

Engineering Design Standard Section 3-1

Date: 11-30-15

ADDENDUM TO BUCKEYE WATER DESIGN STANDARDS

Request No. <u>6</u>	APPROVED: <u>Y</u> / N	ADDENDUM NUMBER <u>w-4</u>
----------------------	------------------------	----------------------------

This addendum is based on the City of Buckeye Engineering Design Standards adopted by City Council in Resolution No. 133-12.

The requirements of the Buckeye Design Standards section may be modified at any time by the City Engineer pursuant to Chapter 23, Article 23-2 and adopted by City Council.

The standards, design criteria, and policy set forth in this section were developed and recommended by the City Engineer.

The following changes will be in full effect after the signature date, and supersedes the originally approved standards and details as formerly written.

Revised Standard Number: 3-1.203 (D)(4)

Original text/Detail:

All residential lots are required to have an individual PRV installed on the customer side of the meter.

Revised Text/Detail:

3-1.203(D)(4) - Delete the text as written and add: "PRV requirements for residential lots are determined by the City of Buckeye Building Official."

Authored By: Craig Sharp

NOTES: This is primarily a Building Department issue and is not needed in this Standard.
