January 29, 2025

Honorable Mayor, City Council and Citizens of Buckeye
City of Buckeye, AZ

The Finance Department respectfully submits the Annual Comprehensive Financial Report (ACFR) of the City of Buckeye, Arizona for the fiscal year ended June 30, 2024. The State of Arizona requires, in ARS Section 9-481, that each incorporated city is to be audited at least once every fiscal year. The State of Arizona also requires additional supplemental information in the form of a report entitled "Expenditure Limitation Report" to be completed annually. This report is under separate cover. Federal law requires that a single audit be performed for federal grant funds in conformance with the provisions of the Single Audit Act of 1984 and the *Uniform Guidance*. All information related to the single audit, including the schedule of expenditures of federal awards, findings and recommendations, and the independent auditor's reports on the internal control structure and compliance with applicable laws and regulations are under separate cover.

This report was prepared by the Finance Department with the assistance of various other City departments. City management assumes full responsibility for the accuracy of the data presented, and the completeness and fairness of the presentation, including all disclosures, based on a comprehensive framework of internal control that has been established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. Heinfeld Meech & Co., a firm of licensed certified public accountants, has issued an unmodified opinion on the City's ACFR for the year ended June 30, 2024. As indicated by the opinion of our independent auditors, the report fairly presents the financial position and the results of operations of the City as measured by the financial activity of its various funds. The report has been outlined in a manner that will give the reader a broad understanding of the City's financial affairs. It includes disclosures necessary for the reader to gain an understanding of the City's financial activities. The independent auditor's report is located at the front of the financial statements in the Financial Section of the report.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction overview and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

ACFR consists of three main sections: the Introductory section, the Financial section, and the Statistical section.

The **Introductory Section** includes this transmittal letter and an organization chart that lists the major divisions, components, and mechanisms of the City. This section is intended to familiarize the reader with the City of Buckeye's organizational structure, nature and scope of provided services, and specifics of its operating environment. The information in this section is intended to provide adequate background and sufficient context to assist the reader with the Financial Section of this ACFR.

The **Financial Section** contains all financial statements and supplemental information required to be disclosed by Generally Accepted Accounting Principles (GAAP) used in the United States and Arizona State Law, as well as information on all individual funds. Also, in this section there is other useful supplementary information that is not required by GAAP or Arizona State Law to present a financial overview of the City of Buckeye. This section includes six parts:

- (1) Independent Auditor's Report,
- (2) Management's Discussion and Analysis (MD&A),
- (3) Basic Financial Statements (BFS),
- (4) Notes to the Basic Financial Statements,
- (5) Required Supplementary Information, and
- (6) Combining, Individual Fund Financial Statements and Schedules.

The **Statistical Section** is unaudited. It includes various tables and charts that reflect financial, economic, social, and demographic information about the City of Buckeye that is interesting and relevant to assessing the City’s financial condition. This section is intended to assist the reader in understanding the environment in which the City operates.

PROFILE OF THE CITY OF BUCKEYE

The City of Buckeye was founded in 1888 and is the westernmost incorporated city in the Valley of the Sun, which is the economic, political, and population center in Arizona and includes the City of Phoenix and surrounding communities. What was once solely an agricultural community has grown from a population of 4,436 in 1990 to approximately 108,909 on July 1, 2023, based on a report from the U. S. Census Bureau. Robust population growth in the greater Phoenix area during the last 20 years had the inevitable effect of focusing housing attention on the southwest valley as other areas approached build-out. Not only has the population of Buckeye grown, today the City has a planning area of 642 square miles with a total of 392 annexed square miles. City planners’ project total build-out could take at least 30 years for the nearly 642-mile planning area that stretches from almost Wickenburg on the north to Gila Bend on the south, and from the Hassayampa River on the west to Perryville Road on the east.

With a short drive of about 35 miles or less, Buckeye residents can take advantage of the cultural, economic, and entertainment venues found in major urban areas, yet they can return to the ease and ambiance of an essentially rural community where neighbors know each other.

The City operates under a council-manager form of government. The seven-member City Council consists of six members elected by district to serve staggered four-year terms. The Mayor is elected at-large for a four-year term and serves as a voting member of the Council. All City elections are non-partisan. The City Council is responsible for passing ordinances, adopting the budget, appointing members of commissions, and hiring the City Manager. The City Manager carries out the policies and ordinances of the City Council, oversees the day-to-day operations of the City, and appoints various department heads.

The City provides traditional municipal services such as public safety (police, fire, and city court), airport facility for business and recreational flying, street construction and maintenance, parks, recreation and culture, planning and zoning, and general administrative and support services. Water and wastewater utility services are provided to many of the residents through the City’s enterprise funds. Sanitation, refuse collection, and recycling services are provided through a separate enterprise fund. The City provides, or will provide, street lighting and maintenance for developing areas through legally formed street lighting and maintenance improvement districts. The City provides and accounts for a legally separate volunteer firefighters’ pension fund as mandated by Arizona Revised Statute, Title 9, as well as several community facilities districts and improvement districts designed to provide funding for the construction and acquisition of public infrastructure improvements; a discussion of these component units is available in the footnotes to the Financial Statements.

The ACFR of the City includes all government activities, organizations, and functions for which the City is financially accountable. The criteria used to determine financial accountability are based on, and are consistent with, the pronouncements of the Governmental Accounting Standards Board which sets criteria for defining the financial reporting entity. The phrase “financially accountable” is defined to include, but is not limited to, selection of governing authority, the designation of management, ability to significantly influence operations, financial interdependence, and accountability for fiscal matters.

All the various school districts and certain special districts within the City of Buckeye are governed independently. The financial statements of these districts are not included in this report.

FINANCIAL INFORMATION

Local Economy The City has an agricultural background and history, which it retains to this day. Substantial efforts have been put into developing thoughtful and comprehensive master plans that include retail, commercial, entertainment, health care, education, and employment centers. However, housing construction has been the primary source of the City’s revenues over the past several years. Over 10 million square feet of employment opportunities and retail space are under construction to include a 260,000 square feet manufacturing facility and another distribution center.

Buckeye is located just 35 minutes west of Downtown Phoenix and is located on a robust transportation corridor. Buckeye provides direct access to the Union Pacific Railroad, Interstate 10, State Route 85, MC 85, and the future Interstates 11 and 30 with interconnections to Interstate 8, Loop 303, and other major highways. Virtually every major mode of transportation makes Buckeye accessible from multiple points. Large tracts of undeveloped land lie within Buckeye that are suitable for solar power generation facilities. Buckeye is positioning itself to earn the moniker of the “Sustainable Valley” attracting many new “green” industries. In addition to this, the City of Buckeye sits on the state’s largest untapped groundwater aquifer, the Hassayampa River Basin, and the majestic view of the White Tank Mountains from every vantage point creates a unique and unparalleled landscape.

Long-Term Financial Planning Buckeye is excited to face the challenges of the coming years where we will be accommodating growth while ensuring that the City develops as a place where people can live, work, and play. Increases in population and the property tax base, as well as commercial and retail activity and the City’s economic development efforts, are all expected to provide additional revenue to offset the costs related to both modest continuing growth, in addition to expanding services and facilities.

Because of today’s economic uncertainties, the City established a contingency reserve in the general fund budget for the fiscal year and carried that policy forward into the budget for the following fiscal year. Various other funds also have budgeted contingency amounts not specifically designated or allocated for a specific activity or use to provide some flexibility in the face of an economic slowdown that appears to be deeper and longer-term than originally projected by economists.

Annually, City Council approves as part of the budget process, the City’s five (5) Year Capital Improvement Program (FY 23/24 – FY 28/29). The Capital Improvement Program (CIP) is a suggested schedule of capital expenditures to be incurred in a given fiscal year for a fixed period of years to meet capital needs. The City of Buckeye CIP specifically sets forth each project or capital expenditure that the City initiates. Each project or capital expenditure will contain estimates of cost and proposed financing, with each project annually reviewed, updated, and possibly revised as part of the City of Buckeye budgeting process.

Relevant Financial Policies The City of Buckeye maintains accounts per the principles of fund accounting to ensure that limitations and restrictions on the City’s available resources are observed and adhered to. Fund accounting classifies resources into funds for the intended activities or objectives specified by those resources for accounting controls and financial reporting purposes. Each fund is an independent fiscal and accounting entity, and its operations are accounted for in a separate set of self-balancing accounts that are comprised of assets, liabilities, fund equity, revenues, and expenditures or expenses.

The City incorporates performance expectations and initiatives into their annual budgeting process, which are intended to move the City toward achieving its goals. Department directors are held responsible for the financial performance of their units as well as the programmatic performance of their units. The City has adopted the practice of not “cleaning-up” program over-expenditures, but rather reporting them in the ACFR as budget overspent. This practice provides necessary information for future budget cycles and brings attention to the reasons for the budget overage. In the event a fund is overspent, the General Fund will advance sufficient funds to cover any deficit. In most cases, there is sufficient fund balance to take that action.

City management monitors the City’s budget at the fund level for Special Revenue, Debt Service, and Capital Projects Funds. The General Fund is monitored at the department level. The budget is modified throughout the year as certain additional resources become available or anticipated resources dissipate if permitted under Arizona statutes. This practice ensures all available resources are accounted for with appropriate budgetary controls, and only available resources are disbursed or encumbered.

Historically, the City has been very conservative in its approach to financial matters, minimizing borrowing to control interest costs, and controlling the use of both recurring and non-recurring operating revenues.

AWARDS AND ACKNOWLEDGEMENTS

Certificate of Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a *Certificate of Achievement for Excellence in Financial Reporting* to the City for its Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2023, marking the sixth year the City has achieved this prestigious recognition. To be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized ACFR that satisfies both generally accepted accounting principles

and applicable legal requirements. A Certificate of Achievement is valid for one year only. We believe that our current ACFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the Finance Department. We wish to express our sincere appreciation to all members of every City Department who contributed to its preparation and recognize the major effort of the Finance Department in administering the City's accounting system and in preparing this report.

We also wish to thank each of you for your interest and support in planning and conducting the financial operations of the City responsibly and progressively.

Respectfully submitted,

William Kauppi

Independent Auditor's Report

Honorable Mayor and Members of the City Council
City of Buckeye, Arizona

Report on Audit of Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Buckeye, Arizona (City), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Buckeye, Arizona, as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of City of Buckeye, Arizona, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for one year beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, budgetary comparison information, and net pension liability information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The Combining and Individual Fund Financial Statements and Schedules and Other Supplementary Information are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Combining and Individual Fund Financial Statements and Schedules and Other Supplementary Information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Introductory Section and Statistical Section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on other work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 29, 2025, on our consideration of City of Buckeye, Arizona's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Buckeye, Arizona's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Buckeye, Arizona's internal control over financial reporting and compliance.

Management's Discussion and Analysis

Introduction

As financial management of the City of Buckeye (City), Arizona, we are pleased to provide an overview of our financial activities for the fiscal year ended June 30, 2024. The intended purpose of Management's Discussion and Analysis (MD&A) is to provide an introduction to the basic financial statements and notes that provides an objective and easy-to-read analysis of our financial activities based on currently known facts, decisions, and conditions. An easily readable summary of operating results and reasons for changes will help the reader to determine if our financial position improved or deteriorated over the past year. This report addresses current operational activities; the sources, uses, and changes in resources; adherence to budget; limitations; significant economic factors; and the status of infrastructure and its impacts on our debt and operations. When referring to prior year data in this analysis, we will be drawing on information from last year's audited financial reports.

The City includes Community Facility Districts (CFDs), which are separate legal entities, in this report because they are deemed to be "component units" of local government because of the commonality of management (the City's elected officials serve as the Board of Directors for each CFD). The City, however, has no financial liability for the CFDs. A description of these component units is available in Note 1. Separate financial statements are prepared for the CFDs.

Financial Highlights

- The City's government-wide assets and deferred outflows exceeded its liabilities and deferred inflows at the close of the fiscal year by \$973.3 million (net position). Of this amount, \$178.1 million is unrestricted balance and may be used to meet the government's ongoing obligations to citizens and creditors.
- The City's total net position, increased by \$104.3 million in the fiscal year 2024; an increase of \$92.1 million in governmental activities and an increase of \$12.2 million in business-type activities. The net position increase in governmental activities was primarily driven by higher than expected transaction privilege tax collections, State-shared Revenues and investment earnings received during the year. The net position increase in business activities was due to increase in water users fees due to growth, investment earnings, contributed capital and premium on a bond issue.
- As of the close of the fiscal year 2024, the City's governmental funds reported combined ending fund balances of \$214.3 million, an increase of \$21.2 million over the prior year. The majority of this increase can be attributed to an increase in sales tax collections, State Shared Revenues, investment earnings and permitting activity. The increase in assessed value due to new housing and a continued increase in population resulted in the increase to property taxes and State Shared revenues.
- As of June 30, 2024, the total fund balance in the General Fund was \$151.0 million (unassigned fund balance of \$120.7 million). The committed General Fund balance of \$29.1 million represents infrastructure reimbursement agreements that were approved by Council. The fund balance in the Impact Fees Funds totaled \$30.2 million. The fund balance for the Highway Users Revenue Fund was \$2.3 million. The Capital Improvement fund balance equals \$6.2 million and is restricted for future capital projects expenditures.
- For the fiscal year 2024, total General Fund revenues of \$190.3 million (non-GAAP basis) were greater than budgeted revenues of \$178.5 million; a positive variance of \$11.8 million, or 6.6%. Total General Fund expenditures of \$167.4 million (non-GAAP basis) were less than the budgeted expenditures of \$200.0 million, a variance of \$32.6 million.
- For the fiscal year 2024, the total Highway Users Revenue Fund (HURF) revenues of \$7.5 million were lower than the budgeted revenues of \$8.7 million; a negative variance of \$1.2 million or 13.52%. Total HURF expenditures \$11.4 million were less than the budgeted amount of \$14.3 million; a difference of \$2.8 million or 20.0%. Total Impact Fee revenues of \$9.8 million were higher than the budgeted revenues of \$6.6 million, a positive variance of \$3.2 million. There were no Impact Fee expenditures while \$14.7 million was budgeted; a difference of \$14.7 million or 100.0% when compared to budget.

City of Buckeye, Arizona

Management's Discussion and Analysis

Overview of the Financial Statements

The financial section of the Annual Comprehensive Financial Report (ACFR) for the City consists of the independent auditor's report, management's discussion, and analysis, the basic financial statements, the required supplementary schedules, the combining, and individual fund statements and budgetary statements.

The basic financial statements include the government-wide financial statements, fund financial statements, and notes to the basic financial statements. Other required supplementary information includes the budgetary statements for the General Fund and major special revenue funds and the schedules and notes related to pension requirements. The additional non-required information includes combining schedules and other supplementary schedules presented after the basic financial statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, similar to private-sector businesses.

The *statement of net position* presents information on all of the City's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position defined as assets plus deferred outflows of resources less liabilities less deferred inflows of resources. Over time, increases or decreases in net position may serve as useful indicators of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned, but unused, vacation leave).

The government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, highways and streets, culture and recreation, community development, economic development, and health and welfare. The business-type activities include the City's water, wastewater, solid waste, and airport operations.

Fund Financial Statements

Also presented are the traditional fund financial statements for governmental, proprietary, and fiduciary funds. The fund financial statements focus on major funds of the City. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. Since the governmental fund financial statements focus on near-term expendable resources, while the governmental activities on the government-wide financial statements have a longer-term focus, a reconciliation of the differences between the two is provided with the fund financial statements.

Proprietary Funds

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The City maintains one type of proprietary funds. *Enterprise funds* are used to report the same functions presented as "business-type activities" in the government-wide financial statements. The City uses enterprise funds to account for its water, wastewater, solid waste, and airport operations.

City of Buckeye, Arizona

Management's Discussion and Analysis

The Airport Fund was rolled into the General Fund during the fiscal year since the General Fund normally covered a significant portion of the expenses and will be eliminated next fiscal year then the transition of activity to the General Fund is fully complete

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. The Fiduciary fund held by the City is for the Volunteer Fire Fighters Alternate Pension & Benefit Plan. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements and should be read with the financial statements.

Required Supplementary Information Other than this MD&A

Governments have the option of including the budgetary comparison statements for the general fund and major special revenue funds as either part of the fund financial statements within the basic financial statements, or as required supplementary information after the footnotes. The City has chosen to represent these budgetary statements as part of the required supplementary information. Additionally, governments are required to disclose certain information about employee pension funds.

Government-Wide Financial Statements Analysis

While this document contains information about the funds used by the City to provide services to its citizens, the statement of net position and statement of activities serve to provide an answer to the question of how the City, as a whole, performed financially throughout the year. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by the private sector. The basis for this accounting takes into account all of the current year's revenues and expenses regardless of when the cash is received or paid.

The net position may serve over time as a useful indicator of a government's financial position. The following table reflects the condensed Statement of Net Position of the City as of June 30, 2024, and 2023, showing that assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources for both governmental and business-type activities by a total of \$973.3 million for the fiscal year ended June 30, 2024.

Analysis of Net Position

As noted earlier, the net position may serve as a useful indicator of a government's financial condition. For the City, assets exceeded liabilities by \$973.3 million at the close of the current fiscal year. The net position consists of three components: 1) net investment in capital assets, 2) restricted, and 3) unrestricted. The net investment in capital assets of \$677.6 million is 69.6% of the City's total net position. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position \$117.6 million (12.1%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position, \$178.1 million (18.3%), may be used to meet the government's ongoing obligations to citizens and creditors.

City of Buckeye, Arizona

Management's Discussion and Analysis

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position for the government as a whole.

