An electric substation has been constructed within the District to service the electrical needs of Sundance.

Educational Facilities. Areas of the District will be served by several school districts. Presently, no schools have been constructed in the District. The JDA Property Owners contemplate dedicating property for up to three elementary schools and one high school. If the school districts' applications for funding are approved timely by the Arizona School Facilities Board, the state agency responsible for funding school construction, then the construction of the first two elementary schools are expected to be started in 2004 and 2005. Sites for the third elementary school and the high school site will only be dedicated if necessary to serve the residents of the District, and such schools will only be constructed if the funding for such construction can be obtained from the Arizona School Facilities Board.

RISK FACTORS

The Bonds will be secured solely by ad valorem property taxes generated within the District and certain amounts available pursuant to the Depository Agreement. Anyone considering investing in the Bonds should carefully examine this Official Statement, including the Appendices hereto. THIS SECTION SETS FORTH A BRIEF SUMMARY OF SOME OF THE PRINCIPAL RISK FACTORS. PROSPECTIVE INVESTORS SHOULD FULLY UNDERSTAND AND EVALUATE THESE RISKS, IN ADDITION TO THE OTHER FACTORS SET FORTH IN THIS OFFICIAL STATEMENT, BEFORE MAKING AN INVESTMENT DECISION.

Assessed Valuation of Property

Information is provided herein with respect to the assessed valuation of the land in the District. See Table 3 - "Value by Property Classifications." It is anticipated that the assessed valuation of such land will increase as development of Sundance continues. However, less than expected increases in future assessed valuation or decreases in the future assessed valuation of such land may reduce the willingness of landowners to pay the ad valorem taxes securing the Bonds or adversely affect the interest of potential buyers of such property at any foreclosure sale for purposes of paying such taxes. See "SECURITY FOR AND SOURCES OF PAYMENT OF THE BONDS - Ad Valorem Property Taxation in the District."

Subsequent Transfer of Ownership

The Residential District Property Owners may continue to transfer ownership of parcels (or portions thereof) within the District to other persons or entities prior to completion of development therein who will then sell to, among others, ultimate homeowners. There can be no assurance that any subsequent property owners will have the financial capabilities to complete development on any land so acquired or to pay amounts due with respect to the Bonds. In the event of a failure with respect to the latter, there could be a default in the payment of the Bonds.

Failure or Inability to Complete Proposed Development

Some of the land in the District is still under development.

Proposed development within the District may be affected by changes in general economic conditions, fluctuations in the real estate market and interest rates, changes in the income tax treatment of real property ownership, unexpected increases in development costs and other similar factors as well as availability of utilities and the development or existence of environmental concerns with such land. See "Availability of Utilities" and "Environmental Matters." Land development within the District could also be affected adversely by changes in governmental policies, including, but not limited to, governmental policies to restrict or control development, regarding standards for development. (Any approvals needed in the future for the development of Sundance must come from the Town, over which the District has no control.) Moreover, there are similar, competing master planned communities in the vicinity of Sundance which could affect adversely the market share expected for Sundance, and there can be no assurances that other similar projects will not be developed in the future or that existing projects will not be upgraded or otherwise able to compete with Sundance. A slowdown of the development process and the related absorption rate within Sundance because of any or all of the foregoing could affect adversely land values. THE TIMELY PAYMENT OF THE BONDS DEPENDS UPON THE WILLINGNESS AND ABILITY OF THE OWNERS, THE OTHER CURRENT OWNERS AND ANY SUBSEQUENT OWNERS TO PAY THE AMOUNTS DUE WITH RESPECT TO THE BONDS WHEN DUE. ANY OR ALL OF THE FOREGOING COULD REDUCE THE WILLINGNESS AND THE ABILITY OF SUCH OWNERS TO PAY SUCH TAXES AND COULD GREATLY REDUCE THE VALUE OF PROPERTY WITHIN THE DISTRICT IN THE EVENT SUCH PROPERTY HAS TO BE FORECLOSED. In that event, there could be a default in the payment of the Bonds.

Vacant land provides less security to the holders of the Bonds should it be necessary for the District to foreclose due to nonpayment of the property taxes due with respect to the Bonds. An inability to develop the remaining land within the District will likely reduce the diversity of ownership on land within the District, could delay development and ultimately reduce the value of the property within Sundance and impact the ability of the District to collect taxes sufficient to repay the Bonds.

Growing Smarter

During 1998, the Arizona Legislature promulgated the Growing Smarter Act of 1998 ("Growing Smarter") which created new planning requirements throughout the State and provided stronger tools for local governments in their efforts to manage rapid development. Growing Smarter also created the "Growing Smarter Commission" which conducted hearings throughout the State on ways to enhance the law and to address certain other issues. During 2000, the Arizona Legislature adopted additional legislation known as "Growing Smarter Plus" which significantly expands Growing Smarter particularly the planning requirements passed in 1998. Fast-growing communities must now plan for growth areas and identify the means to provide necessary public services in the future. In addition to environmental and infrastructure elements, an analysis of available water is now required. To pay for growth, communities are permitted to establish service area limits, beyond which new growth pays the full cost for services. Growing Smarter allowed citizens to refer general plans passed by local government to the ballot for voter approval. Growing Smarter Plus goes a step farther by requiring fast growing and large cities and Pima and Maricopa Counties to submit their general plans to the voters for ratification. (The Town has not yet submitted a plan to the electorate but plans to do so within the next two years.) Every 10 years, voters will have the final say over general planning in their communities. It is unclear at this time how Growing Smarter and Growing Smarter Plus will affect development activity in the State and particularly the Town and the District in the future.

Availability of Depository Agreement Amounts

The amount deposited under the Depository Agreement is fixed at $130,000. No additional amounts are required to be deposited and the amount will not be replenished if expended. If amounts available pursuant to the Depository Agreement are expended, the Bonds will be payable only from District ad valorem property taxes, which may result in increased District tax rates and increased reliance upon District tax revenues collected within the District to pay debt service on the Bonds.

Factors Negatively Affecting Assessed Valuation within the District

The District's ability to retire the indebtedness evidenced by the Bonds solely from ad valorem property taxes is dependent upon the development and maintenance of an adequate tax base from which the District may collect revenues. The District's ability to achieve a tax base adequate to generate ad valorem property tax revenues for timely payment of the Bonds will depend upon the completion of the Project. Development within the District faces some competition from other residential developments in surrounding areas. Such competition may adversely affect the rate of development within the District. Many unpredictable factors could influence the actual rate of construction within the District, including the prevailing interest rates, availa-

bility of funds, market and economic conditions generally, supply of housing in the surrounding metropolitan area, construction costs, labor conditions, access to building supplies, availability of water and water taps, availability and costs of fuel and transportation costs, among other things.

Enforcement of Joint Development Agreement; Factors Affecting Owners Relationships

The JDA Property Owners have entered into the JDA, which, among other things, obligates each of the JDA Property Owners to provide their pro-rata share of certain infrastructure and landscaping costs associated with the entire District. These obligations are secured by a performance deed of trust recorded against each fee owner's interest in its respective properties (subject to releases of portions of the properties, as agreed on by the JDA Property Owners as provided in the JDA). There are, however, no financial assurances that the JDA Property Owners will be able to complete their obligations as directed under the JDA. If a JDA Property Owner is unable to satisfy its obligations, the other JDA Property Owners' recourse may be limited to a foreclosure on the defaulting party's property and/or other rights permitted by the JDA including drawings on any letter of credit or escrowed funds provided by the JDA Property Owner pursuant to the JDA or withholding and/or drawing on any amounts which may otherwise become payable to the JDA Property Owners pursuant to the JDA. The foreclosure and/or drawings on a letter of credit or escrowed funds may or may not result in sufficient funds to complete the improvements as contemplated under the JDA and may be disruptive to the project as a whole. In the event of a default by a JDA Property Owner the JDA does not require the other JDA Property Owners to contribute any additional amounts to cover the deficiency from the defaulting JDA Property Owner.

Management

The management of the Residential District Property Owners could change in the future. Purchasers of the Bonds should not rely on the management experience of the Residential District Property Owners. There are no assurances that the Residential District Property Owners will not sell the subject property or that officers will not resign or be replaced. In such circumstances, new owners or new officers in management positions may not have comparable experience in residential homebuilding and/or commercial development.

Amendment of Documents Referenced

The reports, inspections and other documents described in this Official Statement may be modified, updated or amended (as new reports and/or inspections may be obtained), and such modifications may materially and adversely affect the development of the property (e.g., updating of environmental reports).

While the development of the property within the District is underway, circumstances could change as the development process continues and other issues are raised or new developers or owners become involved in Sundance. Accordingly, the Residential District Property Owners anticipate that there may be significant changes to the agreements and contracts summarized in this Official Statement to address any such issues. Because the existing contracts and agreements are subject to change, the summaries of any contracts or agreements contained hereinabove may not accurately reflect the future conditions relating to the development of the District; however, the Residential District Property Owners do not presently anticipate that any modifications of the current contracts or agreements would materially affect the repayment of the Bonds.

Availability of Utilities

As described above, failure or inability to complete proposed development including development of necessary utilities could affect adversely development of the land in the District. See "Failure or Inability to Complete Proposed Development." Certain utilities are to be developed by the Town pursuant to certain development agreements. There can be no assurances that such utilities will be financed and developed.

An assured water supply designation is a necessary condition to the ability of the Residential District Property Owners to plat lots and construct and sell homes within Sundance. An analysis of assured water supply approved by ADWR has been obtained. The assured water supply designation can be terminated or modified by ADWR should circumstances warrant. Also, as described above under the subheading "LAND DEVELOPMENT - Availability of Water," certain determinations remain to be made about actual water usage which may affect the need for additional water sources for the Project.

On August 22, 2005, the Ninth U.S. Circuit Court of Appeals vacated the U.S. Environmental Protection Agency's ("EPA") approval of the Arizona National Pollutant Discharge Elimination System ("NPDES") permit program. Pursuant to the permit program, the Arizona Department of Environmental Quality ("ADEQ") was authorized to issue NPDES permits. Vacating the approval may mean that such permits have to be obtained directly from the EPA. The EPA's position is that unless and until the court's mandate is issued, Arizona's authorization to issue NPDES permits and implement the program remains in effect.

Under the applicable procedural rules, if no party files a petition for rehearing, the mandate of the Court must be issued by October 27, 2005. However, if a party to the litigation files a petition for rehearing before the Ninth Circuit, the mandate would not issue until the court takes action on the petition. If the court refuses to rehear the case and denies the petition, the mandate would enter seven days from the court's action. If the petition for rehearing is granted, issuance of a mandate would be delayed until seven

days from the date in which the Court's rehearing concludes, unless the mandate is subsequently stayed pending the filing of a writ.

Unless and until the August 22 decision becomes effective, EPA's approval of Arizona's NPDES program continues in effect, and the State of Arizona retains authority to administer and enforce the requirements of that program. Dischargers can continue to seek authorization under individual and general permits from ADEQ pursuant to the approved program. No one can predict the ultimate outcome of the proceedings related to this action or the delay, if any, that may result in the permitting of projects such as the expansion of the WWTP serving Sundance. Notwithstanding any possible delay in permitting the expansion, the current development in Sundance does not require any expansion of the WWTP.

Direct and Overlapping Indebtedness

The ability of an owner of land within the District to pay the related property taxes could be affected by the existence of other taxes and assessments imposed upon the property. The District and other public entities whose boundaries overlap those of the District could, without the consent of the District and, in certain cases, without the consent of the owners of the land within the District, impose additional ad valorem taxes or assessment liens on the property within the District in order to finance public improvements to be located inside or outside of the District. (The existing public debt relating to the District is set forth in "OVERLAPPING, ADDITIONAL, ADDITIONAL OVERLAPPING AND OTHER INDEBTEDNESS.") The lien created on the property within the District through the levy of ad valorem taxes would be superior and paramount to that for the special assessments securing the Series 2002 Assessment Bonds, the Series 2003 Assessment Bonds, the Series 2004 Assessment Bonds and the Series 2005 Assessment Bonds. The imposition of additional superior and paramount liens, or subordinate liens in the case of future special assessments, or for that matter for private financing, may reduce the ability or willingness of the landowners to pay property taxes due with respect to the Bonds. In that event, there could be a default in the payment of the Bonds.

From time to time there are legislative proposals in the Arizona Legislature that, if enacted, could alter the basis on which ad valorem taxes (including those that secure the Bonds) are assessed, levied and collected and which could affect, among other things, the distribution of the amount of taxes various classifications of property may be obligated to pay. It cannot be predicted whether or in what form any such proposal might be enacted or whether, if enacted, it would affect the Bonds or other obligations issued prior to enactment.

Bankruptcy and Foreclosure Delays

The payment of property taxes including with respect to the Bonds and the ability of the District to foreclose the lien of delinquent, unpaid property taxes may be limited by bankruptcy, insolvency or other laws generally affecting creditors' rights or by the laws of Arizona relating to judicial foreclosure. Although bankruptcy proceedings would not cause the property taxes including with respect to the Bonds to become extinguished, bankruptcy of a property owner could result in a delay in foreclosure proceedings. Such delay would increase the likelihood of a delay or default in payment of the Bonds when due.

The various legal opinions to be delivered concurrently with the delivery of the Bonds (including Bond Counsel's approving legal opinion) and relating to the Indenture and the Depository Agreement will be qualified, as to the enforceability of the various legal instruments, by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors generally.

General Risks of Real Estate Investment and Development

Investments in developing real estate are generally considered to be speculative in nature and to involve a high degree of risk. Sundance will be subject to the risks generally incident to real estate investments and development. Many factors that may affect Sundance, as well as the operating revenues of property owners derived from Sundance, are not within the control of such property owners. Such factors include changes in national, regional and local economic conditions; changes in long and short term interest rates; changes in the climate for real estate purchases; changes in demand for or supply of competing properties; changes in local, regional and national market and economic conditions; changes in tax rates of various types of federal, state and local taxes, unanticipated development costs, market preferences and architectural trends; unforeseen environmental risks and controls; the adverse use of adjacent and neighboring real estate; changes in interest rates and the availability of mortgage funds to buyers of the homes to be built in Sundance, which may render the sale of such homes difficult or unattractive; acts of war, terrorism or other political instability; delays or inability to obtain governmental approvals; changes in laws; moratorium; acts of God (which may result in uninsured losses); strikes; labor shortages; energy shortages; material shortages; inflation; adverse weather conditions; subcontractor defaults; and other unknown contingencies and factors beyond the control of the Residential District Property Owners or their affiliates.

Sundance cannot be completed without property owners obtaining a variety of governmental approvals and permits, some of which have already been obtained. Such permits are necessary to initiate construction of each phase of Sundance and to allow the occupancy of the homes and to satisfy conditions included in the approvals and permits. There can be no assurance that all of these permits and approv-

als can be obtained or that the conditions to the approvals and permits can be fulfilled. Matters like those discussed hereinabove under the headings "Growing Smarter" could be a factor in this regard. The failure to obtain any of the required approvals or fulfill any one of the conditions could cause materially adverse financial results for the Residential District Property Owners. See "LAND DEVELOPMENT - Government Approvals."

Archeological, Biological and Environmental Matters

Sundance will be subject to risks arising out of environmental, archeological, biological considerations generally associated with the ownership of real estate and the construction of improvements located thereon. Such risks include, in general, potential liability arising as a result of any contamination later discovered on the site and the possibility of a decline in property values in Sundance resulting from any contamination on the site or from the proximity of the site to other contaminated areas; or discovery of archeological artifacts located on the site or in the vicinity of the site; discovery of endangered species of animals, plants or other habitat for endangered species. Liability may arise under a variety of federal, state or local environmental laws and regulations, including, but not limited to, the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), the Resource Conservation and Recovery Act (RCRA), the Endangered Species Act and the National Historical Preservation Act. See "LAND DEVELOPMENT - Environmental Matters."

Cancellation of Contracts

The State, its political subdivisions, including the District, or any department or agency of either may, within three years after its execution, cancel any contract, without penalty or further obligation, if any person significantly involved in initiating, negotiating, securing, drafting or creating the contract on behalf of the State, its political subdivisions, including the District or any of the departments or agencies of either is, while the contract or any extension thereof is in effect, an employee or agent of any other party to the contract in any capacity or a consultant to any other party of the contract with respect to the subject matter of the contract. Cancellation of contracts entered into by the District may adversely affect the Bonds.

Projections

Included in this Official Statement are various projections. The projections for home sales, completion dates, completion costs and other items are based on assumptions concerning future events and should be viewed with an abundance of caution. Circumstances that may not yet be ascertainable, which the Residential District Property Owners believe to be significant and which the Residential District Property Owners cannot control may also exist. There are usually differences between projections for home sales, completion dates, completion costs and other items and actual home sales, comple-

tion dates, completion costs and other items, because the home sales, completion dates, completion costs and other items frequently do not occur as expected, and those differences may be material. Further, such differences may materially and adversely affect the assessed valuation of the property within the District and could negatively impact the ability to repay the Bonds. There can be no assurances that the various projections set forth in this Official Statement can be achieved.

LITIGATION

At the time of delivery and payment for the Bonds, the District will certify that, except as disclosed herein, there is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, regulatory agency, public board or body, pending or, overtly threatened against the District affecting the existence of the District, or the titles of its officers to their respective offices, or seeking to restrain or to enjoin the sale or delivery of the Bonds, the application of the proceeds thereof in accordance with the Resolution or the Indenture, or the collection or application of any revenues providing for the payment of the Bonds, or in any way contesting or affecting the validity or enforceability of the Bonds, the Resolution, the Indenture, any action of the District contemplated by any of the said documents, or the collection or application of the revenues provided for the payment of the Bonds, or in any way contesting the completeness or accuracy of this Official Statement or any amendment or supplement thereto, or contesting the powers of the District or its authority with respect to the Bonds or any action of the District contemplated by any of said documents.

TAX EXEMPTION

In the opinion of Gust Rosenfeld P.L.C., Phoenix, Arizona, Bond Counsel, under existing laws, regulations, rulings and judicial decisions, and assuming continued compliance with certain restrictions, conditions and requirements by the District as described below, interest income on the Bonds will be excluded from gross income for federal income tax purposes and will be exempt from State of Arizona income taxes. The opinion of Bond Counsel will be dated as of the date of delivery of the Bonds. A form of such opinion is included as Appendix B attached hereto.

The Internal Revenue Code of 1986, as amended (the "Code"), imposes various restrictions, conditions and requirements relating to the continued exclusion of interest income on the Bonds from gross income for federal income tax purposes, including a requirement that the District rebate to the federal government certain of its investment earnings with respect to the Bonds. The District has covenanted to comply with the provisions of the Code relating to such matters. Failure to comply with such restrictions, conditions and requirements could result in the interest income on the Bonds being included as

gross income for federal income tax purposes, under certain circumstances, from the date of issuance. The opinion of Bond Counsel assumes continuing compliance with such restrictions, conditions and requirements.

The Code also imposes an "alternative minimum tax" ("AMT") upon certain corporations and individuals. The AMT is equal to the excess (if any) of a taxpayer's "tentative minimum tax" for a taxable year over its regular income tax liability for the taxable year. The tentative minimum tax is based upon a taxpayer's "alternative minimum taxable income" ("AMTI"). A taxpayer's AMTI is its taxable income with certain adjustments. Interest income on the Bonds is not an item of tax preference to be included in the AMT of individuals or corporations.

Notwithstanding the preceding sentence, included in the adjustments of AMTI for corporations is an adjustment increasing the corporation's AMTI by seventy-five percent (75%) of the excess (if any) of the corporation's "adjusted current earnings" over the corporation's AMTI for the taxable year (determined without regard to such adjustment for excess adjusted current earnings and the alternative tax net operating loss deduction). A corporation's "adjusted current earnings" includes all tax-exempt interest, including the interest on the Bonds.

Although Bond Counsel will render an opinion that, as of the delivery of the Bonds, interest income on the Bonds is excluded from gross income for federal income tax purposes, the accrual or receipt of interest on the Bonds may otherwise affect a bondholder's federal tax liability. Certain taxpayers may experience other tax consequences. Taxpayers purchasing the Bonds, including, without limitation, corporations subject to the branch profits tax, financial institutions, certain insurance companies, certain subchapter S corporations, individuals who receive Social Security or Railroad Retirement benefits and taxpayers who have or are deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations should consult their tax consultants as to the applicability of such tax consequences to the respective Bondholder. The nature and extent of these other tax consequences will depend upon the Bondholder's particular tax status and the Bondholder's other items of income or deduction. Bond Counsel expresses no opinion regarding any such tax consequences.

The Bonds are not "private activity bonds" within the meaning of Section 141 of the Code.

Under existing federal tax law, if the Bonds are determined to be invalid for failure to comply with a substantive or procedural requirement of local law, the Bonds will be deemed not to be an obligation of the District and interest thereon will not be excludable from gross income for federal income tax purposes. The Bonds do not provide for an adjustment in interest rate or yield in the event of

taxability, and an event of taxability does not cause an acceleration of the principal of the Bonds.

From time to time, there are legislative proposals in Congress which, if enacted could alter or amend the federal tax matters referred to above or adversely affect the market value of the Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether, if enacted, it would apply to obligations (such as the Bonds) issued prior to enactment.

