

TESTIMONIALS

EON TESTIMONIALS:

"I enjoyed the EON Program and training because the information talked about was real. It was applied to everyday business, it showed how it works, what to expect, different ways to pivot and plan, to help get our own ideas or businesses up and going. I was really impressed with the speakers chosen, the presentations given, and the genuine concern everyone had for the people attending. The willingness to help others succeed and make their dreams a reality was present and noticeable. Thank you for the time and effort put into this program. I look forward to new classes, discussion groups, and showing how my business has developed since attending."

Windi MacLeod | *Dragonflydesignz*

"The EON program is a great place for entrepreneurs to encourage each other to build business. The advice and information has been priceless. I plan to be a part of the program as my business grows."

Mike Stigall | Working on opening a Comedy Club in Buckeye

"I am glad the guest speakers take time to bring us all of this information. I feel educated on business every time I come to a class. EON keeps me motivated by having a commitment."

Jeff and Crystal Stewart | *40 Back Precision*

"EON is a wondrous network. I have been here since the beginning. I have only missed two classes. I have learned more from EON about starting a business than I did from a local City College Small Business Course. Our leader Janene is the best. She really cares about helping students. She takes time out to gather so much information that she thinks will be helpful to us. I have recommended EON to a lot of people."

Thelma Curtis | *TC Taxes*

"The EON program has offered me a strong road map to success in building a new business in Buckeye. The speakers from ASU, SBA, and many of the business leaders in the West Valley have been excellent with great business points to improve the small business start ups. The EON program has been inspiring, confidence building and improving and learning opportunities. Keep this program going and build with confidence."

Carl J. Goin | *Buckeye Pollution Control Commission Member
Volunteer Buckeye Police, City Hall Volunteer*

"The program has been invaluable. The guest speakers on the different topics have been very knowledgeable and helpful. With the information, I have received and resources made available, I believe I am better prepared to start a business. Please continue to provide these classes. Thank you so much"

YEON TESTIMONIALS

“My experience with YEON was a fantastic experience for me. I learned many new things that I never knew before, and now I can use my knowledge to set-up and improve my business.” Benjamin Nico (Verrado H.S.)

“YEON was life-changing. I know that after this I will always have the mindset of an entrepreneur and confidence to solve the problem I come in contact with.” Lizbeth Marquez (Buckeye Union H.S.)

“My experience with YEON was wonderful it made me feel like I could do anything. It gave me the feeling that I can start my own business.” Devanna Brown (Buckeye H.S.)

“I attended this camp for the opportunity to learn how business works and what it takes to be successful. It has been awesome to meet all the knowledgeable members in our community and their experiences. Working on teams to launch our product has been not only fun, but insightful to others views. This program will help with decision making and it also gives you confidence knowing that you can start a business and be successful.” Lorenzo de Guzman (*Resides in Verrado; attends Trivium Prep*)