Governmental Activities. Governmental activities increased the City's net position by \$92.1 million from the prior fiscal year.

Total revenues for governmental activities increased by approximately \$69.0 million from the previous fiscal year. The greatest increase in revenue can be found in the areas of sales taxes, State-shared revenues, property taxes and investment earnings in the amount of \$33.9 million.

- Fines, fees, and charges increased over the prior year by \$4.5 million. This increase was due to a number of reasons - more demand for recreation services, court fines, reimbursement of claims and CFD operation and maintenance reimbursements. In addition, the Capital grants and contributions increased noticeably by \$29.4 million. During the fiscal year over \$28.6 million in infrastructure was conveyed to the city from developers - including paving, street lights, water and sewer lines.
- As the population in the City continues to grow, the number of businesses and assessed property values within the City are also increasing. This growth is directly related to the increase in property taxes and sales tax collections. Sales tax increased by \$12.4 million when compared to the prior fiscal year primarily in the area of contracting activity and retail. Due to the increase in assessed values with the City especially in the various Community Facilities District, property taxes increased by \$2.7 million.
- Franchise Fees increased by \$552,135 from the prior year due the continued increase in residential construction.
- State Shared Revenues increased by \$9.5 million due to a positive State's economy and an increase in the City's population.

City of Buckeye, Arizona

Management’s Discussion and Analysis

- Investment earnings increased during the fiscal year by \$9.2 million due to a realized gain in the change in market value in the City’s investments.

Total expenses increased in the Governmental funds by \$30.8 million over the previous year. This increase is accounted for by:

- General Government increased by \$16.3 million over the prior year. In 2024, the City reorganized a few departments resulting in an increase of \$15.2 million in General Government and \$3.2 million in pension expense.
- Public Safety expenditures increased by \$7.0 million due primarily to the increase in personnel services and pension expenses.
- Highway and Streets decreased by \$3.2 million which can be attributed to the recording in FY23 of non-capitalized reimbursement for Festival community facilities districts but not in FY24.
- Culture and Recreation increased by \$3.4 million due to the increase in salaries and health benefits.
- Development Services increased by \$5.0 million due primarily to an increase in salaries and benefits. In addition, half of the Engineering staff were reassigned to Development Services.
- Engineering decreased by \$2.7 million due to staff being reassigned to Development Services which decreased salaries and benefits and professional services.
- Public Works increased by \$4.2 million. This increase was primarily due to an increase in salaries and benefits and an increase in professional services and building repairs.

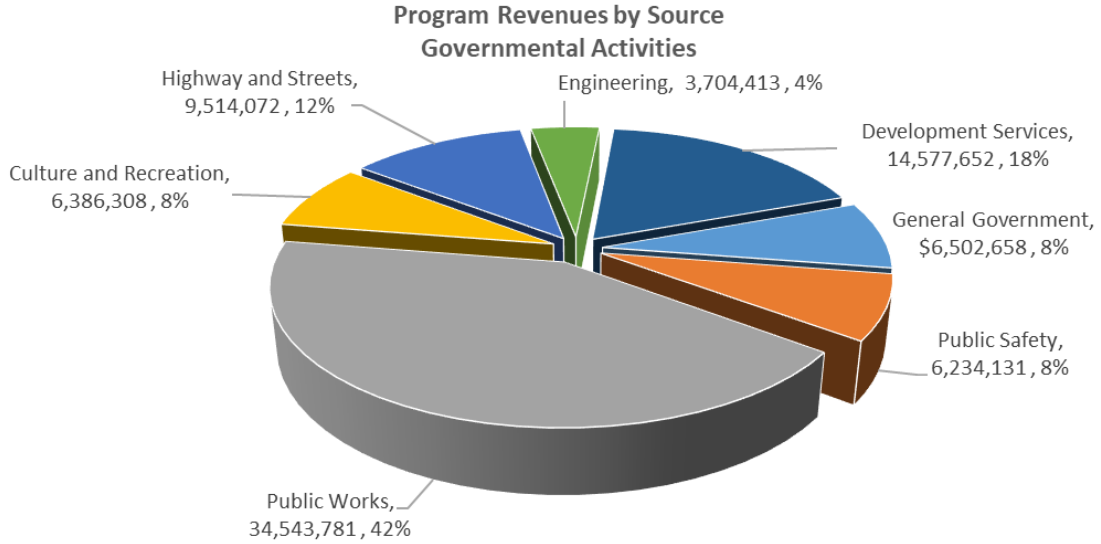

The following chart illustrates the City’s governmental revenues and expenditures by function.

As shown, Public Safety (Police and Fire) and General Government (City Council, City Manager, City Clerk, Finance, Human Resources, Airport, and City Court) are the largest functions in expenses at 33.1% and 23.5% respectively, followed by Highways and Streets at 14.8%, Culture and Recreation at 8.4%, Development Services at 6.7%, Public Works at 6.6%, and Engineering at 2.5%.

General revenues such as sales and use taxes (e.g., transaction privilege taxes), property taxes, franchise taxes and intergovernmental are not shown by a program but are effectively used to support program activities of the City. Sales taxes and franchise fees account for 53.8% of the total. Intergovernmental revenues (e.g., state-shared sales tax, state revenue sharing franchise fees, and auto lieu) account for 28.7% of the total. Property taxes account for 17.5% of the total.

City of Buckeye, Arizona
Management’s Discussion and Analysis

Business-Type Activities. Business-type activities increased the City’s net position by \$12.2 million during the fiscal year ended June 30, 2024.

Total revenues for business-type activities increased by \$16.4 million over the previous fiscal year. Fees, fines, and charges for services showed an increase of \$5.4 million. Charges for services increased due to additional utility customers. The increase in the Capital Grants and Contributions categories was primarily due to an increase in infrastructure conveyed to the city from developers. In addition, there was an increase in the investment earnings of \$2.2 million for the fiscal year.

Total expenses increased by \$3.0 million over the prior year and was due to a \$3.6 million increase in contractual services during the year.

As shown in the chart below, the Water System had operating expenses of \$35.5 million and Wastewater expenses totaling \$19.1 million. For the fiscal year, the Water System charges for services revenues exceeded expenses by \$3.9 million, and Wastewater expenditures exceeded revenues by \$2.9 million.

City of Buckeye, Arizona

Management’s Discussion and Analysis

Fund Financial Statements Analysis

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the City’s governmental funds is to provide information on near-term inflows, outflows, and balances of resources that are available for spending. Such information is useful in assessing the City’s financing requirements. In particular, unreserved fund balances may serve as a useful measure of a government’s net resources available for spending at the end of a fiscal year. Types of governmental funds reported by the City include the General Fund, Impact Fee Funds, CFD Funds for both capital improvements and debt service, and Non-major Governmental Funds, which includes Special Revenue Funds and Capital Project Funds among others.

As of June 30, 2024, the City’s governmental funds reported combined ending fund balances of \$214.3 million, an increase of \$21.2 million from June 30, 2023. Approximately 70.5% of this total, as reflected in the table below, is the General Fund balance, which is available for contribution to the designated, undesignated, and reserved fund balances. Approximately \$120.6 million of this total amount constitutes unassigned fund balance, which is available for spending at the City’s discretion. The remainder of the fund balance is: 1) non-spendable (\$1.6 million) for inventory and prepaid items and 2) restricted (\$63 million) for special revenue funds, capital improvement funds, community facilities districts and debt service, and 3) committed (\$29.1 million) for future tax abatement and contractual obligations.

City of Buckeye, Arizona
Fund Balances - Governmental Funds
For the Fiscal Years Ended June 30, 2024 and 2023

	Governmental Activities		Increase (Decrease)
	2024	2023	from FY 2023
General Funds	\$ 151,000,615	\$ 126,072,234	\$ 24,928,381
Impact Fee Funds	30,203,381	30,531,158	(327,777)
Capital Improvement Fund	6,225,023	8,087,059	(1,862,036)
Watson Road CFD	5,633,258	5,209,663	423,595
HURF Fund	2,278,262	3,138,886	(860,624)
Nonmajor Governmental Funds	18,938,017	20,055,563	(1,117,546)
	<u>\$ 214,278,556</u>	<u>\$ 193,094,563</u>	<u>\$ 21,183,993</u>

General Fund. The General Fund is the chief operating fund of the City. At the end of the current fiscal year, the unassigned fund balance of the general fund was \$120.7 million. As a measure of the general fund’s liquidity, it may be useful to compare total unassigned and total fund balance to total fund expenditures. The unassigned fund balance represents 71.5% of total general fund expenditures of \$168.7 million.

According to the City’s financial policy, the City’s general fund will maintain an “unassigned” fund balance with a target of a minimum of 15% of general fund operating expenditures. The intention of the “unassigned” fund balance is to provide additional stability to the general fund recognizing the cyclical nature of the economy and the volatility of the major revenue sources of the City. Funds above the minimum targets will be retained in the unassigned general fund balance. As of June 30, 2024, the City had set aside 71.5% of general fund operating expenditures.

The fund balance of the City’s general fund increased by \$24.9 million. Key factors in this change were:

- The increase in sales taxes has been a contributing factor in the fund balance increase. Construction sales tax continues to increase as the number of single-family and large commercial/industrial building permits increase. The sales tax increase due to construction is considered a one-time revenue and used only for one-time expenditures.
- State Shared revenues continue to increase due to the City’s population growth.
- Another factor adding to the increase was an increase in investment earnings for this fiscal year.

HURF (Highway User Revenues Fund). The HURF Fund, which is required by Arizona law to be accounted for separately from all other funds, decreased by \$860,624 during the fiscal year. HURF revenue collections were below budget by approximately \$1.2 million and expenditures exceeded revenues by approximately \$3.9 million. A majority of the increase in expenditures was an increase in both fuel and material costs.

City of Buckeye, Arizona

Management’s Discussion and Analysis

Impact Fee Funds. Fund balance decreased during the fiscal year by approximately \$327,776. The decrease is attributed to revenue collections exceeding budget by approximately \$3.3 million and expenditures being lower than budgeted. Total impact fees ending fund balance was \$30.2 million.

Capital Improvement Funds. Fund balance decreased by \$1.9 million. The decrease is largely due to projects not progressing forward as anticipated for the fiscal year.

Watson Road Community Facility District. During the fiscal year, the Watson Road CFD Fund balance increased by \$423,595. Interest and fiscal charges were less this fiscal year with a corresponding increase in the revenues, specifically in investment earnings.

Proprietary Funds. The City’s proprietary fund financial statements provide the same type of information found in the government-wide financial statements but in more detail. The total net position for business-type activities (enterprise funds) was \$362.7 million. At the end of the fiscal year, unrestricted net position for the proprietary funds were \$54.3 million, an decrease of \$9.2 million.

Unrestricted net position at the end of the year is as follows for the indicated funds:

City of Buckeye, Arizona Unrestricted Net Position - Proprietary Funds For the Fiscal Years Ended June 30, 2024 and 2023

	Business-Type Activities		Increase (Decrease)
	2024	2023	from FY 2023
Water Fund	\$ 33,235,792	\$ 45,054,838	\$ (11,819,046)
Wastewater Fund	19,764,459	17,920,737	1,843,722
Nonmajor Fund	1,336,317	525,103	811,214
	\$ 54,336,568	\$ 63,500,678	\$ (9,164,110)

Utility rates will be set at a minimum to ensure the ratio of revenue to debt meets bond indenture requirements of 1.20:1 ratio. The City’s goal will be to maintain a minimum ratio of utility revenue to debt service of 1.6:1 to ensure debt coverage in times of revenue fluctuations attributable to weather or other causes, and to ensure a balanced pay-as-you-go capital improvement plan. Currently, both utility funds have incurred debt. As of June 30, 2024, both utility systems have met the minimum net revenues to the debt ratio. Additional information is available in Table 14, Pledge-Revenue Coverage.

Budgetary Highlights

The City’s annual budget is the legally adopted expenditure control document of the City. Budgetary comparison statements are required for the General Fund and all major special revenue funds may be found beginning on page 72. These statements compare the original adopted budget and revised budget, and the actual expenditures prepared on a budgetary basis.

Revenues collected in the general fund exceeded budgeted amounts by \$11.8 million. Actual expenditures were less than the amount budgeted by \$32.6 million as the general fund department activities continue to be closely monitored. Differences between budget and actual for revenues and expenditures amounts relate to an increase sales tax, investment earning, and charges for services. The difference was primarily attributable to the following reasons:

- Revenue results were over budget by \$11.8 million. Sales tax (i.e., transaction privilege tax) revenues were above estimates by \$926,774; licenses and permit revenues for building and related permits were down by \$1.6 million.
- Investment earnings had a budget excess of \$10.1 million and total Intergovernmental revenues had a budget excess of \$1.2 million. The increase in investment earnings was due to a conservative budget due to an unpredictable market.
- Operating expenditures had a positive variance to budget of \$12.4 million. Capital outlay had a positive variance to a budget of \$10.9 million due to many projects still being delayed caused by supply chain issues and labor shortages.
- Contingency budget remaining at year-end was approximately \$4.6 million.

City of Buckeye, Arizona

Management's Discussion and Analysis

Capital Asset

The City's capital assets for its governmental and business-type activities as of June 30, 2024, amount to \$1.0 billion (net of accumulated depreciation).

Capital assets include land and improvements; buildings and improvements; infrastructure; furniture, machinery, equipment and vehicles; the airport campus; the water system; and the wastewater system. The City contracts for solid waste services.

The following table provides details of the City's capital assets as of June 30, 2024:

City of Buckeye, Arizona Capital Assets at June 30, 2024 (Net of Depreciation)

	Governmental Activities	Business-Type Activities	Total
Land, restated	\$ 246,564,055	\$ 9,813,488	\$ 256,377,543
Water Rights	-	9,560,948	9,560,948
Construction in progress	37,995,682	55,026,803	93,022,485

Wastewater system	-	107,908,319	107,908,319
Water system	-	174,194,506	174,194,506
	<u>\$ 618,147,700</u>	<u>\$ 421,161,572</u>	<u>\$ 1,039,309,271</u>

Below is a listing of the major capital asset events that occurred during this fiscal year. Some of these capital projects were started during the previous fiscal years and are either still ongoing or have been completed and recorded during fiscal year 2024.

- Sundance Park Phase II was completed during the fiscal year for a total of \$28,271,959. It has a lake, splash pad, multi-use sports field, amphitheater and more amenities. The grant opening of Phase II took place in September 2023.
- The Police Training Center was completed in fiscal year 2024 for a total of \$6,509,112 and the Police Communications Center is in progress with a total cost to date of \$4,167,032.
- The Park and Ride Expansion was completed in fiscal year 2024 for a total cost of \$2,926,047.
- Blue Horizon Fire Station is underway with an additional \$5,136,871 expended in fiscal year 2024. The 3-bay fire station will include a dayroom, kitchen/dining, crew work area and sleeping quarters, turnout gear storage, and multi-purpose community/meeting room for staff and public use.
- The City Hall Remodel project is in progress with an additional \$3,975,730 expended during fiscal year 2024.
- The Airport Mid-Year Hanger project was started in fiscal year 2024 with a total cost of \$2,772,081 expended.

Business Type

- Central WRF Upgrades are still in progress and had no additional costs during fiscal year 2024. Total costs to date are \$4.3million.
- Reach Line Connection to JMWC are in progress with a total of \$6,510,169 total costs to date.
- Drill Well #13 project total costs to date are \$4.3 million.
- Water Treatment Farallon #16 project to date cost equals \$26.3 million.
- Sundance Well #10 project was completed in fiscal year 2024 for a total cost of \$4,557,399.
- Verrado Road Waterline project was completed in fiscal year 2024 for a total cost of \$5,661,303.

City of Buckeye, Arizona

Management's Discussion and Analysis

For governmental-wide financial statement presentations, all depreciable capital assets were depreciated from acquisition date to the end of the current fiscal year. Fund financial statements record capital assets purchases as expenditures. See note 7 on page 44 in the notes to the financial statements for further information regarding capital assets.

Long-Term Debt

At the end of the fiscal year, the City had total long-term obligations outstanding of \$451.7 million. Of this amount, \$167 million (37.0%) is Community Facilities District bonds backed solely by the property owners within the various CFDs. Improvement district bonds of \$3.8 million (0.9%) are backed principally by the property owners within the improvement district which the City is liable in the event of default by the owners subject to the assessment. An additional \$8.4 million (governmental activities) and \$165.8 million (business-type activities) of outstanding debt is secured by pledges of specific revenue sources of the City. The remaining \$106.6 million (23.6%) is for compensated absences, leases, deferred amounts on bond premiums and discounts, contracts payable and pension liability related to ASRS and PSPRS per GASB 68. See note 11 on page 46 in the notes to the financial statements for additional information regarding the City's long-term debt obligations and other long-term liabilities.

The State Constitution limits the amount of general obligation debt a city may issue to six percent of its total assessed valuation. The current six percent debt limitation for the City is \$85.5 million. Also, the State constitution limit allows a city to issue an additional 20 percent of its total assessed valuation for water, wastewater, lights, transportation, public safety, open space preserves, parks, playgrounds, and recreational facilities. The current 20 percent debt limitation for the City is \$285 million. The City has no property tax authority and no outstanding general obligation debt outstanding as of June 30, 2024.

The following table shows the long-term obligations of the City (including both the current and long-term portions of those obligations) as of June 30, 2024.