BOND PREMIUM

The difference between the stated principal amount of the Bonds maturing on July 15, 2007 through and including July 15, 2010, and on July 15, 2025 and 2030 (referenced to in this section as the "Premium Bonds"), and the initial offering price to the public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers), at which price a substantial amount of the Premium Bonds of the same maturity was sold, constitutes to an initial purchaser amortizable "bond premium" that is not deductible from gross income for federal income tax purposes. The amount of amortizable bond premium for a taxable year is determined actuarially on a constant interest rate basis over the term of such Premium Bond. For purposes of determining gain or loss on the sale or other disposition of a Premium Bond, a purchase who acquires such obligation in the initial offering to the public at the initial offering price thereof as set forth on the inside front cover page of this Official Statement is required to decrease such purchaser's adjusted basis in such Premium Bond annually by the amount of amortizable bond premium for the taxable year. The amortization of bond premium may be taken into account as a reduction in the amount of tax-exempt income for purposes of determining various other tax consequences of owning the Premium Bonds. Prospective purchasers of the Premium Bonds should consult with their own advisors with respect to the tax consequences of owning and disposing of the Premium Bonds.

QUALIFIED TAX-EXEMPT OBLIGATIONS

The District will designate the Bonds as "qualified tax-exempt obligations" for purposes of Section 265(b)(3) of the Code. For such purpose, the District will certify that it reasonably anticipates that the aggregate amount of qualified tax-exempt obligations (as defined in Section 265(b)(3)(B) of the Code) which will be issued by or on behalf of the District in calendar year 2005 will not exceed $10,000,000.

RATINGS

Moody's Investors Service ("Moody's") and Standard & Poor's Ratings Services, a division of The McGraw Hill Companies ("S&P") have

assigned the ratings of "Baa3" and "BBB-", respectively. Such ratings reflect only the view of such rating agencies, and any explanation of the meaning or significance of the ratings may only be obtained from such rating agencies. An explanation of the significance of a rating assigned by Moody's may be obtained at 99 Church Street, New York, New York 10007. An explanation of the significance of a rating assigned by S&P may be obtained at 55 Water Street, 38th Floor, New York, New York 10041-0003. Such ratings may be revised downward or withdrawn entirely by Moody's or S&P, if, in their respective judgment, circumstances so warrant. There can be no assurance that a rating when assigned will continue for any given period of time or that it will not be lowered or withdrawn entirely by a rating agency if in its judgment circumstances so warrant. Any lowering or withdrawal of a rating may have an adverse effect on the marketability or market price of the Bonds. The District has covenanted in its continuing disclosure undertaking that it will file notice of any formal change in any rating that relates to the Bonds. (See "CONTINUING DISCLOSURE.")

LEGAL MATTERS

Legal matters incident to the issuance of the Bonds, and with regard to the tax-exempt status of the interest thereon are subject to the legal opinion of Gust Rosenfeld P.L.C., Phoenix, Arizona, Bond Counsel. (See "TAX EXEMPTION" herein.) Signed copies of the opinion, dated and speaking only as of the date of delivery of the Bonds, will be delivered upon the initial delivery of the Bonds in substantially the form of Appendix B hereto. Certain legal matters will be passed upon for the Underwriter by its counsel, Greenberg Traurig, LLP, Phoenix, Arizona. **See "RELATIONSHIPS AMONG PARTIES."**

The various legal opinions to be delivered concurrently with the delivery of the Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issue explicitly addressed therein. By rendering a legal opinion, the opinion giver does not become an insurer or guarantor of that expression of professional judgment, of the transaction opined upon, or of the future performance of parties to the transaction. Nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

UNDERWRITING

The Bonds are being purchased by RBC Dain Rauscher Inc. (the "Underwriter"). The Underwriter has agreed to purchase the Bonds at an aggregate purchase price of $5,898,805 (reflecting the aggregate principal amount of the Bonds, plus original issue premium of $18,805 and less Underwriter's compensation of $120,000). The Underwriter will initially offer and sell the Bonds to Qualified Investors. The prices set forth on the cover page hereof may be changed after the initial offering by the Underwriter.

CONTINUING DISCLOSURE

The District has covenanted for the benefit of certain beneficial owners of the Bonds to provide certain financial information and operating data relating to the District and development therein, as applicable, by not later than seven months after the end of its fiscal years (the "Annual Reports"), and to provide notices of the occurrence of certain enumerated events, if material (the "Notices of Material Events"). The Annual Reports will be filed by the District with each Nationally Recognized Municipal Securities Information Repository ("NRMSIRs")and with the appropriate State Information Depository, if any ("SID"). The Notices of Material Events will be filed by the District with the same entities as well as the Municipal Securities Rulemaking Board. So long as there is a designated Central Post Office acceptable for the electronic filing of Annual Reports and Notices of Material Events for distribution to the NRMSIR and any SID, the District will file the required documentation with the Central Post Office. The specific nature of the information to be contained in the Annual Reports or in the Notices of Material Events are set forth herein under the caption Appendix C - "FORM OF CONTINUING DISCLOSURE UNDERTAKING" and which includes form of undertaking which will be executed by the District with respect to the Bonds.

These covenants have been made in order to assist the Underwriter in complying with Rule 15c2-12(b)(5) of the Securities and Exchange Commission (the "Rule"). Should the District not comply with such covenants, it has covenanted to provide notice of such fact to each Nationally Recognized Securities Information Repository, the State Information Depository, if any, and the Municipal Securities Rulemaking Board. A failure to provide continuing disclosure may adversely affect the transferability and liquidity of the Bonds and their market price.

The District has been and is in material compliance with continuing disclosure undertakings previously entered into by it for purposes of the Rule.

Transportation

State Highway 85, connecting the Town with the City of Phoenix, Arizona, traverses the downtown portion of the Town. Interstate 10 also traverses the northern portion of the Town. The Town has a small airport adjacent to Interstate 10 with plans for a future runway extension. Sky Harbor Airport in Phoenix provides passenger air service. Bus lines are available in the Phoenix metropolitan area.

Government

The Town operates under a Council-Manager form of government. The Mayor is elected for two years and six council members are elected at large on a non-partisan ballot for staggered four-year terms. The Town Council appoints a Manager who has full responsibility for carrying out council policies and administering operations. Currently, the Town has an interim manager.

The Town provides a portion of its residents with water and sewer services, electricity is provided by Arizona Public Service Company, natural gas is provided by Southwest Gas Company and telephone service is provided by Qwest Communications Inc. In some areas of the Town water and/or sewer services are provided by private utility companies.

Economy

The principal economic activity for the Town and outlying areas of the Town has been agriculture, but in recent years has changed to more urban activity with the residential development that has been occurring. Part of the Town's agricultural production includes Pima Cotton which is processed in local cotton gins and exported worldwide. The Roosevelt and Buckeye Irrigation canals supply necessary water for the Town's farming needs. Employment for the Town's residents is provided by agricultural activity services, education, government and the nearby Palo Verde Nuclear Plant. The Palo Verde Nuclear Plant is located outside the boundaries of the Town approximately twenty miles west. The close proximity of the Town to the greater Phoenix metropolitan area also provides employment. APPENDIX B

FORM OF APPROVING LEGAL OPINION OF BOND COUNSEL

[LETTERHEAD OF GUST ROSENFELD, P.L.C.]

District Board
Sundance Community Facilities
District

Re: Sundance Community Facilities District (Town of Buckeye, Arizona) District General Obligation Bonds, Series

Honorable Board:

At your request we have examined the official proceedings leading to the issuance of $6,000,000 aggregate principal amount of District General Obligation Bonds, Series 2005, dated the date of hereof, 2005, issued by the Sundance Community Facilities District (Town of Buckeye, Arizona) (the "District").

We have examined the law and such documents and matters as we have deemed necessary to render this opinion including, without limitation, Resolution No. 06-05 (Sundance), passed and adopted by the District Board on September 6, 2005 (the "Resolution"). As to questions of fact material to our opinion we have relied upon, and assumed due and continuing compliance with the provisions of, the proceedings and other documents, and have relied upon certifications, covenants and representations furnished to us without undertaking to verify the same by independent investigation, including, without limitation, those with respect to causing interest on the bonds to be and remain excluded from gross income for federal income tax purposes.

Based upon the foregoing, we are of the opinion, as of this date, which is the date of initial delivery of the bonds against payment therefor, that:

1. The District is duly created and validly existing as a community facilities district and political subdivision of the State of Arizona with power to pass and adopt the Resolution, perform the agreements on its part contained therein and issue the bonds.

2. The Resolution has been duly passed and adopted by the District Board and the Indenture (as such term is defined in the Resolution) is valid and binding upon and enforceable against the District.

3. The bonds and the proceedings leading to and including the issuance thereof are legal and constitute a valid and binding general obligation of the District.

4. All taxable property within the District is subject to the levy of a direct, annual, ad valorem tax to pay the principal of and interest on the bonds without limit as to rate or amount. It is required by law that there be levied, assessed and collected, at the same time and in the same manner as other taxes, an annual tax upon all taxable property in the District sufficient, together with any money from other sources lawfully available therefore, to pay the principal of and interest on the bonds when due.

5. Under existing laws, regulations, rulings and judicial decisions, the interest income on the bonds is excluded from gross income for the purpose of calculating federal income taxes and is exempt from Arizona income taxes. Interest on the bonds is not an item of tax preference to be included in computing the alternative minimum tax of individuals or corporations; such interest income must, however, be taken into account for federal income tax purposes as an adjustment to alternative minimum taxable income for certain corporations which income is subject to the federal alternative minimum tax. The bonds are not private activity bonds within the meaning of Section 141 of the Internal Revenue Code of 1986, as amended (the "Code"). We express no opinion regarding other federal tax consequences arising with respect to the bonds.

The Code imposes various restrictions, conditions and requirements relating to the continued exclusion of interest income on the bonds from gross income for federal income tax purposes, including a requirement that the District rebate to the federal government certain of the investment earnings with respect to the bonds. Failure to comply with such restrictions, conditions and requirements could result in the interest income on the bonds being included as gross income for federal income tax purposes from their date of issuance. The District has covenanted to comply with the restrictions, conditions and requirements of the Code necessary to preserve the tax-exempt status of the bonds. For purposes of this opinion we have assumed continuing compliance by the District with such restrictions, conditions and requirements.

The rights of the owners of the bonds and the enforceability of those rights and the rights and obligations of the District

with respect to the Resolution and the Indenture and to collection of taxes may be subject to bankruptcy, insolvency, reorganization, moratorium and similar laws affecting creditors' rights and the enforcement of those rights may be subject to the exercise of judicial discretion in accordance with general principles of equity.

Trust Estate Under the Indenture

The District has granted a security interest to the Trustee in (1) all money and investments held for the credit of the Bond Fund and (2) the District's interest in the Depository Agreement. The Trustee is required to hold all such property in trust for the benefit of all the Owners.

Funds

Bond Fund. The money deposited to the Bond Fund is required to be held by the Trustee in trust and applied solely as provided in the Indenture. The District is required to deposit to the Bond Fund from the proceeds of the sale of the Bonds (i) accrued interest received on the

date of delivery of the Bonds to the initial purchaser, (ii) amounts collected by or remitted to the District as ad valorem taxes to the extent provided in the Indenture and (iii) amounts paid for deposit therein from amounts held pursuant to the Depository Agreement. The Bond Fund is required to be applied by the Trustee solely to pay Debt Service when due in any form and in the order described below under "Application of Moneys Collected: Second."

Acquisition and Construction Fund. The District is required to deposit to the Acquisition and Construction Fund the balance of the proceeds of the sale of the Bonds remaining after the deposit of accrued interest to the Bond Fund. The money deposited to the Acquisition and Construction Fund is required to be applied to pay the Costs of Issuance and the Costs of Acquisition and Construction and, to the extent the funds deposited to the Acquisition and Construction Fund and investment income attributable thereto are in excess of the amounts required for any such purpose, then at the discretion of the District to transfer such unexpended proceeds or income to the Bond Fund; provided, however, that if any such amounts remain on deposit in the Acquisition and Construction Fund on September 1, 2007, such amounts shall be transferred by the Trustee to the Bond Fund. It is anticipated that the Costs of Acquisition will be paid out immediately after delivery of the Bonds.

Investment of and Security for Funds. Money held for the credit of (i) the Bond Fund will be invested by the Trustee in Governmental Obligations and (ii) the Acquisition and Construction Fund will be invested by the Trustee in Permitted Investments. The Trustee will sell or present for redemption any obligations so purchased as an investment pursuant to the Indenture whenever it is necessary to do so in order to provide money to make any payment or transfer of money required thereby. Investments will mature, or will be subject to redemption by the holder thereof at the option of such holder without penalty, not later than the respective dates when such money is expected to be required for the purpose intended. Obligations so purchased as an investment of any money credited to any fund established pursuant to the Indenture will be deemed at all times to be a part of such fund. The interest accruing on obligations so purchased and any profit realized from such investment will be credited to such fund and any loss resulting from such investment will be charged to such fund. All money held by the Trustee pursuant to the Indenture will be continuously secured in the manner and to the fullest extent then required by applicable State or federal laws and regulations regarding the security for, or granting a preference in the case of, the deposit of trust funds. The Trustee may invest through or with its own commercial banking or investment departments. The Trustee will not be liable for any loss resulting from any such investment excepting only such losses as may have resulted from its own negligence.

Remedies under the Trust Indenture

The Trustee in its discretion, pursuant to the Indenture, may proceed to protect and enforce its rights and the rights of the Owners under

the Indenture by a suit, action, or proceeding in equity or at law or otherwise, whether for the specific performance of any covenant or agreement contained in the Indenture aid of the execution of any power granted in the Indenture or for the enforcement of any other legal, equitable, or other remedy, as the Trustee, being advised by counsel, deems most effectual to protect and enforce any of the rights of the Trustee or the Owners. In addition to all rights and remedies of any Owner provided in the Indenture, in the event the District defaults in the payment of the principal of (or premium, if any, on) or interest on any of the Bonds when due, or defaults in the observance or performance of any of the covenants, conditions, or obligations set forth in the Bond Resolution, the Depository Agreement or the Indenture, the Trustee will be entitled to a writ of mandamus issued by a court of proper jurisdiction compelling and requiring the directors and other officers of the District to make such payment or to observe and perform any covenant, obligation, or condition prescribed in the Bond Resolution, the Depository Agreement or the Indenture. The Indenture contains no provision for acceleration of maturity of principal of the Bonds in the event of default. The remedy of mandamus described above would have to be exercised upon each separate default and may, therefore, prove costly, time consuming, and difficult to enforce. The rights and remedies of Owners and the enforceability of the Bonds may also be limited by bankruptcy, reorganization, and other similar laws affecting the enforcement of creditors' rights generally. See "RISK FACTORS."

If (1) default occurs in the payment of any interest on any Bond when such interest becomes due and payable, or (2) default occurs in the payment of the principal of (or premium, if any, on) any Bond at its Stated Maturity, then upon demand of the Trustee, the District will pay or cause to be paid to the Trustee for the benefit on the Owners of such Bonds the amount so due and payable on the Bonds for principal (and premium, if any) and interest and, in addition thereto, such further amount as will be sufficient to cover the costs and expenses of administration and collection, including the reasonable compensation, expenses, disbursements, and advances of the Trustee and its agents and counsel. If the District fails to pay or cause to be paid such amounts forthwith upon such demand, the Trustee, in its own name and as trustee of an express trust, will be entitled to sue for and recover judgment against the District for the amount then so due and unpaid.

The Trustee will be entitled to sue and recover judgment as aforesaid either before, after, or during the pendency of any proceedings for the enforcement of the lien of the Indenture, and in case of a sale of the trust estate and the application of the proceeds of sale as aforesaid, the Trustee, in its own name and as trustee of an express trust, will be entitled to enforce payment of, and to receive, all amounts then remaining due and unpaid upon the Outstanding Bonds, for the benefit of the Owners thereof, and will be entitled to recover judgment for any portion of the same remaining unpaid, with interest as aforesaid. No recovery of any such judgment upon any property of the District will affect or impair the lien on the Indenture upon the

trust estate or any rights, powers, or remedies of the Trustee thereunder, or any rights, powers, or remedies of the Owners of the Bonds.

Application of Money Collected

Any money collected by the Trustee pursuant to the "Remedies under the Trust Indenture" above, together with any other sums then held by the Trustee as part of the Trust Estate, will be applied in the following order, at the date or dates fixed by the Trustee and, in case of the distribution of such money on account of principal (or premium, if any) or interest upon presentation of the Bonds and the notation thereon of the payment if only partially paid and upon surrender thereof if fully paid:

A. First: To the payment of all unpaid amounts due the Trustee under the Indenture;

B. Second: To the payment of the whole amount then due and unpaid upon the Outstanding Bonds, for principal of and premium, if any, and interest on the Bonds and (to the extent that such interest has been collected by the Trustee or a sum sufficient therefor has been so collected and payment thereof is legally enforceable at the respective rate or rates prescribed therefor in the Bonds) on overdue principal (and premium, if any)), and in case such proceeds will be sufficient to pay in full the whole amount so due and unpaid upon such Bonds, then to the payment of such principal and interest without any preference or priority, ratably according to the aggregate amount so due and

C. Third: To the payment of the remainder, if any, to the District, or to whosoever may be lawfully entitled to receive the same, or as a court of competent jurisdiction may direct.

Control by Owners

The Owners of a majority in aggregate principal amount of Outstanding Bonds will have the right (subject to providing indemnity to the Trustee as described below)

1. to require the Trustee to proceed to enforce the Indenture, either by judicial proceedings for the enforcement of the payment of the Bonds of such series and the foreclosure of the Indenture, the sale of the trust estate established pursuant to the Indenture, or otherwise; and

2. to direct the time, method, and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee under the Indenture, provided that

a. such direction will not be in conflict with any rule of law or the Indenture,

b. the Trustee may take any other action deemed proper by the Trustee which is not inconsistent with such direction,

c. the Trustee has not determined that the action so directed would be unjustly prejudicial to the Owners not taking part in such direction, and

d. if the remedy requires the consent of a certain number of the Owners, such consent has been provided.

Before taking action pursuant to the Indenture, the Trustee may require that a satisfactory indemnity bond be furnished to it for the reimbursement of all expenses which it may incur and to protect it against all liability by reason of any action so taken, except liability which is adjudicated to have resulted from its negligence or willful misconduct. The Trustee may take action without that indemnity, and in that case, the District will reimburse the Trustee (but only from amounts pledged under the Indenture) for all of the expenses of the Trustee pursuant to the Indenture.

Each Owner of any Bond by his acceptance thereof will be deemed to have agreed that any court may in its discretion require, in any suit for the enforcement of any right or remedy under the Indenture, or in any suit against the Trustee for any action taken or omitted by it as Trustee, the filing by any party litigant in such suit of an undertaking to pay the costs of such suit, and that such court may in its discretion assess reasonable costs against any party litigant in such suit, having due regard to the merits and good faith of the claims or defenses made by such party litigant. However, this provision will not apply to any suit instituted by or against the Trustee, to any suit instituted by any Owner, or group of Owners of the series affected thereby, holding in the aggregate more than ten percent in principal amount of the Outstanding Bonds, or to any suit instituted by any Owner for the enforcement of the payment of the principal of or interest on any Bond on or after the Stated Maturity expressed in such Bond (or, in the case of redemption, on or after the redemption date of such Bond).

Supplemental Indentures

Without the consent of the Owners of any Bonds and, under certain circumstances described in the Indenture, the District and the Trustee may from time to time enter into indentures supplemental to the Indenture or amend the Depository Agreement, or the District may adopt a resolution amending the Bond Resolution (i) to correct or amplify the description of any property subject to the lien of the Indenture, or better to convey unto the Trustee any property subject to the lien of the Indenture, or better to assure, convey, and confirm unto the Trustee any property subject or required to be subjected to the lien of the Indenture, or to subject to the lien of the Indenture additional property; (ii) to add to the conditions, limitations and restrictions on the authorized amount, terms, or purposes of issuance, authentication and delivery of Bonds any additional conditions, limitations and

restrictions thereafter to be observed; (iii) to evidence the succession of another entity to the District and the assumption by any such successor of the covenants of the District in the Indenture, the Depository Agreement or the Bond Resolution; (iv) to add to the covenants of the District for the benefit of the Owners of all the Bonds; (v) to cure any ambiguity, to correct or supplement any provision in the Indenture, the Depository Agreement or the Bond Resolution which may be inconsistent with any other provisions thereof, or to make any other provisions for matters arising thereunder which will not be inconsistent with the provisions thereof, if such actions will not adversely affect the interests of the Owners or (vi) to provide for the issuance of additional bonds.

