Independent Auditor's Report

Board of Directors
Sundance Community Facilities District

Report on Audit of Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Sundance Community Facilities District, (District), a component unit of the City of Buckeye, Arizona, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Sundance Community Facilities District as of June 30, 2024, and the respective changes in financial position and the budgetary comparison for the General Fund thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Sundance Community Facilities District and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Supplementary Information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual financial report. The other information, as listed in the table of contents, does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on other work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

SUNDANCE COMMUNITY FACILITIES DISTRICT
Reconciliation of the Statement of Revenues, Expenditures and Changes in
Fund Balance of Governmental Funds to the Statement of Activities
 For the Year Ended June 30, 2024

Net change in fund balances - total governmental funds		(456,641)
<p>Amounts reported for governmental activities in the statement of activities are different because:</p>		
<p>Some revenues reported in the governmental funds that did not provide current financial resources in prior years have been recognized previously in the statement of activities and therefore are not reported as revenues in the statement of activities.</p>		
Special assessments		(163,000)
<p>The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The issuance of long-term debt increases long-term liabilities on the statement of net position and the repayment of principal on long-term debt reduces long-term debt on the statement of net position. Likewise, refunding and defeasance of existing debt reduces the balance of long-term debt without adding additional debt. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when the debt is first issued, whereas these items are deferred and amortized over the term of the long-term debt in the statement of activities.</p>		
Issuance of long-term debt	(11,115,000)	
Premiums on debts issued	(1,031,126)	
Principal payments on long-term debt	13,403,000	
Amortization of premium	80,054	
	1,336,928	
Change in net position of governmental activities		\$ 717,287

The notes to the basic financial statements are an integral part of this statement.

SUNDANCE COMMUNITY FACILITIES DISTRICT

The notes to the basic financial statements are an integral part of this statement.

Notes to Financial Statements – Year Ended June 30, 2024**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Sundance Community Facilities District (District) is a special purpose district created specifically to acquire or construct public infrastructure within specific areas of the City of Buckeye, Arizona, and is authorized under state law to issue general obligation (GO) or revenue bonds to be repaid by property (ad valorem) taxes levied on property within the District (for GO debt), or by specific revenues generated within the District (revenue bonds). The District was created by petition to the city council by property owners within the area to be covered by the District, and debt may be issued only after approval of voters within the District.

The financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The more significant of the District's accounting policies are described below.

A. Reporting Entity

The District, a component unit of the City of Buckeye, Arizona (City), was established (June 19, 2001), and is a political subdivision of the State of Arizona as well as a municipal corporation by Arizona Law. The City Council serves as the Board of Directors. All transactions of the District are included in the City's financial statements. However, the City has no liability for the debt.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e. the statement of net position and the statement of activities) present financial information about the District as a whole. The reported information includes all of the non-fiduciary activities of the District. For the most part, the effect of internal activity has been removed from these statements. These statements are to distinguish between the governmental and business-type activities of the District. Governmental activities normally are supported by tax revenues, and are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The District does not have any business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes, investment income and other items not included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-Wide Financial Statements – The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Special assessment revenue is recognized at the time of the special assessment levy. All other revenue items are considered to be measurable and available only when cash is received by the government. As a general rule, the effect of internal activity has been eliminated from the government-wide financial statements.

Fund Financial Statements – Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are

recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due. As permitted by generally accepted accounting principles, the District applies the “early recognition” option for debt service payments. Property tax and special assessment resources are provided in Debt Service Fund during the current year for the payment of debt service principal and interest due early in the following year (less than one month). Therefore the expenditures and related liabilities have been recognized.

Property taxes and investment income associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Miscellaneous revenues are not susceptible to accrual because generally they are not measurable until received in cash.

Delinquent property taxes and other receivables that will not be collected within the available period have been reported as unavailable revenues on the governmental fund financial statements.

The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column.

The District reports all funds as major governmental funds:

General Fund – The General Fund is the District’s primary operating fund. It accounts for all resources used to finance District maintenance and operations except those required to be accounted for in other funds.

Debt Service Funds – The Debt Service Funds account for the accumulation of resources for, and the payment of, long-term debt principal, interest and related costs.

D. Cash and Investments

Arizona Revised Statutes (A.R.S.) authorize the District to invest public monies in the State Treasurer’s Local Government Investment Pool, interest-bearing savings account, certificates of deposit, and repurchase agreements in eligible depositories; bonds or other obligations of the U.S. government that are guaranteed as to principal and interest by the U.S. government; and bonds of the State of Arizona counties, cities, school districts, and special districts as specified by statute.