City of Buckeye, Arizona Long-term Obligations at June 30, 2024

	Governmental Activities	Business-Type Activities	Total
Improvement district bonds	\$ 3,834,000	\$ -	\$ 3,834,000
Revenue bonds	8,410,000	165,839,250	174,249,250

Net Pension Liability - PSPRS	22,440,091	-	22,440,091
	\$ 265,095,698	\$ 186,526,168	\$ 451,621,866

Fiscal Year 2024-2025 Budget Proposal Highlights

The total for this balanced budget is \$687 million excluding budgeted transfers and includes significant investments in services for our citizens, our employees, and the City's infrastructure. It complies with Council-adopted policy, including a fully funded contingency reserve.

The City's population continues to increase. Buckeye has a population of 117,380 and is currently growing at a rate of 5.3% annually and staff is predicting that the City's population will exceed 123,286 in the upcoming year. Buckeye will continue focusing on solid, long-term financial planning to ensure our residents are receiving the key services they expect now and in the future. Currently, Buckeye's financial outlook is very strong, however we are prepared for a recession if needed. While single family residential permits have declined, the city continues to be one of the fastest growing communities in the nation. Multi-family, build-to-rent, apartments, townhomes, and other types of housing are making their way through the permitting process. Growth trends show significant increases in retail, services, healthcare, and business relocation.

City of Buckeye, Arizona

Management's Discussion and Analysis

General Fund major revenue sources include:

- \$94 million projected city sales taxes
- \$44.2 million in intergovernmental revenues
- \$19 million in permitting revenues
- \$16 million property tax revenues

The City's primary property tax rate has been reduced to \$1.6077 per \$100.00 of taxable value, a decrease from \$1.6513 the previous year. The City's assessed value increased by 12.7% over the prior year which will result in an increase in property tax levy assessed values due to new construction which also contributed to the increase in the City tax levy. While there are more needs than available funds, the focus of this year's proposed expenditure plan is on creating a balance between investing in citizen services, investing in our employees, and investing in our infrastructure. Examples of increased services include additional street paving projects, new park trails, and equipment. Other investments include:

- \$18 million for completion of state-of-the-art Police Communication Center
- \$15 million for Jackrabbit Trail improvements
- \$14 million for Miller Road expansion from Durango to Lower Buckeye
- \$13 million for completion of Blue Horizons Fire Station
- \$11 million for Rooks Road bridge over irrigation canal
- \$11 million for airport land acquisition

The budget includes the addition of 66 positions. Out of these positions, 12 positions were approved for the Police department, 4 positions for the Fire department, 7 Development Services positions, 6 positions each for Information Technology and Public Works, and 5 each for the City Attorney, Community Services and Water Resources. These new positions will allow the City to respond to the needs of the community and still result in a slight decrease in the number of employees per 1,000 residents. Additionally, to attract and retain a quality team of employees, the budget includes a 3.2 percent cost of living adjustment and a 5 percent merit increase.

Several water and wastewater CIP projects will keep moving Buckeye forward and diversifying our water portfolio. Funding for these projects will come from bonds, reserves, impact fees and General Fund:

- \$58 million for the Farallon Water Campus
- \$21 million for wastewater improvements
- \$10 million for new wells

As one of the fastest-growing cities in the country, with a planning area of over 642 square miles, the budget for FY 2024-25 focuses on meeting the demands of growth and smart planning for future needs.

Financial Contact Information

This report is designed to provide a general overview of the City's finances for those with an interest in the topic and to demonstrate accountability in the use of public funds. Questions about any of the information provided in this report, or requests for additional financial information should be addressed to:

City of Buckeye, Arizona
Reconciliation of the Statement of Revenues, Expenditures
and Changes in Fund Balance of Governmental Funds
to the Statement of Activities
For the Year Ended June 30, 2024

Net change in fund balances - total governmental funds \$ 21,183,994

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Expenditures for capital assets	98,287,408	
Capital contributions	34,513,041	
Transfer from Proprietary Funds	5,286,069	
Less current year depreciation	<u>(25,813,327)</u>	112,273,191

The net effect on the disposal of capital assets (619,630)

Some revenues reported in the governmental funds that did not provide current financial resources in prior years have been recognized previously in the statement of activities and therefore are not reported as revenues in the statement of activities.

Special assessments (3,197,162)

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The issuance of long-term debt increases long-term liabilities on the statement of net position and the repayment of principal on long-term debt reduces long-term debt on the statement of net position. Likewise, refunding and defeasance of existing debt reduces the balance of long-term debt without adding additional debt. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when the debt is first issued, whereas these items are deferred and amortized over the term of the long-term debt in the statement of activities.

Issuance of long-term debt	(52,835,000)	
Premiums on debt issued	(3,045,744)	
Discounts on debt issued	58,318	
Principal payments on long-term debt	37,026,140	
Amortization of loss on refunding and defeasance	(62,923)	
Amortization of gain on refunding and defeasance	61,638	
Amortization of premium	870,539	
Amortization of discount	(13,053)	
Leases payable	(16,218,425)	
Amortization of lease	(257,978)	
Pension Expense - ASRS	(3,764,112)	
Pension Expense - PSPRS	<u>1,426,094</u>	(36,754,506)

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.

Net increase in compensated absences (743,861)

Change in net position of governmental activities \$ 92,142,026

City of Buckeye, Arizona

Notes to Financial Statements

Notes for Financial Statements

Note 1 – Summary of Significant Accounting Policies

The accompanying financial statements of the City of Buckeye, Arizona (the City) have been prepared in conformity with accounting principles generally accepted in the United States of America applicable to governmental units adopted by the Governmental Accounting Standards Board (GASB). A summary of the City's more significant accounting policies follows.

A. Financial Reporting Entity

Buckeye was incorporated as a town in 1929 and as a City in 2014 under the provisions of the State of Arizona. In accordance with Arizona Revised Statutes, the City adopted the Council/Manager form of government. The City is a municipal government that is governed by a separately elected governing body. It is legally separate from and fiscally independent of other state and local governments. The City provides basic government services to its citizens including public safety, roads, water, wastewater, planning and zoning, parks and recreation facilities, library, and general administrative services. The accompanying financial statements present the City and its blended component units, entities for which the City is considered to be financially accountable. Per GASB Statement No. 14, and as amended by GASB Statement No. 61, the component units discussed below have been included in the City's reporting entity because of the significance of their operational or financial relationship with the City.

Per GASB Statement 39, *Determining Whether Certain Organizations are Component Units*; the City includes in its financial statements all entities for which the City's Mayor and Council are financially accountable. As the primary government, the City is financially accountable if it appoints a voting majority of an organization's governing body, and: 1) it can impose its will on that organization, or 2) there is a potential for that organization to provide specific benefits to or impose specific financial burdens on the primary government. Additionally, the primary government may be financially accountable if an organization is fiscally dependent on the primary government.

Individual Component Units - Blended

Community Facilities Districts (Districts) were formed to acquire and improve public infrastructure in specified land areas. As special purpose districts and separate political subdivisions under the Arizona Constitution, the Districts can levy taxes and issue bonds independently of the City. Property owners in the designated areas are assessed for District taxes and thus for the cost of operating the Districts. The City Council serves as the Board of Directors; however, the City has no liability for the districts' debt. Although it is legally separate from the City, the districts are reported as if they are part of the primary government because the districts' governing body is substantively the same as the governing body of the City and management of the City has operational responsibility for the Districts. Included within the reporting entity are the following Districts: Anthem Communities, Elianto Community Facilities District, Festival Ranch Community Facilities District, Mirielle Community Facilities District, North Star Ranch Community Facilities District, Sundance Community Facilities District, Tartesso West Community Facilities District, Trillium West Community Facilities District, Verrado Community Facilities District No. 1, Verrado Western Overlay Community Facilities District, Watson Road Community Facilities District, and Westpark Community Facilities District. Complete financial statements for the Districts may be obtained from the City's Finance Department.

Also included with the reporting entity is the Buckeye Pollution Control Corporation (the Corporation). The Corporation was formed to control, prevent, abate, store and dispose of solid waste and other pollutants and contaminants in the general vicinity of the City. The Corporation is a separate legal entity under the Arizona Constitution and can issue bonds independently of the City and is considered a component unit. The City has no liability for debt issued by the Corporation. The City Council has the authority to approve and remove directors of the Corporation and separate financial statements are not prepared.

City of Buckeye, Arizona

Notes to Financial Statements

The City has contracted with an outside agency to provide operations for its solid waste facility. The contract requires the outside agency to reserve funds under the closure and post-closure care costs. In the event of termination of the contract, the required reserve funds are to be remitted to the Arizona Department of Environmental Quality. Consequently, no liability for landfill closure and post-closure care costs have been recorded on the basic financial statements.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all the non-fiduciary activities of the primary government and its component units. The effect of interfund activity has been removed from these statements. *Governmental activities*, which are normally supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds even though the latter are excluded from the government-wide financial statements. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting, except expenditures related to compensated absences and claims and judgments, which are recorded only when payment is due. However, since debt service resources are provided during the current year for payment of long-term principal and interest due early in the following year, the expenditures and related liabilities have been recognized in the Debt Service Fund.

Property taxes, intergovernmental grants and aid, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The City reports the following major governmental funds:

The General Fund is the City's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund, or when the City determines there is an operational advantage to do so.

City of Buckeye, Arizona

Notes to Financial Statements

The Highway User Fund (HURF), a Special Revenue fund, accounts for revenue and expenditures that are legally restricted to expenditures for transportation, the construction, repairs, and maintenance of public works and streets.

The Impact Fees Fund, a Capital Projects fund, accounts for resources accumulated and one-time expenditures made for new developments within the City.

The Capital Improvement Fund, a Capital Projects fund, established to account for resources and non-utility capital improvements projects.

Verrado Community Facilities District 1 Fund, a Capital Projects fund, established to account for resources and one-time non-capital improvement payments to the district's developer.

The Watson Road CFD Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term debt associated with the Watson Road Community Facilities Districts.

The City reports the following major proprietary funds:

The Wastewater Fund accounts for the activities of the City's wastewater operations including wastewater development impact fees.

The Water Fund accounts for the activities of the City's water operations, including water development impact fees.

The City reports the following fiduciary fund:

The Pension Trust Fund accounts for the activities of the Volunteer Firefighters' Relief and Pension Fund, a defined contribution plan for which the assets are held by the City in a trustee capacity. The Pension Trust Fund is reported using the accrual basis of accounting.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. However, charges for interfund services provided and used are not eliminated if the prices approximate their external exchange values.

Amounts reported as program revenues include: (1) charges for services, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the wastewater and water funds are charges to customers for sales and services. Operating expenses for the enterprise funds include the cost of sales and services and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use for governmental activities, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the City considers amounts to having been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the City Council has provided otherwise in its commitment or assignment actions. For business-type activities, the use of restricted resources is governed by the state statutes that regulate the use of impact fees.

D. Cash and Investment

Cash represents amounts in demand deposits and amounts held in trust by financial institutions. The funds held in trust are available to the City upon demand. The City considers short-term investments (including restricted assets) in the State of Arizona investment pool, mutual fund-money market, U.S. Treasury bills and notes with maturities of three months or less at acquisition date to be cash equivalents. For the purpose of the statement of cash flows, all pooled cash and investments are considered to be cash equivalents. Maturities in excess of three months when purchased may be deposited or withdrawn by the proprietary funds at any time without prior notice of penalty, therefore having the characteristics of demand deposits.

City of Buckeye, Arizona

Notes to Financial Statements

Buckeye maintains investment accounts for funds that are not legally required to be maintained separately. Each fund's equity in investments represents that fund's position in the consolidated accounts and determines that fund's allocation of interest earned. Arizona Revised Statutes regulate the investment of surplus cash. Buckeye limits its investments to U.S. government securities, the State of Arizona local government investment pool, certificates of deposit, bonds, repurchase agreements, corporate notes, commercial paper, and money market accounts. Investments are stated at fair value based on quoted market prices and cash equivalents are stated at amortized cost. The unrealized gains and losses on fair value of investments are included in the net increase (decrease) in fair values of investments in the fund statements and Statement of Activities.

E. Receivables and Payables

All receivables are shown net of an allowance for uncollectible accounts. For trade accounts receivable (miscellaneous receivable and utility billing receivables), amounts outstanding more than 120 days are included in this amount.

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in government-wide financial statements as "internal balances".

F. Inventory and Prepaid Items

Inventories consist of expendable supplies and vehicle repair parts held for consumption. For the governmental funds inventories are reported using the purchase method, expenditures are incurred as inventory is purchased and an adjustment is made at year-end directly to inventory and fund balance. For the proprietary funds and government-wide statements inventories are reported using the consumption method, inventory is recorded when it is purchased and expensed as it is used. Inventory is valued using the average cost method. Certain payments to vendors reflect costs applicable to future accounting periods and are reported using the consumption method in both government-wide and fund financial statements and are therefore recorded as prepaid items.

G. Restricted Assets

Certain proceeds of the City's bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the statement of net position because they are maintained in separate bank accounts and their use is limited by applicable bond covenants.

H. Capital Assets

Capital assets, which include property, plant, infrastructure, furniture, equipment, vehicles and intangible right-to-use assets are reported in the governmental and business-type activities column in the government-wide financial statements as applicable and in the proprietary fund statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life over one year.

Property, plant, furniture, equipment, and vehicles purchased or acquired are carried at historical cost or estimated historical cost. Contributed assets are recorded at acquisition value as of the date received. Additions, improvements, and other capital outlay that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

City of Buckeye, Arizona

Notes to Financial Statements

Depreciation on all capital assets is provided on a straight-line basis over the estimated useful life of the asset. Intangible right-to-use assets are amortized over the shorter of the lease term or the underlying asset's useful lives and amortization periods are as follows:

Furniture, machinery, and equipment	3-15 years
Software	10 years
Landfill	15 years
Vehicles	5-10 years
Building improvements	5-25 years
Land improvements	10-25 years
Infrastructure	10-50 years
Wastewater system	40 years
Water systems	40 years
Buildings	50 years
Intangible right-to-use assets	5-10 years

I. Deferred Outflows of Resources

For current refundings and advance refundings resulting in defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt should be reported as a deferred outflow of resources or a deferred inflow of resources and recognized as a component of interest expense systematically and rationally over the remaining life of the old debt or the life of the new debt, whichever is shorter.

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*, require actuarial assumptions be made, based on the measurement date, in computing deferred outflows of resources determined in connection with recording total pension liability. Contributions made by the City to its pension plans since the measurement date of the plan's net pension liability, the difference between expected and actual experiences in the plan, changes in assumptions, and changes in the proportion and differences between employer contributions and the proportionate share of contributions to the plan are reported as pension-related deferred outflows of resources. The contributions made since the measurement date of the plan will be recognized when the time period in which the contributions were made are encompassed by the plan. The difference between expected and actual experiences in the plan, changes in assumptions, and the changes in the proportion and differences between employer contributions and the proportionate share of contributions to the plan are amortized over the estimated remaining work-life of active participants in the plan and recognized as a reduction of pension expense.

GASB Statement No. 69, *Government Combinations and Disposals of Government Operations* requires that in instances where the acquiring government provides consideration in excess of the net position acquired, the acquiring government should report the difference as a deferred outflow of resources. As of June 30, 2024, there was \$6,752,552 in deferred outflows related to the excess consideration provided by the City in relation to the acquisition of Global Water Resources, Inc. (Global Water) on July 9, 2015. The City desired to acquire Global Water, a water utility service corporation, to enhance its water utility system in order to provide its residents with greater consistency in rates, water quality, water resource management, and other policies and practices relating to the provision of water utility services to its residents. This deferred outflow of resources is attributed to future periods systematically and rationally, based on the estimated service lives of the capital assets acquired. The amortization expense related to this deferred outflow for the year ended June 30, 2024, was \$3,321,164. The deferred outflow will be reviewed periodically, and the estimated services' lives will be revised as necessary.

J. Compensated Absences

The City's employee vacation and sick leave policies provide for granting vacation and sick leave with pay. Sick leave and vacation benefits vest at the employee's current rate of pay. The current and long-term liabilities for accumulated vacation and sick leave are reported on the government-wide financial statements and in the proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured (for example, as a result of employee leave, resignation, and retirements). Resources from the General Fund are generally used to liquidate the governmental funds' liabilities for compensated absences.

City of Buckeye, Arizona

Notes to Financial Statements

K. Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Under GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, bond issuance costs are expensed as incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

L. Deferred Inflows of Resources

For current refundings and advance refundings resulting in defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt should be reported as a deferred outflow of resources or a deferred inflow of resources and recognized as a component of interest expense systematically and rationally over the remaining life of the old debt or the life of the new debt, whichever is shorter.

Revenues and other governmental fund financial resources should be recognized in the accounting period in which they become both measurable and available. When an asset is recorded in governmental fund financial statements, but the revenue is not available, the government should report a deferred inflow of resources until the revenue becomes available.

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*, require actuarial assumptions be made, based on the measurement date, in computing deferred inflows of resources determined in connection with recording total pension liability. The difference between projected and actual investment earnings of the pension plan and changes in the proportion and differences between employer contributions and the proportionate share of contributions to the plan are presented as pension-related deferred inflows of resources. This difference between projected and actual investment earnings of the pension plan is amortized over five years and recognized as a component of pension expense. The changes in the proportion and differences between employer contributions and the proportionate share of contributions to the plan are amortized over the estimated remaining work-life of active participants in the plan and recognized as a reduction of pension expense.