With the consent of the Owners of not less than a majority in principal amount of the Bonds affected and, under certain circumstances described in the Indenture, the District and the Trustee may also enter into indentures supplemental to the Indenture, amendments to the Depository Agreement or resolutions amending the Bond Resolution for the purpose of adding any other provisions to or changing in any other manner or eliminating any of the provisions of the Indenture or of modifying in another manner the rights of the Owners under the Indenture, the Depository Agreement or the Bond Resolution. However, no supplemental indenture or amending resolution, without the consent of the Owner of each Outstanding Bond affected thereby, is permitted by the Indenture to (i) change the Stated Maturity of the principal of, or any installment of interest on, any Bond, or reduce the principal amount of or the interest on, any Bond, or change any place of payment where, or the coin or currency in which, any Bond or the interest on any Bond is payable, or impair the right to institute suit for the enforcement of any such payment on or after the stated maturity thereof (or, in the case of redemption, on or after the redemption date); (ii) reduce the percentage in principal amount of the Outstanding Bonds the consent of the Owners of which is required for any supplemental indenture, or the consent of Owners of which is required for any waiver provided for in the Indenture of compliance with certain provisions of the Indenture or certain defaults under the Indenture and their consequences; (iii) modify or alter the provisions of the proviso to the definition of the term "Outstanding" in the Indenture; or (iv) modify any of the provisions of the Indenture concerning approval of supplemental indentures, amendments to the Depository Agreement or amending resolution except to increase any percentage of the Owners of Bonds necessary for approval or to provide that certain provisions of the Indenture cannot be modified or waived without the consent of the Owner of each Bond affected thereby. The Trustee may in its discretion determine whether or not any Bonds would be affected by any supplemental indenture or amendment to the Bond Resolution and any such determination will be conclusive upon each Owner, whether theretofore or thereafter authenticated and delivered under the Indenture. The Trustee will not be liable for any such determination made in good faith.

Concerning the Trustee

The Trustee has undertaken to perform such duties and only such duties as are specifically set forth in the Indenture, and no implied covenants or obligations should be read into the Indenture against the Trustee. In the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of the Indenture. However, in the case of any such certificates or opinions which by any provision of the Indenture are specifically required to be furnished to the Trustee, the Trustee will be under a duty to examine the same to determine whether or not they conform on their face to the requirements of the Indenture.

No provision of the Indenture will be construed to relieve the Trustee from liability for its own negligent action, its own negligent failure to act, or its own willful misconduct, except that

1. this paragraph will not be construed to limit the effect of the preceding paragraph;

2. the Trustee will not be liable for any error of judgment made in good faith by a responsible officer of the Trustee, unless it shall be proved that the Trustee was negligent;

3. the Trustee will not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction of the Owners of a majority in principal amount of the Outstanding Bonds or to the time, method, and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee, under the Indenture; and

4. no provision of the Indenture will require the Trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties under the Indenture, or in the exercise of any of its rights or powers, unless it is provided indemnity in connection therewith as provided in the Indenture.

Except as otherwise provided in the Indenture:

1. the Trustee may rely and will be protected in acting or refraining from acting upon:

a. any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, telex or other paper, document, or communication reasonably believed by it to be genuine and to have been signed or presented by the proper persons; and

b. failure of the Trustee to receive any such paper, document, or communication, if prior receipt thereof is required by

the Indenture before the Trustee is to take or refrain from taking any action;

2. any request or direction of the District mentioned in the Indenture will be sufficiently evidenced by a request of the District, and any order or resolution of the District may be sufficiently evidenced by a resolution of the board of the District;

3. whenever in the administration of the Indenture the Trustee will deem it desirable that a matter be proved or established prior to taking, suffering, or omitting any action, the Trustee (unless other evidence be specifically prescribed) may, in the absence of bad faith on its part, rely upon a certificate of an officer of the District;

4. the Trustee may consult with legal counsel and the written advice of such counsel will be full and complete authorization and protection in respect of any action taken, suffered, or omitted by the Trustee under the Indenture in good faith and in reliance thereon;

5. the Trustee will be under no obligation to exercise any of the rights or powers vested in it by the Indenture at the request or direction of any of the Owners pursuant to the Indenture, unless such Owners shall have offered to the Trustee reasonable security or indemnity against the costs, expenses, and liabilities which might be incurred by it in compliance with such request or direction;

6. the Trustee will not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, or other paper or document, but the Trustee, in its discretion, may make such further inquiry or investigation into such facts or matters as it may see fit, and, if the Trustee determines to make such further inquiry or investigation, it will be entitled to examine the books, records, and premises of the District, personally or by agent or attorney; and

7. the Trustee may execute any of the trusts or powers or perform any duties under the Indenture either directly or by or through agents or attorneys, and the Trustee will not be responsible for any misconduct or negligence on the part of any agent or attorney appointed, with due care by it.

There will at all times be a trustee under the Indenture which will be a bank or trust company organized and doing business under the laws of the United States or of any State, authorized under such laws to exercise corporate trust powers, having a combined capital and surplus of at least $50,000,000, subject to supervision or examination by federal or State authority, and having an office in the State. If such corporation publishes reports of condition at least annually, pursuant to law or to, the requirements of such supervising or examining authority, then for the purposes of the Indenture the combined capital and surplus of such corporation will be deemed to be its combined capital

and surplus as set forth in its most recent report of condition so published. If at any time the Trustee ceases to be eligible in accordance with the provisions of the Indenture, it will resign immediately in the manner and with the effect specified in the Indenture.

The Trustee may resign at any time by giving written notice thereof to the District. If an instrument of acceptance by a successor Trustee will not have been delivered to the Trustee within 30 days after the giving of such notice of resignation, the resigning Trustee may petition any court of competent jurisdiction for the appointment of a successor Trustee.

The Trustee may be removed at any time by act of the Owners of a majority in principal amount of the Outstanding Bonds, delivered to the Trustee and the District.

If at any time (1) the Trustee ceases to be eligible under the Indenture and fails to resign after written request therefor by the District or any such Owner, or (2) the Trustee becomes incapable of acting or adjudged insolvent or a receiver of the Trustee or of its property is appointed or any public officer takes charge or control of the Trustee or of its property or affairs for the purpose of rehabilitation, conservation, or liquidation, then, in any such case, the District may remove the Trustee.

If the Trustee resigns, is removed, or becomes incapable of acting, the District will promptly appoint a successor Trustee. In case all or substantially all of the Trust Estate will be in the possession of a receiver or trustee lawfully appointed, such receiver or trustee, by written instrument, may similarly appoint a successor to fill such vacancy until a new Trustee is appointed by the Owners. If, within one year after such resignation, removal, or incapability, or the occurrence of such vacancy, a successor Trustee is appointed by act of the Owners of a majority in principal amount of the Outstanding Bonds and delivered to the District and the retiring Trustee, then the successor Trustee so appointed will, forthwith upon its acceptance of such appointment, become the successor Trustee and supersede the successor Trustee appointed by the District or by such receiver or trustee. If no successor Trustee is so appointed by the District or the Owners and has accepted the appointment, any Owner who has been a bona fide Owner of a Bond for at least six months may, on behalf of himself and all others similarly situated, petition any court of competent jurisdiction for the appointment of a successor Trustee.

Defeasance

The Indenture, and the lien, rights, and interests created thereby, will terminate, at the request of the District, when the following conditions exist:

1. all Bonds previously authenticated and delivered under the Indenture have been canceled by the Trustee or delivered to the Trustee for cancellation, excluding however:

a. Bonds for the payment of which money has been deposited with the Trustee or a paying agent, as provided by the provisions of the Indenture relating to redemption of the Bonds;

b. Bonds alleged to have been destroyed, lost, or stolen which have been replaced or paid as provided in the Indenture, except for any such Bond which prior to the satisfaction and discharge of the Indenture has been presented to the Trustee with a claim of ownership and enforceability by the Owner thereof and where enforceability has not been determined adversely against such Owner by a court of competent jurisdiction;

c. Bonds, other than those referred to in the foregoing clauses, for the payment or redemption of which there has been deposited with the Trustee in accordance with the provisions of the Indenture in trust for such purpose an amount sufficient to pay and discharge the entire indebtedness on such Bonds for principal and interest to the stated maturity or redemption date of such Bonds, as the case may be; and

d. Bonds deemed no longer outstanding as a result of the deposit or escrow of money or Governmental Obligations as described below; and

2. the District has paid or caused to be paid all other sums payable by the District under the Indenture.

Any Bond will be deemed to be no longer outstanding when payment of the principal of such Bond, plus interest thereon to its Maturity (whether such Maturity is by reason of the Stated Maturity or by call for redemption, if notice of such call has been given or waived or irrevocable arrangements for such notice satisfactory to the Trustee have been made), calculated at the maximum permitted rate for any period in which the rate of interest on the Bonds is unknown and has been provided by depositing (i) money sufficient to make such payment or (ii) money and Governmental Obligations and/or REFCORP Strips as such term is defined in the definition of "Permitted Investments" certified by an independent accountant of national reputation to mature as to principal and interest in such amounts and at such times as will, without further investment or reinvestment of either the principal amount thereof or the interest earnings therefrom, be sufficient to make such payment, provided that all necessary and proper fees, compensation and expenses of the Trustee and paying agents pertaining to the Bonds with respect to which such deposit is made have been paid or the payment thereof has been provided for to the satisfaction of the Trustee. Any deposit described above must be made either with the Trustee or, if notice of such deposit is given to the Trustee, or with a state or nationally chartered bank with a minimum combined capital surplus or $50,000,000 as escrow agent, with irrevocable instructions to transfer the amounts so deposited and investment income therefrom to the Trustee or to the paying agents in the amounts and at the times required to pay principal of and interest on the Bonds with respect to which such deposit is made at the maturity thereof and of such inter-

est or the Stated Maturity, as the case may be. In the event such deposit is made with respect to some but not all of the Bonds then outstanding, the Trustee is required to select the Outstanding Bonds with respect to which such deposit is made in the same manner as provided in the Trust Indenture for the selection of Bonds to be redeemed.

No such deposit will have the effect specified above, however, (i) if made during the existence of a default under the Trust Indenture, unless made with respect to all of the Bonds then Outstanding, and (ii) unless there is delivered to the Trustee an opinion of counsel to the effect that such deposit will not adversely affect any exemption from federal income taxation of interest on any Bond. Any money and Governmental Obligations deposited with the Trustee for such purpose is required to be held by the Trustee in a segregated account in trust for the Owners of the Bonds with respect to which such deposit is made and, together with any investment income therefrom, is required to be disbursed solely to pay the principal of and interest on such Bonds when due.

Cancellation for Conflict of Interest

To the extent made applicable by provision of law, pursuant to ARS Section 38-511, the Indenture is subject to cancellation by the District within three years of its execution if any person significantly involved in creating the Indenture on behalf of the District is or becomes an employee of any other party to the Indenture or a consultant to any other party with respect to the Indenture.

APPENDIX E

BOOK-ENTRY ONLY SYSTEM

This information concerning DTC and DTC's book-entry system has been obtained from DTC and the District takes no responsibility for the accuracy thereof. The Beneficial Owners (defined below) should confirm this information with DTC or the DTC participants.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 2 million issues of U.S. and non-U.S., equity issues, corporate and municipal debt issues, and money market instruments from over 85 countries that DTC participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S., securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Government Securities Clearing Corporation, MBS Clearing Corporation and Emerging Markets Clearing Corporation (NSCC, GSCC, MBSCC and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange, LLC and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to other such as both U.S. and non-U.S., securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's highest rating AAA. The DTC Rules applicable to its Direct Participants and Indirect Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchase of the Bonds under the DTC system must be made by or through Direct Participants, who will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct Participant's and Indirect Participant's records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as peri-

odic statements of their holdings, from the Direct Participant or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interest in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interest in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all the Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Bonds with DTC and their registration in the name of Cede & Co., or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct Participants and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices of the Bonds shall be sent to DTC. If less than all of the Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Trustee as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Payment of principal of and interest on the Bonds, and the redemption price of any Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of and information funds and corresponding detail information from the Bond Registrar and Paying Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Direct Participants and Indirect Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of

customers in bearer form or registered in "street name" and will be the responsibility of such Direct Participants and Indirect Participants and not of DTC (or its nominee) or the Trustee, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal of and interest on the Bonds, and the redemption price of any Bonds will be made to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of Direct Participants and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the Trustee. Under such circumstances, in the event that a successor depository is not obtained, physical Bonds are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, physical Bonds will be printed and delivered.

Under DTC's rules, DTC now advises that upon receipt of a withdrawal request from an issuer, such as the District, DTC will take the following actions: (1) DTC will issue an Important Notice notifying its participants of the receipt of a withdrawal request from the issuer reminding participants that they may utilize DTC's withdrawal procedures if they wish to withdraw their securities from DTC; and (2) DTC will process withdrawal requests submitted by participants in the ordinary course of business, but will not effectuate withdrawals based upon a request from the issuer.

SUNDANCE COMMUNITY FACILITIES DISTRICT
(TOWN OF BUCKEYE, ARIZONA)
GENERAL OBLIGATION BONDS,
SERIES 2005

INTRODUCTION

This Official Statement, which includes the cover page and the appendices hereto (this "Official Statement"), provides certain information concerning the issuance of Sundance Community Facilities District (Town of Buckeye, Arizona) General Obligation Bonds, Series 2005 (the "Bonds"), in the aggregate principal amount of $6,000,000.* **Certain capitalized terms not defined in the text of this Official Statement are defined in Appendix E - "SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE - Definitions of Certain Terms" herein.** Copies of any of the documents referenced herein are available upon request to the Underwriter at Suite 700, 2375 East Camelback Road, Phoenix, Arizona 85016.

Pursuant to the Community Facilities Act of 1988, constituting Title 48, Chapter 4, Article 6, Arizona Revised Statutes, as amended (the "Act"), a petition was executed by the then owners of all of the real property within Sundance Community Facilities District (the "District"). In response to such petition, the Mayor and Council (the "Town Council") of the Town of Buckeye, Arizona (the "Town"), adopted a resolution on June 19, 2001, which formed the District. (See Appendix A hereto for certain information with respect to the Town.)

The District encompasses approximately 1,860 acres of land within the Town, located approximately thirty (30) miles west of downtown Phoenix, Arizona, adjacent to Interstate 10. Such land is being developed as a mixed use, master-planned community known as "Sundance." (See the maps at pages (iii) and (iv) with respect to the location of the District and Table 10 for a breakdown of development use by acreage.)

The District is a special purpose, tax levying public improvement district for purposes of the Constitution of Arizona and a municipal corporation for certain purposes of the laws of the State of Arizona (the "State"). Except as otherwise provided in the Act, the District is considered to be a municipal corporation and political subdivision of the State, separate and apart from the Town. The Town Council serves as the District Board of the District (the "Board"), and the Manager of the Town serves as the District Manager.

Approximately 1,317 acres of the land within the District are planned for ultimate development of approximately 5,500 single

family homes. Of that number, approximately 2,400 have been sold to individual homeowners as of July, 2005. **(References herein to home sales reflect the number of sales for which escrows have closed with ultimate buyers.)**

THE BONDS

Authorization and Purpose

The Bonds are authorized pursuant to the Act and a special election held in and for the District on August 7, 2001 (the "Election"), pursuant to which the District has been authorized to incur general obligation bonded indebtedness in an amount not to exceed $50,000,000 in order to finance, among other things, the costs of public infrastructure purposes within the District, including incidental costs and the costs of issuing bonds, and will be issued pursuant to a resolution adopted by the Board on September 6, 2005 (the "Bond Resolution"), and the Indenture of Trust and Security Agreement, to be dated as of October 1, 2005 (the "Indenture"), from the District to the Trustee. See Appendix D - "SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE." The Bonds will be the second series issued pursuant to the authorization approved by the Election, and, after issuance of the Bonds, $39,000,000* aggregate principal amount of bonds will remain authorized but unissued. See "SECURITY FOR AND SOURCES OF PAYMENT OF THE BONDS - *Ad Valorem* Property Taxation in the District -- Annual Debt Service Requirements of General Obligation Bonded Indebtedness to be Outstanding" and "OVERLAPPING, ADDITIONAL AND ADDITIONAL OVERLAPPING INDEBTEDNESS - Additional General Obligation Bonded Indebtedness of the District." The Bonds are being issued in order to finance the costs to acquire or construct certain public infrastructure within the boundaries of the District, mainly roadways and utility improvements, which have been or will be dedicated to the Town (the "Public Infrastructure").

General Description

The Bonds will be dated the date of their initial delivery and will mature and bear interest as set forth on the cover page of this Official Statement.

Interest on the Bonds will be paid semiannually on January 15 and July 15 of each year, commencing January 15, 2006 (each such date an "Interest Payment Date"). The Bonds will bear interest from the most recent Interest Payment Date to which interest has been paid or duly provided for or, if no interest has been paid, from the date of their initial delivery, calculated on the basis of a 360-day year of twelve 30-day months.

---

* Subject to change.

Beneficial ownership interests may be purchased through the facilities of The Depository Trust Company, New York, New York ("DTC"), in the book-entry only form described herein in amounts of $5,000 of principal amount and integral multiples thereof. See Appendix E - "BOOK-ENTRY ONLY SYSTEM."

The Bonds maturing on July 15 of the following years will be redeemed on the following Redemption Dates and in the following amounts upon payment of the Redemption Price, which shall consist of the principal amount of the Bonds so redeemed plus accrued interest, if any, on the Bonds so redeemed from the most recent Interest Payment Date to the Redemption Date, without premium:

Effect of Redemption. Notice of redemption having been given as aforesaid, the portion of the Bonds so to be redeemed will, on the Redemption Date, become due and payable at the Redemption Price therein specified, and from and after such date (unless the District shall default in the payment of the Redemption Price) such Bonds will cease to bear interest.

* Subject to change.

SECURITY FOR AND SOURCES OF PAYMENT OF THE BONDS

General

After the Bonds are issued, State law requires that the Board annually levy, and cause to be collected, an *ad valorem* tax, at the same time and in the same manner as other such taxes are levied and collected, on all taxable property in the District, sufficient to pay Debt Service (whether at maturity or prior redemption). (Such tax is unlimited as to rate or amount.) Amounts derived from the levy of the tax provided in this section when collected constitute funds to pay Debt Service and will be deposited in the Bond Fund and kept separately from other funds of the District. (The District levies an *ad valorem* tax at a rate of $3.00 per $100 of secondary assessed valuation on all taxable property within the boundaries of the District for the payment of Debt Service, which is separate from the hereinafter described Operation and Maintenance Tax.) With respect to *ad valorem* property taxes, issues of general obligation bonds of the District that may be issued in the future will be payable from such taxes on the same basis as the Bonds. (The District and the Trustee have acknowledged pursuant to the Indenture that the Bonds and any other general obligation bonds of the District hereafter issued will be payable on a parity basis with respect to the collection and application of property tax revenues of the District and that such property taxes will be allocated to each series of general obligation bonds in accordance with any debt service then due and, in either case, taking into account other funds held by the District for such payment. Property tax revenues allocated for any series of bonds will be deposited into the applicable bond fund set aside for such series.) See "OVERLAPPING, ADDITIONAL AND ADDITIONAL OVERLAPPING INDEBTEDNESS - Additional General Obligation Bonded Indebtedness of the District."

Simultaneously with the delivery of the Bonds and pursuant to the Depository Agreement, dated as of October 1, 2005 (the "Depository Agreement"), by and among Wells Fargo Bank, N.A., as depository (the "Depository"), the District and Buckeye Land Management, Inc. ("BLMI"), $250,000* (the "Payment") will be deposited with the Depository. The amount held pursuant to the Depository Agreement will be available to pay Debt Service if an *ad valorem* property tax of at least $3.00 per $100 of secondary assessed valuation (which does not include the Operation and Maintenance Tax) on all taxable property within the boundaries of the District has been levied and assessed, but will <u>not</u> be subject to replenishment if used for such purpose. See "The Depository Agreement." Earnings on amounts held by the Depository pursuant the Depository Agreement will be added to the amounts held thereunder, and amounts held by the Depository pursuant the Depository Agreement will be released to BLMI, and the Depository Agreement will be terminated, in each case, under certain circumstances as described under the subheading "The Depository Agreement." A portion of Debt Service due on January 15, 2006

will be paid from amounts available pursuant to the Depository Agreement. It is expected that thereafter, based on existing and anticipated development as described herein under the heading "LAND DEVELOPMENT," the amount of *ad valorem* property taxes expected to be collected from year to year at a tax rate of $3.00 per $100 of secondary assessed valuation on all taxable property then within the boundaries of the District will be sufficient alone to pay Debt Service.

Investment in the Bonds involves certain risks that each prospective investor should consider prior to investing. See "RISK FACTORS."

NEITHER THE FULL FAITH AND CREDIT NOR THE GENERAL TAXING POWER OF THE TOWN NOR THE STATE NOR ANY POLITICAL SUBDIVISION THEREOF (OTHER THAN THE DISTRICT) IS PLEDGED TO THE PAYMENT OF THE BONDS. THE BONDS ARE OBLIGATIONS OF THE DISTRICT ONLY. NONE OF THE TOWN, THE STATE OR ANY POLITICAL SUBDIVISION THEREOF (OTHER THAN THE DISTRICT) WILL HAVE ANY OBLIGATION WITH RESPECT TO DEBT SERVICE FOR THE BONDS.

