Customer: _____

Address: _____

The information below pertains to all windows, doors, and gates entering into the backyard enclosed within the perimeter walls.

Please check all barrier requirements that pertain to your home or indicate if not applicable:

____ Perimeter wall must be at least 5' in height from the outside

____ Pedestrian gates must open out away from pool and be self-closing/self-latching at least 54" above grade.

____ Double gates must be padlocked and must have a spring on main opening side if there is not a 4' pedestrian gate.

____ Ground level doors with direct access to the pool area must be equipped with a self-latching/self-closing device at least 54" above floor level and open away from pool area.

____ ALL windows (except bedroom fire egress windows) with access to the pool area must be equipped with one of the following:

____ A) Screwed in place wire mesh screens **OR:**

____ B) Keyed locks that prevent opening the window more than 4"

____ I will be doing a 5' wrought iron fence completely around pool barrier

____ I will be doing a partial 5' wrought iron fence with some other barrier

- The protective fence or wall shall be located a minimum horizontal distance of fifty-four (54) inches from any structure, storage or equipment that could be used to climb the wall or fence from the outside.
- The protective fence or wall shall contain no opening, handhold or other means accessible from the exterior side of the enclosure that could be used to climb the wall or fence.
- Pet doors are not permitted to access pool area.
- **OWNER RESPONSIBILITY:** It is the responsibility of the property owner to ensure that any pool enclosure fence and its appurtenances (i.e., gates, latching device, locks, etc.) are maintained in safe and good working order.

ALL WINDOWS, DOORS AND ROOMS MUST BE SHOWN ON PLOT PLAN IF NOT ENCLOSING THE "ENTIRE" POOL WITH A 5' WROUGHT IRON FENCE.

By signing below, you are aware of the pool barrier codes for the City of Buckeye and must have them in place by final inspection for the pool.