M. Net Position

In the government-wide financial statements, the net position is reported in three categories: net investment in capital assets; restricted net position; and unrestricted net position. Net investment in capital assets includes all capital assets of the City both depreciable and non-depreciable net of accumulated depreciation and outstanding debt balances attributable to the acquisition, construction, or improvement of these assets. Net position in this category represents the infrastructure of the City and is not available to meet the City's needs. The restricted net position consists of amounts that have external restrictions imposed upon them by creditors, grantors, contributors, or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation. Net positions in this category represent amounts that are not available to meet the City's needs as they have been promised for other purposes. The unrestricted net position represents amounts that have not been restricted for any project or other purpose. These amounts are available to meet any needs of the City. While the unrestricted net position is technically available to be spent by the City, it is important to remember that the City has established financial policies that would prevent this. There are certain self-imposed criteria, such as maintaining a minimum operating fund balance that would further reduce the amount the City is willing to spend.

N. Fund Balance

The following classifications describe the relative strength of the spending constraints:

Non-spendable fund balance - amounts that cannot be spent either because they are in a non-spendable form (such as inventory and pre-paid) or because they are legally or contractually required to be maintained intact.

City of Buckeye, Arizona

Notes to Financial Statements

Restricted fund balance - amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation. The Restricted category Other special purposes is for Community Facility District (CFD) fund balances which are special purpose, tax levying public improvement districts that are separate and apart from the municipality.

Committed fund balance - amounts constrained to specific purposes by the City itself, using its highest level of decision-making authority (i.e., City Council). To be reported as committed, the amounts cannot be used for any other purpose unless the City Council approves by Resolution to remove or change the constraint. The Committed fund balance below reflects the contractual obligations between the City and developers for the construction of public infrastructure that will benefit the community.

Assigned fund balance - amounts the City intends to use for a specific purpose. Intent can be expressed by the City Council or by an official or body to which the City Council delegates authority. The City Council and the Chief Financial Officer have the authority to assign fund balances intended to be used for specific purposes.

Unassigned fund balance – represents the General Fund balance that has not been assigned to other funds that have not been restricted, committed, or assigned to specific purposes.

- The City’s General Fund will maintain an “Unassigned” fund balance with a target of a minimum of fifteen percent (15%) of General Fund operating expenditures. The intention of the “Unassigned” fund balance is to provide additional stability to the General Fund recognizing the cyclical nature of the economy and the volatility of the major revenue sources of the City. Funds in excess of the minimum targets will be retained in the Unassigned General Fund Balance.

It is the government’s policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Governmental fund balances as of June 30, 2024, are as follows:

	General	Special Revenue	Capital Projects		Debt Service	Non-Major	Total
		Highway Users Revenue Fund	Impact Fees Fund	Capital Improvement	Watson Road CFD	Governmental Funds	
Fund Balance							
Non-spendable	\$ 1,245,018	\$ 312,237	\$ -	\$ -	\$ -	\$ 196	\$ 1,557,451

O. Deficit Fund Balance

During the year, there were deficit fund balances in Verrado District 1 and Verrado Western Overlay Special Revenue Funds. The deficits were due to the *Qasimyar vs. Maricopa County* class action property tax refund. The districts were required to refund property taxes collected tax years 2015 through 2021. The deficits will be eliminated in the next fiscal year through property tax collections.

The Airport Fund reported a deficit balance at the end of the fiscal year. The deficit balance of \$67,402 resulted primarily due to operating expenses exceeding revenues. The Airport fund was rolled into the General Fund since the General Fund normally covers a significant portion of the expenses. The deficit does not impact the overall financial health of the government and will be eliminated next fiscal year when the transition of activity to the General Fund is fully complete.

City of Buckeye, Arizona

Notes to Financial Statements

P. Property Tax

A primary tax levy is limited to an increase of two percent over the previous year's maximum allowable primary levy plus an increased dollar amount due to a net gain in property not taxed the previous year (Section 42-301, Arizona Revised Statutes). The two percent increase is based on the City's "maximum allowable levy" for the prior year.

Property taxes are recognized as revenues in the year they are levied and collected, or if they are collected within 60 days subsequent to fiscal year-end. Property taxes not collected within 60 days subsequent to fiscal year-end are reported as unavailable revenues.

The County levies real property taxes on or before the third Monday in August, that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day in November. The second installment is due on the first day of March of the next year and becomes delinquent 30 days thereafter.

Q. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the statement of net position/balance sheet and the reported amounts of revenue and expenses/expenditures during the reporting period. Actual results could differ from the estimates.

Note 2 - Compliance and Accountability

Budgetary Information

According to the laws of the State of Arizona, all operating budgets must be approved by their governing board on or before the second Monday in August to allow sufficient time for legal announcements and hearings required for the adoption of the property tax levy on the third Monday in August.

In June, the proposed budget for the following fiscal year is presented by the City Manager to the City Council. The budget includes proposed expenditures and the means of financing them. A public meeting is held to obtain citizen comments.

Prior to July 15th, the City Council legally enacts the budget, through the passage of an ordinance. The ordinance sets the limit for expenditures for the year, within the voter-mandated state expenditure limitation. Additional expenditures may be authorized if directly necessitated by a natural or man-made disaster as prescribed in the state constitution. There were no supplemental appropriations made during the fiscal year 2024.

The maximum legal expenditure permitted for the year is the total budget as adopted. All funds of the City have legally adopted budgets. The initial budget for the fiscal year may be amended during the year in a legally permissible manner. The City adopts the budget by major program area for the General Fund and by funds for all others.

In practice, the City Council approves all budget transfers that cross appropriation lines on a monthly basis. All unencumbered expenditure appropriations expire at the end of the fiscal year. Encumbered amounts are re-budgeted in the following year as deemed appropriate and necessary after review by the Finance Department. Budgetary carryforwards are approved by the City Council through the budgetary process.

The budgets are adopted on a basis differing from GAAP in that for budgetary purposes: (1) bond proceeds for enterprise funds are considered revenue; (2) capital outlays for enterprise funds are treated as expenses; (3) debt service principal payments are treated as expenses for enterprise funds; (4) accrued compensated absences are not recognized as expenses; (5) depreciation and amortization are not recognized as expenses; (6) contributions to pension plans are recognized as an expense for enterprise funds.

The City is subject to the State of Arizona's Spending Limitation Law for Towns and Cities. This law does not permit the City to spend more than budgeted revenues plus the carryover unrestricted cash balance from the prior fiscal year. The limitation is applied to the total of the combined funds. The City complied with this law during the year.

City of Buckeye, Arizona
Notes to Financial Statements

The Community Facilities District Board annually approves the budgets for each of the Community Facility Districts (CFD). For presentation purposes, budgets for the various CFDs are not included within this report.

For presentation purposes, no budgets to actual statements were prepared for the Jackrabbit Trail ID O & M, Roosevelt Street ID O & M funds and the Asset Replacement fund.

Note 3 - Deposits and Investments

Deposits – The City maintains a cash and investment pool that is available for use by all funds. Certain restricted funds are not part of the City’s pool but rather are maintained with trustees. On June 30, 2024, the carrying amount of the City’s pooled deposits was \$109,815,737 and the bank balance was \$115,646,118. The difference represents deposits in transit, outstanding checks, and other reconciling items. In addition to pooled deposits, the City also maintains deposits with paying agents and trustees. On June 30, 2024, the carrying amount of deposits with paying agents and trustees and the bank balance of deposits with paying agent and trustees were \$65,154,337.

Custodial Credit Risk – Of pooled deposits, \$390,270 were covered by federal depository insurance, \$115,254,848 were collateralized by the pledging financial institution’s trust department or agent but not in the City’s name. Cash on deposit with paying agents and trustees is collateralized by the City’s agent in the City’s name. The City maintains cash on hand in the form of petty cash and change funds. As of June 30, 2024, the total of these balances was \$6,379.

Interest Rate Risk – It is the City’s policy, to the extent possible and consistent with statutory requirements, to match its investments with anticipated cash flow requirements. The City will not directly invest in securities maturing more than five years from the date of purchase. As of June 30, 2024, the average portfolio duration was 2.40 years.

As of June 30, 2024, the City had the following investments and related maturities:

Investment Type	Investment Maturities			Total
	Less than 1 Year	1 to 3 Years	Greater than 3 years	
Money Market	\$ 13,609,280	\$ -	\$ -	\$ 13,609,280
State Investment Pool	38,435,930	-	-	38,435,930
Investment Sweep	30,798,998	-	-	30,798,998
US Treasury Notes	16,886,065	48,174,647	-	65,060,712
Bank Note	297,083	-	-	297,082
Federal Agency Collateralized Mortgage	512,702	3,103,198	2,198,460	5,814,360
Federal Home Loan Bank (FHLB)	1,592,640	8,697,606	-	10,290,246

Certificate of Deposits	-	2,281,010	-	2,281,010
Asset-Backed Security	-	12,504,507	13,621,967	26,126,474
	<u>\$ 104,060,516</u>	<u>\$ 116,883,962</u>	<u>\$ 27,407,668</u>	<u>\$ 248,352,145</u>

Credit Risk – The risk that an issuer of an investment will not fulfill its obligations to the holder of the investment. State law limits investments in commercial paper and corporate bonds to the top two ratings issued by nationally recognized statistical rating organizations. The City’s policy is to diversify its investments by security type and institution. As of June 30, 2024, the City’s investments were rated in the following manner:

City of Buckeye, Arizona

Notes to Financial Statements

Investment Type	Rating		Balance		% of Total
	Agency	Rating	6/30/2024	Avg Rate	
Money Market	n/a	Not Rated	\$ 13,609,280	n/a	5.48%

			<u>\$ 248,352,147</u>	<u>4.32%</u>	<u>100.00%</u>

Concentration of Credit Risk – The concentration of credit risk is the risk of a loss attributed to the magnitude of a government’s investment in a single issuer. The City’s policy is to maintain a diversified portfolio to minimize the risk of loss resulting from over concentration of assets in a specific maturity.

Note 4 - Fair Value Measurement and Disclosures

The City reports certain investments at fair value in the financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal, or most advantageous, market at the measurement date under current market conditions regardless of whether that price is directly observable or estimated using another valuation technique. Inputs used to determine fair value refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity’s assumptions about the assumptions market participants would use in pricing the asset or liability based on the best information available. A three-tier hierarchy categorizes the inputs as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that we can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and market-corroborated inputs.

Level 3 – Unobservable inputs for the asset or liability. In these situations, we develop inputs using the best information available in the circumstances.

In some cases, the inputs used to measure the fair value of an asset or a liability might be categorized within different levels of the fair value hierarchy. In those cases, the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. Assessing the significance of a particular input to an entire measurement requires judgment, taking into account factors specific to the asset or liability. The categorization of an asset within the hierarchy is based upon the pricing transparency of the asset and does not necessarily correspond to our assessment of the quality, risk, or liquidity profile of the asset or liability.

The State of Arizona’s Treasurer Pool is an external investment pool, the Local Government Investment (LGIP Pool 5), with no regulatory oversight. The pool as an investment company is not registered with the Securities and Exchange Commission. The activity and performance of the pool is reviewed monthly by the State Board of Investment. The fair value of each participant’s shares in the pool and the participants’ shares are not identified with specific investments. Participants in the pool are not required to categorize the value of shares in accordance with the fair value hierarchy. The City’s investments are invested in U.S. agency step-up securities, which are considered to be highly sensitive to interest rate changes. These securities can be

City of Buckeye, Arizona
Notes to Financial Statements

called by the issuer on certain specified dates. If the security is not called, the interest rate is increased by a specified amount. Prevailing interest rates may go up faster than the increase in the coupon interest rate.

U.S. Government obligations are valued by the custodians of the securities using pricing models based on credit quality, time to maturity, stated interest rates and market-rate assumptions, and are classified within Level 2. Corporate notes, CD's and asset-backed securities are also classified within Level 2.

Note 5 - Excess of Expenditures over Appropriations

In the General Fund, the following line items accounts within departments exceeded the amounts budgeted. For the General Fund, budgetary control shall be at the department level and managed separately between personnel, the operating budget and the capital budget. Expenditure appropriations for all other funds are adopted at the fund level.

For presentation purposes, we have elected to show any deficits at the line-item level within departments/divisions, all of which were funded by available fund balances within the General Fund.

	<u>Budgeted Amounts</u>		<u>Actual Amounts</u> <u>Budgetary</u>	<u>Variance Between</u> <u>Final Budget and</u> <u>Actual Amounts</u>
	<u>Adopted</u>	<u>Final</u>		
General government:				
Mayor and Council				
Personnel services	\$ 538,601	\$ 538,601	\$ 545,603	\$ (7,002)
Human Resources				
Operating expenditures	2,327,375	2,664,705	2,679,703	(14,998)
Comms & Govern Affairs

Personnel services	26,680,937	26,680,937	27,746,769	(1,065,832)
Fire				
Personnel services	20,492,127	20,492,127	20,702,747	(210,620)
Public Works:				
Public Works				
Personnel services	3,012,416	3,012,416	3,049,923	(37,507)

The deficit in personnel services budget for the **Mayor and Council, Communications and Governmental Affairs, Fire and Public Works Departments** was due to an increase in salaries and unbudgeted vacation and leave redemption payouts. The deficit in personnel services for **Police** was due to salary increases, vacation and leave redemption payouts, and unbudgeted bonuses and retention payments. The deficit in operating expenditures for **Human Resources** was due to unexpected liability claims due to a cyber-attack.

Note 6 - Receivables

Receivables as of year-end for the government's individual major and non-major funds in the aggregate, as shown in the balance sheet, including the applicable allowances for uncollectible accounts, are as follows:

Receivables	Accounts	Taxes	Inter- governmental	Special Assessments	Public- Private Partnership	Other	Gross Receivables	Less:		Net Total Receivables
								Allowance for Uncollectibles		
General Fund	\$ 818,736	\$ 132,807	\$ 11,594,228	\$ -	\$ 1,394,427	\$ 757,504	\$ 14,697,702	\$ -	\$ -	\$ 14,697,702

City of Buckeye, Arizona
Notes to Financial Statements

Note 7 - Capital Assets

Public-Private Partnerships (PPP)

The Buckeye Pollution Control Corporation (BPCC), a blended component unit of the City, City of Buckeye, and Allied Waste (operator) entered into an agreement in 1994, amended in 2016 and 2018 to construct and operate a regional landfill. The operator purchased approximately 305 acres of land and made improvements to the land to operate the regional landfill. In 2016 the operator acquired another 289 acres from the State Land Department to expand the landfill. The original term of the of agreement was 60 years and was extended in 2016 to December 31, 2106. The operator pays BPCC a minimum of \$25,000 and 7.5 percent of all gate revenues per year. The \$25,000 minimum payment is credited against the gate revenues. The City only recognizes the present value of the \$25,000 payments over the term of the agreement in the financial statements. The City uses a discount rate of 1 percent. The City reported \$1,394,427 in PPP Receivables and Deferred Inflows as of 6/30/2024.

Variable payments received from the operator during the current year are recognized as inflows in the amount of \$1,177,839. The City is not recognizing a capital asset or receivable related to the landfill capital assets, as the landfill assets were purchased by the operator, and at the end of the term it is expected the landfill will be closed, offering no service utility to BPCC or the City.

Capital asset activity for the year ended June 30, 2024, was as follows:

City of Buckeye, Arizona					
Schedule of Activity in Capital Assets

NOTE 9 – Leases

On November 7, 2023, the City entered into a 60 month lease agreement as lessee for the use of a modular hangar from Sunbelt Rental. An initial lease liability was recorded in the amount of \$1,210,097. As of 06/30/2024, the value of the long-term liability is \$1,122,354, and the value of the short-term lease liability is \$236,029. The City is required to make monthly fixed payments of \$23,263. The lease has an interest rate of 4.249%. The building has a five-year estimated useful life. The value of the right-to-use asset of \$1,210,097 with accumulated amortization as of 6/30/2024 was \$157,313.

City of Buckeye, Arizona

Notes to Financial Statements

On May 01, 2024, the City entered into a 120 month lease agreement as lessee for the use of building space from KICM Buckeye. An initial lease liability was recorded in the amount of \$15,266,306. As of 06/30/2024, the value of the long-term liability is \$15,096,071, and the value of the short-term lease liability is \$1,103,121. The City is required to make monthly fixed payments of \$129,720. The lease has an interest rate of 3.134%. The building has a ten-year estimated useful life. The value of the right-to-use asset of \$15,266,306 with accumulated amortization as of 6/30/2024 was \$173,866.

The future principal and interest lease payments as of June 30, 2024, as follows:

Fiscal Year	Principal	Interest	Total
Ending			
2025	\$ 1,339,150	\$ 500,538	\$ 1,839,688
2026	1,431,941	454,562	1,886,503
2027	1,529,227	405,497	1,934,724
2028	1,631,194	353,197	1,984,391
2029	1,573,464	299,243	1,872,707
2030-34	8,713,451	716,888	9,430,339
	<u>\$ 16,218,427</u>	<u>\$ 2,729,925</u>	<u>\$ 18,948,352</u>

NOTE 10 – Claims and Judgments Payable

During the current fiscal year the City received notice that the Qasimyar v Maricopa County, Class Action Judgement had been finalized by the Tax Court. The City, along with all taxing districts in Maricopa County, was affected by the judgment. The Tax Court ruling spanned multiple tax years and, in most cases, resulted in a decrease to the Limited Property Value along with a corresponding refunding to individual taxpayers.

As a result of the judgment, the County Treasurer’s Office published the estimated financial impact for all taxing districts. This amount is reported as a claims and judgments payable in the City’s General Fund. It is expected that the liability will be paid in the next fiscal year.