***Ad Valorem* Property Taxation in the District**

General. The State has two different valuation bases for levying *ad valorem* property taxes. They are "limited property" and "full cash value." Additionally, all property, both real and personal, is assigned a classification to determine its assessed valuation for tax purposes. Each legal classification is defined by property use and has an assessment ratio (a percentage factor) that is multiplied by the limited or full cash values of the property to obtain the assessed valuations. See "-- Assessment Ratios" below.

Primary Taxes. Taxes levied against the assessed limited property value (after application of the assessment ratio) are referred to as primary taxes, which are used for the maintenance and operation of counties, cities/towns, school districts, community college districts and the State. Limited property value cannot exceed the full cash value and is derived statutorily using one of the following two procedures:

(a) The limited property value for parcels in existence in the prior year that did not undergo modification through construction, destruction, split or change in use are established at the previous year's limited property value increased by the greater of either ten percent of the previous year's limited property value or 25 percent of the difference between the previous year's limited property value and the current year's full cash value.

(b) The limited property value for parcels that underwent modification through construction, destruction or change in use, and for new parcels, is established by applying a ratio of the full cash to limited property values of existing properties of the same use or legal classification.

The aggregate of the primary taxes levied by a county, city/town and community college district is constitutionally limited to a maximum increase of two percent over the previous year's levy limit plus any taxes on property not subject to tax in the previous year (e.g., new construction and property brought into the jurisdiction because of annexation). The two percent limitation does not apply to primary taxes levied on behalf of school districts. The limited and full cash values of personal property (other than mobile homes) and for utility, mining and producing oil, gas and geothermal property are the same. Primary taxes on owner-occupied residential property only are constitutionally limited to one percent of the full cash value of such property. (To offset the effects of the one percent limitation, a tax equalization program has been instituted for school equalization purposes. This program required the counties to levy a tax of $0.4358 per $100 of assessed value under the primary system for fiscal year 2005-2006.)

Secondary Taxes. Taxes levied against the assessed value (after application of the assessment ratio to full cash value) are referred to as secondary taxes, which are used for debt retirement (including debt service on the Bonds), voter-approved budget overrides and the maintenance and operation of special service districts such as sanitary, fire and road improvement districts (including maintenance and operation expenses of the District). There is no limitation on the annual increases in full cash value of any property, and annual levies for voter-approved bond indebtedness and special district assessments are unlimited.

Determination of Full Cash Value. The first step in the tax process is the determination of the full cash value of each parcel of real property within the State. Most property is valued by the various county assessors, including for Maricopa County, Arizona (the "County"), the county in which the District is located, the County Assessor for the County (the "Assessor"), with the Arizona Department of Revenue valuing centrally assessed properties such as gas, water and electrical utilities, pipelines, mines, local and long distance telephone companies and airline flight property.

Full cash value is statutorily defined to mean "that value determined as prescribed by statute" or, if no statutory method is prescribed, it is "synonymous with market value." "Market value" means that estimate of value that is derived annually by use of standard appraisal methods and techniques, which generally includes the market approach, the cost approach and the income approach. As a general matter, the Assessor uses a cost approach for commercial/industrial property and a sales data approach for residential property. Arizona law allows taxpayers to appeal the Assessor's valuations by providing evidence of a lower value, which may be based upon another valuation approach.

County assessors, upon meeting certain conditions, may value residential, agricultural and vacant land at the same full cash

valuation for up to three years. The Assessor currently values existing properties on a two-year cycle.

Certain residential property owners 65 years of age and older may obtain such a freeze against valuation increases (the "Property Valuation Protection Option") if the owner's total income from all sources does not exceed 400 percent (500 percent for two or more owners of the same property) of the "Social Security Income Benefit Rate." The property owner must apply for the Property Valuation Protection Option and, if approved by the Assessor, must renew the application every three years. If the property is sold to a person who does not qualify for the Property Valuation Protection Option, the valuation reverts to its then current full cash value. Any freeze on increases in full cash value will also freeze the secondary assessed value of the affected property as hereinafter described.

Assessment Ratios. The appropriate property classification ratio is applied to the full cash value to determine the assessed valuation for such parcel. The assessment ratios for the fiscal year 2005-2006 for each class of property are set forth below.

TABLE 1
PROPERTY TAX ASSESSMENT RATIOS

Property Classification (a)	Assessment as Percent of Full Cash Value
Mining, Utility and Commerical and Industrial (b)	25%
Agricultural and Vacant Land (b)	16
Owner Occupied Residential	10
Leased or Rented Residential	10
Railroad, Private Car Company and Airline Flight Property (c)	N/A

(a) Additional classes of property exist, but seldom amount to a significant portion of total valuation.

(b) The first $56,298 in 2005-2006 of full cash value of commercial, industrial and agricultural personal property is not taxable. Any portion of the full cash value in excess of such amount will be assessed at 25 percent or 16 percent, as applicable. Effective December 31, 2005, the assessment rate on mining, utility, commercial and industrial property will be reduced to 24.5%. Additionally, this rate will be reduced by one half of one percent annually through 2014, resulting in an assessment rate of 20% from and after December 31, 2014.

(c) This percentage is determined annually to be equal to the ratio of (i) the total assessed valuation of all mining, utility, commercial, industrial, and military reuse zone properties, agricul-

tural personal property and certain leasehold personal property to (ii) the total full cash (market) value of such properties.

Collection. On or before the third Monday in August of each year based on valuation as of that date, the District will (i) fix, levy and assess the amount to be raised from *ad valorem* property taxes that, together with the amount estimated to be available from all other sources of revenue and any unencumbered balances from the previous fiscal year, will equal the total of amounts proposed to be expended in the budget for the current fiscal year and (ii) fix and determine the necessary *ad valorem* property tax rates for the District. For such purpose, on or before each such third Monday in August, and after review of such amount and rate for compliance with any applicable statutory and constitutional limitations by the property tax oversight commission of the State, an assessment and tax roll must be delivered to the County Treasurer of the County (the "Treasurer"). The Assessor of the County may, however, change such roll any time before December 20 of such year. *Any decrease in the value of the roll so established in December from the value used on the immediately preceding third Monday in August could reduce the aggregate amount of taxes to be collected by the District.*

The *ad valorem* property taxes levied and assessed by the District pursuant to the assessment and tax roll delivered to the Treasurer are billed along with State and County *ad valorem* property taxes and are due and payable in two equal installments on October 1 of that calendar year and on March 1 of the subsequent calendar year. The two *ad valorem* property tax installments become delinquent and begin to accrue interest at the rate of 16 percent per annum simple interest prorated monthly on November 1 of that calendar year and May 1 of the subsequent calendar year, respectively. Delinquent interest is waived if a taxpayer, delinquent as to the November 1 payment, pays the entire year's tax bill by December 31 of such calendar year.

All taxes become a lien upon the property assessed (they are not a personal obligation of the property owner), attaching on the first day of January of each tax year, subject to the possible exception of *ad valorem* property taxes levied against the real property of a property owner in bankruptcy. Generally, a tax lien is not satisfied or removed until the taxes are paid or the property is finally vested in a purchaser under a tax lien sale. An *ad valorem* property tax lien is prior and superior to all the liens and encumbrances on the property, except liens and encumbrances held by the State.

If the *ad valorem* property taxes are not paid when due, the Treasurer is required to secure a payment through the sale of the tax lien. Not later than December 31 of each year, the Treasurer must prepare a list of all real property upon which the *ad valorem* property taxes for prior years were unpaid and delinquent. The property so listed is advertised for sale, and the sale of the tax lien for delinquent *ad valorem* property taxes must be held by the Treasurer in February of the calendar year immediately following the publication of

notice of the tax lien sale. The Treasurer will offer at the sale a tax lien on each delinquent property at a price equal to the amount of taxes, interest and penalties due on the property to the bidder willing to accept the lowest rate of interest on the amount paid by the bidder for the tax lien. If no bidder is willing to accept less than 16 percent per annum, the lien is assigned to the State and held for subsequent resale. If a tax lien is sold, the bidder is required to pay in cash at the time of sale a purchase price equal to the amount of taxes, interest and penalties due on the property. If the lien is assigned to the State, the *ad valorem* property taxes due will remain unpaid until subsequent resale or redemption of the property.

Accordingly, delinquent *ad valorem* property taxes levied by the District should, if the assessed property has sufficient value to attract bidders at the tax lien sale, be recovered by the District within 15 months after the end of the calendar year in which such taxes were levied and assessed.

The holder of a tax lien is entitled to foreclose the right to redeem the tax lien by judicial sale after the third anniversary of the tax lien sale and to foreclose the tax lien by administrative process, without judicial action, after the fifth anniversary of the tax lien sale.

It is anticipated that the District's semiannual payments of Debt Service will be funded with installments of tax payments collected on or about the immediately preceding tax payment date together with any funds available from any other sources. If, for any reason, a material portion of the *ad valorem* property taxes due and payable to the District are not paid in a timely manner, the payment of Debt Service could be delayed. It cannot be determined with any certainty when delinquent *ad valorem* property taxes could be collected and available for the payment of Debt Service and what impact such delay could have on the secondary market for the Bonds. **See "RISK FACTORS - Assessed Valuation of Property," "- Direct and Overlapping Indebtedness" and "- Bankruptcy and Foreclosure Delays."**

Record of Taxes Levied and Collected in the District. Under State law, the Board of Supervisors of the County is required to levy a tax in an amount sufficient to provide for Debt Service. With respect to the District, certain amounts are available (as described below) that will be used to offset the amount otherwise needed for Debt Service. Property taxes are levied and collected on property within the District and certified by the Treasurer on behalf of the District.

The Depository Agreement

Simultaneously with the delivery of the Bonds and pursuant to the Depository Agreement, the Payment ($250,000*) will be deposited to the Principal Account established pursuant thereto. See "RISK FACTORS - Bankruptcy and Foreclosure Delays." There will be no obligation to deposit any subsequent amounts pursuant to the Depository Agreement. To the extent described in and pursuant to the terms of the Depository Agreement, amounts held by the Depository pursuant to the Depository Agreement will be paid over to the Trustee as necessary to supplement *ad valorem* property tax revenues of the District for the payment of Debt Service if the amount available from tax revenue is insufficient. To have amounts available pursuant to the Depository Agreement for the payment of such Debt Service before the Depository Agreement is terminated according to its terms, the Board must have, with respect to any Interest Payment Date occurring on January 15, levied for Debt Service for that Fiscal Year a tax rate of at least $3.00 per $100 of secondary assessed valuation and with respect to any Interest Payment Date occurring on July 15, levied such tax rate for the immediately preceding Fiscal Year; provided, however, that the tax rate in any such Fiscal Year for such purpose may be less than $3.00 if the Board expected that such lower rate would produce secondary *ad valorem* property tax revenues sufficient to pay in full Debt Service and the Depository Agreement has been, or is in the process of being, terminated pursuant to its terms.

On each July 2 and January 2, the Trustee will notify the Depository of the Debt Service coming due on the next succeeding July 15 or January 15, as the case may be, and state the amounts then on deposit in the Bond Fund and the accounts therein, under the Indenture. Based on the amounts indicated to the Depository, the Depository will pay to the Trustee for deposit in the Bond Fund, as described in Appendix B - "SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE - Funds - Bond Fund," an amount sufficient to pay the remaining amount of Debt Service due on the Bonds on the next succeeding July 15 or January 15, as the case may be, such amount to be paid on July 8 and January 8, respectively.

Amounts held pursuant to the Depository Agreement will be invested in Permitted Investments. Earnings on amounts held by the Depository pursuant to the Depository Agreement will be added to the amount on deposit thereunder. The Depository will pay to BLMI the amounts held by the Depository in the Principal Account under the Depository Agreement upon termination of the Depository Agreement.

The Depository Agreement will terminate upon the earlier of (i) the payment of or the provision for the payment in full of all of the Bonds outstanding and (ii) receipt by the District Manager in any Fiscal Year (but in no case sooner than the first Fiscal Year after which principal of the Bonds have started to be amortized) of evidence

* Subject to change.

reasonably satisfactory to the District Manager that a tax rate of $3.00 per $100 of secondary assessed valuation of property within the boundaries of the District such Fiscal Year would have been sufficient to pay Maximum Annual Debt Service with respect to the Bonds for any subsequent Fiscal Year plus the historical, annual, average of amounts necessary for payment of administrative expenses relating to the Bonds as of such Fiscal Year. Such evidence will consist of a written projection, prepared by the financial advisor for the District upon a written request of the District Manager, that is based upon the application of such secondary tax rate in light of the actual secondary assessed valuation of the property within the boundaries of the District as of the current Fiscal Year, assuming a delinquency factor equal to the greater of (a) five percent or (b) the historic, average, annual percentage delinquency factor for the District as of such Fiscal Year and in either event with no credit for any fund balances or investment income accruing during the Fiscal Year. After receipt of proof of satisfaction of such condition, the Board will approve in writing the termination of the Depository Agreement, such approval not to be withheld unreasonably.

Assuming development within the District occurs as set forth under "LAND DEVELOPMENT," it is currently projected that the Depository Agreement could be terminated by the Fiscal Year beginning July 1, 2007. A slower pace of development could extend the period before the Depository Agreement is terminated and, conversely, a more rapid pace of development could shorten the period before the Depository Agreement is terminated.

OVERLAPPING, ADDITIONAL AND ADDITIONAL OVERLAPPING INDEBTEDNESS

Overlapping General Obligation Bonded Indebtedness

Overlapping general obligation bonded indebtedness is shown below including a breakdown of each overlapping jurisdiction's applicable general obligation bonded indebtedness, net assessed valuation and combined tax rate per $100 assessed valuation. Outstanding bonded indebtedness is comprised of general obligation bonds outstanding and general obligation bonds scheduled for sale. See "RISK FACTORS - Direct and Overlapping Indebtedness."

(a) This table does not include the Salt River Project Agricultural Improvement and Power District general obligation bonded debt. Such debt has been refunded in advance of maturity and is secured for payment by government securities held in irrevocable trust.

This table also does not include the obligation of the Central Arizona Water Conservation District ("CAWCD") to the United States of America, Department of the Interior, for repayment of certain capital costs for construction of the Central Arizona Project ("CAP"), a major reclamation project that has been substantially completed by the U.S. Department of the Interior to deliver Colorado River water to central Arizona down to Tucson. The obligation is evidenced by a master contract between CAWCD and the Department of the Interior. CAWCD was formed for the express purpose of paying administrative costs and expenses of the CAP and to assist in the repayment of Arizona's portion of the costs reimbursable to the federal government. Repayment will be made from a combination of power revenues, subcontract revenues (i.e., agreements with municipal, industrial and agricultural water users for delivery of CAP water) and a tax levy against all taxable property within CAWCD's boundaries. At the date of this Official Statement, the tax levy is limited to fourteen cents per $100 of secondary assessed valuation, of which

twelve cents is being currently levied. (See Arizona Revised Statutes, Sections 48-3715 *et. seq.*) There can be no assurance that such levy limit will not be increased or removed at any time during the life of the contract. In April of 2003, the United States and CAWCD agreed to settle litigation over the amount of the construction cost repayment obligation, the amount of the respective obligations for payment of the operation, maintenance and replacement costs and the application of certain revenues and credits against such obligations and costs. Under the agreement, CAWCD's obligation for substantially all of the CAP features that have been constructed so far will be set at $1.646 billion, which amount assumes (but does not mandate) that the United States will acquire a total of 667,724 acre feet of CAP water for federal purposes. The United States will complete unfinished CAP construction work related to the water supply system and regulatory storage stages of CAP at no additional cost to CAWCD. Of the $1.646 billion repayment obligation, 73% will be interest bearing and the remaining 27% will be non-interest bearing. These percentages will be fixed for the entire 50-year repayment period, which commenced October 1, 1993. Effectiveness of the agreement is subject to a number of conditions including settlement of certain Indian community water claims and other water claims and will require certain State of Arizona legislation. If the conditions are not met by May 9, 2012, and the parties do not amend the agreement, the agreement will terminate and litigation will resume. If it appears prior to May 9, 2012, that the conditions will not be met by the deadline, the parties can amend the agreement or either party may petition the U.S. District Court to terminate the agreement and resume litigation.

This table also does not include the obligation of the Maricopa County Flood Control District to contribute $80 million to CAP. The Flood Control District's sole source of revenue to pay the contribution will be raised from ad valorem taxes.

(b) The combined tax rate includes the tax rate for debt service payments, which is based on the secondary assessed valuation of the entity, and the tax rate for all other purposes such as maintenance and operation and capital outlay, which is based on the primary assessed valuation of the jurisdiction.

(c) The County's tax rate includes the $0.1200 tax rate of the Central Arizona Water Conservation District, the $0.2119 tax rate of the Maricopa County Flood Control District, the $0.4358 tax rate of the Education Equalization District, the $0.0069 tax rate for the contribution to the Maricopa County Fire District and a $1.2492 tax rate of the County (which includes the County Free Library tax rate). It should be noted that the County Flood Control District does not levy taxes on personal property.

(d) Does not include Maricopa County, Arizona Certificates of Participation outstanding in the aggregate principal amount of $5,115,000 or lease revenue bonds issued by the Maricopa County

Public Finance Corporation in the aggregate principal amount of $91,830,000.

(e) Does not include Maricopa County Community College District revenue bonds outstanding in the amount of $23,360000.

(f) Does not include obligations of the Town outstanding in the following aggregate principal amounts:

Greater Arizona Development Authority Bonds	$9,400,000
Excise Tax Revenue Obligations	2,460,000
Miller Road Improvement District	3,805,000

Additional General Obligation Bonded Indebtedness of the District

In addition to the 2004 District General Obligation Bonds and the Bonds, the District retains the right to issue, in accordance with the procedures set forth in the Enabling Act, additional series of bonds payable from *ad valorem* property taxes. See "SECURITY FOR AND SOURCES OF PAYMENT OF THE BONDS - *Ad Valorem* Property Taxation in the District -- *Annual Debt Service Requirements of General Obligation Bonded Indebtedness to be Outstanding.*" See also "RISK FACTORS - Direct and Overlapping Debt."

The Act provides that the total aggregate outstanding amount of bonds and any other indebtedness for which the full faith and credit of the District are pledged will not exceed 60 percent of the aggregate of the estimated market value of the real property and improvements in the District after the public infrastructure of the District is completed plus the value of the public infrastructure owned or to be acquired by the District with the proceeds of the bonds. (The District has made a finding that issuance of the Bonds will meet the test set forth above.)

Pursuant to the Election, the District was authorized to incur general obligation bonded indebtedness in an amount not to exceed $50,000,000 and $39,000,000* of bond authorization will remain after issuance of the Bonds. Additional indebtedness could be authorized for the District in the future pursuant to other elections.

Additional Overlapping General Obligation Bonded Indebtedness

The District has no control over the amount of additional indebtedness payable from taxes on all or a portion of the property within the District that may be issued in the future by other political subdivisions, including but not limited to the Town, Maricopa County, Arizona, Buckeye Elementary School District No. 33 of Maricopa County, Arizona, Liberty Elementary School District No. 25 of Maricopa

County, Arizona, Buckeye Union High School District No. 201 of Maricopa County, Arizona, Maricopa County Community College District or other entities having jurisdiction over all or a portion of the land within the District. The following overlapping entities of the District have the indicated authorized but unissued general obligation bonds available for future issuance:

Other Debt of the District

The District issued Assessment District No. 1 Special Assessment Revenue Bonds, Series 2002 (the "Series 2002 Assessment Bonds") in aggregate principal amount of $11,300,000 on September 25, 2002, to finance a portion of the first phase of public infrastructure for development of land in the District. Approximately 734 acres of land within the District is assessed to pay debt service on the Series 2002 Assessment Bonds. The District issued Assessment District No. 2 Special Assessment Revenue Bonds, Series 2003 (the "Series 2003 Assessment Bonds") in the aggregate principal amount of $7,175,000 on April 29, 2003, to finance a portion of a subsequent phase of public infrastructure for such development. Approximately 375 acres of land within the District is assessed to pay debt service on the Series 2003 Assessment Bonds. The District issued Assessment District No. 3 Special Assessment Revenue Bonds, Series 2004 (the "Series 2004 Assessment Bonds") in the aggregate principal amount of $2,050,000 on September 23, 2004, to finance a portion of a subsequent phase of public infrastructure for such development. Approximately 138 acres of land within the District is assessed to pay debt service on the Series 2004 Assessment Bonds. The District is expected to sell Assessment District No. 4 Special Assessment Revenue Bonds, Series 2005 (the "Series 2005 Assessment Bonds") in aggregate principal amount of approximately $_3,500,000 shortly after the Bonds pursuant to a separate offering document to finance a portion of a fourth phase of public infrastructure for such development. Approximately 261 acres of land within the District will be assessed to pay debt service on the Series 2005 Assessment Bonds. All of the infrastructure financed with above described bonds has been or will be dedicated to the Town.

