THE FOLLOWING QUESTIONS WERE ASKED BY CONTRACTORS:

- Q1:** On page 2 of addendum #1 it states "Offerors must acknowledge receipt and acceptance of this amendment by returning the entire amendment with the Proposal." Are you requesting all 131 pages to be returned, or just the first 3 pages where we sign that we have received the amendment?
- A1:** Page 1, 2, and 3 can be returned with your Statement of Qualifications it is not necessary to return the Attachments
- Q2:** On previous projects, if we are unable to contact the project manager because they are no longer working there, what are you requiring for the past performance questionnaire? Can we submit on 3 previous projects and include a completed questionnaire, and submit 2 of our other projects that are similar to this Miller Road Project without a questionnaire since they are not able to fill it out.
- A2:** The purpose of submitting a past performance questionnaire is for the city to be able to verify your organizations performance on the past projects and contact the person who filled out the questionnaire if we have questions. Possibly there is someone else other than the project manager that left the company who can fill out the past performance questionnaire.
- Q3:** In TAB D, are you requiring actual traffic control plans we intend to use or are we able to describe/sketch what we intend to use?

A3: No place in Tab D does it specifically ask for a traffic control plan. If you are providing it as an understanding of project you can describe/sketch what you feel will show your organizations understanding of the project.

The balance of the specifications and instructions remain the same. Offerors must acknowledge receipt and acceptance of this amendment by returning the entire amendment with the Proposal.