Note 11 - Long-Term Debt

The following are brief descriptions of bonds and long-term loans/obligations outstanding as of June 30, 2024. There are several limitations and restrictions contained in the various documents, and the City complies with all significant limitations and restrictions.

Water Infrastructure Finance Authority Debt

The City has various loan agreements with the Water Infrastructure Finance Authority of Arizona (WIFA) Revolving Fund Loan Program for the acquisition and construction of water and wastewater facilities and obtaining water rights.

On November 20, 2009, the City entered into a 20-year agreement with the WIFA for \$12,000,000 in water and wastewater system revenue debt obligation as part of the water infrastructure improvements related to the expansion of the water and wastewater plant. As part of this agreement, the City has covenanted that the system revenue will produce sufficient revenues to cover the operating and maintenance expenses of the systems plus 120 percent of the aggregate payments on the loan including any outstanding parity obligations. Interest accrues at a rate of 2.50 percent annually. Annual debt service payments of varying amounts are due through July 2029. As of June 30, 2024, the total principal remaining is \$1,543,339 and the City complied with all covenants. (See table 14.)

On April 5, 2013, the City entered into a 20-year agreement with WIFA for \$7,370,000 in water and wastewater system revenues debt obligation as part of the water infrastructure improvements related to constructing, acquiring, and improving water reclamation and recharge systems. As part of this agreement, the City has covenanted that the water and wastewater plant will produce sufficient revenues to cover operating and maintenance expenses of the plant plus 120 percent of the aggregate payments on the loan including any outstanding parity obligations. Interest accrues at a rate of 2.5 percent. Annual payments of varying amounts are due through July 2032. As of June 30, 2024, the total principal remaining is \$2,933,264, and the City complied with all covenants.

City of Buckeye, Arizona

Notes to Financial Statements

On April 5, 2013, the City entered into an agreement with WIFA for \$5,065,000 in water and wastewater system revenues debt obligation as part of the water infrastructure improvements related to constructing and acquiring waterline to extend and connect existing services. As part of this agreement, the City has covenanted that the water and wastewater plant will produce sufficient revenues to cover operating and maintenance expenses of the plant plus 120 percent of the aggregate payments on the loan including any outstanding parity obligations. Interest accrues at a rate of 2.975 percent. Annual payments are \$228,118 through July 2032. As of June 30, 2024, the total principal remaining is \$1,603,009, and the City complied with all covenants.

On April 5, 2013, the City entered into an agreement with WIFA for \$3,617,450 in water and wastewater system revenues debt obligation as part of the water infrastructure improvements related to repairing and improving an existing well site and integrating it with the current system. As part of this agreement, the City has covenanted that the water and wastewater plant will produce sufficient revenues to cover operating and maintenance expenses of the plant plus 120 percent of the aggregate payments on the loan including any outstanding parity obligations. Interest accrues at a rate of 2.975 percent. Annual payments are \$242,588 through July 2032. As of June 30, 2024, the total principal remaining is \$1,704,689, and the City complied with all covenants.

On December 5, 2014, the City entered into an agreement with WIFA for \$761,000 in water and wastewater system revenues debt obligation as part of the water infrastructure improvements related to repairing and improving an existing well site and integrating it with the current system. As part of this agreement, the City has covenanted that the water and wastewater plant will produce sufficient revenues to cover operating and maintenance expenses of the plant plus 120 percent of the aggregate payments on the loan including any outstanding parity obligations. Interest accrues at a rate of 2.184 percent. Annual payments are \$46,179 through July 2034. As of June 30, 2024, the total principal remaining is \$410,810, and the City complied with all covenants.

On January 21, 2020, the City entered into an agreement with WIFA for \$108,582,332 in water and wastewater system revenues debt obligation to finance the acquisition and construction of the Jackie A Meck (formerly Broadway) Water Campus. As part of this agreement, the City has covenanted that the water and wastewater plant will produce sufficient revenues to cover operating and maintenance expenses of the plant plus 120 percent of the aggregate payments on the loan including any outstanding parity obligations. Interest accrues at a rate of 1.873 percent. Annual payments range between \$3,413,186 to \$5,328,172 with a final maturity date of July 2044. As of June 30, 2024, the total principal remaining is \$64,368,476, and the City complied with all covenants.

On October 1, 2021, the City entered into an agreement with WIFA for \$18,750,000 in water and wastewater system revenues debt obligation to finance the design and construction of the Sundance Water Reclamation Facility. As part of this agreement, the City has covenanted that the water and wastewater plant will produce sufficient revenues to cover operating and maintenance expenses of the plant plus 120 percent of the aggregate payments on the loan including any outstanding parity obligations. Interest accrues at a rate of 1.848 percent. Annual payments range between \$835,634 to \$1,140,746. As of June 30, 2024, the total principal remaining is \$1,215,633, and the City complied with all covenants.

Improvement Bonds

The City has long-term bonds issued to provide funds for the acquisition and construction of major capital facilities. The City has also issued debt to refund earlier obligations with higher interest rates. The debt is being repaid by various debt service funds. Special Assessment districts are created only by petition of the City Council by property owners within the district areas.

The Jackrabbit Trail Sanitary Wastewater Improvement District was created so the City could fund improvements. Specifically, the District financed the construction of wastewater treatment plant capacity, design engineering, and inspection and construction of certain wastewater collection related improvements. Each of the 49 property owners within the District were assessed a special assessment lien by the City for repayment of the improvement bond. In case of default, the City has the responsibility to cover delinquencies of special assessment bonds with other sources until foreclosure proceeds are received.

The City has pledged revenue derived from an annual assessment on the real property of the Jackrabbit Trail Improvement District to repay \$2,545,000 in improvement bonds issued in December 2009. Proceeds from these bonds were used to install and construct water and wastewater lines within the District. The bonds are payable solely from assessments on the property owners and are payable through 2029. The total principal remaining to be paid on the bonds is \$124,000. Principal and interest paid for the current year approximate amounts received from improvement district property owners, which, at times, exceed assessments billed for the year.

City of Buckeye, Arizona

Notes to Financial Statements

The Roosevelt Improvement District was created so the City could fund street improvements. The City has pledged revenue derived from an annual assessment on the real property of the Roosevelt Street Improvement District to repay \$5,285,000 in improvement bonds issued June 2018. The total principal remaining to be paid on the bonds is \$3,710,000. Principal and interest paid for the current year approximate amounts received from improvement district property owners, which, at times, exceed assessments billed for the year.

Excise Tax Revenue Bonds

The City has pledged future excise tax revenues, which include the City's sales and transaction privilege tax, franchise fees, licenses, and permit fees, and fines and forfeitures, to repay \$6,565,000 in Series 2015 Excise Tax Revenue Refunding Obligation Bonds issued in April 2015 to refund the outstanding Series 2005A GADA Excise Tax Revenue Bonds. As part of the bond agreement, the City has covenanted that it will maintain collections equal to two (2.0) times the highest combined interest and principal requirements for any succeeding 12-month period for the bonds. Proceeds from the Series 2005 bonds were used to reconstruct streets, and to construct water wells and the related distribution system, flood control structures, and a wastewater treatment facility expansion. Annual principal and interest payments will be made from a combination of excise taxes and utility revenues. As of June 30, 2024, the remaining principal \$775,000 was paid off. The principal and interest paid for the current year was \$806,000.

The City has pledged water and wastewater net revenues to repay \$250,000 in Water and Wastewater Systems Senior Revenue Bonds 2015 issued in March 2015. As part of the bond agreement, the City has covenanted that it will maintain collections equal to two (1.2) times the highest combined interest and principal requirements for any succeeding 12-month period for the bonds. Proceeds from these bonds were obtained for purposes of procuring funds to be used to aid in the purchase of water utility properties to expand the utility systems. Annual principal and interest payments on the bonds are expected to require one percent of net revenues to be paid from water utility revenues. As of June 30, 2024, the total principal and interest to be paid on the bonds is \$487,500, and the City was in compliance with all covenants. Interest paid for the current year was \$11,875, there were no principal payments in the current year.

The City has pledged future excise tax revenues, which include the City's sales and transaction privilege tax, franchise fees, licenses, and permit fees, and fines and forfeitures, to repay \$12,620,000 in Series 2016 Excise Tax Revenue Refunding Obligation Bonds issued in April 2016 to refund the outstanding Series 2006A GADA Excise Tax Revenue Bonds. As part of the bond agreement, the City has covenanted that it will maintain collections equal to two (2.0) times the highest combined interest and principal requirements for any succeeding 12-month period for the bonds. Proceeds from the Series 2006 bonds were used to construct a municipal complex. As of June 30, 2024, the total principal to be paid on the bonds is \$8,410,000, and the City was in compliance with all covenants. The principal and interest paid for the current year was \$875,663.

The City has pledged future excise tax revenues, which include the City's sales and transaction privilege tax, franchise fees, licenses, and permit fees, and fines and forfeitures to repay \$51,260,000 in Excise Tax Revenue Bonds, Series 2015 issued in July 2015. As part of the bond agreement, the City has covenanted that it will maintain collections equal to two (2.0) times the highest combined interest and principal requirements for any succeeding 12-month period for the bonds. Proceeds from these bonds were obtained for purposes of financing the costs of acquiring various water systems, facilities, and improvements as set forth in the Settlement Agreement for Stipulated Condemnation, by and among Global Water Resources, Inc. Annual principal and interest payments on the bonds are expected to be paid from existing water utility revenues. As of June 30, 2024, the total principal to be paid on the bonds is \$46,580,000 and the City was in compliance with all covenants. Principal and interest paid for the current year was \$3,554,375.

The City has pledged future excise tax revenues, which include the City's sales and transaction privilege tax, franchise fees, licenses, and permit fees, and fines and forfeitures to repay \$45,230,000 in Excise Tax Revenue Bonds, Series 2024A issued in March 2024. As part of the bond agreement, the City has covenanted that it will maintain collections equal to two (2.0) times the highest combined interest and principal requirements for any succeeding 12-month period for the bonds. Proceeds from these bonds were obtained for purposes to finance the development of the "Farallon Water Campus." The Farallon Water Campus (FWC) project includes installation of three miles of raw water transmission lines and the construction of the first phase of a 20-acre water campus. Annual principal and interest payments on the bonds are expected to be paid from existing water utility revenues. As of June 30, 2024, the total principal to be paid on the bonds is \$45,230,000 and the City was in compliance with all covenants. Principal and interest payments were not owed or paid in the current year.

City of Buckeye, Arizona

Notes to Financial Statements

Community Facilities District Bonds

Community Facilities Districts (CFDs) are created only by petition to the City Council by property owners within the District areas. As the board of directors for the District, the City Council has adopted a formal policy that CFD debt will be permitted only when the ratio of the full cash value of the District property (before improvements being installed), when compared to proposed District debt, is a minimum of 4 to 1 before issuance of debt. These ratios are verified by an appraisal paid for by the District and administered by the City. Besides, the cumulative debt of all CFDs cannot exceed 26 percent of the City's net assessed full cash value of the real property within the district.

The CFD Board of Directors pledged revenue derived from annual assessments on real property located in the community facilities districts in general obligation bonds and special assessment revenue bonds. Special assessment districts were created only by petition to the City Council by property owners within the areas of the districts. Proceeds were used for acquisition, construction, and infrastructure improvements within the special assessment districts. The bonds are payable solely from assessments on the property owners.

The **Festival Ranch** CFD is a special purpose district created specifically to acquire or construct public infrastructure within specific areas of the City of Buckeye, Arizona. The District is authorized under state law to issue special assessment (SA) revenue bonds to be repaid by the property within the SA District, general obligation (GO) bonds to be repaid by property (ad valorem) taxes levied on property within the District (for GO debt), or revenue bonds to be repaid by specific revenues generated within the District (revenue bonds). The District has \$117 million of authorized GO bonds authority remaining. The District was created by petition to the City Council by property owners within the area to be covered by the District and comprises approximately 4,015 acres.

Special Assessment Bonds

The CFD Board of Directors has pledged revenue derived from an annual assessment on the real property of the Festival Ranch CFD (Assessment District 2 and 3) to repay \$1,868,000 in special assessment lien bonds issued April 2007. Proceeds were used for infrastructure improvements within the special assessment district. The bonds are payable solely from assessments on the property owners. The remaining principal being \$474,000. The principal paid for the current year is \$60,000. Principal and interest paid for the current year approximate amounts received from special assessment property owners, which, at times, exceed special assessments billed for the year.

The CFD Board of Directors has pledged revenue derived from an annual assessment on the real property of the Festival Ranch CFD (Assessment District 4 and 5) to repay \$1,784,000 in special assessment lien bonds issued October 2007. The bonds are payable solely from assessments on the property owners. The remaining principal being \$435,000. The principal paid for the current year is \$52,000. Principal and interest paid for the current year approximate amounts received from special assessment property owners, which, at times, exceed special assessments billed for the year.

The CFD Board of Directors has pledged revenue derived from an annual assessment on the real property of the Festival Ranch CFD (Assessment District 6) to repay \$356,000 in special assessment revenue bonds issued November 2009. The bonds are payable solely from assessments on the property owners. The remaining principal being \$94,000. The principal paid for the current year is \$11,000. Principal and interest paid for the current year approximate amounts received from special assessment property owners, which, at times, exceed special assessments billed for the year.

The CFD Board of Directors has pledged revenue derived from an annual assessment on the real property of the Festival Ranch CFD (Assessment District 7) to repay \$404,000 in special assessment revenue bonds issued April 2011.

The bonds are payable solely from assessments on the property owners. The remaining principal being \$108,000. The principal paid for the current year is \$9,000. Principal and interest paid for the current year approximate amounts received from special assessment property owners, which, at times, exceed special assessments billed for the year.

The CFD Board of Directors has pledged revenue derived from an annual assessment on the real property of the Festival Ranch CFD (Assessment District 8) to repay \$186,000 in special assessment revenue bonds issued July 2013. The bonds are payable solely from assessments on the property owners. The total remaining principal being \$56,196. The principal paid for the current year is \$5,105. Principal and interest paid for the current year approximate amounts received from special assessment property owners, which, at times, exceed special assessments billed for the year.

City of Buckeye, Arizona

Notes to Financial Statements

The CFD Board of Directors has pledged revenue derived from an annual assessment on the real property of the Festival Ranch CFD (Assessment District 9) to repay \$288,000 in special assessment revenue bonds issued July 2015. The bonds are payable solely from assessments on the property owners. The remaining principal being \$117,000. The principal paid for the current year is \$11,000. Principal and interest paid for the current year approximate amounts received from special assessment property owners, which, at times, exceed special assessments billed for the year.

The CFD Board of Directors has pledged revenue derived from an annual assessment on the real property of the Festival Ranch CFD (Assessment District 10) to repay \$200,000 in special assessment revenue bonds issued March 2016. The remaining principal being \$79,463. The principal paid for the current year is \$6,117. Principal and interest paid for the current year approximate amounts received from special assessment property owners, which, at times, exceed special assessments billed for the year.

The CFD Board of Directors has pledged revenue derived from an annual assessment on the real property of the Festival Ranch CFD (Assessment District 11) to repay \$2,738,000 in special assessment revenue bonds issued February 2017. The remaining principal being \$1,570,000. The principal paid for the current year is \$152,000. Principal and interest paid for the current year approximate amounts received from special assessment property owners, which, at times, exceed special assessments billed for the year.

The CFD Board of Directors has pledged revenue derived from an annual assessment on the real property of Festival Ranch CFD (Assessment District 12) to repay \$210,000 in special assessment revenue bonds issued in June 2018. The remaining principal being \$147,900. The principal paid for the current year is \$8,600. Principal and interest paid for the current year approximate amounts received from special assessment property owners, which, at times, exceed special assessments billed for the year.

The CFD Board of Directors has pledged revenue derived from an annual assessment on the real property of Festival Ranch CFD (Assessment District 13) to repay \$3,920,000 in special assessment revenue bonds issued in November 2018. The remaining principal being \$2,030,000. The principal paid for the current year is \$504,000. Principal and interest paid for the current year approximate amounts received from special assessment property owners, which, at times, exceed special assessments billed for the year.

The CFD Board of Directors has pledged revenue derived from an annual assessment on the real property of Festival Ranch CFD (Assessment District 14) to repay \$722,000 in special assessment revenue bonds issued February 2019. The remaining principal being \$537,300. The principal paid for the current year is \$27,200. Principal and interest paid for the current year approximate amounts received from special assessment property owners, which, at times, exceed special assessments billed for the year.

General Obligation Bonds

The CFD Board of Directors has pledged revenue derived from the property taxes levied on the real property of the Festival Ranch CFD to repay \$5,400,000 in general obligation bonds issued July 2012. Proceeds were used for the construction and acquisition of public infrastructure. The remaining total principal to be paid being \$1,775,000. The principal paid for the current year is \$210,000.

The CFD Board of Directors has pledged revenue derived from the property taxes levied on the real property of the Festival Ranch CFD to repay \$1,800,000 in general obligation bonds issued in November 2013. Proceeds were used for the construction and acquisition of public infrastructure. The remaining total principal to be paid being \$1,355,000. The principal paid for the current year is \$55,000.

The CFD Board of Directors has pledged revenue derived from the property taxes levied on the real property of the Festival Ranch CFD to repay \$5,410,000 in general obligation bonds, Series 2016, and issued in July 2016. Proceeds were used for the construction and acquisition of public infrastructure. The remaining total principal to be paid being \$4,715,000. The principal paid for the current year is \$100,000.

The CFD Board of Directors has pledged revenue derived from the property taxes levied on the real property of the Festival Ranch CFD to repay \$3,665,000 in general obligation bonds, Series 2017 issued in July 2017. Proceeds were used for the construction and acquisition of public infrastructure. The remaining total principal to be paid being \$2,975,000. The principal paid for the current year is \$115,000.