Other series of assessment bonds payable solely from and secured by special, separate funds established and maintained by the

Introduction

The land within the boundaries of the District was annexed into the Town in 1992. A specific plan for Sundance was adopted by the Town in 1995. The District is the subject of a Community Master Plan ("CMP") adopted by the Town in October 2000. In addition, Sundance is the subject of a development agreement, approved by the Town on October 17, 2000 (the "Land Development Agreement"), which addresses the rights of the District Property Owners to develop the property as provided in and subject to the conditions of such agreement. (The Land Development Agreement has been modified by way of three recorded amendments.) The Land Development Agreement addresses various issues often times made the subject of development agreements in Arizona, such as, among other things Town services, reimbursements to certain property owners for certain public infrastructure, the Town's processing of plans and permits, and public bidding. The Land Development Agreement, as amended, also addresses the legal right to obtain and legal obligation to provide potable water and the required capital and operations contributions to the Town for water, sewer, police and fire services within the District.

Police, fire, water and sanitation services are provided in the District by the Town. Pursuant to the Land Development Agreement, certain of the property owners are obligated to assist in the funding of certain capital and operational costs associated with the provision of water, sewer, police and fire protection within the District.

Although the number of acres devoted to each particular land use may ultimately vary from those presented, the development of the District is currently expected to include the following land uses:

District from installments due with respect to certain other special assessments may be issued by the District in the future. The term "special assessments" as used hereinabove refers to the assessments which would be levied and assessed by the District in the related assessment area which could encompass portions of the District included in the other phases of Sundance, each of which would constitute a first lien on the parcel so levied and assessed, subordinate and subject only to general property taxes (including that for the Bonds) and prior special assessments. There can be no assurance that additional amounts of such bonds payable from special assessments will not be issued in the future, increasing the amount of liens on property in the District for such purposes. **SEE "RISK FACTORS - Direct and Overlapping Indebtedness."**

* Will include approximately 5,493 single family homes upon ultimate development of all such acreage and complete build out of all single family homes which is to occur no earlier than 2006. Approximately 2,400 of such homes have been sold to individual third party homeowners. See Table 11 for projections of sales of certain of the remaining homes.

Development of the property within the District and construction of homes and other infrastructure is subject to obtaining various development and construction approvals and permits. As a condition to the sale of homes in the District, property owners will be required to obtain building, grading and any additional permits required for the construction and completion of all such homes and other infrastructure.

Specific Matters

Infrastructure Development. Other than the Public Infrastructure, certain infrastructure (collectively, the "Other Infrastructure") has been or is being constructed for the development of Sundance and the construction of homes. Certain portions of the Other Infrastructure which is public in nature has been or will be financed with proceeds of the sale of the Series 2002 Assessment Bonds, the Series 2003 Assessment Bonds, the Series 2004 Assessment Bonds or the Series 2005 Assessment Bonds. The Other Infrastructure which is public in nature but not financed by the above referenced bonds or which is private in nature such as dry utilities, the wastewater treatment plant and on-site improvements has been or will be financed by or on behalf of the Residential District Property Owners. As of September 30, 2005, the Residential District Property Owners spent in excess of $65,125,000 (some of which has been reimbursed from proceeds of the sale of Series 2002 Assessment Bonds, the Series 2003 Assessment Bonds

and the Series 2004 Assessment Bonds and the Series 2004 General Obligation Bonds) for the Other Infrastructure. Such amount does not include amounts spent by certain of the Residential District Property Owners for on-site improvements.

To facilitate the development of Sundance, certain of the Residential District Property Owners and other owners entered into a Joint Development Agreement, dated February 16, 2001, as amended (the "JDA"). Pursuant to the JDA, BLMI was appointed as the contract administrator to manage the construction of the infrastructure necessary to develop Sundance, including the Public Infrastructure and a portion of the Other Infrastructure. (BLMI is an entity formed for the specific purpose of acting as the contract administrator under the JDA and has minimal assets.)

The Residential District Property Owners allocate all of the expenses paid under the JDA by *pro rata* share. The *pro rata* share of each Residential District Property Owners is calculated as the portion of the residential real property within Sundance owned or controlled by option by the Residential District Property Owner (even if sold to a third-party homebuyer) divided by the total acreage of residential real property within Sundance.

The Residential District Property Owners are solely responsible for completing, but are not required to complete, the development of the real estate within the District (including certain offsite infrastructure for the benefit of the commercial properties provided that such commercial property owners must pay BLMI, for the benefit of the Residential District Property Owners, "buy-in fees" at the time and in the amount required under the JDA). None of the parent companies or other affiliates of the Residential District Property Owners are contractually obligated or committed to provide capital or other financing to the Residential District Property Owners to assist in the completion of development of property in the District.

Residential Development. The residential lots presently planned for property within the District range in size from approximately 4,500 to 43,560 square feet. A portion of the property is presently being developed as an age-restricted community. Pricing presently is in the range of $150,000 to $350,000 (with some homes to be constructed to be sold for as much as $600,000), but may change depending on the costs to the Residential District Property Owners to provide for costs of development of Sundance and depending on market conditions.

Table 11 reflects the actual number of home sales for 2002, 2003, 2004 and the projected number of home sales for 2005. The remaining approximately 2,231 homes to be sold in the District are expected to be sold in 2006 and thereafter.

The District Property Owners may sell parcels (or portions thereof) to other subsequent owners. There can be no guarantee that the District Property Owners or any subsequent owners will have the financial capabilities to complete development discussed in this section of the Official Statement on any land so acquired. There can also be no assurance that build-out will occur at the rates indicated hereinabove or if in fact any such sales will be consummated. Property owners within Sundance other than the Residential District Property Owners are owners of commercial property, and there can be no assurance given of the funding of development, if any on the commercial property. Moreover, as the ownership of the parcels is subject to change, the development plans may not be continued by the subsequent owner of such parcels; however development by any subsequent owner will be subject to the policies and requirements of the Town. The projections above are also subject to the timely completion of the Other Infrastructure.

Community Amenity Development. In addition to the Public Infrastructure and the Other Infrastructure, a privately-owned golf course currently open for public play and golf course clubhouse have been constructed and are now open to the public; a private recreation center has been constructed and is now open for use by owners of homes in the age restricted community within Sundance and several other private community amenities are planned for construction within the District. Although such amenities are currently planned, no property owners have provided assurances, financial or otherwise, that any of such amenities will be constructed or, if started as described elsewhere herein, completed within the District.

Commercial Development. A joint venture entity has been formed which intends to develop a portion of the commercial property

within Sundance in the manner determined by the joint venture entity. The commercial property has been conveyed to the joint venture entity. No assurance can be given that the commercial development will actually take place, nor can any assurance be given as to the time table of such commercial development.

Compaction Issues. In mid-2003, the sewer trench compaction within various sewer trenches within the off-site and on-site areas at Sundance were found to be insufficient. Pursuant to a settlement agreement with the Town, BLMI and the Residential District Property Owners agreed that (i) an additional layer of pavement will be added to certain finished roadways within the off-site areas of Sundance; and (ii) certain of the Residential District Property Owners would make a cash payment to the Town to enable the Town to make any necessary repairs, within existing subdivisions, resulting from the insufficient sewer trench compaction, with the Town to make any future repairs relating to the sewer trench compaction issues.

Availability of Water. The current water needs of Sundance (and a limited number of nearby property owners) are served by three wells, with a fourth well expected to be operational on or before January 1, 2006 and two additional wells that are anticipated to be operational by July, 2006. Such wells are expected to produce water that meets all current water quality standards from the Environmental Protection Agency, the Arizona Department of Environmental Quality and the Maricopa County Environmental Services Department. An Arsenic treatment facility is now under construction that will assure compliance with new federal arsenic standards that will be effective in January, 2006. When all six wells are operational the water system will be able to support in excess of 7,000 homes within and outside of the Sundance community.

The number of homes which can be served by the wells is based on an assumption (required by the Town) that water usage would be 400 gallons per home, per day. Actual historical usage has been somewhat less than expected with the average daily use during peak months of approximately 395 gallons per home per day. Based on the actual historical usage, the first three wells would be sufficient to service the water needs of approximately 4,648 homes (with the fourth well providing the capacity to serve an additional 2,734 homes); provided however that no assurance can be given that past water usage will equal water usage in the future. If such wells are not sufficient for such needs, other sources of potable water would have to be developed to provide for continuing development or other uses of potable water would have to be curtailed to allow development to continue.

The Town is not designated as having an assured water supply pursuant to applicable Arizona law and does not presently serve potable water to the District. An assured water supply means that sufficient water of adequate quality will be continuously available to satisfy the water needs of the proposed use for at least 100 years, that any projected groundwater use is consistent with the water

management plan approved by Arizona Department of Water Resources ("ADWR") and achievement of the management goal for the area, and that financial capability to construct the delivery system and any necessary treatment works has been demonstrated to the ADWR. An "analysis of assured water supply" approved by the ADWR has been obtained. Until such time as ADWR designates the Town as having an assured water supply, property owners must seek and obtain certificates of assured water supply in accordance with applicable Arizona law as a prerequisite for subdividing and developing property within the District. The Town has agreed to take all reasonable steps to assist property owners in connection with applications for certificates of assured water supply for portions of the District, including, but not limited to, executing "notices of intent to serve" required by the ADWR in connection with such applications and entering into such contracts as may reasonably be required by the Central Arizona Groundwater Replenishment District pursuant to applicable Arizona law which are required in order for the District to qualify as "member land" under applicable Arizona law. The assured water supply designation, which can be terminated or modified by ADWR should circumstances warrant, is a necessary condition to the ability of the District Property Owners to plat, construct and sell homes within Sundance.

Wastewater Treatment Plant. Construction of the wastewater treatment plant which serves Sundance (the "WWTP") is to occur in phases. The first phase is complete with a capacity of 1,200,000 gallons per day and has the capacity to serve approximately 4,000 homes presuming an estimated usage of 300 gallons per day per home. Actual usage has been less than expected, and if the existing level of usage continues, then the WWTP capacity will be updated to show service to a greater number of units.

The Town executed a service agreement for the operation and maintenance of the WWTP by a private operator. Simultaneously with the execution of the Service Agreement, BLMI (on behalf of the Residential District Property Owners) executed a payment shortfall agreement requiring BLMI (on behalf of the Residential District Property Owners), among other things, to pay the Town the difference between the amount paid by WWTP customers and the amount due such operator under the service agreement, anticipated to be as much as $600,000 per year during the first two years of its operation, assuming at least 800 home sales per year in the District. BLMI has been approached by developers of nearby property to expand the capacity of the WWTP to serve such property. BLMI has indicated a willingness to discuss expansion of the WWTP provided the District Property Owners bear no additional fees, costs or expenses (beyond what was originally contemplated) in connection with such expansion and provided such expansion does not cause any delays or have any other adverse effect on the Project or property owners. No agreement has been signed, and any terms of such an agreement are uncertain at this time.

Electric Utility Service. An electric substation has been constructed within the District to service the electrical needs of Sundance.

Educational Facilities. Areas of the District will be served by several school districts. Presently, no schools have been constructed in the District. The Residential District Property Owners contemplate dedicating property for up to three elementary schools and one high school. If the school districts' applications for funding are approved timely by the Arizona School Facilities Board, the state agency responsible for funding school construction, then the construction of the first two elementary schools are expected to be started in 2004 and 2005. Sites for the third elementary school and the high school site will only be dedicated if necessary to serve the residents of the District, and such schools will only be constructed if the funding for such construction can be obtained from the Arizona School Facilities Board.

RISK FACTORS

The Bonds will be secured solely by ad valorem property taxes generated within the District and certain amounts available pursuant to the Depository Agreement. Anyone considering investing in the Bonds should carefully examine this Official Statement, including the Appendices hereto. THIS SECTION SETS FORTH A BRIEF SUMMARY OF SOME OF THE PRINCIPAL RISK FACTORS. PROSPECTIVE INVESTORS SHOULD FULLY UNDERSTAND AND EVALUATE THESE RISKS, IN ADDITION TO THE OTHER FACTORS SET FORTH IN THIS OFFICIAL STATEMENT, BEFORE MAKING AN INVESTMENT DECISION.

Assessed Valuation of Property

Information is provided herein with respect to the assessed valuation of the land in the District. See Table 3 - "Value by Property Classifications." It is anticipated that the assessed valuation of such land will increase as development of Sundance continues. However, less than expected increases in future assessed valuation or decreases in the future assessed valuation of such land may reduce the willingness of landowners to pay the ad valorem taxes securing the Bonds or adversely affect the interest of potential buyers of such property at any foreclosure sale for purposes of paying such taxes. See "SECURITY FOR AND SOURCES OF PAYMENT OF THE BONDS - Ad Valorem Property Taxation in the District."

Subsequent Transfer of Ownership

The Residential District Property Owners may continue to transfer ownership of parcels (or portions thereof) within the District to other persons or entities prior to completion of development therein who will then sell to, among others, ultimate homeowners. There can be no assurance that any subsequent property owners will have the financial capabilities to complete development on any land so acquired or to pay amounts due with respect to the Bonds. In the event of a failure with respect to the latter, there could be a default in the payment of the Bonds.

Failure or Inability to Complete Proposed Development

Some of the land in the District is still under development.

Proposed development within the District may be affected by changes in general economic conditions, fluctuations in the real estate market and interest rates, changes in the income tax treatment of real property ownership, unexpected increases in development costs and other similar factors as well as availability of utilities and the development or existence of environmental concerns with such land. See "Availability of Utilities" and "Environmental Matters." Land development within the District could also be affected adversely by changes in governmental policies, including, but not limited to, governmental policies to restrict or control development, regarding standards for development. (Any approvals needed in the future for the development of Sundance must come from the Town, over which the District has no control.) Moreover, there are similar, competing master planned communities in the vicinity of Sundance which could affect adversely the market share expected for Sundance, and there can be no assurances that other similar projects will not be developed in the future or that existing projects will not be upgraded or otherwise able to compete with Sundance. A slowdown of the development process and the related absorption rate within Sundance because of any or all of the foregoing could affect adversely land values. THE TIMELY PAYMENT OF THE BONDS DEPENDS UPON THE WILLINGNESS AND ABILITY OF THE OWNERS, THE OTHER CURRENT OWNERS AND ANY SUBSEQUENT OWNERS TO PAY THE AMOUNTS DUE WITH RESPECT TO THE BONDS WHEN DUE. ANY OR ALL OF THE FOREGOING COULD REDUCE THE WILLINGNESS AND THE ABILITY OF SUCH OWNERS TO PAY SUCH TAXES AND COULD GREATLY REDUCE THE VALUE OF PROPERTY WITHIN THE DISTRICT IN THE EVENT SUCH PROPERTY HAS TO BE FORECLOSED. In that event, there could be a default in the payment of the Bonds.

Vacant land provides less security to the holders of the Bonds should it be necessary for the District to foreclose due to nonpayment of the property taxes due with respect to the Bonds. An inability to develop the remaining land within the District will likely reduce the diversity of ownership on land within the District, could delay development and ultimately reduce the value of the property within Sundance and impact the ability of the District to collect taxes sufficient to repay the Bonds.

Growing Smarter

During 1998, the Arizona Legislature promulgated the Growing Smarter Act of 1998 ("Growing Smarter") which created new planning requirements throughout the State and provided stronger tools for local governments in their efforts to manage rapid development. Growing Smarter also created the "Growing Smarter Commission" which conducted hearings throughout the State on ways to enhance the law and to address certain other issues. During 2000, the Arizona Legislature adopted additional legislation known as "Growing Smarter Plus" which significantly expands Growing Smarter particularly the planning

requirements passed in 1998. Fast-growing communities must now plan for growth areas and identify the means to provide necessary public services in the future. In addition to environmental and infrastructure elements, an analysis of available water is now required. To pay for growth, communities are permitted to establish service area limits, beyond which new growth pays the full cost for services. Growing Smarter allowed citizens to refer general plans passed by local government to the ballot for voter approval. Growing Smarter Plus goes a step farther by requiring fast growing and large cities and Pima and Maricopa Counties to submit their general plans to the voters for ratification. (The Town has not yet submitted a plan to the electorate but plans to do so within the next two years.) Every 10 years, voters will have the final say over general planning in their communities. It is unclear at this time how Growing Smarter and Growing Smarter Plus will affect development activity in the State and particularly the Town and the District in the future.

Availability of Depository Agreement Amounts

The amount deposited under the Depository Agreement is fixed at $250,000. No additional amounts are required to be deposited and the amount will not be replenished if expended. If amounts available pursuant to the Depository Agreement are expended, the Bonds will be payable only from District ad valorem property taxes, which may result in increased District tax rates and increased reliance upon District tax revenues collected within the District to pay debt service on the Bonds.*

Factors Negatively Affecting Assessed Valuation within the District

The District's ability to retire the indebtedness evidenced by the Bonds solely from ad valorem property taxes is dependent upon the development and maintenance of an adequate tax base from which the District may collect revenues. The District's ability to achieve a tax base adequate to generate ad valorem property tax revenues for timely payment of the Bonds will depend upon the completion of the Project. Development within the District faces some competition from other residential developments in surrounding areas. Such competition may adversely affect the rate of development within the District. Many unpredictable factors could influence the actual rate of construction within the District, including the prevailing interest rates, availability of funds, market and economic conditions generally, supply of housing in the surrounding metropolitan area, construction costs, labor conditions, access to building supplies, availability of water and water taps, availability and costs of fuel and transportation costs, among other things.

Enforcement of Joint Development Agreement; Factors Affecting Owners Relationships

The Residential District Property Owners have entered into the JDA, which, among other things, obligates each of the Residential

District Property Owners to provide their pro-rata share of certain infrastructure and landscaping costs associated with the entire District. These obligations are secured by a performance deed of trust recorded against each fee owner's interest in its respective properties (subject to releases of portions of the properties, as agreed on by the Residential District Property Owners as provided in the JDA). There are, however, no financial assurances that the Residential District Property Owners will be able to complete their obligations as directed under the JDA. If a Residential District Property Owner is unable to satisfy its obligations, the other Residential District Property Owners' recourse may be limited to a foreclosure on the defaulting party's property and/or other rights permitted by the JDA including drawings on any letter of credit or escrowed funds provided by the Residential District Property Owner pursuant to the JDA or withholding and/or drawing on any amounts which may otherwise become payable to the Residential District Property Owners pursuant to the JDA. The foreclosure and/or drawings on a letter of credit or escrowed funds may or may not result in sufficient funds to complete the improvements as contemplated under the JDA and may be disruptive to the project as a whole. In the event of a default by a Residential District Property Owner the JDA does not require the other Residential District Property Owners to contribute any additional amounts to cover the deficiency from the defaulting Residential District Property Owner.

Management

The management of the Residential District Property Owners could change in the future. Purchasers of the Bonds should not rely on the management experience of the Residential District Property Owners. There are no assurances that the Residential District Property Owners will not sell the subject property or that officers will not resign or be replaced. In such circumstances, new owners or new officers in management positions may not have comparable experience in residential homebuilding and/or commercial development.

Amendment of Documents Referenced

The reports, inspections and other documents described in this Official Statement may be modified, updated or amended (as new reports and/or inspections may be obtained), and such modifications may materially and adversely affect the development of the property (e.g., updating of environmental reports).

While the development of the property within the District is underway, circumstances could change as the development process continues and other issues are raised or new developers or owners become involved in Sundance. Accordingly, the Residential District Property Owners anticipate that there may be significant changes to the agreements and contracts summarized in this Official Statement to address any such issues. Because the existing contracts and agreements are subject to change, the summaries of any contracts or agreements contained hereinabove may not accurately reflect the future

conditions relating to the development of the District; however, the Residential District Property Owners do not presently anticipate that any modifications of the current contracts or agreements would materially affect the repayment of the Bonds.

Availability of Utilities

As described above, failure or inability to complete proposed development including development of necessary utilities could affect adversely development of the land in the District. See "Failure or Inability to Complete Proposed Development." Certain utilities are to be developed by the Town pursuant to certain development agreements. There can be no assurances that such utilities will be financed and developed.

An assured water supply designation is a necessary condition to the ability of the Residential District Property Owners to plat lots and construct and sell homes within Sundance. An analysis of assured water supply approved by ADWR has been obtained. The assured water supply designation can be terminated or modified by ADWR should circumstances warrant. Also, as described above under the subheading "LAND DEVELOPMENT - Availability of Water," certain determinations remain to be made about actual water usage which may affect the need for additional water sources for the Project.

On August 22, 2005, the Ninth U.S. Circuit Court of Appeals vacated the U.S. Environmental Protection Agency's ("EPA") approval of the Arizona National Pollutant Discharge Elimination System ("NPDES") permit program. Pursuant to the permit program, the Arizona Department of Environmental Quality ("ADEQ") was authorized to issue NPDES permits, vacating the approval may mean that such permits have to be obtained directly from the EPA. The EPA's position is that unless and until the court's mandate is issued, Arizona's authorization to issue NPDES permits and implement the program remains in effect.

Under the applicable procedural ruler, if no party files a petition for rehearing, the mandate of the Court must be issued by October 27, 2005. However, if a party to the litigation files a petition for rehearing before the Ninth Circuit, the mandate would not issue until the court takes action on the petition. If the court refuses to rehear the case and denies the petition, the mandate would enter seven days from the court's action. If the petition for rehearing is granted, issuance of a mandate would be delayed until seven days from the date in which the Court's rehearing concludes, unless the mandate is subsequently stayed pending the filing of a writ.

