

Same-Day Trash & Recycling Collection Starts March 3, 2025!

We've heard your requests, and it's happening! Trash and recycling will now be collected on the same day, making it easier to manage your schedule.

Make sure to set out both cans on your designated day, leaving at least three feet of space between them.

Special Note For Verrado Residents:

- Rear-load vehicles will service both sides of alleys.
- Designated alley pads are no longer required.

This update streamlines services for everyone—thank you for helping us make it a success!

See map below for your new collection day. Learn more at buckeyeaz.gov/trash.