City of Buckeye, Arizona

Notes to Financial Statements

The CFD Board of Directors has pledged revenue derived from the property taxes levied on the real property of the Festival Ranch CFD to repay \$7,600,000 in general obligation bonds issued December 2009. Proceeds were used for the acquisition and construction of the CFD. By way of an advance refunding, these bonds were partially defeased through the issuance of \$2,940,000 Festival Ranch CFD General Obligation Refunding Bonds, Series 2017 issued in July 2017. The remaining total principal to be paid being \$2,245,000. The principal paid for the current year is \$110,000.

The CFD Board of Directors has pledged revenue derived from the property taxes levied on the real property of the Festival Ranch CFD to repay \$3,335,000 in general obligation bonds, Series 2018 issued in August 2018. Proceeds were used for the construction and acquisition of public infrastructure. The remaining total principal to be paid being \$2,955,000. The principal paid for the current year is \$65,000.

The CFD Board of Directors has pledged revenue derived from the property taxes levied on the real property of the Festival Ranch CFD to repay \$5,715,000 in general obligation bonds, Series 2019 issued in July 2019. Proceeds were used for the construction and acquisition of public infrastructure. The remaining total principal to be paid being \$4,845,000. The principal paid for the current year is \$185,000.

The CFD Board of Directors has pledged revenue derived from the property taxes levied on the real property of the Festival Ranch CFD to repay \$7,600,000 in general obligation bonds issued December 2009. Proceeds were used for the acquisition and construction of the CFD. By way of a current refunding, these bonds were fully defeased through the issuance of \$3,885,000 Festival Ranch CFD General Obligation Refunding Bonds, Series 2019 issued in July 2019. The remaining total principal to be paid being \$2,565,000. The principal paid for the current year is \$280,000.

The CFD Board of Directors has pledged revenue derived from the property taxes levied on the real property of the Festival Ranch CFD to repay \$5,315,000 in general obligation bonds, Series 2020 issued in November 2020. Proceeds were used for the construction and acquisition of public infrastructure. The remaining total principal to be paid being \$4,925,000. The principal paid for the current year is \$135,000.

The CFD Board of Directors has pledged revenue derived from the property taxes levied on the real property of the Festival Ranch CFD to repay \$5,790,000 in general obligation bonds, Series 2021 issued in September 2021. Proceeds were used for the construction and acquisition of public infrastructure. The remaining total principal to be paid being \$5,320,000. The principal paid for the current year is \$125,000.

The CFD Board of Directors has pledged revenue derived from the property taxes levied on the real property of the Festival Ranch CFD to repay \$6,075,000 in general obligation bonds, Series 2022 issued in July 2022. Proceeds were used for the construction and acquisition of public infrastructure. The remaining total principal to be paid being \$5,860,000. The principal paid for the current year is \$115,000.

The CFD Board of Directors has pledged revenue derived from the property taxes levied on the real property of the Festival Ranch CFD to repay \$3,985,000 in general obligation bonds, Series 2023 issued in December 2023. Proceeds were used for the construction and acquisition of public infrastructure. The remaining total principal to be paid being \$3,705,000. The principal paid for the current year is \$280,000.

The **Sundance** CFD is a special purpose district created specifically to acquire or construct public infrastructure within specific areas of the City of Buckeye, Arizona. The District is authorized under state law to issue special assessment (SA) revenue bonds to be repaid by the property within the SA District, general obligation (GO) bonds to be repaid by property (ad valorem) taxes levied on property within the District (for GO debt), or revenue bonds to be repaid by specific revenues generated within the

District (revenue bonds). The District has \$17.8 million of authorized GO bonds authority remaining. The District was created by petition to the City Council by property owners within the area to be covered by the District, and comprises approximately 2,105 acres.

Special Assessments Bonds

The CFD Board of Directors has pledged revenue derived from an annual assessment and levy of taxes on the real property of the Sundance CFD No. 3 to repay \$2,050,000 in special assessment bonds issued June 2004. Proceeds were used for infrastructure improvements within the special assessment District. During the current year the \$163,000 remaining principal amount of the bond was paid off. Principal and interest paid for the current year approximate amounts received from special assessment properties, which, at times exceed special assessments billed for the year.

City of Buckeye, Arizona

Notes to Financial Statements

General Obligation Bonds

The CFD Board of Directors has pledged revenue derived from the property taxes levied on the real property of the Sundance CFD to repay \$17,945,000 in general obligation bonds issued March 2014. Proceeds were used for the construction and acquisition of public infrastructure. The bonds are payable from property taxes levied on properties within the District. The remaining principal of \$11,710,000 was paid with refunding bonds series 2024. The principal paid for the current year was \$750,000.

In November 2018, the CFD Board of Directors pledged revenue derived from the property taxes levied on the real property of the Sundance CFD to repay \$3,140,000 in general obligation refunding bonds. The proceeds of the refunding bonds were used to refund \$3,045,000 of outstanding Series 2005 general obligation bonds. The total principal remaining to be paid on the bonds is \$1,565,000. The principal paid for the current year was \$300,000.

In November 2018, the CFD Board of Directors pledged revenue derived from the property taxes levied on the real property of the Sundance CFD to repay \$3,265,000 in general obligation bonds, whose proceeds were used for infrastructure improvements within the District. The total principal remaining to be paid on the bonds is \$3,265,000. No principal was paid during the year. The first principal payment will be FY 2034-35.

In June 2024, the CFD Board of Directors pledged revenue derived from the property taxes levied on the real property of the Sundance CFD to repay \$11,115,000 in general obligation refunding bonds. The proceeds of the refunding bonds were used to refund \$11,710,000 of outstanding Series 2014 general obligation bonds. The proceeds were placed in an irrevocable trust to provide for all future debt service payments on the defeased bonds until they are redeemed in September 2024. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the District's financial statements. This refunding was undertaken to reduce total debt service payments over the next 10 years by \$774,966 and resulted in an economic gain of \$604,660. The total principal remaining to be paid on the bonds is \$10,635,000. The principal paid for the current year was \$480,000.

The **Tartesso West** CFD is a special purpose district created specifically to acquire or construct public infrastructure within specific areas of the City of Buckeye, Arizona. The District is authorized under state law to issue special assessment (SA) revenue bonds to be repaid by the property within the SA District, general obligation (GO) bonds to be repaid by property (ad valorem) taxes levied on property within the District (for GO debt), or revenue bonds to be repaid by specific revenues generated within the District (revenue bonds). The District has \$151.0 million of authorized GO bonds authority remaining. The District was created by petition to the City Council by property owners within the area to be covered by the District. The District comprises approximately 5,396 acres.

General Obligation Bonds

The CFD Board of Directors has pledged revenue derived from property taxes levied on the real property of the Tartesso West CFD to repay \$6,430,000 in general obligation refunding bonds issued August 2018. The proceeds of the refunding bonds were used to refund \$6,221,000 of outstanding Series 2005 and 2007 general obligation bonds. The bonds are payable from property taxes levied on properties within the District. The total principal remaining to be paid on the bonds is \$4,035,000. The total principal paid during the year was \$430,000.

The CFD Board of Directors has pledged revenue derived from property taxes levied on the real property of the Tartesso West CFD to repay \$7,310,000 in general obligation bonds issued September 2021. Proceeds were used for the acquisition and construction of public infrastructure. The remaining total principal to be paid being \$6,655,000. The total principal paid during the year was \$210,000.

The CFD Board of Directors has pledged revenue derived from property taxes levied on the real property of the Tartesso West CFD to repay \$6,960,000 in general obligation bonds issued June 2022. Proceeds were used for the acquisition and construction of public infrastructure. The remaining total principal to be paid on the bonds is \$6,960,000. The first principal payment will be in FY 2036-37.

City of Buckeye, Arizona

Notes to Financial Statements

The **Verrado District 1** CFD is a special purpose district created specifically to acquire or construct public infrastructure within specific areas of the City of Buckeye, Arizona, and is authorized under state law to issue general obligation (GO) or revenue bonds to be repaid by property (City) taxes levied on property within the District (for GO debt), or by specific revenues generated within the District (revenue bonds). The District was created by petition to the City Council by property owners within the area to be covered by the District, and debt may be issued only after approval of the voters within the District. The District has no remaining authorization to issue GO bonds. The District comprises approximately 8,800 acres.

General Obligation Bonds

The CFD Board of Directors has pledged revenue derived from the property taxes levied on the real property of the Verrado CFD No. 1 to repay \$20,400,000 in general obligation refunding bonds, Series 2013A issued July 2013. Proceeds were used to currently refund the full outstanding amount of Verrado Community Facilities District No. 1 general obligation bonds Series 2003. The bonds are payable from property taxes levied on property within the District. The total remaining principal \$7,070,000 was paid with refunding bonds Series 2023.

The CFD Board of Directors has pledged revenue derived from the property taxes levied on the real property of the Verrado CFD No. 1 to repay \$6,000,000 in general obligation bonds Series 2013B, issued July 2013. Proceeds were used for the construction and acquisition of public infrastructure. The bonds are payable from property taxes levied on property within the District. The total remaining principal \$4,940,000 was paid with refunding bonds Series 2023.

The CFD Board of Directors has pledged revenue derived from the property taxes levied on the real property of the Verrado CFD No. 1 to repay \$14,055,000 in general obligation bonds Series 2017, issued March 2017. Proceeds were used to currently refund the full outstanding amount of Verrado Community Facilities District No. 1, Series 2006. The bonds are payable from property taxes levied on property within the District. The total principal remaining to be paid on the bonds is \$8,445,000. The principal paid for the current year was \$1,050,000.

The CFD Board of Directors has pledged revenue derived from the property taxes levied on the real property of the Verrado CFD No. 1 to repay \$10,000,000 in general obligation bonds Series 2020, issued November 2020. Proceeds were used for the construction and acquisition of public infrastructure. The bonds are payable from property taxes levied on property within the District. The total principal remaining to be paid on the bonds is \$9,085,000. The principal paid for the current year was \$365,000.

The CFD Board of Directors has pledged revenue derived from the property taxes levied on the real property of the Verrado CFD No. 1 to repay \$14,200,000 in general obligation bonds Series 2021, issued September 2021. Proceeds were used for the construction and acquisition of public infrastructure. The bonds are payable from property taxes levied on property within the District. The total principal remaining to be paid on the bonds is \$11,640,000. The principal paid for the current year was \$870,000.

The CFD Board of Directors has pledged revenue derived from the property taxes levied on the real property of the Verrado CFD No. 1 to repay \$11,825,000 in general obligation refunding bonds, Series 2023, issued September 2023. Proceeds were used to refund the full outstanding amount of Verrado Community Facilities District No. 1 general obligation bonds Series 2013. This refunding was undertaken to reduce total debt service payments over the next 10 years by \$769,634 and resulted in an economic gain of \$702,189. The bonds are payable from property taxes levied on property within the District. The total principal remaining to be paid on the bonds is \$9,875,000. The principal paid for the current year was \$1,950,000.

The CFD Board of Directors has pledged revenue derived from the property taxes levied on the real property of the Verrado CFD No. 1 to repay \$25,910,000 in general obligation bonds Series 2023, issued September 2023. Proceeds were used for the construction and acquisition of public infrastructure. The bonds are payable from property taxes levied on property within the District. The total principal remaining to be paid on the bonds is \$25,725,000. The principal paid for the current year was \$185,000.

The **Verrado Western Overlay** CFD is a special purpose district created specifically to acquire or construct public infrastructure within specific areas of the City of Buckeye, Arizona, and is authorized under state law to issue general obligation (GO) or revenue bonds to be repaid by property (ad valorem) taxes levied on property within the District (for GO debt), or by specific revenues generated within the District (revenue bonds). The District was created by petition to the City Council by property owners within the area to be covered by the District, and debt may be issued only after approval of the voters within the District. The District has \$47 million of authorized GO bonds authority remaining. The District comprises approximately 5,120 acres and resides within the Overlay District and Verrado District CFD No. 1.

City of Buckeye, Arizona

Notes to Financial Statements

General Obligation Bonds

The CFD Board of Directors has pledged revenue derived from the property taxes levied on the real property of the Verrado Western Overlay CFD to repay \$13,000,000 in variable rate general obligation bonds issued November 2004. Proceeds were used for the construction and acquisition of public infrastructure. The bonds are payable from property taxes levied on property owners within the District. By way of a current refunding, these bonds were fully defeased through the issuance of \$7,515,000 Verrado Western Overlay General Obligation Refunding Bonds, Series 2019 issued in October 2019. The total principal remaining to be paid on the bonds is \$5,690,000. The principal paid for the current year was \$425,000.

The **Watson Road** CFD (WRCFD) is a special purpose district created specifically to acquire or construct public infrastructure within specific areas of the City of Buckeye, Arizona, and was authorized under state law to issue special assessment (SA) revenue bonds to be repaid by the property within the District (revenue bonds). The District was created by petition to the City Council by property owners within the area to be covered by the District. The District comprises approximately 2,080 acres.

Special Assessment Bonds

The CFD Board of Directors has pledged revenue derived from an annual assessment on the real property of the Watson Road CFD to repay \$49,000,000 in special assessment bonds Series 2005, issued December 2005. Proceeds were used to refund the full outstanding amount of Watson Road CFD, Series 2005. By way of a current refunding, these bonds were fully defeased through the issuance of \$20,914,000 Watson Road Assessment Refunding Bonds, Series 2020 issued in March 2020. Bonds are payable solely from assessments on the property within the District. The total principal remaining to be paid on the bonds is \$10,688,754. The principal paid for the current year was \$1,848,140. Principal and interest paid for the current year approximate amounts received from special assessment properties, which, at times exceed special assessments billed for the year.

The **Westpark** CFD is a special purpose district created specifically to acquire or construct public infrastructure within specific areas of the City of Buckeye, Arizona, and is authorized under state law to issue special assessment lien (SA), general obligation (GO) or revenue bonds to be repaid by property (ad valorem) taxes levied on property within the District (for GO debt), or by specific revenues generated within the District (revenue bonds). The District was created by petition to the City Council by property owners within the area to be covered by the District, and debt may be issued only after approval of the voters within the District. The District has \$17.3 million of authorized GO bonds authority remaining.

Special Assessments Bonds

The CFD Board of Directors has pledged revenue derived from an annual assessment on the real property of the Westpark CFD (Assessment District 1) to repay \$3,800,000 in special assessment revenue bonds issued May 2005. Proceeds were used for infrastructure improvements within the special assessment District. The bonds are payable solely from assessments on the property owners. The total principal remaining to be paid on the bonds is \$414,000. The principal paid for the current year was \$79,000. Principal and interest paid for the current year approximate amounts received from special assessment property owners, which, at times exceed special assessments billed for the year.

General Obligation Bonds

The CFD Board of Directors has pledged revenue derived from the property taxes levied on the real property of the Westpark CFD to repay \$5,895,000 in general obligation bonds Series 2016, issued November 2016. Proceeds were used to refund the full outstanding amounts of Westpark CFD General Obligation Bonds Series 2005 and Series 2006 and advance refund the full outstanding balance of Westpark CFD General Obligation Bonds Series 2007. The bonds are payable from property taxes levied on property owners within the District. The total principal remaining to be paid on the bonds is \$3,380,000. The principal paid for the current year was \$340,000.

The following table shows interest rate, maturity date, original issue amount, principal amount outstanding, and all debt issued by the City and various CFDs.

The personnel policy allows up to 160 hours of each employee's accrued vacation hours to be redeemed at the employee's request. These amounts are included in the changes in the long-term obligations schedule. Liquidation of compensated absences, other post-employment benefits, and net pension liability for governmental funds have been made from the General, HURF and the Area Agency on Aging funds.

Note 13 - Interfund Transfers

At year end, there were several non-major governmental funds with a negative cash balance in the pooled cash account. The short-term negative cash balance was eliminated by interfund borrowing with the General Fund and is expected to be repaid within one year. These funds included Grants, Area Agency on Aging, Community Services Social Service Program, Anthem Sun Valley O&M, Elianto O&M, Trillium O&M, Mirielle O&M and Festival Ranch Special Assessment totaling \$364,570.

Interfund transfers, amounts transferred between major funds, nonmajor governmental funds, and nonmajor enterprise funds occurred during the fiscal year to provide funding for capital improvements, paving maintenance, and asset replacement. Interfund transfers for the year ended June 30, 2024, consisted of the following:

City of Buckeye, Arizona
Notes to Financial Statements

Transfers To	Transfers From				Total
	General Fund	Impact Fees Fund	Nonmajor Governmental Fund	Nonmajor Enterprise Fund	
General Fund	\$ -	\$ 1,148,875	\$ 2,421,503	\$ 2,179	\$ 3,572,557
Highway Users Revenue Fund	3,000,000	-	-	-	3,000,000
Capital Improvement Fund	13,692,871	9,015,623	31,805	-	22,740,299
Verrado District 1 Fund	-	-	27,200,000	-	27,200,000
Nonmajor Governmental Funds	615,018	-	4,113,170	22,173	4,750,361
Total	\$ 17,307,889	\$ 10,164,498	\$ 33,766,478	\$ 24,352	\$ 61,263,217

Transfers were made for operations in the applicable funds and debt service transfers for debt service payments made in other funds. In addition, transfers to cover capital improvements projects were also made during the year. This includes transfers from the general government to the proprietary funds for the developer reimbursements of new water lines, water transmission lines, and offsite sewer lines.