Unless and until the August 22 decision becomes effective, EPA's approval of Arizona's NPDES program continues in effect, and the State of Arizona retains authority to administer and enforce the requirements of that program. Dischargers can continue to seek authorization under individual and general permits from ADEQ pursuant

to the approved program. No one can predict the ultimate outcome of the proceedings related to this action or the delay, if any, that may result in the permitting of projects such as the expansion of the WWTP serving Sundance. Notwithstanding any possible delay in permitting the expansion, the current development in Sundance does not require any expansion of the WWTP.

Direct and Overlapping Indebtedness

The ability of an owner of land within the District to pay the related property taxes could be affected by the existence of other taxes and assessments imposed upon the property. The District and other public entities whose boundaries overlap those of the District could, without the consent of the District and, in certain cases, without the consent of the owners of the land within the District, impose additional ad valorem taxes or assessment liens on the property within the District in order to finance public improvements to be located inside or outside of the District. (The existing public debt relating to the District is set forth in "OVERLAPPING, ADDITIONAL, ADDITIONAL OVERLAPPING AND OTHER INDEBTEDNESS.") The lien created on the property within the District through the levy of ad valorem taxes would be superior and paramount to that for the special assessments securing the Series 2002 Assessment Bonds, the Series 2003 Assessment Bonds, the Series 2004 Assessment Bonds and the Series 2005 Assessment Bonds. The imposition of additional superior and paramount liens, or subordinate liens in the case of future special assessments, or for that matter for private financing, may reduce the ability or willingness of the landowners to pay property taxes due with respect to the Bonds. In that event, there could be a default in the payment of the Bonds.

From time to time there are legislative proposals in the Arizona Legislature that, if enacted, could alter the basis on which ad valorem taxes (including those that secure the Bonds) are assessed, levied and collected and which could affect, among other things, the distribution of the amount of taxes various classifications of property may be obligated to pay. It cannot be predicted whether or in what form any such proposal might be enacted or whether, if enacted, it would affect the Bonds or other obligations issued prior to enactment.

Bankruptcy and Foreclosure Delays

The payment of property taxes including with respect to the Bonds and the ability of the District to foreclose the lien of delinquent, unpaid property taxes may be limited by bankruptcy, insolvency or other laws generally affecting creditors' rights or by the laws of Arizona relating to judicial foreclosure. Although bankruptcy proceedings would not cause the property taxes including with respect to the Bonds to become extinguished, bankruptcy of a property owner could result in a delay in foreclosure proceedings. Such delay would

increase the likelihood of a delay or default in payment of the Bonds when due.

The various legal opinions to be delivered concurrently with the delivery of the Bonds (including Bond Counsel's approving legal opinion) and relating to the Indenture and the Depository Agreement will be qualified, as to the enforceability of the various legal instruments, by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors generally.

General Risks of Real Estate Investment and Development

Investments in developing real estate are generally considered to be speculative in nature and to involve a high degree of risk. Sundance will be subject to the risks generally incident to real estate investments and development. Many factors that may affect Sundance, as well as the operating revenues of property owners derived from Sundance, are not within the control of such property owners. Such factors include changes in national, regional and local economic conditions; changes in long and short term interest rates; changes in the climate for real estate purchases; changes in demand for or supply of competing properties; changes in local, regional and national market and economic conditions; changes in tax rates of various types of federal, state and local taxes, unanticipated development costs, market preferences and architectural trends; unforeseen environmental risks and controls; the adverse use of adjacent and neighboring real estate; changes in interest rates and the availability of mortgage funds to buyers of the homes to be built in Sundance, which may render the sale of such homes difficult or unattractive; acts of war, terrorism or other political instability; delays or inability to obtain governmental approvals; changes in laws; moratorium; acts of God (which may result in uninsured losses); strikes; labor shortages; energy shortages; material shortages; inflation; adverse weather conditions; subcontractor defaults; and other unknown contingencies and factors beyond the control of the District Property Owners or their affiliates.

Sundance cannot be completed without property owners obtaining a variety of governmental approvals and permits, some of which have already been obtained. Such permits are necessary to initiate construction of each phase of Sundance and to allow the occupancy of the homes and to satisfy conditions included in the approvals and permits. There can be no assurance that all of these permits and approvals can be obtained or that the conditions to the approvals and permits can be fulfilled. Matters like those discussed hereinabove under the headings "Growing Smarter" could be a factor in this regard. The failure to obtain any of the required approvals or fulfill any one of the conditions could cause materially adverse financial results for the District Property Owners. See "LAND DEVELOPMENT - Government Approvals."

Archeological, Biological and Environmental Matters

Sundance will be subject to risks arising out of environmental, archeological, biological considerations generally associated with the ownership of real estate and the construction of improvements located thereon. Such risks include, in general, potential liability arising as a result of any contamination later discovered on the site and the possibility of a decline in property values in Sundance resulting from any contamination on the site or from the proximity of the site to other contaminated areas; or discovery of archeological artifacts located on the site or in the vicinity of the site; discovery of endangered species of animals, plants or other habitat for endangered species. Liability may arise under a variety of federal, state or local environmental laws and regulations, including, but not limited to, the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), the Resource Conservation and Recovery Act (RCRA), the Endangered Species Act and the National Historical Preservation Act. See "LAND DEVELOPMENT - Environmental Matters."

Cancellation of Contracts

The State, its political subdivisions, including the District, or any department or agency of either may, within three years after its execution, cancel any contract, without penalty or further obligation, if any person significantly involved in initiating, negotiating, securing, drafting or creating the contract on behalf of the State, its political subdivisions, including the District or any of the departments or agencies of either is, while the contract or any extension thereof is in effect, an employee or agent of any other party to the contract in any capacity or a consultant to any other party of the contract with respect to the subject matter of the contract. Cancellation of contracts entered into by the District may adversely affect the Bonds.

Projections

Included in this Official Statement are various projections. The projections for home sales, completion dates, completion costs and other items are based on assumptions concerning future events and should be viewed with an abundance of caution. Circumstances that may not yet be ascertainable, which the District Property Owners believe to be significant and which the District Property Owners cannot control may also exist. There are usually differences between projections for home sales, completion dates, completion costs and other items and actual home sales, completion dates, completion costs and other items, because the home sales, completion dates, completion costs and other items frequently do not occur as expected, and those differences may be material. Further, such differences may materially and adversely affect the assessed valuation of the property within the District and could negatively impact the ability to repay the Bonds. There can be no assurances that the various projections set forth in this Official Statement can be achieved.

LITIGATION

At the time of delivery and payment for the Bonds, the District will certify that, except as disclosed herein, there is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, regulatory agency, public board or body, pending or, overtly threatened against the District affecting the existence of the District, or the titles of its officers to their respective offices, or seeking to restrain or to enjoin the sale or delivery of the Bonds, the application of the proceeds thereof in accordance with the Resolution or the Indenture, or the collection or application of any revenues providing for the payment of the Bonds, or in any way contesting or affecting the validity or enforceability of the Bonds, the Resolution, the Indenture, any action of the District contemplated by any of the said documents, or the collection or application of the revenues provided for the payment of the Bonds, or in any way contesting the completeness or accuracy of this Official Statement or any amendment or supplement thereto, or contesting the powers of the District or its authority with respect to the Bonds or any action of the District contemplated by any of said documents.

TAX EXEMPTION

In the opinion of Gust Rosenfeld P.L.C., Phoenix, Arizona, Bond Counsel, under existing laws, regulations, rulings and judicial decisions, and assuming continued compliance with certain restrictions, conditions and requirements by the District as described below, interest income on the Bonds will be excluded from gross income for federal income tax purposes and will be exempt from State of Arizona income taxes. The opinion of Bond Counsel will be dated as of the date of delivery of the Bonds. A form of such opinion is included as Appendix B attached hereto.

The Internal Revenue Code of 1986, as amended (the "Code"), imposes various restrictions, conditions and requirements relating to the continued exclusion of interest income on the Bonds from gross income for federal income tax purposes, including a requirement that the District rebate to the federal government certain of its investment earnings with respect to the Bonds. The District has covenanted to comply with the provisions of the Code relating to such matters. Failure to comply with such restrictions, conditions and requirements could result in the interest income on the Bonds being included as gross income for federal income tax purposes, under certain circumstances, from the date of issuance. The opinion of Bond Counsel assumes continuing compliance with such restrictions, conditions and requirements.

The Code also imposes an "alternative minimum tax" ("AMT") upon certain corporations and individuals. The AMT is equal to the excess (if any) of a taxpayer's "tentative minimum tax" for a taxable year over its regular income tax liability for the taxable year. The tentative minimum tax is based upon a taxpayer's "alternative minimum

taxable income" ("AMTI"). A taxpayer's AMTI is its taxable income with certain adjustments. Interest income on the Bonds is not an item of tax preference to be included in the AMT of individuals or corporations.

Notwithstanding the preceding sentence, included in the adjustments of AMTI for corporations is an adjustment increasing the corporation's AMTI by seventy-five percent (75%) of the excess (if any) of the corporation's "adjusted current earnings" over the corporation's AMTI for the taxable year (determined without regard to such adjustment for excess adjusted current earnings and the alternative tax net operating loss deduction). A corporation's "adjusted current earnings" includes all tax-exempt interest, including the interest on the Bonds.

Although Bond Counsel will render an opinion that, as of the delivery of the Bonds, interest income on the Bonds is excluded from gross income for federal income tax purposes, the accrual or receipt of interest on the Bonds may otherwise affect a bondholder's federal tax liability. Certain taxpayers may experience other tax consequences. Taxpayers purchasing the Bonds, including, without limitation, corporations subject to the branch profits tax, financial institutions, certain insurance companies, certain subchapter S corporations, individuals who receive Social Security or Railroad Retirement benefits and taxpayers who have or are deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations should consult their tax consultants as to the applicability of such tax consequences to the respective Bondholder. The nature and extent of these other tax consequences will depend upon the Bondholder's particular tax status and the Bondholder's other items of income or deduction. Bond Counsel expresses no opinion regarding any such tax consequences.

The Bonds are not "private activity bonds" within the meaning of Section 141 of the Code.

Under existing federal tax law, if the Bonds are determined to be invalid for failure to comply with a substantive or procedural requirement of local law, the Bonds will be deemed not to be an obligation of the District and interest thereon will not be excludable from gross income for federal income tax purposes. The Bonds do not provide for an adjustment in interest rate or yield in the event of taxability, and an event of taxability does not cause an acceleration of the principal of the Bonds.

From time to time, there are legislative proposals in Congress which, if enacted could alter or amend the federal tax matters referred to above or adversely affect the market value of the Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether, if enacted, it would apply to obligations (such as the Bonds) issued prior to enactment.

RATINGS

Moody's Investors Service ("Moody's") has assigned the rating of "Baa3". Such rating reflects only the view of such rating agency, and any explanation of the meaning or significance of the rating may only be obtained from such rating agency. There can be no assurance that a rating when assigned will continue for any given period of time or that it will not be lowered or withdrawn entirely by a rating agency if in its judgment circumstances so warrant. Any lowering or withdrawal of a rating may have an adverse effect on the marketability or market price of the Bonds. The District has covenanted in its continuing disclosure undertaking that it will file notice of any formal change in any rating that relates to the Bonds. (See "CONTINUING DISCLOSURE.")

LEGAL MATTERS

Legal matters incident to the issuance of the Bonds, and with regard to the tax-exempt status of the interest thereon are subject to the legal opinion of Gust Rosenfeld P.L.C., Phoenix, Arizona, Bond Counsel. (See "TAX EXEMPTION" herein.) Signed copies of the opinion, dated and speaking only as of the date of delivery of the Bonds, will be delivered upon the initial delivery of the Bonds in substantially the form of Appendix B hereto. Certain legal matters will be passed upon for the Underwriter by its counsel, Greenberg Traurig, LLP, Phoenix, Arizona. **See "RELATIONSHIPS AMONG PARTIES."**

The various legal opinions to be delivered concurrently with the delivery of the Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issue explicitly addressed therein. By rendering a legal opinion, the opinion giver does not become an insurer or guarantor of that expression of professional judgment, of the transaction opined upon, or of the future performance of parties to the transaction. Nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

UNDERWRITING

The Bonds are being purchased by RBC Dain Rauscher Inc. (the "Underwriter"). The Underwriter has agreed to purchase the Bonds at an aggregate purchase price of $_____ (reflecting the aggregate principal amount of the Bonds, less Underwriter's compensation of $_____). The Underwriter will initially offer and sell the Bonds to Qualified Investors. The prices set forth on the cover page hereof may be changed after the initial offering by the Underwriter.

CONTINUING DISCLOSURE

The District has covenanted for the benefit of certain beneficial owners of the Bonds to provide certain financial information and operating data relating to the District and development therein, as applicable, by not later than seven months after the end of its fiscal years (the "Annual Reports"), and to provide notices of the occurrence of certain enumerated events, if material (the "Notices of Material Events"). The Annual Reports will be filed by the District with each Nationally Recognized Municipal Securities Information Repository ("NRMSIRs")and with the appropriate State Information Depository, if any ("SID"). The Notices of Material Events will be filed by the District with the same entities as well as the Municipal Securities Rulemaking Board. So long as there is a designated Central Post Office acceptable for the electronic filing of Annual Reports and Notices of Material Events for distribution to the NRMSIR and any SID, the District will file the required documentation with the Central Post Office. The specific nature of the information to be contained in the Annual Reports or in the Notices of Material Events are set forth herein under the caption Appendix C - "FORM OF CONTINUING DISCLOSURE UNDERTAKING" and which includes form of undertaking which will be executed by the District with respect to the Bonds.

These covenants have been made in order to assist the Underwriter in complying with Rule 15c2-12(b)(5) of the Securities and Exchange Commission (the "Rule"). Should the District not comply with such covenants, it has covenanted to provide notice of such fact to each Nationally Recognized Securities Information Repository, the State Information Depository, if any, and the Municipal Securities Rulemaking Board. A failure to provide continuing disclosure may adversely affect the transferability and liquidity of the Bonds and their market price.

The District has been and is in material compliance with continuing disclosure undertakings previously entered into by it for purposes of the Rule.

RELATIONSHIPS AMONG PARTIES

APPENDIX A

INFORMATION REGARDING THE TOWN OF BUCKEYE, ARIZONA

The following information is given as background information concerning the Town. THE BONDS ARE NOT AN OBLIGATION OF THE TOWN. The Bonds are secured and payable only as described under "SECURITY FOR AND SOURCES OF PAYMENT OF THE BONDS" herein. The holders of the Bonds have no right to payment except as described therein.

General

The Town is located approximately 30 miles from downtown Phoenix, Arizona, the original townsite being approximately four miles south of Interstate 10 on State Highway 85. The Town, which was founded in 1889 and incorporated in 1929, encompasses approximately 112 square miles and sits at an elevation 888 feet above sea level. The Town has approximately 650 square miles in the planning area. The following table illustrates population statistics for the Town, the County and the State.

Transportation

State Highway 85, connecting the Town with the City of Phoenix, Arizona, traverses the downtown portion of the Town. Interstate 10 also traverses the northern portion of the Town. The Town has a small airport adjacent to Interstate 10 with plans for a future runway extension. Sky Harbor Airport in Phoenix provides passenger air service. Bus lines are available in the Phoenix metropolitan area.

Government

The Town operates under a Council-Manager form of government. The Mayor is elected for two years and six council members are elected at large on a non-partisan ballot for staggered four-year terms. The Town Council appoints a Manager who has full responsibility for carrying out council policies and administering operations. Currently, the Town has an interim manager.

The Town provides a portion of its residents with water and sewer services, electricity is provided by Arizona Public Service Company, natural gas is provided by Southwest Gas Company and telephone service is provided by Qwest Communications Inc. In some areas of the Town water and/or sewer services are provided by private utility companies.

Economy

The principal economic activity for the Town and outlying areas of the Town has been agriculture, but in recent years has changed to more urban activity with the residential development that has been occurring. Part of the Town's agricultural production includes Pima Cotton which is processed in local cotton gins and exported worldwide. The Roosevelt and Buckeye Irrigation canals supply necessary water for the Town's farming needs. Employment for the Town's residents is provided by agricultural activity services, education, government and the nearby Palo Verde Nuclear Plant. The Palo Verde Nuclear Plant is located outside the boundaries of the Town approximately twenty miles west. The close proximity of the Town to the greater Phoenix metropolitan area also provides employment. See below for certain historic employment information and a list of major employers located in and within close proximity of the Town.

Area Unemployment Averages

FORM OF APPROVING LEGAL OPINION OF BOND COUNSEL

[LETTERHEAD OF GUST ROSENFELD, P.L.C.]

District Board
Sundance Community Facilities
District

Re: Sundance Community Facilities District (Town of Buckeye, Arizona) District General Obligation Bonds, Series

Honorable Board:

At your request we have examined the official proceedings leading to the issuance of $6,000,000* aggregate principal amount of District General Obligation Bonds, Series 2005, dated the date of hereof, 2005, issued by the Sundance Community Facilities District (Town of Buckeye, Arizona) (the "District").

We have examined the law and such documents and matters as we have deemed necessary to render this opinion including, without limitation, Resolution No. ____-05 (Sundance), passed and adopted by the District Board on September 6, 2005 (the "Resolution"). As to questions of fact material to our opinion we have relied upon, and assumed due and continuing compliance with the provisions of, the proceedings and other documents, and have relied upon certifications, covenants and representations furnished to us without undertaking to verify the same by independent investigation, including, without limitation, those with respect to causing interest on the bonds to be and remain excluded from gross income for federal income tax purposes.

Based upon the foregoing, we are of the opinion, as of this date, which is the date of initial delivery of the bonds against payment therefor, that:

1. The District is duly created and validly existing as a community facilities district and political subdivision of the State

* Subject to change.

of Arizona with power to pass and adopt the Resolution, perform the agreements on its part contained therein and issue the bonds.

2. The Resolution has been duly passed and adopted by the District Board and the Indenture (as such term is defined in the Resolution) is valid and binding upon and enforceable against the District.

3. The bonds and the proceedings leading to and including the issuance thereof are legal and constitute a valid and binding general obligation of the District.

4. All taxable property within the District is subject to the levy of a direct, annual, ad valorem tax to pay the principal of and interest on the bonds without limit as to rate or amount. It is required by law that there be levied, assessed and collected, at the same time and in the same manner as other taxes, an annual tax upon all taxable property in the District sufficient, together with any money from other sources lawfully available therefore, to pay the principal of and interest on the bonds when due.

5. Under existing laws, regulations, rulings and judicial decisions, the interest income on the bonds is excluded from gross income for the purpose of calculating federal income taxes and is exempt from Arizona income taxes. Interest on the bonds is not an item of tax preference to be included in computing the alternative minimum tax of individuals or corporations; such interest income must, however, be taken into account for federal income tax purposes as an adjustment to alternative minimum taxable income for certain corporations which income is subject to the federal alternative minimum tax. The bonds are not private activity bonds within the meaning of Section 141 of the Internal Revenue Code of 1986, as amended (the "Code"). We express no opinion regarding other federal tax consequences arising with respect to the bonds.

The Code imposes various restrictions, conditions and requirements relating to the continued exclusion of interest income on the bonds from gross income for federal income tax purposes, including a requirement that the District rebate to the federal government certain of the investment earnings with respect to the bonds. Failure to comply with such restrictions, conditions and requirements could result in the interest income on the bonds being included as gross income for federal income tax purposes from their date of issuance. The District has covenanted to comply with the restrictions, conditions and requirements of the Code necessary to preserve the tax-exempt status of the bonds. For purposes of this opinion we have assumed continuing compliance by the District with such restrictions, conditions and requirements.

The rights of the owners of the bonds and the enforceability of those rights and the rights and obligations of the District with respect to the Resolution and the Indenture and to collection of taxes may be subject to bankruptcy, insolvency, reorganization, moratorium and similar laws affecting creditors' rights and the enforcement of those rights may be subject to the exercise of judicial discretion in accordance with general principles of equity.

Trust Estate Under the Indenture

The District has granted a security interest to the Trustee in (1) all money and investments held for the credit of the Bond Fund and (2) the District's interest in the Depository Agreement. The Trustee is required to hold all such property in trust for the benefit of all the Owners.

Funds

Bond Fund. The money deposited to the Bond Fund is required to be held by the Trustee in trust and applied solely as provided in the Indenture. The District is required to deposit to the Bond Fund from the proceeds of the sale of the Bonds (i) accrued interest received on

the date of delivery of the Bonds to the initial purchaser, (ii) amounts collected by or remitted to the District as ad valorem taxes to the extent provided in the Indenture and (iii) amounts paid for deposit therein from amounts held pursuant to the Depository Agreement. The Bond Fund is required to be applied by the Trustee solely to pay Debt Service when due in any form and in the order described below under "Application of Moneys Collected: Second."

Acquisition and Construction Fund. The District is required to deposit to the Acquisition and Construction Fund the balance of the proceeds of the sale of the Bonds remaining after the deposit of accrued interest to the Bond Fund. The money deposited to the Acquisition and Construction Fund is required to be applied to pay the Costs of Issuance and the Costs of Acquisition and Construction and, to the extent the funds deposited to the Acquisition and Construction Fund and investment income attributable thereto are in excess of the amounts required for any such purpose, then at the discretion of the District to transfer such unexpended proceeds or income to the Bond Fund; provided, however, that if any such amounts remain on deposit in the Acquisition and Construction Fund on September 1, 2007, such amounts shall be transferred by the Trustee to the Bond Fund. It is anticipated that the Costs of Acquisition will be paid out immediately after delivery of the Bonds.