Cash represents amounts in demand deposits and amounts held in trust by financial institutions. The funds held in trust are available to the District upon demand. Cash equivalents as defined as short-term (original maturities of three months or less), highly liquid investments that are 1) readily convertible to known amounts of cash and 2) so near maturity that they present insignificant risk of changes in value because of changes in interest rates.

E. Investment Income

Investment income is comprised of interest, dividends, and net changes in the fair value of applicable investments.

F. Receivables and Payables

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either “due to/from other funds” (i.e. the current portion of interfund loans) or “advances to/from other funds” (i.e. the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds”.

All receivables, including property taxes receivable, are shown net of an allowance for uncollectibles.

G. Property Taxes

The County Treasurer is responsible for collecting property taxes for all governmental entities within the county. The District levies real property taxes on or before the third Monday in August, which become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May.

Pursuant to A.R.S., a lien against assessed real property attaches on the first day of January preceding assessment and levy, however according to case law, an enforceable legal claim to the asset does not arise.

H. Restricted Assets

Certain proceeds of the District's bonds, as well as certain resources set aside for their repayment, are classified as restricted cash on the statement of net position and on the balance sheet because their use is limited by applicable bond covenants.

I. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position may report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position may report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

J. Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities on the statement of net position. Bond premiums and discounts are amortized over the life of the bonds using the straight-line method. Deferred amounts on refunding result from the difference between the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

K. Net Position Flow Assumption

In the government-wide financial statements the District applies restricted resources first when outlays are incurred for purposes for which either restricted or unrestricted amounts are available.

L. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

M. Budgetary Data

According to state statutes, the District must adopt a budget on an annual basis. There are no statutory spending limitation but the District cannot spend more than actual revenues collected and carryover

unrestricted cash balance from the prior fiscal year. There were no supplemental budgetary appropriations made during the year.

N. Deficit Net Position

As described previously, the District was formed to finance and acquire or construct infrastructure assets that are subsequently dedicated to the City for operation. The District does not own or operate infrastructure. Therefore, the Statement of Net Position reflects a large liability without an offsetting asset.

NOTE 2 – FUND BALANCE CLASSIFICATIONS

Fund balances of the governmental funds are reported separately within classifications based on hierarchy of the constraints placed on the use of those resources. The classifications are based on the relative strength of the constraints that control how the specific amounts can be spent. The classifications are nonspendable, restricted, and unrestricted, which includes committed, assigned, and unassigned fund balance classifications.

Nonspendable. The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form, or are legally or contractually required to be maintained intact.

Restricted. Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation.

Committed. The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action of the Board of Directors. Those committed amounts cannot be used for any other purpose unless the Board of Directors removes or changes the specified use by taking the same type of action it employed to previously commit those amounts. Commitments may be established, modified, or rescinded only through resolutions approved by the Board of Directors.

Assigned. Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Board of Directors or a management official delegated that authority by the formal Governing Board action. The District has adopted the City’s policy on which only the Board of Directors or the District’s Treasurer may assign amounts for specific purposes.

Unassigned. Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, then unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The District applies restricted resources first when outlays are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and the unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

NOTE 3 – EXCESS OF EXPENDITURES OVER APPROPRIATIONS

In the Special Assessments, and General Obligation Debt Service Funds, the following line item account exceeded the amounts budgeted. The Board adopts the expenditure appropriations at the District level. For presentation purposes, we have elected to show any deficits at the line item level within the Fund, all of which was funded by available fund balances within the Special Assessments, and General Obligation Debt Service Funds.

Sundance CFD

	Budgeted Amounts		Actual Amount Budgetary Basis	Variance Between Final Budget and Actual Amounts
	Adopted	Final		
<u>Special Assessments Fund:</u>				
Debt Service:				
Principal retirement	34,000	34,000	163,000	(129,000)
<u>General Obligation Debt Service Fund:</u>				
Debt Service:				
Principal retirement	1,050,000	1,050,000	1,530,000	(480,000)
Interest and fiscal charges	776,920	776,920	896,348	(119,428)
Issuance costs	-	-	244,181	(244,181)

NOTE 4 – CASH AND INVESTMENTS

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of bank failure the District’s deposits may not be returned to the District. The District does not have a deposit policy for custodial credit risk. At year end, the carrying amount of the District’s deposits and bank balance was \$2,667,419, all of which was covered by collateral in the City’s name as part of the Arizona State Treasurer’s Pooled Collateral Program. The unrestricted cash is in a repurchase sweep agreement rather than a deposit. In addition to unrestricted cash balance, the District also maintains deposits with paying agents and trustees. Cash with the Trustee is collateralized by the District’s Agent in the District’s name. Restricted cash at year end equaled \$121,916 which represents amounts held by the District’s Trustee for future bond refunding.