There also was a transfer of \$5,286,069 from Business-Type Activities to Governmental Activities for the movement of the Airport Fund to the General Fund. Since the general fund is already covering a significant portion of the airport's expenses, this transition will lead to a more streamline allocation of resources.

Note 14 - Risk Management

The City of Buckeye, Arizona, is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The City's insurance protection is provided by the Arizona Municipal Risk Retention Pool, of which the City is a participating member. The limit for basic coverage is \$3,000,000 per occurrence on a claims-made basis. Excess coverage is for an additional \$3,000,000 per occurrence on a follow form, on a claims-made basis. No significant reduction in insurance coverage occurred during the year, and no settlements exceeded insurance coverage during any of the past three fiscal years.

The Arizona Municipal Risk Retention Pool is structured such that member premiums are based on an actuarial review that will provide adequate reserves to allow the pool to meet its expected financial obligations. The pool has the authority to assess its members' additional premiums should the reserves and annual premiums be insufficient to meet the pool's obligations.

The City is also insured by the Arizona Municipal Workers Compensation Fund for potential worker-related accidents.

Note 15 - Retirement Plans

The City contributes to the three plans described below. The plans are component units of the State of Arizona. At June 30, 2024, the City reported the following aggregate amounts related to pensions for all plans to which it contributes:

Statement of Net Position and Statement of Activities	Governmental Activities	Business-Type Activities	Total
Net pension liabilities	\$ 57,904,675	\$ 8,450,239	\$ 66,354,914
Deferred outflows of resources	27,849,759	1,985,349	29,835,108
Deferred inflows of resources	5,023,087	298,977	5,322,064
Pension expense	12,152,548	1,668,446	13,820,994

Arizona State Retirement System

Plan Description – City employees, not covered by the other pension plans described below, participate in the Arizona State Retirement System (ASRS). The ASRS administers a cost-sharing multiple-employer defined benefit pension plan, a cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan, and a cost-sharing multiple-employer defined benefit long-term disability (OPEB) plan. The Arizona State Retirement System Board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Articles 2 and 2.1. The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on its Web site at www.azasrs.gov.

The OPEB plans are not further discussed because of their relative insignificance to the City's financial statements.

City of Buckeye, Arizona
Notes to Financial Statements

Benefits Provided – The ASRS provides retirement, health insurance premium supplement, long-term disability, and survivor benefits. State statute establishes benefits terms. Retirement benefits are calculated based on age, average monthly compensation, and service credit as follows:

	Initial Membership Date	
	Before July 1, 2011	On or after July 1, 2011
Years of service and age required to receive benefits	Sum of years and age equals 80 10 years; age 62 5 years; age 50* Any years; age 65	30 years; age 55 25 years; age 60 10 years; age 62 5 years; age 50* Any years; age 65
Final average salary is based on	Highest 36 consecutive months of last 10 years	Highest 60 consecutive months of last 10 years
Benefit % per year of service	2.1% to 2.3%	2.1% to 2.3%

*With actuarially reduced benefits

Retirement benefits for members who joined the ASRS prior to September 13, 2013, are subject to automatic cost-of-living adjustments based on excess investment earning. Members with a membership date on or after September 13, 2013, are not eligible for cost-of-living adjustments. Survivor benefits are payable upon a member’s death. For retired members, the survivor benefit is determined by the retirement benefit option chosen. For all other members, the beneficiary is entitled to the member’s account balance that includes the member’s contributions and employer’s contributions, plus interest earned.

Contributions - In accordance with state statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the year ended, active ASRS members were required by statute to contribute at the actuarially determined rate of 12.29% (12.14% for retirement and Health and 0.15% for long-term disability) of the members’ annual covered payroll, and the City was required by statute to contribute at the actuarially determined rate of 12.29% (12.03% for retirement, 0.11% for health insurance premium benefit, and 0.15% for long-term disability) of the active members’ annual covered payroll. In addition, the City was required by statute to contribute at the actuarially determined rate of 9.99% (9.94% for retirement and 0.05% for long-term disability) of annual covered payroll of retired members who worked for the City in positions that would typically be filled by an employee who contributes to the ASRS. The City’s contributions to the pension plan for the year ended June 30, 2024, were \$5,441,609.

During the fiscal year 2024, the City paid for ASRS pension and OPEB contributions as follows: 74.7% from the General Fund, 19.2% from enterprise funds, 6.3% from other funds. The City’s pension and OPEB contributions are paid from the same funds as the employee’s salary with the largest component coming from the General Fund.

Pension Liability – On June 30, 2024, the City reported a liability of \$43,914,823 for its proportionate share of the ASRS’ net pension liability. The net pension liability was measured as of June 30, 2023. The total pension liability used to calculate the net pension liability was determined using updated procedures to roll forward the total pension liability from an actuarial valuation as of June 30, 2022, to the measurement date of June 30, 2023.

The City’s reported liability at June 30, 2024, increased to \$43,914,823 from the City’s prior year liability of \$40,266,919 because of changes in the ASRS’ net pension liability and the City’s proportionate share of that liability

The City’s proportion of the net pension liability was based on accrued retirement contributions for employers that were members of the ASRS as of June 30, 2023. The City’s proportion measured as of June 30, 2023, was 0.27139%, which was an increase of .02469% from its proportion measured as of June 30, 2022.

Pension Expense and Deferred Outflows/Inflows of Resources – For the year ended June 30, 2024, the City recognized pension expense for ASRS of \$8,998,657. At June 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

City of Buckeye, Arizona

City contributions subsequent to the measurement date	5,441,609	-
	\$ 10,317,607	\$ 1,553,745

The \$5,441,609 reported as deferred outflows of resources related to ASRS pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to ASRS pensions will be recognized in pension expense as follows:

	Pension
Year ending June 30:	
2025	\$ 2,545,605
2026	(704,752)
2027	1,674,477
2028	(193,077)
2029	-
Total	\$ 3,322,253

Actuarial Assumptions – The significant actuarial assumptions used to measure the total pension liability are as follows:

	Pension
Actuarial valuation date	June 30, 2022
Actuarial roll forward date	June 30, 2023
Actuarial cost method	Entry age normal
Asset valuation	Fair value
Discount rate	7.0%
Projected salary increases	2.9 - 8.4%
Inflation	2.3%
Permanent benefit increase	Included
Mortality rates	2017 SRA Scale U-MP

The actuarial assumptions used in the June 30, 2022, valuation were based on the results of an actuarial experience study for the five-year period ended June 30, 2020. The purpose of the experience study was to review actual experience in relation to the actuarial assumptions in effect. The ASRS Board adopted the experience study recommended changes which were applied to the June 30, 2020, actuarial valuation.

The expected long-term rate of return on investments was determined to be 7.0 percent using a building-block method in which best-estimate ranges of expected future real rates of returns (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the expected long-term rate of return by weighting the expected future real rates of return by the target asset allocation percentage. On June 29, 2018, the ASRS Board approved updated strategic asset allocation targets to be effective beginning July 2018. The ASRS' estimates of geometric real rates of return for each major asset class are summarized in the following table:

	Target Asset Allocation	Real Return Geometric Basis	Long-Term Expected Real Rate of Return
Equity	44%	3.50%	1.54%
Fixed Income - Credit	23%	5.90%	1.36%
Fixed Income - Interest Rate Sensitive	6%	1.50%	0.09%
Private Equity	10%	6.70%	0.67%
Real Estate	17%	5.90%	1.00%
Total	100%		4.66%

City of Buckeye, Arizona

Notes to Financial Statements

Actual returns may be different due to volatility of returns.

Discount Rate – The discount rate used to measure the ASRS total pension liability was 7.0%. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the ASRS Board’s funding policy, which establishes the contractually required rate under Arizona statute. Based on those assumptions, the Retirement Fund’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City’s Proportionate Share of the ASRS Net Pension Liability to Changes in the Discount Rate – The following table presents the net pension liability of the City’s proportionate share of the net pension liability calculated using the discount rate of 7.0%, as well as what the City’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.0%) or 1 percentage point higher (8.0%) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
Net Liability	6.0%	7.0%	8.0%
Retirement	\$ 65,777,956	\$ 43,914,823	\$ 25,684,839

Pension Plan Fiduciary Net Position – Detailed information about the pension plan’s fiduciary net position is available in the separately issued ASRS financial report. The report is available on the ASRS website at www.azasrs.gov.

Public Safety Personnel Retirement System (PSPRS)

Plan Descriptions – City’s police employees and fire employees who are regularly assigned hazardous duty to participate in the Public Safety Personnel Retirement System (PSPRS). The PSPRS administers an agent multiple-employer defined benefit pension plan and an agent multiple-employer defined benefit health insurance premium benefit (OPEB) plan (agent plans). A nine-member board known as the Board of Trustees and the participating local boards govern the PSPRS according to the provisions of A.R.S. Title 38, Chapter 5, Article 4.

Employees who are PSPRS members before July 1, 2017, participate in the agent plans, and employees who became PSPRS members on or after July 1, 2017, participate in the cost-sharing plans (PSPRS Tier 3 Risk Pool). The PSPRS Tier 3 Risk Pool plan(s) and the PSPRS OPEB plans are not further disclosed because of the relative insignificance to the City’s financial statements.

The PSPRS issue publicly available financial reports that include their financial statements and required supplementary information. The reports are available on the PSPRS Web site at www.psprs.com.

Benefits Provided – The PSPRS provides retirement, health insurance premium supplement, disability, and survivor benefits. State statute establishes benefits terms. Retirement, disability, and survivor benefits are calculated based on age, average monthly compensation, and service credit as follows:

	Initial Membership Date		
	Before January 1, 2012 (Tier 1)	On or after January 1, 2012 and before July 1, 2017 (Tier 2)	On or after July 1, 2017 (Tier 3)
	Retirement and disability years of service and age required to receive benefits	20 years of service, any age OR 15 years and age 62	25 years of service OR 15 years of credited service and age 52.5
Final average salary is based on	Highest 36 consecutive months of last 20 years	Highest 60 consecutive months of last 20 years	Highest 60 consecutive months of last 15 years
	Benefit percent:		
Normal retirement	50% less 2.0% for each year of credited service less than 20 years OR plus 2.0% to 2.5% for each year of credited service over 20 years, not to exceed 80%	1.58% to 2.5% per year of credited service, not to exceed 80%	1.5% to 2.5% per year of credited service, not to exceed 80%

City of Buckeye, Arizona
Notes to Financial Statements

Accidental disability retirement	50% or normal retirement, whichever is greater
Catastrophic disability retirement	90% for the first 60 months then reduced to either 62.5% or normal retirement, whichever is greater
Ordinary disability retirement	Normal retirement calculated with actual years of credited service or 20 years of credited service, whichever is greater, multiplied by years of credited service (not to exceed 20 years) divided by 20
Survivor benefit:	
Retired members	80% - 100% of retired members pension benefit
Active members	80% - 100% of accidental disability retirement benefit or 100% of average monthly compensation if death was the result of injuries on the job

Retirement and survivor benefits are subject to automatic cost-of-living adjustments based on inflation. PSPRS also provides temporary disability benefits of 50% of the members' compensation for up to 12 months.

Employees Covered by Benefit Terms – At June 30, 2024, the following employees were covered by the agent pension plans' benefit terms:

	PSPRS Police	PSPRS Fire
Inactive employees or beneficiaries currently receiving benefits	27	9
Inactive employees entitled to but not yet receiving benefits	12	8
Active employees	60	74
Total	99	91

Contributions and Annual OPEB Cost – State statutes establish the pension contribution requirements for active PSPRS employees. In accordance with state statutes, annual actuarial valuations determine employer contribution requirements for PSPRS pension and health insurance premium benefits. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. Contribution rates for the year ended June 30, 2024, are indicated below. Rates are a percentage of active members' annual covered payroll.

	Tier 1 & 2		Tier 3	
	PSPRS - Police	PSPRS - Fire	PSPRS - Police	PSPRS - Fire
Active members				
Pension	7.65%	7.65%	8.69%	8.69%
Health insurance premium benefit	0.00%	0.00%	0.12%	0.12%
City				
Pension	29.68%	20.20%	24.82%	12.73%
Health insurance premium benefit	0.41%	0.38%	0.12%	0.12%
City Total	30.09%	20.58%	24.94%	12.85%

In addition, the City was required by statute to contribute at the actuarially determined rate of 15.38% for Police and 8.0% for Fire for the PSPRS of annual covered payroll of retired members who worked for the City in positions that would typically be filled by an employee who contributes to the PSPRS.

For the agent plans, the City's contributions to the pension plan for the year ended June 30, 2024, were:

	PSPRS Police	PSPRS Fire
Pension contributions made	\$ 3,655,731	\$ 2,592,699

During the fiscal year 2024, the City paid for PSPRS pension contributions from both the General Fund and the Nuclear Emergency Management Fund.

City of Buckeye, Arizona

Notes to Financial Statements

Pension Liability – At June 30, 2024, the City reported the following net pension liabilities:

	Net Pension Liability
PSPRS Police	\$ 15,579,124
PSPRS Fire	6,860,967

The net pension liabilities were measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Pension Actuarial Assumptions – The significant actuarial assumptions used to measure the total pension liability are as follows:

Actuarial valuation date	June 30, 2023
Actuarial cost method	Entry age normal
Asset Valuation Method	Fair value of assets
Price Inflation	2.50%
Cost-of-living adjustment	1.85%
Projected salary increases - Police	3.25% - 15.00% including inflation
Projected salary increases - Fire	3.75% - 15.00% including inflation
Investment rate of return	7.20%
Permanent benefit increase	Included
Mortality tables	PubS-2010 tables

Actuarial assumptions used on June 30, 2023, valuation were based on the results of an actuarial experience study of the period July 1, 2016 – June 30, 2021.

The long-term expected rate of return on PSPRS pension plan investments was determined to be 7.2% using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. Public Equity	24%	3.98%
International Public Equity	16%	4.49%
Global Private equity	20%	7.28%
Other Assets (Capital Appreciation)	7%	4.49%
Private Credit	20%	6.19%
Core Bonds	6%	1.90%
Diversifying Strategies	5%	3.68%
Cash - Mellon	2%	0.69%
Total	100%	

Pension Discount Rates – The PSPRS Police and PSPRS Fire used a discount rate of 7.2% to measure the total pension liabilities, which was a decrease of 0.1 from the discount rate used as of June 30, 2022. The projection of cash flows used to determine the PSPRS discount rates assumed that plan member contributions will be made at the current contribution rate and those employer contributions will be made at rates equal to the difference between the actuarially determined contribution rate and the member rate. Based on those assumptions, the pension plans’ fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

City of Buckeye, Arizona

Notes to Financial Statements

Pension Expense – For the year ended June 30, 2024, the City recognized \$2,832,294 for PSPRS Police and \$1,990,042 for PSPRS Fire in pension expense.

Pension Deferred Outflows/Inflows of Resources – At June 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Pensions	
	Deferred Outflows of Resources	Deferred Inflows of Resources
PSPRS Police		
Difference between expected and actual experience	\$ 3,951,076	\$ 839,991
Changes in assumptions	619,567	-
Difference between projected and actual investment earnings	384,170	-
City contributions subsequent to the measurement date	3,655,731	-
	<u>\$ 8,610,544</u>	<u>\$ 839,991</u>
PSPRS Fire		
Difference between expected and actual experience	\$ 6,959,996	\$ 2,910,891
Changes in assumptions	884,341	17,437
Difference between projected and actual investment earnings	469,921	-
City contributions subsequent to the measurement date	2,592,699	-
	<u>\$ 10,906,957</u>	<u>\$ 2,928,328</u>

The amounts reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability (or an increase in the net pension asset) in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Police Pension	Fire Pension
Year ending June 30:		
2025	\$ 729,151	\$ 805,811
2026	465,278	438,164
2027	1,636,984	1,777,277
2028	743,036	630,364
2029	540,373	524,512
Thereafter	-	1,209,802
Total	<u>\$ 4,114,822</u>	<u>\$ 5,385,930</u>

Firefighters' Relief and Pension Fund

The City of Buckeye Volunteer Firefighters' Relief and Pension Fund is a defined contribution pension plan administered by the City and a board of trustees for the City's volunteer firefighters.

A defined contribution pension plan provides pension benefits in return for services rendered, provides an individual account for each participant, and specifies how contributions to the individual's account are to be determined instead of specifying the amount of benefits the individual is to receive. According to state statute, a volunteer firefighter who has served for 25 years or more or has reached 60 years of age and has served 20 years or more shall be eligible to receive a monthly retirement not to exceed \$150 per month, as determined by the board of trustees. Such pension, if paid, may be increased or decreased in amount, or discontinued at the discretion of the board of trustees. Pension and relief benefits may only be paid from the income of the trust fund.

However, a firefighter who leaves the service without being eligible for retirement benefits is entitled to all previous deductions from his salary plus interest at a rate determined by the board of trustees. As established by state statute, in lieu of another acceptable pension plan, all volunteer firefighters must participate in the pension plan from the date they enter service.

City of Buckeye, Arizona

Notes to Financial Statements

The State of Arizona is required by statute to contribute a portion of the annual tax received on fire insurance premiums. During the fiscal year ended June 30, 2024, there were no contributions made.

No pension provision changes occurred during the year that affected the required contributions made by the City or its volunteer firefighters. The Firefighters' Relief and Pension Fund held no securities of the City or other related parties during the fiscal years or as of the close of the fiscal year.