Investment of and Security for Funds. Money held for the credit of (i) the Bond Fund will be invested by the Trustee in Governmental Obligations and (ii) the Acquisition and Construction Fund will be invested by the Trustee in Permitted Investments. The Trustee will sell or present for redemption any obligations so purchased as an investment pursuant to the Indenture whenever it is necessary to do so in order to provide money to make any payment or transfer of money required thereby. Investments will mature, or will be subject to redemption by the holder thereof at the option of such holder without penalty, not later than the respective dates when such money is expected to be required for the purpose intended. Obligations so purchased as an investment of any money credited to any fund established pursuant to the Indenture will be deemed at all times to be a part of such fund. The interest accruing on obligations so purchased and any profit realized from such investment will be credited to such fund and any loss resulting from such investment will be charged to such fund. All money held by the Trustee pursuant to the Indenture will be continuously secured in the manner and to the fullest extent then required by applicable State or federal laws and regulations regarding the security for, or granting a preference in the case of, the deposit of trust funds. The Trustee may invest through or with its own commercial banking or investment departments. The Trustee will not be liable for any loss resulting from any such investment excepting only such losses as may have resulted from its own negligence.

Remedies under the Trust Indenture

The Trustee in its discretion, pursuant to the Indenture, may proceed to protect and enforce its rights and the rights of the Owners under the Indenture by a suit, action, or proceeding in equity or at law or otherwise, whether for the specific performance of any covenant or agreement contained in the Indenture aid of the execution of any power granted in the Indenture or for the enforcement of any other legal, equitable, or other remedy, as the Trustee, being advised by counsel, deems most effectual to protect and enforce any of the rights of the Trustee or the Owners. In addition to all rights and remedies of any Owner provided in the Indenture, in the event the District defaults in the payment of the principal of (or premium, if any, on) or interest on any of the Bonds when due, or defaults in the observance or performance of any of the covenants, conditions, or obligations set forth in the Bond Resolution, the Depository Agreement or the Indenture, the Trustee will be entitled to a writ of mandamus issued by a court of proper jurisdiction compelling and requiring the directors and other officers of the District to make such payment or to observe and perform any covenant, obligation, or condition prescribed in the Bond Resolution, the Depository Agreement or the Indenture. The Indenture contains no provision for acceleration of maturity of principal of the Bonds in the event of default. The remedy of mandamus described above would have to be exercised upon each separate default and may, therefore, prove costly, time consuming, and difficult to enforce. The rights and remedies of Owners and the enforceability of the Bonds may also be limited by bankruptcy, reorganization, and other similar laws affecting the enforcement of creditors' rights generally. See "RISK FACTORS."

If (1) default occurs in the payment of any interest on any Bond when such interest becomes due and payable, or (2) default occurs in the payment of the principal of (or premium, if any, on) any Bond at its Stated Maturity, then upon demand of the Trustee, the District will pay or cause to be paid to the Trustee for the benefit on the Owners of such Bonds the amount so due and payable on the Bonds for principal (and premium, if any) and interest and, in addition thereto, such further amount as will be sufficient to cover the costs and expenses of administration and collection, including the reasonable compensation, expenses, disbursements, and advances of the Trustee and its agents and counsel. If the District fails to pay or cause to be paid such amounts forthwith upon such demand, the Trustee, in its own name and as trustee of an express trust, will be entitled to sue for and recover judgment against the District for the amount then so due and unpaid.

The Trustee will be entitled to sue and recover judgment as aforesaid either before, after, or during the pendency of any proceedings for the enforcement of the lien of the Indenture, and in case of a sale of the trust estate and the application of the proceeds of sale as aforesaid, the Trustee, in its own name and as trustee of an express trust, will be entitled to enforce payment of, and to receive, all amounts then remaining due and unpaid upon the Outstanding Bonds, for

the benefit of the Owners thereof, and will be entitled to recover judgment for any portion of the same remaining unpaid, with interest as aforesaid. No recovery of any such judgment upon any property of the District will affect or impair the lien on the Indenture upon the trust estate or any rights, powers, or remedies of the Trustee thereunder, or any rights, powers, or remedies of the Owners of the Bonds.

Application of Money Collected

Any money collected by the Trustee pursuant to the "Remedies under the Trust Indenture" above, together with any other sums then held by the Trustee as part of the Trust Estate, will be applied in the following order, at the date or dates fixed by the Trustee and, in case of the distribution of such money on account of principal (or premium, if any) or interest upon presentation of the Bonds and the notation thereon of the payment if only partially paid and upon surrender thereof if fully paid:

A. First: To the payment of all unpaid amounts due the Trustee under the Indenture;

B. Second: To the payment of the whole amount then due and unpaid upon the Outstanding Bonds, for principal of and premium, if any, and interest on the Bonds and (to the extent that such interest has been collected by the Trustee or a sum sufficient therefor has been so collected and payment thereof is legally enforceable at the respective rate or rates prescribed therefor in the Bonds) on overdue principal (and premium, if any)), and in case such proceeds will be sufficient to pay in full the whole amount so due and unpaid upon such Bonds, then to the payment of such principal and interest without any preference or priority, ratably according to the aggregate amount so due and

C. Third: To the payment of the remainder, if any, to the District, or to whosoever may be lawfully entitled to receive the same, or as a court of competent jurisdiction may direct.

Control by Owners

The Owners of a majority in aggregate principal amount of Outstanding Bonds will have the right (subject to providing indemnity to the Trustee as described below)

1. to require the Trustee to proceed to enforce the Indenture, either by judicial proceedings for the enforcement of the payment of the Bonds of such series and the foreclosure of the Indenture, the sale of the trust estate established pursuant to the Indenture, or otherwise; and

2. to direct the time, method, and place of conducting any proceeding for any remedy available to the Trustee, or exercising

any trust or power conferred upon the Trustee under the Indenture, provided that

a. such direction will not be in conflict with any rule of law or the Indenture,

b. the Trustee may take any other action deemed proper by the Trustee which is not inconsistent with such direction,

c. the Trustee has not determined that the action so directed would be unjustly prejudicial to the Owners not taking part in such direction, and

d. if the remedy requires the consent of a certain number of the Owners, such consent has been provided.

Before taking action pursuant to the Indenture, the Trustee may require that a satisfactory indemnity bond be furnished to it for the reimbursement of all expenses which it may incur and to protect it against all liability by reason of any action so taken, except liability which is adjudicated to have resulted from its negligence or willful misconduct. The Trustee may take action without that indemnity, and in that case, the District will reimburse the Trustee (but only from amounts pledged under the Indenture) for all of the expenses of the Trustee pursuant to the Indenture.

Each Owner of any Bond by his acceptance thereof will be deemed to have agreed that any court may in its discretion require, in any suit for the enforcement of any right or remedy under the Indenture, or in any suit against the Trustee for any action taken or omitted by it as Trustee, the filing by any party litigant in such suit of an undertaking to pay the costs of such suit, and that such court may in its discretion assess reasonable costs against any party litigant in such suit, having due regard to the merits and good faith of the claims or defenses made by such party litigant. However, this provision will not apply to any suit instituted by or against the Trustee, to any suit instituted by any Owner, or group of Owners of the series affected thereby, holding in the aggregate more than ten percent in principal amount of the Outstanding Bonds, or to any suit instituted by any Owner for the enforcement of the payment of the principal of or interest on any Bond on or after the Stated Maturity expressed in such Bond (or, in the case of redemption, on or after the redemption date of such Bond).

Supplemental Indentures

Without the consent of the Owners of any Bonds and, under certain circumstances described in the Indenture, the District and the Trustee may from time to time enter into indentures supplemental to the Indenture or amend the Depository Agreement, or the District may adopt a resolution amending the Bond Resolution (i) to correct or amplify the description of any property subject to the lien of the Indenture, or better to convey unto the Trustee any property subject to the lien

of the Indenture, or better to assure, convey, and confirm unto the Trustee any property subject or required to be subjected to the lien of the Indenture, or to subject to the lien of the Indenture additional property; (ii) to add to the conditions, limitations and restrictions on the authorized amount, terms, or purposes of issuance, authentication and delivery of Bonds any additional conditions, limitations and restrictions thereafter to be observed; (iii) to evidence the succession of another entity to the District and the assumption by any such successor of the covenants of the District in the Indenture, the Depository Agreement or the Bond Resolution; (iv) to add to the covenants of the District for the benefit of the Owners of all the Bonds; (v) to cure any ambiguity, to correct or supplement any provision in the Indenture, the Depository Agreement or the Bond Resolution which may be inconsistent with any other provisions thereof, or to make any other provisions for matters arising thereunder which will not be inconsistent with the provisions thereof, if such actions will not adversely affect the interests of the Owners or (vi) to provide for the issuance of additional bonds.

With the consent of the Owners of not less than a majority in principal amount of the Bonds affected and, under certain circumstances described in the Indenture, the District and the Trustee may also enter into indentures supplemental to the Indenture, amendments to the Depository Agreement or resolutions amending the Bond Resolution for the purpose of adding any other provisions to or changing in any other manner or eliminating any of the provisions of the Indenture or of modifying in another manner the rights of the Owners under the Indenture, the Depository Agreement or the Bond Resolution. However, no supplemental indenture or amending resolution, without the consent of the Owner of each Outstanding Bond affected thereby, is permitted by the Indenture to (i) change the Stated Maturity of the principal of, or any installment of interest on, any Bond, or reduce the principal amount of or the interest on, any Bond, or change any place of payment where, or the coin or currency in which, any Bond or the interest on any Bond is payable, or impair the right to institute suit for the enforcement of any such payment on or after the stated maturity thereof (or, in the case of redemption, on or after the redemption date); (ii) reduce the percentage in principal amount of the Outstanding Bonds the consent of the Owners of which is required for any supplemental indenture, or the consent of Owners of which is required for any waiver provided for in the Indenture of compliance with certain provisions of the Indenture or certain defaults under the Indenture and their consequences; (iii) modify or alter the provisions of the proviso to the definition of the term "Outstanding" in the Indenture; or (iv) modify any of the provisions of the Indenture concerning approval of supplemental indentures, amendments to the Depository Agreement or amending resolution except to increase any percentage of the Owners of Bonds necessary for approval or to provide that certain provisions of the Indenture cannot be modified or waived without the consent of the Owner of each Bond affected thereby. The Trustee may in its discretion determine whether or not any Bonds would be affected by any supplemental indenture or amendment to the Bond Resolution and any such determination will be

conclusive upon each Owner, whether theretofore or thereafter authenticated and delivered under the Indenture. The Trustee will not be liable for any such determination made in good faith.

Concerning the Trustee

The Trustee has undertaken to perform such duties and only such duties as are specifically set forth in the Indenture, and no implied covenants or obligations should be read into the Indenture against the Trustee. In the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of the Indenture. However, in the case of any such certificates or opinions which by any provision of the Indenture are specifically required to be furnished to the Trustee, the Trustee will be under a duty to examine the same to determine whether or not they conform on their face to the requirements of the Indenture.

No provision of the Indenture will be construed to relieve the Trustee from liability for its own negligent action, its own negligent failure to act, or its own willful misconduct, except that

1. this paragraph will not be construed to limit the effect of the preceding paragraph;

2. the Trustee will not be liable for any error of judgment made in good faith by a responsible officer of the Trustee, unless it shall be proved that the Trustee was negligent;

3. the Trustee will not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction of the Owners of a majority in principal amount of the Outstanding Bonds or to the time, method, and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee, under the Indenture; and

4. no provision of the Indenture will require the Trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties under the Indenture, or in the exercise of any of its rights or powers, unless it is provided indemnity in connection therewith as provided in the Indenture.

Except as otherwise provided in the Indenture:

1. the Trustee may rely and will be protected in acting or refraining from acting upon:

a. any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, telex or other paper, document, or communication

reasonably believed by it to be genuine and to have been signed or presented by the proper persons; and

b. failure of the Trustee to receive any such paper, document, or communication, if prior receipt thereof is required by the Indenture before the Trustee is to take or refrain from taking any action;

2. any request or direction of the District mentioned in the Indenture will be sufficiently evidenced by a request of the District, and any order or resolution of the District may be sufficiently evidenced by a resolution of the board of the District;

3. whenever in the administration of the Indenture the Trustee will deem it desirable that a matter be proved or established prior to taking, suffering, or omitting any action, the Trustee (unless other evidence be specifically prescribed) may, in the absence of bad faith on its part, rely upon a certificate of an officer of the District;

4. the Trustee may consult with legal counsel and the written advice of such counsel will be full and complete authorization and protection in respect of any action taken, suffered, or omitted by the Trustee under the Indenture in good faith and in reliance thereon;

5. the Trustee will be under no obligation to exercise any of the rights or powers vested in it by the Indenture at the request or direction of any of the Owners pursuant to the Indenture, unless such Owners shall have offered to the Trustee reasonable security or indemnity against the costs, expenses, and liabilities which might be incurred by it in compliance with such request or direction;

6. the Trustee will not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, or other paper or document, but the Trustee, in its discretion, may make such further inquiry or investigation into such facts or matters as it may see fit, and, if the Trustee determines to make such further inquiry or investigation, it will be entitled to examine the books, records, and premises of the District, personally or by agent or attorney; and

7. the Trustee may execute any of the trusts or powers or perform any duties under the Indenture either directly or by or through agents or attorneys, and the Trustee will not be responsible for any misconduct or negligence on the part of any agent or attorney appointed, with due care by it.

There will at all times be a trustee under the Indenture which will be a bank or trust company organized and doing business under the laws of the United States or of any State, authorized under such laws to exercise corporate trust powers, having a combined capital and surplus

of at least $50,000,000, subject to supervision or examination by federal or State authority, and having an office in the State. If such corporation publishes reports of condition at least annually, pursuant to law or to, the requirements of such supervising or examining authority, then for the purposes of the Indenture the combined capital and surplus of such corporation will be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. If at any time the Trustee ceases to be eligible in accordance with the provisions of the Indenture, it will resign immediately in the manner and with the effect specified in the Indenture.

The Trustee may resign at any time by giving written notice thereof to the District. If an instrument of acceptance by a successor Trustee will not have been delivered to the Trustee within 30 days after the giving of such notice of resignation, the resigning Trustee may petition any court of competent jurisdiction for the appointment of a successor Trustee.

The Trustee may be removed at any time by act of the Owners of a majority in principal amount of the Outstanding Bonds, delivered to the Trustee and the District.

If at any time (1) the Trustee ceases to be eligible under the Indenture and fails to resign after written request therefor by the District or any such Owner, or (2) the Trustee becomes incapable of acting or adjudged insolvent or a receiver of the Trustee or of its property is appointed or any public officer takes charge or control of the Trustee or of its property or affairs for the purpose of rehabilitation, conservation, or liquidation, then, in any such case, the District may remove the Trustee.

If the Trustee resigns, is removed, or becomes incapable of acting, the District will promptly appoint a successor Trustee. In case all or substantially all of the Trust Estate will be in the possession of a receiver or trustee lawfully appointed, such receiver or trustee, by written instrument, may similarly appoint a successor to fill such vacancy until a new Trustee is appointed by the Owners. If, within one year after such resignation, removal, or incapability, or the occurrence of such vacancy, a successor Trustee is appointed by act of the Owners of a majority in principal amount of the Outstanding Bonds and delivered to the District and the retiring Trustee, then the successor Trustee so appointed will, forthwith upon its acceptance of such appointment, become the successor Trustee and supersede the successor Trustee appointed by the District or by such receiver or trustee. If no successor Trustee is so appointed by the District or the Owners and has accepted the appointment, any Owner who has been a bona fide Owner of a Bond for at least six months may, on behalf of himself and all others similarly situated, petition any court of competent jurisdiction for the appointment of a successor Trustee.

Defeasance

The Indenture, and the lien, rights, and interests created thereby, will terminate, at the request of the District, when the following conditions exist:

1. all Bonds previously authenticated and delivered under the Indenture have been canceled by the Trustee or delivered to the Trustee for cancellation, excluding however:

a. Bonds for the payment of which money has been deposited with the Trustee or a paying agent, as provided by the provisions of the Indenture relating to redemption of the Bonds;

b. Bonds alleged to have been destroyed, lost, or stolen which have been replaced or paid as provided in the Indenture, except for any such Bond which prior to the satisfaction and discharge of the Indenture has been presented to the Trustee with a claim of ownership and enforceability by the Owner thereof and where enforceability has not been determined adversely against such Owner by a court of competent jurisdiction;

c. Bonds, other than those referred to in the foregoing clauses, for the payment or redemption of which there has been deposited with the Trustee in accordance with the provisions of the Indenture in trust for such purpose an amount sufficient to pay and discharge the entire indebtedness on such Bonds for principal and interest to the stated maturity or redemption date of such Bonds, as the case may be; and

d. Bonds deemed no longer outstanding as a result of the deposit or escrow of money or Governmental Obligations as described below; and

2. the District has paid or caused to be paid all other sums payable by the District under the Indenture.

Any Bond will be deemed to be no longer outstanding when payment of the principal of such Bond, plus interest thereon to its Maturity (whether such Maturity is by reason of the Stated Maturity or by call for redemption, if notice of such call has been given or waived or irrevocable arrangements for such notice satisfactory to the Trustee have been made), calculated at the maximum permitted rate for any period in which the rate of interest on the Bonds is unknown and has been provided by depositing (i) money sufficient to make such payment or (ii) money and Governmental Obligations and/or REFCORP Strips as such term is defined in the definition of "Permitted Investments" certified by an independent accountant of national reputation to mature as to principal and interest in such amounts and at such times as will, without further investment or reinvestment of either the principal amount thereof or the interest earnings therefrom, be sufficient to make such payment, provided that all necessary and proper fees, compensation and expenses of the Trustee and paying

agents pertaining to the Bonds with respect to which such deposit is made have been paid or the payment thereof has been provided for to the satisfaction of the Trustee. Any deposit described above must be made either with the Trustee or, if notice of such deposit is given to the Trustee, or with a state or nationally chartered bank with a minimum combined capital surplus or $50,000,000 as escrow agent, with irrevocable instructions to transfer the amounts so deposited and investment income therefrom to the Trustee or to the paying agents in the amounts and at the times required to pay principal of and interest on the Bonds with respect to which such deposit is made at the maturity thereof and of such interest or the Stated Maturity, as the case may be. In the event such deposit is made with respect to some but not all of the Bonds then outstanding, the Trustee is required to select the Outstanding Bonds with respect to which such deposit is made in the same manner as provided in the Trust Indenture for the selection of Bonds to be redeemed.

No such deposit will have the effect specified above, however, (i) if made during the existence of a default under the Trust Indenture, unless made with respect to all of the Bonds then Outstanding, and (ii) unless there is delivered to the Trustee an opinion of counsel to the effect that such deposit will not adversely affect any exemption from federal income taxation of interest on any Bond. Any money and Governmental Obligations deposited with the Trustee for such purpose is required to be held by the Trustee in a segregated account in trust for the Owners of the Bonds with respect to which such deposit is made and, together with any investment income therefrom, is required to be disbursed solely to pay the principal of and interest on such Bonds when due.

Cancellation for Conflict of Interest

To the extent made applicable by provision of law, pursuant to ARS Section 38-511, the Indenture is subject to cancellation by the District within three years of its execution if any person significantly involved in creating the Indenture on behalf of the District is or becomes an employee of any other party to the Indenture or a consultant to any other party with respect to the Indenture.

APPENDIX E

BOOK-ENTRY ONLY SYSTEM

This information concerning DTC and DTC's book-entry system has been obtained from DTC and the District takes no responsibility for the accuracy thereof. The Beneficial Owners (defined below) should confirm this information with DTC or the DTC participants.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 2 million issues of U.S. and non-U.S., equity issues, corporate and municipal debt issues, and money market instruments from over 85 countries that DTC participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S., securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Government Securities Clearing Corporation, MBS Clearing Corporation and Emerging Markets Clearing Corporation (NSCC, GSCC, MBSCC and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange, LLC and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to other such as both U.S. and non-U.S., securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's highest rating AAA. The DTC Rules applicable to its Direct Participants and Indirect Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchase of the Bonds under the DTC system must be made by or through Direct Participants, who will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct Participant's and Indirect Participant's records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written

confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct Participant or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interest in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interest in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all the Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Bonds with DTC and their registration in the name of Cede & Co., or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct Participants and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices of the Bonds shall be sent to DTC. If less than all of the Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Trustee as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Payment of principal of and interest on the Bonds, and the redemption price of any Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of and information funds and corresponding detail information from the Bond Registrar and Paying Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Direct Participants and Indirect Participants to Beneficial Owners will be governed by standing instructions and customary

practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name" and will be the responsibility of such Direct Participants and Indirect Participants and not of DTC (or its nominee) or the Trustee, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal of and interest on the Bonds, and the redemption price of any Bonds will be made to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of Direct Participants and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the Trustee. Under such circumstances, in the event that a successor depository is not obtained, physical Bonds are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, physical Bonds will be printed and delivered.