NOTE 5 – CLAIMS AND JUDGMENTS PAYABLE

During the current fiscal year the District received notice that the Qasimyar v Maricopa County, Class Action Judgement had been finalized by the Tax Court. The District, along with all taxing districts in Maricopa County, was affected by the judgment. The Tax Court ruling spanned multiple tax years and, in most cases, resulted in a decrease to the Limited Property Value along with a corresponding refunding to individual taxpayers.

As a result of the judgment, the County Treasurer’s Office published the estimated financial impact for all taxing districts. This amount is reported as a claims and judgments payable in the District’s General Fund. It is expected that the liability will be paid in the next fiscal year.

NOTE 6 – LONG TERM DEBT PAYABLE

The District is a special purpose district created specifically to acquire or construct public infrastructure within specific areas of the City of Buckeye, Arizona. The District is authorized under state law to issue special assessment (SA) revenue bonds to be repaid by the property within the SA District, general obligation (GO) bonds to be repaid by property (ad valorem) taxes levied on property within the District (for GO debt), or revenue bonds to be repaid by specific revenues generated within the District (revenue bonds). The District has \$17.8 million of authorized GO bonds authority remaining. The District was created by petition to the City Council by property owners within the area to be covered by the District, and comprises approximately 2,105 acres.

Special Assessments Bonds

The CFD Board of Directors has pledged revenue derived from an annual assessment and levy of taxes on the real property of the Sundance CFD No. 3 to repay \$2,050,000 in special assessment bonds issued June 2004. Proceeds were used for infrastructure improvements within the special assessment District. During the current year the \$163,000 remaining principal amount of the bond was paid off. Principal and interest paid for the current year approximate amounts received from special assessment property owners, which, at times exceed special assessments billed for the year.

General Obligation Bonds

The CFD Board of Directors has pledged revenue derived from the property taxes levied on the real property of the Sundance CFD to repay \$17,945,000 in general obligation bonds issued March 2014. Proceeds were used for the construction and acquisition of public infrastructure. The bonds are payable from property taxes levied on

Sundance CFD

properties within the District. The principal paid for the current year was \$750,000. The remaining principal \$11,710,000 was paid with refunding bonds Series 2024.

In November 2018, the CFD Board of Directors pledged revenue derived from the property taxes levied on the real property of the Sundance CFD to repay \$3,140,000 in general obligation refunding bonds. The proceeds of the refunding bonds were used to refund \$3,045,000 of outstanding Series 2005 general obligation bonds. The total principal remaining to be paid on the bonds is \$1,565,000. The principal paid for the current year was \$300,000.

In November 2018, the CFD Board of Directors pledged revenue derived from the property taxes levied on the real property of the Sundance CFD to repay \$3,265,000 in general obligation bonds, whose proceeds were used for infrastructure improvements within the District. The total principal remaining to be paid on the bonds is \$3,265,000. No principal was paid during the year. The first principal payment will be FY 2034-35.

In June 2024, the CFD Board of Directors pledged revenue derived from the property taxes levied on the real property of the Sundance CFD to repay \$11,115,000 in general obligation refunding bonds. The proceeds of the refunding bonds were used to refund \$11,710,000 of outstanding Series 2014 general obligation bonds. The proceeds were placed in an irrevocable trust to provide for all future debt service payments on the defeased bonds until they are redeemed in September 2024. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the District's financial statements. This refunding was undertaken to reduce total debt service payments over the next 10 years by \$774,966 and resulted in an economic gain of \$604,660. The total principal remaining to be paid on the bonds is \$10,635,000. The principal paid for the current year was \$480,000.