Post-employment Health Plan

The City's post-employment health benefit plan is a defined contribution health benefit plan established by the City in May of 2013 to provide health benefits at retirement to qualified general and public safety employees of the City. The plan is administered by Nationwide Retirement Solutions. On June 30, 2024, there were 154 plan members. Plan membership is required at a cost of \$10 plus 0.50 percent of covered salary per pay period to the employee. The City does not contribute to the plan. Plan provisions and contribution requirements are established and may be amended by the City Council.

Note 16 - Contingent Liabilities

Tartesso Wastewater Treatment Plant - On May 19, 2015, the City entered into an agreement to purchase Tartesso Wastewater Treatment Plant (WWTP) for \$14,930,544. The purchase price is to be paid from the City's collection of wastewater impact fees from users of the Tartesso WWTP located in the Central North service area within City. Each payment is to be made quarterly and will be made up of wastewater impact fees collected by the City in the quarter. The City's payment obligation for the purchase price terminates when the purchase price is paid in full. Interest will not be charged on any unpaid balance of the purchase price. As of June 30, 2024, the remaining obligation is \$1,313,224, which is contingent on collection of impact fees.

The City has also committed to reimburse the seller of the Tartesso WWTP for the construction and installation of an additional well, Tartesso Well No. 3, provided the seller performs the work in compliance with procurement laws and the City's requirements. In addition, upon the City Engineer's acceptance of Tartesso Well No. 3, the seller will be entitled to reimbursement of all eligible and verified costs from water development impact fees collected from the Tartesso West project. As of June 30, 2024, the remaining obligation is \$106,560, which is contingent on collection of impact fees.

On August 6, 2019, the City entered into an agreement to develop a permanent fire station (Tartesso Fire Station 705) once growth met the agreement's threshold of 1,500 certificates of occupancy issued. The land has been donated by the developer by a special warranty deed. The estimated costs for improvements at the time of the agreement were \$5,700,000. As of June 30, 2024, the City's remaining obligation was \$1,273,755 that is contingent on collection of impact fees.

On March 19, 2013, the City entered into agreements with Tartesso 1261 LLC for water/wastewater infrastructure and related appurtenances relating to Tartesso West Development Units 1, 2A and 2B 36-inch raw waterlines. As of June 30, 2024, the remaining obligation was \$387,906.

Global Water - On July 9, 2015, the City acquired Global Water Resources, Inc. (Global Water), a water utility service corporation through the issuance of the Excise Tax Revenue Obligation Bonds series 2015, in the amount of \$51,260,000. In addition to the consideration paid of \$51,260,000, the City has agreed to pay a growth premium equal to \$3,000 per new account during the growth period, up to \$45,000,000. The growth period is defined at the period of 20 years commencing January 1, 2015. Growth premiums paid during the current year were \$2,796,000. Growth premiums paid to date are \$11,874,000.

Sundance Wastewater 8th Amendment – On January 19, 2021, The City entered into an agreement to reimburse The Sundance Expansion Owner the Maximum Expansion Phase Reimbursement amount \$10,892,735, the Maximum Lift Station Reimbursement amount \$6,211,852 and the Maximum Sewer Lines Reimbursement amount of \$1,002,414. The total amount of the Eight Amendment shall not exceed \$18,107,001 is contingent on collection of sewer development fees. As of June 30, 2024, the obligation was \$16,210,199.

Federal and State Grants and Loans – The City has received a number of grants and loans from both the Federal and State governments. Although the programs have been audited, not all audits have been approved as of June 30, 2024; however, the City expects no material disallowances of expenditures.

Lawsuits - In 2013, the City settled a legal action brought by a group of developers alleging that the City had breached the terms of a Letter of Understanding and Memorandum of Understanding between the City and the developers. Under the settlement, the City agreed to provide monetary relief up to \$7,250,000, to be paid in an initial payment of \$2,000,000, with the remaining \$5,250,000 contingent upon the occurrence of connections.

City of Buckeye, Arizona

Notes to Financial Statements

The contingent amount payable by the City for each connection shall be the following amounts:

- For each single-family home or unit connection, an amount equal to \$1,250; and
- For each commercial, industrial, or other non-residential connection, an amount equal to the lesser of (A) \$5,000, or (B) 25% of the amount normally charged as a wastewater connection fee for such type building.

As of, the City has not recorded a provision for the remaining \$5,250,000 as the liability is contingent upon the occurrence of connections and management does not believe payment of the entire amount is probable. The City believes, however, that any liability it may incur would not have a material adverse effect on its financial condition or its results of operations. As of June 30, 2024, the City has paid out 953 single-family home connections for a total of \$1,201,527.

The City is a party to several various types of lawsuits, many of which normally occur in governmental operations. The ultimate outcome of the actions is not determinable; however, City management believes that the outcome of these proceedings, either individually or in the aggregate, will not have a materially adverse effect on the accompanying financial statements.

Note 17 – Tax Abatement and Contract Obligations Agreements

The City enters into various agreements with the local businesses under Arizona Revised Statute 9-500.05 and 9-500.11. Under the Revised Statute, the City is empowered to appropriate public funds to further employment opportunities and economic enhancement of the City. These agreements may be granted to any businesses located within or promising to relocate to the City. The City has determined that it is in the best interests of the citizens of the City to rebate a portion of the sales taxes generated and collected from the certain business's retail sales to reimburse the businesses for certain amounts advanced by the business. In addition, the City has entered into development agreements to reimburse developers for the construction of public infrastructure that will benefit the community; all to provide opportunities for enhanced economic welfare and new job creation in the City.

For the fiscal year ended June 30, 2024, the City has thirteen active development agreements.

- The agreement stipulates that the business owner will construct and develop a new facility on a piece of land to provide a unique retail business for the City, increase the value of the land for property tax purposes, create new opportunities for employment in the City, and enhance retail transaction (sales) tax. The City will reimburse the owner 49% of sales taxes generated and collected by the business for up to 15 years up to a total of \$2,500,000. During the fiscal year, \$220,261 was paid as a rebate.
- The agreement stipulates that the business owner provides funds for the City's design, construction, and installation of certain public improvements. This sales tax rebate is limited to the full reimbursement of the funds received from the retail business that they provided to the City to design, construct, and install the necessary public infrastructure. The City will reimburse the owner 49% of sales taxes generated and collected by the business for up to 20 years, up to a total of \$1,350,000. During the fiscal year, \$162,628 was paid as a rebate.
- The agreement stipulates that the business owner will construct and develop a new facility on a piece of land and increase the values of the land for property tax purposes. The City will reimburse the owner 49% of the construction taxes collected up to \$171,000. The City reimbursed the owner \$129,000 in permit fees in the prior year. During the fiscal year \$12,749 in sales taxes were rebated.
- The agreement stipulates that the business owner will design, construct, and install certain public infrastructure. The owner has agreed to contribute \$900,000 towards the cost of the improvements and in addition the existing tenants have agreed to make a direct payment to the City of \$900,000 towards this amount. The City will reimburse the owner up to \$7,983,854. During the fiscal year, no funds were rebated.
- The agreement stipulates that the business owner will design, construct, and install certain public improvements. The City will reimburse the owner 49% of sales tax generated and collected, up to a total of \$7,595,137. During the fiscal year, \$1,964,450 in sales taxes were rebated.
- The agreement stipulates that the business owner will design, construct, and install certain public infrastructure. The City will reimburse the owner up to \$9,708,100. During the fiscal year, \$9,708,100 was paid as a rebate.
- The agreement stipulates that the business owner will design, construct, and install certain public infrastructure. The City will reimburse the owner an amount up to \$961,196. During the fiscal year, \$951,494 was rebated.

City of Buckeye, Arizona

Notes to Financial Statements

- The agreement stipulates that the business owner will design, construct, and install certain public infrastructure. The City will reimburse the owner up to \$3,462,000. During the fiscal year, \$2,937,883 were rebated.
- The agreement stipulates that the business owner will design, engineer, permit, and install certain public infrastructure. The City will reimburse the owner up to \$4,605,167. During the fiscal year, no funds were rebated.
- The agreement stipulates that the business owner will design, engineer, permit, construct and install certain public infrastructure. The City will reimburse the owner permit fees, 75% of sales taxes generated and collected by the business, up to a total of \$16,500,000 plus interest. During the fiscal year, no funds were rebated.
- The agreement was signed that stipulates the business owner develop mixed retail space, dining, and entertainment center and establish a space for the City’s operation of police substation at no cost to the City. The City will reimburse the owner permit fees, 49% of sales taxes generated and collected by the business, in an amount not to exceed \$3,700,000 of verified costs. During the fiscal year, no funds were rebated.
- The agreement stipulates that the business owner will design, construct, and install certain public infrastructure. The City will reimburse the owner up to \$2,743,381. During the fiscal year, \$2,743,381 were rebated.

As of June 30, 2024, the City’s estimated balance to be reimbursed for tax abatement obligations is approximately \$26,721,921 and for contract obligations is approximately \$13,089,727.

Note 18 – Subsequent Events

On May 7, 2024, the Verrado Western Overlay Community Facility District Board approved the Feasibility Report in connection with the proposed issuance by the District of its General Obligation Bonds, Series 2024 in an aggregate principal amount not to exceed \$8,500,000. This Report has been prepared for consideration of the feasibility and benefits of certain public infrastructure. The bond closing occurred on September 19, 2024, and the final amount was \$8,300,000.

On May 7, 2024, the Tartesso West Community Facility District Board approved the Feasibility Report in connection with the proposed issuance by the District of its General Obligation Bonds, Series 2024 in an aggregate principal amount not to exceed \$7,375,000. This Report has been prepared for consideration of the feasibility and benefits of certain public infrastructure. The bond closing occurred on October 31, 2024, and the final amount was \$6,580,000.

On May 7, 2024, the Festival Ranch Community Facility District Board approved the Feasibility Report in connection with the proposed issuance by the District of its General Obligation Bonds, Series 2024 in an aggregate principal amount not to exceed \$10,230,000. This Report has been prepared for consideration of the feasibility and benefits of certain public infrastructure. The bond closing occurred on November 21, 2024, and the final amount was \$10,075,000.

On August 15, 2024, an agreement was signed that stipulates that the business owner will design, engineer, permit, construct, and install certain regional infrastructure components. The City will reimburse 20% of tax revenue received by the city in connection with the project up to \$60,000,000. In addition, the City will reimbursed up to an additional \$50,000,000 of construction sales tax for components of the regional infrastructure.

Note 19 – Prior Period Adjustment

Net position of the governmental activities was restated as of July 1, 2023, due to the prior period adjustments of including land under city infrastructure to the city’s capital assets.

	Governmental Activities
Net position of as June 30, 2023, as previously reported	\$470,211,612
Period adjustment:	
1 Land from infrastructure added to capitals assets	48,328,624
Net position as of July 1, 2023, as restated	\$518,540,236

City of Buckeye, Arizona

Notes to Budget and Actual Schedules

For the year ended June 30, 2024

Note Budgetary Basis of Accounting

The City's budget is prepared on a basis consistent with generally accepted accounting principles, except for the following items:

Certain activities reported in the General Fund are budgeted in separate funds. Separate budget to actual statements are provided for the following funds:

- Community Services Programs (Special Revenue)
- Risk Management (Special Revenue)
- Cemetery Improvement (Capital Projects)

The following schedule reconciles fund balance reported at the end of the year:

	<u>Beginning Fund Balance</u>	<u>Revenues and other financing sources</u>	<u>Expenditures and other financing uses</u>	<u>Ending Fund Balance</u>
Schedule of Revenues, Expenditures and Changes in Fund Balances - General Fund	\$ 126,033,879	\$ 210,370,235	\$ (185,462,705)	\$ 150,941,409
Activity budgeted as special revenue and capital funds	<u>38,355</u>	<u>583,082</u>	<u>(562,231)</u>	<u>59,206</u>
Statement of Revenues, Expenditures and Changes Schedule of Revenues, Expenditures and Changes	<u>\$ 126,072,234</u>	<u>\$ 210,953,317</u>	<u>\$ (186,024,936)</u>	<u>\$ 151,000,615</u>

City of Buckeye, Arizona
Notes to Required Supplementary Information

Methods and Assumptions Used in Calculations of Actuarially Determined Contributions

Actuarial Assumptions for Valuations Performed – The information presented in the required supplementary schedules was determined as part of the actuarial valuations at the dates indicated, which is the most recent actuarial valuation. The actuarial assumptions used are disclosed in the notes to the financial statements.

Factors that Affect Trends – The actuarial assumptions used in the June 30, 2020, valuation for ASRS were based on the results of an actuarial experience study for the five-year period ending June 30, 2016. The purpose of the experience study was to review actual experience in relation to the actuarial assumptions in effect. The ASRS Board adopted the experience study recommended changes that were applied to the June 30, 2020, actuarial valuation.

The actuarial assumptions used in the June 30, 2022, valuation for PSPRS were based on the results of an actuarial experience study for the five-year period ended June 30, 2021. The purpose of the experience study was to review actual experience in relation to the actuarial assumptions in effect. The PSPRS Board adopted the experience study recommended changes which were applied to the June 30, 2022 actuarial valuation. The total liabilities as of June 30, 2020 reflect changes of actuarial assumptions based on the results of an actuarial experience study, including decreasing the discount rate from 7.3 percent to 7.2 percent, changing the wage inflation rate from 3.5 percent to a range of 2.75-15.0 percent, and increasing the cost-of-living adjustment rate from 1.75 percent to 1.85 percent.

Arizona courts have ruled that provisions of the 2011 law that changed the mechanism for funding permanent pension benefit increases and increased employee pension contribution rates were unconstitutional. As a result, the PSPRS changed benefit terms to reflect the prior mechanism for funding permanent benefit increases for those members and revised actuarial assumptions to explicitly value future permanent benefit increases. These changes increased the PSPRS-required contributions beginning in fiscal year 2019 for members who retired or will retire after the law's effective date.

Nonmajor Governmental Funds

Special Revenue Funds

City Court Fund – Established to accumulate funds specifically for the purpose of the city court as directed by the Arizona Supreme Court.

Area Agency on Aging Fund – Established to received federal funds to cover a percentage of salaries, benefits and other expenditures for the operation of the community center for the benefit of the elderly and disabled.

Arizona Lottery – Established to account for funds provided by the State Lottery to be used to cover transit expenses within the City.

Community Services Social Service Program – Administers social services programs for the city, including the Community Action Program (CAP), homelessness and utility assistance.

Grant Funds – Established for receiving state, federal or other grants received by the parks, Police and/or Fire Departments for purchasing a variety of services, goods, and equipment.

Nuclear Management Fund – Established to provide funding to enhance the safety of Palo Verde Nuclear Plant with planning, training, exercises, and purchasing of specialized response equipment that is directly related to the goal of maintaining and improving safety and response to emergencies at the nuclear power generation facility.

Stormwater Quality Fund – Established to provide the City with authority over any pollutant that enters, or might enter, the right of way, and the MS4 including any wastewater, solid waste, or other potential illegal dumping.

Public Safety Funds – Established to provide funds for Police and/or Fire Departments in purchasing a variety of services, goods, training, and equipment.

Jackrabbit Trail ID O&M Fund – Established for the operation and maintenance of the Jackrabbit Trail Improvement District infrastructure.

Roosevelt St ID O&M Fund – Established for the operation and maintenance of the Roosevelt Street Improvement District infrastructure.

Transient Lodging Fund – Established to accumulate funds that shall be used exclusively by the City for the promotion of tourism.

Economic Development Reinvestment Fund – This fund was established to accumulate revenue that is used to provide financial support for businesses in the historic area to reinvest in buildings and building improvements.

Street Light Improvement District Fund – Established to account for revenues and expenditures related to the maintenance and electric costs associated with the streetlights.

Capital Project Funds

Traffic Signal – Established to fund traffic signal construction, maintenance, and developer contributions.

Future Road Improvements – Established to fund construction and maintenance of future road improvements.

Sundance Water Recharge – Established to build a recharge station in the Sundance Community.

Asset Replacement – Established to fund the replacement of machinery and equipment based on the estimated useful life.

Debt Service Funds

Roosevelt Street ID – Established for debt service payments for the Roosevelt Street Improvement District.

Jackrabbit Trail ID – Established for debt service payments for the Jackrabbit Trail Improvement District.

Community Facility District (CFD) Funds – Established for operation and maintenance for district infrastructure and debt service payments related to each CFD:

Statistical Section (Unaudited)*

This part of the City of Buckeye's Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Contents:

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the City's most significant local revenue sources, sales and use tax.

Debt Capacity

These schedules contain information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information

This schedule contains service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides, and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the Annual Comprehensive Financial Reports for the relevant years.

Source: The various jurisdictions

Proportion applicable to the City is computed on the ratio of Net Assessed Limited Property Value for Fiscal Year 2023-2024.

Includes: Excise Tax Revenue obligations for the City and total general obligation bonds outstanding less redemption funds on hand. Does not include authorized but unissued general obligation bonds of such jurisdictions which may be issued in the future.

Notes:

(*) Voter authority is required to issue General Obligation Bonds. The City does not have any voter authority to issue General Obligation Bonds.

(1) The constitution states that for general municipal purposes a municipality cannot incur a GO debt exceeding six percent of the assessed valuation of taxable property in the city or town.

(2) Additional GO Bonds amounting to twenty percent of the assessed valuation of taxable property can be issued for supplying such specific city and town services as water, artificial light, sewers and for the acquisition and development of land for open space preserves, parks, playgrounds and recreational facilities. In November 2006 the voters elected to allow projects concerning public safety, law enforcement, fire and emergency service facilities and streets and transportation facilities to be included in this twenty percent category. In other words, a total of twenty-six percent of the assessed valuation can be bonded for these latter projects.