Under DTC's rules, DTC now advises that upon receipt of a withdrawal request from an issuer, such as the District, DTC will take the following actions: (1) DTC will issue an Important Notice notifying its participants of the receipt of a withdrawal request from the issuer reminding participants that they may utilize DTC's withdrawal procedures if they wish to withdraw their securities from DTC; and (2) DTC will process withdrawal requests submitted by participants in the ordinary course of business, but will not effectuate withdrawals based upon a request from the issuer.

District Board
Sundance Community Facilities District
(Town of Buckeye, Arizona)

Re: Sundance Community Facilities District (Town of Buckeye, Arizona) District General Obligation Bonds, Series 2005

Honorable Board:

At your request we have examined the official proceedings leading to the issuance of $6,000,000 aggregate principal amount of District General Obligation Bonds, Series 2005, dated October 20, 2005, issued by the Sundance Community Facilities District (Town of Buckeye, Arizona) (the "*District*").

We have examined the law and such documents and matters as we have deemed necessary to render this opinion including, without limitation, Resolution No. 06-05, passed and adopted by the District Board on September 6, 2005 (the "*Resolution*"). As to questions of fact material to our opinion we have relied upon, and assumed due and continuing compliance with the provisions of, the proceedings and other documents, and have relied upon certifications, covenants and representations furnished to us without undertaking to verify the same by independent investigation, including, without limitation, those with respect to causing interest on the bonds to be and remain excluded from gross income for federal income tax purposes.

Based upon the foregoing, we are of the opinion, as of this date, which is the date of initial delivery of the bonds against payment therefor, that:

1. The District is duly created and validly existing as a community facilities district and political subdivision of the State of Arizona with power to pass and adopt the Resolution, perform the agreements on its part contained therein and issue the bonds.

2. The Resolution has been duly passed and adopted by the District Board and the Indenture (as such term is defined in the Resolution) is valid and binding upon and enforceable against the District.

3. The bonds and the proceedings leading to and including the issuance thereof are legal and constitute a valid and binding general obligation of the District.

4. All taxable property within the District is subject to the levy of a direct, annual, ad valorem tax to pay the principal of and interest on the bonds without limit as to rate or amount. It is required by law that there be levied, assessed and collected, at the same time and in the same manner as other taxes, an annual tax upon all taxable property in the District sufficient, together with any money from other sources lawfully available therefor, to pay the principal of and interest on the bonds when due.

5. Under existing laws, regulations, rulings and judicial decisions, the interest income on the bonds is excluded from gross income for the purpose of calculating federal income taxes and is exempt from Arizona income taxes. Interest on the bonds is not an item of tax preference to be included in computing the alternative minimum tax of individuals or corporations; such interest income must, however, be taken into account for federal income tax purposes as an adjustment to alternative minimum taxable income for certain corporations which income is subject to the federal alternative minimum tax. The bonds are not private activity bonds within the meaning of Section 141 of the Internal Revenue Code of 1986, as amended (the "*Code*"). We express no opinion regarding other federal tax consequences arising with respect to the bonds.

The Code imposes various restrictions, conditions and requirements relating to the continued exclusion of interest income on the bonds from gross income for federal income tax purposes, including a requirement that the District rebate to the federal government certain of the investment earnings with respect to the bonds. Failure to comply with such restrictions, conditions and requirements could result in the interest income on the bonds being included as gross income for federal income tax purposes from their date of issuance. The District has covenanted to comply with the restrictions, conditions and requirements of the Code necessary to preserve the tax-exempt status of the bonds. For purposes of this opinion we have assumed continuing compliance by the District with such restrictions, conditions and requirements.

The rights of the owners of the bonds and the enforceability of those rights and the rights and obligations of the District with respect to the Indenture and to collection of taxes may be subject to bankruptcy, insolvency, reorganization, moratorium and similar laws affecting creditors' rights and the enforcement of those rights may be subject to the exercise of judicial discretion in accordance with general principles of equity.

Re: $6,000,000 Sundance Community Facilities District
(Town of Buckeye, Arizona) District
General Obligation Bonds, Series 2005

We have acted as bond counsel to Sundance Community Facilities District (Town of Buckeye, Arizona) (hereinafter referred to as the "*Issuer*") in connection with the issuance this date by the Issuer of bonds designated its District General Obligation Bonds, Series 2005, in the aggregate principal amount of $6,000,000 (hereinafter referred to as the "*Bonds*") and otherwise as counsel to the Issuer. The Bonds (i) are issued under and secured by an Indenture of Trust and Security Agreement dated as of October 1, 2005 (hereinafter referred to as the "*Indenture*"), from the Issuer to Wells Fargo Bank, N.A., as trustee (hereinafter referred to as the "*Trustee*") as authorized by a resolution authorizing issuance of, and certain other matters related to, the Bonds adopted by the District Board of the Issuer on September 6, 2005 (hereinafter referred to as the "*Resolution*"); (ii) are the subject of an Official Statement dated October 7, 2005 (hereinafter referred to as the "*Official Statement*"); and (iii) are being sold pursuant to a Purchase Contract dated October 7, 2005 (hereinafter referred to as the "*Purchase Contract*"), by and between the Issuer and RBC Dain Rauscher Inc. (hereinafter referred to as the "*Underwriter*"). (You may rely on our opinion as bond counsel, dated of even date herewith, with regard to the Bonds as if addressed to you.)

In our capacity as bond counsel, and as counsel as described hereinabove to the Issuer, we have examined and relied upon:

(i) An executed copy of the Indenture;

(ii) An executed copy of the Purchase Contract;

(iii) An executed copy of the Official Statement;

(iv) A certified copy of the Resolution (which authorized, among other matters, execution and delivery of the Purchase Contract);

(v) An executed copy of the Depository Agreement, dated as of October 1, 2005 (hereinafter referred to as the "*Depository Agreement*"), by and among the Issuer, Wells Fargo Bank, N.A., as depository (the "*Depository*") and Buckeye Land Management, Inc. (hereinafter referred to as "*BLMI*");

(vi) An executed copy of a Blanket Letter of Representations (hereinafter referred to as the "*Letter of Representations*") previously entered into by and between the Issuer and The Depository Trust Company.

(vii) An executed copy of a Continuing Disclosure Undertaking, dated of even date hereof (hereinafter referred to as the "*Undertaking*"), from the Issuer;

(viii) An executed copy of a Dissemination Agency Agreement, dated as of October 1, 2005 (hereinafter, collectively with the Purchase Contract, the Indenture, the Letter of Representations, the Depository Agreement and the Undertaking, referred to as the "*District Documents*") by and between the Issuer and RBC Dain Rauscher Inc.;

(ix) Such other agreements, certificates, opinions (including particularly, but not by way of limitation, an opinion of counsel to BLMI), letters and other documents, including all documents delivered or distributed at the closing of the sale of the Bonds, as we have deemed necessary or appropriate in rendering the opinions set forth herein; and

(x) Such provisions of the Constitution and laws of the State of Arizona and the United States of America as we believe necessary to enable us to render the opinions set forth herein.

In our examination, we have assumed the authenticity of all documents submitted to us as originals, the conformity to original copies of all documents submitted to us as certified or photostatic copies, the authenticity of the originals of such latter documents and the accuracy of the statements contained in such certificates. In connection with our representation of the Issuer in the capacities described above, we have also participated in conferences from time to time with representatives of and counsel to the Issuer, the Underwriter, the Trustee and BLMI relating to the District Documents.

We are of the opinion, based upon the foregoing and subject to the reliance hereinabove indicated and the qualifications hereinafter set forth, that under applicable law of the State of Arizona and federal law of the United States of America in force and effect on the date hereof:

1. The Issuer is duly organized and validly existing as a community facilities district pursuant to the Constitution and laws of the State of Arizona and has all requisite power and authority thereunder (a) to adopt the Resolution, (b) to authorize, execute, deliver and issue, as applicable, the District Documents, and the Bonds, (c) to approve, execute and authorize the use and distribution of the Official Statement (including, as applicable, the Preliminary Official Statement, dated September 28, 2005 (hereinafter referred to as the "*Preliminary Official Statement*") with respect to the Bonds, and (d) to carry out and consummate the transactions contemplated by the Official Statement, the Resolution, the District Documents and the Bonds (including performing the applicable obligations thereunder).

2. Adoption of the Resolution; authorization, execution, delivery and issuance, as applicable, of, and the due performance of the obligations of the District under, the District Documents and the Bonds and the approval, execution and authorization of the use and distribution of the Official Statement (including, as applicable, the Preliminary Official Statement) by the Issuer under the circumstances contemplated thereby, do not and will not in any material respect conflict with or constitute on the part of the Issuer a breach of or default under any agreement or other instrument to which the Issuer is a party or of any existing law, ordinance, administration regulation, court order or consent decree to which the Issuer is subject.

3. No consent of any other party, and no consent, license, approval or authorization of, exemption by or registration with any governmental body, authority, bureau or agency (other than those that have been obtained or will be obtained prior to the delivery of the Bonds), is required in connection with the adoption by the Issuer of the Resolution or the authorization, execution, delivery, issuance and performance, as applicable, by the Issuer of the District Documents and the Bonds and the consummation of the transactions contemplated by the Official Statement.

4. The Issuer has duly (a) adopted the Resolution, (b) authorized (i) the authorization, execution, delivery and issuance, as applicable of, and the performance of its obligations under, the District Documents and the Bonds and (ii) the taking of the actions required on the part of the Issuer to carry out, give effect to and consummate the transactions contemplated by the Official Statement, the Bond Resolution, the District Documents and the Bonds and (c) caused to be levied the *ad valorem* property taxes from which the Bonds are payable. The Issuer has complied with all applicable provisions of law and has taken all actions required to be taken by it to the date hereof in connection with the transactions contemplated by the aforesaid documents.

5. The District Documents have been duly authorized, executed and delivered by the Issuer and, assuming due and valid authorization, execution and delivery by the other party thereto, constitute legal, valid and binding obligations of the Issuer enforceable in accordance with their terms, and the Indenture creates the liens which it purports to create for the benefit of the owner of the Bonds.

6. There is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, governmental agency, public board or body, pending or overtly threatened against or affecting the Issuer, and there is no basis therefor, (i) which in any way questions the powers of the Issuer referred hereinabove or the validity of the proceedings taken by the Issuer in connection with the issuance and sale of the Bonds, (ii) wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Official Statement, the Bond Resolution, the District Documents or the Bonds or would in any way adversely affect the validity or enforceability of the Bond Resolution, the District Documents or the Bonds (or of any other instrument required or contemplated for use in consummating the transactions contemplated thereby or hereby or by the Official Statement) or (iii) contesting in any way the completeness or accuracy of the Preliminary Official Statement or the Official Statement. Further, there are no lawsuits pending or threatened against the Issuer which question the right of the Issuer to levy, receive and pledge special assessments or taxes, nor lawsuits pending or overtly threatened against the Issuer which, if decided adversely to the Issuer, would, individually or in the aggregate, have a material adverse effect on the financial condition of the Issuer or impair the ability of the Issuer to comply with all the requirements set forth in the Official Statement, the Bond Resolution, the District Documents or the Bonds.

7. The information contained in the Official Statement on the cover thereof, under the headings "INTRODUCTION", "THE BONDS", "SECURITY FOR AND SOURCES OF PAYMENT OF THE BONDS", "LITIGATION", "TAX EXEMPTION", "BOND PREMIUM", "QUALIFIED TAX-EXEMPT OBLIGATIONS", "CONTINUING DISCLOSURE" (except statements as to compliance with prior undertakings), and "RELATIONSHIPS AMONG PARTIES" therein and in Appendix B – "FORM OF APPROVING LEGAL OPINION OF BOND COUNSEL", Appendix C –"FORM OF CONTINUING DISCLOSURE UNDERTAKING" and Appendix D - "SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE," thereto, insofar as such information purports to summarize certain provisions of federal or state law or of the Bonds or the District Documents on matters that relate to us, fairly summarizes the information which it purports to summarize. With regard to the other portions of the Official Statement, on the basis of our

participation as bond counsel, nothing has come to our attention to lead us to believe that the Official Statement (except for the financial information and notes thereto and the schedules and other financial or statistical data included in Appendix A thereto or otherwise included therein, as to which we express no opinion) contains any untrue statement of a material fact or omits to state a material fact necessary in order to make the statements therein, in light of the circumstances under which such statements are made, not misleading.

8. It is not necessary in connection with the issuance and sale of the Bonds to the public to register the Bonds under the Securities Act of 1933, as amended, or to qualify the Resolution or the Indenture under the Trust Indenture Act of 1939, as amended.

Our opinions expressed in paragraph 5 hereof are qualified to the extent that the enforceability of the District Documents is dependent upon the due authorization, execution and delivery of (and authority to perform lawfully) the District Documents by the other parties thereto and to the extent that the enforceability of the District Documents may be limited by bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting creditors' rights and the exercise of judicial discretion in accordance with general principles of equity, including possible refusal by a particular court to grant certain equitable remedies such as specific performance with respect to the enforcement of any provision of such documents. We express no opinion as to the enforceability of any provisions of the District Documents (i) restricting access to legal or equitable remedies, (ii) purporting to establish evidentiary standards or waiving or otherwise affecting any rights to notice, demand or exhaustion of collateral, (iii) relating to self-help, subrogation, indemnification, delay or omission to enforce rights or remedies, severability or marshalling of assets or (iv) purporting to grant to the owners of the Bonds or to any party to the District Documents (other than the Issuer) any rights or remedies not specifically set forth therein.

This opinion may be relied upon only by you and by persons to whom we grant written permission to do so.

Re: $6,000,000 Sundance Community Facilities District (Town of Buckeye, Arizona) District General Obligation Bonds, Series 2005

We have acted as special counsel to Buckeye Land Management, Inc., an Arizona corporation (hereinafter referred to as "BLMI"), in connection with the transactions provided for by the documents referred to herein in connection with the issuance and sale of the captioned Bonds sold pursuant to a Purchase Contract, dated October 7, 2005 (hereinafter referred to as the "Purchase Contract"), by and between RBC Dain Rauscher Inc. and Sundance Community Facilities District (hereinafter referred to as the "District"). Any capitalized terms used herein and not defined shall have the meaning assigned to it in the Purchase Contract.

In this connection, we have reviewed the following documents, each of which is dated as of the date hereof unless otherwise indicated (the "Documents"):

1. Depository Agreement;

2. Indemnity Letter;

3. Closing Certificate of BLMI;

4. Authorization and Agreement dated October 19, 2005 executed by various benefited owners of that certain Joint Development Agreement dated February 16, 2001, as amended;

5. Resolution of the Shareholders and Directors of BLMI dated October 19, 2005;

6. Good standing certificate for BLMI issued from the Arizona Corporation Commission dated October 17, 2005; and

7. Certificate of the President of BLMI issued in favor of the undersigned ("BLMI's Certificate").

In rendering the following opinions, we have assumed:

(a) The genuineness of all signatures to the Documents and the legal capacity of each natural person executing any of the Documents;

(b) The authenticity and completeness of documents submitted as originals, and the conformity to originals of documents submitted as copies;

(c) That the transactions contemplated by the Official Statement were fully authorized by the District and are in compliance with all laws, rules or regulations governing the District;

(d) That there are no oral or written statements or agreements that modify, amend or vary, or purport to modify, amend or vary, the Depository Agreement;

(e) That BLMI owns good and indefeasible interests in the real and personal property described in the Documents which are purported to be owned by it;

(f) That the District has complied with any requirement of good faith, fair dealing and conscionability and have acted in good faith and in a commercially reasonable manner without notice of any defense against enforcement of any rights created by the Documents;

(g) That all parties to the Documents will enforce their respective rights thereunder in circumstances and in a manner which are commercially reasonable and in accordance with applicable law;

(h) The truth and accuracy of all of the representations and warranties of all parties contained in the Documents and

(i) The truth and accuracy of all reports and other documents prepared by third party consultants relating to the transactions contemplated by BLMI or any of the property within the District.

Based on the foregoing, and subject to the limitations, qualifications and assumptions set forth herein, it is out opinion that:

1. BLMI is a corporation, duly incorporated and existing under the laws of the State of Arizona and duly authorized to transact business in the State of Arizona and has full power and authority to enter into and perform its obligations under, and to consummate all transactions contemplated by, the Depository Agreement and the Indemnity Agreement.

2. BLMI has taken all actions necessary to be taken by it or in its behalf to authorize (i) the execution, delivery and performance by BLMI of the Depository Agreement and the Indemnity Agreement and (ii) the carrying out, giving effect to and consummation of the transactions contemplated thereby.

3. The Depository Agreement and the Indemnity Letter have been duly and validly authorized, executed and delivered by BLMI and the same are in full force and effect as of the date hereof and are the valid and legally binding obligations of BLMI, enforceable against BLMI in accordance with their terms.

4. The execution and delivery by BLMI of the Depository Agreement and the Indemnity Agreement and the consummation of the transactions contemplated thereby (a) do not and will not result in a violation of any provision of, or in default under, the organizational documents of BLMI or (b) to our knowledge, (i) any agreement or other instrument to which BLMI is a party or by which it or its properties are bound or (ii) conflict with any statute, rule, regulation, judgment, order or other governmental action or decree to which BLMI or its properties are subject which, in any of the above cases, would materially and adversely affect the business, properties, assets, liabilities or condition (financial or otherwise) of BLMI.

The phrase "to our knowledge" means the actual knowledge of all of the attorneys in this firm. Where statements in this opinion are qualified by the term "material" or "materially," those statements involve judgments and opinions as to the materiality or lack of materiality of any matter to BLMI or its business, assets, or financial condition that are entirely those of BLMI and its officers, after having been advised by us as to the legal effect and consequences of such matters.

The opinions expressed herein are subject to the following qualifications:

(i) Enforceability of the Depository Agreement and the Indemnity Letter may be limited by bankruptcy, insolvency, fraudulent transfer, fraudulent conveyance, reorganization, moratorium, arrangement, or laws or court decisions affecting the enforcement of creditors' rights generally.

(ii) Enforceability of certain rights and remedies in the Depository Agreement and the Indemnity Letter may be restricted by the doctrines of waiver, estoppel, election of remedies, commercial reasonableness or by the application of other equitable principles, whether remedies are sought in equity or at law. Without limiting the generality of the foregoing, we note specifically that such principles of equity are of general application, and in applying such principles an Arizona State Court or a Federal District Court for the State of Arizona, among other things (i) might not allow acceleration of the maturity of a debt upon the occurrence of a default deemed immaterial; (ii) might require the other parties to the Depository Agreement or the intended beneficiaries of the Indemnity Letter to act with reasonableness and in good faith; or (iii) might apply its discretion in granting specific performance, injunctive relief or other equitable remedies. The opinion on enforceability is limited to enforcement in courts in the State of Arizona.

(iii) Certain waivers, procedures, remedies, indemnities and other provisions of the Depository Agreement or the Indemnity Letter may be unenforceable under or limited by Arizona law; however, such law does not, in our opinion, substantially prevent the practical realization of the benefits intended by the Depository Agreement and the Indemnity Letter if the other party(ies) act in good faith and in a commercially reasonable manner in accordance with the requirements of applicable law, except for the economic consequences of any procedural delay.

(iv) The qualification that any matter stated in general terms herein shall be limited by any less general or any more specific statement on such matter as may also be contained herein and

(v) The qualification that in rendering the opinions set forth herein, we do not purport to express any opinion on the financial capability or condition of BLMI or its financial ability to perform under the Documents.

We are expressing no opinion as to:

(a) The effect on enforceability of the Depository Agreement or the Indemnity Letter of any covenants that might be implied under the doctrine of good faith and fair dealing;

(b) The enforceability of any indemnity provision with respect to any claims or other matters that result from the negligence or willful misconduct of any party (other than BLMI) or the failure of any party (other than BLMI) to act in a commercially reasonable manner;

(c) The enforceability of any indemnity or contribution provision with respect to any claims or other matters relating to or arising under federal or state securities laws, as they may be held to violate public policy;

(d) The applicability or effect of any registration or qualification with respect to the federal securities law or the securities laws or "blue sky" laws of any state;

(e) The title or the priority of any lien or security interest with respect to the Bonds;

(f) The applicability or effect, if any, of any building codes or zoning ordinances or the laws or regulations of any municipality; and

(g) The issuance of the Bonds or any statements contained in the Official Statement.

We are qualified to practice law only in the State of Arizona and we do not purport to express any opinion herein concerning any law other than the laws of the State of Arizona. With respect to such law, our opinions are as to what the law is or might reasonably be expected to be at the date hereof, and we assume no obligation to revise or supplement this opinion due to any change in the law by legislative action, judicial decision or otherwise. We do not render any opinion with respect to any matters other than those expressly set forth above.

The opinions contained herein are solely for the benefit of the addressee. Accordingly, it may not be relied upon by, filed with or furnished or delivered to or quoted in any manner to any other person or entity, or referred to in any financial statement, report or related document, without, in each instance, our prior written consent.

Respectfully submitted,

Titus, Brueckner & Berry, P.C.