Notes to Financial Statements

June 30, 2024

Purpose	Interest Rates (%)	Matures	Original Issue Amount	Amount Outstanding
Sundance General Obligation Bonds,				
Refunding, Series 2018	4.00%	July 2029	3,140,000	1,565,000
Series 2018	4.0 - 5.0%	July 2043	3,265,000	3,265,000
Refunding, Series 2024	5.00%	July 2034	11,115,000	10,635,000
Total Sundance			<u>\$ 17,520,000</u>	<u>\$ 15,465,000</u>

Annual debt service requirements to maturity on general obligation bonds at year-end are summarized as follows:

Fiscal Year Ending	Public Offering	
	Principal	Interest
2025	\$ 980,000	\$ 741,450
2026	1,025,000	695,600
2027	1,075,000	647,600
2028	1,125,000	597,250
2029	1,175,000	544,500
2030-34	6,820,000	1,791,750
2035-39	1,650,000	578,000
2040-44	1,615,000	164,800
	<u>\$ 15,465,000</u>	<u>\$ 5,760,950</u>

NOTE 7 – CHANGES IN LONG-TERM LIABILITIES

Long-term liability activity for the current fiscal year was as follows:

Notes to Financial Statements

June 30, 2024

	July 1, 2023	Increases	Decreases	June 30, 2024	Due Within One Year
Governmental Activities:					
Bonds payable:					
Special Assessments	\$ 163,000	\$ -	\$ (163,000)	\$ -	\$ -
General Obligations	17,590,000	11,115,000	(13,240,000)	15,465,000	-
Deferred amount on premium	248,714	1,031,126	(80,054)	1,199,786	-
Total bonds payable	<u>\$ 18,001,714</u>	<u>\$ 12,146,126</u>	<u>\$ (13,483,054)</u>	<u>\$ 16,664,786</u>	<u>\$ -</u>

NOTE 8 – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions and natural disasters. The District’s insurance protection is provided by the Arizona Municipal Risk Retention Pool, of which the District is a participating member. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years.

The Arizona Municipal Risk Retention Pool is structured such that member premiums are based on an actuarial review that will provide adequate reserves to allow the pool to meet its expected financial obligations. The pool has authority to assess its member’s additional premiums should reserves and annual premium be insufficient to meet the pool’s obligations.

NOTE 9 – INTERFUND TRANSFERS

During the year, there was a \$237,410 transfer from the Special Assessments Fund to the General Obligation Debt Service Fund. This represents the remaining balance of the Special Assessments Funds after the bonds were fully defeased.

	Transfers from:
	Special
Transfers to:	Assessment
General Obligation	237,410

Record of Taxes Levied and Collected in the District

Under Arizona law, the Board of Supervisors of the County is required to establish and levy a tax in an amount sufficient to satisfy debt service and O&M requirements of the District. Property taxes are levied and collected on property within the District by the Treasurer of the County on behalf of the District. The following table sets forth the tax collection records of the District for the periods shown:

Fiscal Year	Real and Secured	Collected to June 30 th (b)(c)		Total Collections (b)(c)	
	Personal Property Tax Levy (a)	Amount	Percent of Tax Levy	Amount	Percent of Tax Levy
2023-24	\$2,103,296	\$2,072,000	98.51%	\$2,072,000	98.51%
2022-23	2,089,377	2,060,078	98.60%	2,083,712	99.73%
2021-22	2,159,916	2,131,287	98.71%	2,158,147	99.92%
2020-21	2,123,014	2,106,431	99.22%	2,121,873	99.95%
2019-20	1,963,682	1,930,525	98.31%	1,963,015	99.97%

Source: Maricopa County Assessor’s Office

- (a) Tax levy is as reported by the Treasurer of the County as of August of each fiscal year. Amount does not include adjustments made to levy amounts after the August period.
- (b) Reflects collections made through June 30, the end of the fiscal year, on such year’s levy. Property taxes are payable in two installments. The first installment is due on October 1 and becomes delinquent on November 1 but is waived if the full tax year’s taxes are paid in full by December 31. The second installment becomes due on March 1 and is delinquent on May 1. Interest at the rate of 16 percent per annum attaches on first and second installments following their delinquent dates. Penalties for delinquent payments are not included in the above collection figures.
- (c) Reflects collections made through June 30, 2024.

Overlapping General Obligation Bonded Indebtedness

Overlapping general obligation bonded indebtedness is shown below including a breakdown of each overlapping jurisdiction's applicable general obligation bonded indebtedness, Net Assessed Limited Property Value and combined tax rate per \$100 Net Assessed Limited Property Value. Outstanding bonded indebtedness is comprised of general obligation bonds outstanding and general obligation bonds schedule for sale. The applicable percentage of each jurisdiction's assessed valuation which lies within the District's boundaries was derived from information obtained from the Assessor of the County.

Direct and Overlapping Jurisdiction	Net Assessed Limited Property Value	Net Outstanding Bonded Debt (a)	Proportion Applicable to the District		Tax Rate per \$100 of Net Assessed Limited Property Value
			Approx. Percent	Net Amount
